We Are HOPE

Hope International University (HIU) is a private Christian university committed to the integration of faith, service, and learning both inside and outside the classroom. Our mission is to empower students through Christian higher education to serve the Church and impact the world for Christ.

We are an intimate and dynamic campus community that is committed to see you thrive academically, personally, spiritually, and professionally. At HIU, we firmly believe that optimal learning occurs not only through increased knowledge, but also through spiritual, social, and emotional growth. We are dedicated to providing students with a challenging and rewarding educational experience that prepares and equips them to make a significant contribution to their world.

“Choosing Hope is not just about the education; you can get a good education in both public and private universities. The difference at HIU is built right into our name: Hope. Education changes your life. Hope changes your world.”

—Michael Mulryan, Vice President for Institutional Advancement

An Invitation to Be HOPE

At Hope International University, we know who we are: *We are HOPE!* Our students, alumni, faculty, and staff share the mission of integrating faith, service, and learning in the educational experience. HIU is much more than a few years of study or simply attaining a degree. It is the lifelong relationships established, and the mentors who model hope every day in and out of the classroom. It is the shaping and development of your skills and strengths in a setting where you will know and be known by your professors and peers. Hope's intimate environment provides a wealth of opportunities to learn and to lead. As you prepare to serve across the street, across the nation, or across the globe, *Hope* is the optimal location for both education and experience – whether you access HIU on campus or online.

The hope that lives in our name comes from the hope that lives in our faith. HIU is Christ-centered, which means that we are committed to student success at every level: academic, social, emotional, and spiritual. Please take a thoughtful look at who we are and accept our invitation to become *HOPE!*

Thank you for your interest in HIU,

Dr. John Derry
President

“My experience at HIU transformed my teaching beliefs and practices, bringing forth new ideas and enhancing the classroom dynamic in my career as an educator.”

*—Nancy Gill '98, M.Ed., Principal
Venice Lutheran School*

Discover HOPE

For more than 80 years, HIU has been at the forefront of training Christian leaders who are making a difference at every level of society. HIU graduates have followed their dreams and callings and are making an impact around the world. Some shape policy in government or education; some mentor and teach; some lead congregations to change their community; and some plant seeds of hope where terror and poverty have eradicated it.

"There are so many people from our class who are going to do incredible, mind blowing, and revolutionary things to change lives. We are people with big dreams going full tilt towards what we really truly feel God wants for our lives."

—Nathan McWherter '11, B.A. English Literature

HIU is widely recognized and regularly ranked as one of the most dynamic urban Christian universities in the country. HIU's highly talented and diverse students learn how to think, explore, and imagine as they prepare to make a positive impact with their lives. We offer programs for recent high school graduates or students transferring from community college, programs that fit conveniently into the schedules of students with full-time careers and families, and graduate programs that will help individuals move up or dig deeper in their chosen fields.

RANKINGS**

“Through intense study, debate, and examination, students will connect with amazing faculty who care deeply about them and want their HIU experience to be transformational, first inwardly, then outwardly.”

—Dr. Paul Alexander, Vice President for Academic Affairs

The HOPE Experience

Enrolling in a university signals a time of growth, transition, and new challenges as you begin to develop and shape your future. You will learn how to evaluate information critically, grow in your faith, discover new interests and gain fresh insights. You may already be thinking about your role in our global society. HIU is the ideal place to explore, learn, and prepare!

At HIU you will find a practical academic curriculum that prepares you to succeed in the real world. Your preparation is guided by faculty members who will mentor and inspire you to greatness. The intimate community fosters academic and spiritual growth among outstanding peers, faculty and staff.

As a *Hope* student, you are assigned to a faculty advisor based on your chosen major. Advisors meet one-on-one with students regularly to mentor them, help them achieve their personal goals, and plan for graduation and beyond.

"I cannot expect my students to learn if I haven't established a connection with them. I encourage my students to call me by my first name, just so they know we're on this intellectual journey together. The role of a professor, as I see it, is that of the chief learner, and I can learn only if I include my students in the conversation."

—Roberto Sirvent, M.A., J.D., Assistant Professor of Social Science

“Our students are able to apply the particular knowledge and skills they gain in the classroom directly to their respective areas of involvement and service at their home churches.”

**—Tom Brooks, Chair of the HIU
Center for Music & Worship Arts**

World-Class FACULTY

HIU's faculty embodies a wealth of real-life experience. From school district superintendents to entrepreneurs, HIU professors are leaders in their respective fields. The curriculum for each program is designed not only to teach fundamental skills in a particular discipline, but to provide practical experience that will help HIU graduates thrive in their careers.

Small class sizes and expert instructors contribute to each student's academic success, personal growth and preparation for life after college. HIU's low student-to-faculty ratio of 14:1 allows professors to lead discussion-based classes while getting to know each student.

Our stellar faculty genuinely cares about each student, both in and out of the classroom. It is common at *Hope* to see students and faculty conversing in the halls, dining together in the cafeteria, meeting over coffee, or enjoying informal social gathering. Many of our graduates comment that our faculty is one of the best aspects of HIU.

"Hope provided me with the opportunity to pursue spiritual and academic growth through scholarly analysis, critical thinking, and open discussion with professors who genuinely cared about helping me reach my full potential."

**—Tyler Patterson '11, B.A. Psychology
Summa Cum Laude**

Faith, HOPE, and Spiritu

Faith and learning intersect in the classroom and through countless opportunities to serve the campus, the community and the church. Many of our students serve on local and international outreach teams.

Through weekly chapels, peer-led small groups, campus community gatherings, local service and global outreach, HIU students are able to connect and engage spiritually with the larger body of Christ.

The integration of faith and learning is at the heart of what makes us *Hope!*

al Formation

“College is the time in life when students are figuring out who they are and who God is. What better place to do that than a loving, encouraging, and supportive environment like Hope?”

—Dr. Mark Comeaux, Vice President for Student Affairs

Champions with CHARACTER

A strong athletics program reflects *Hope's* commitment to excellence, teamwork, leadership, and individual growth. The HIU Royals successfully compete in the Golden State Athletic Conference (GSAC), National Association of Intercollegiate Athletics (NAIA DIVISION 1), and the National Christian College Athletic Association (NCCAA). Our beautiful 2,500-seat Hugh & Hazel Darling Pavilion provides home court pride for our Royals teams.

MEN'S TEAMS: Baseball, Basketball, Cross Country, Golf, Soccer, Tennis, Track (Distance), Volleyball

WOMEN'S TEAMS: Basketball, Cross Country, Golf, Soccer, Softball, Tennis, Track (Distance), Volleyball

"At Hope we believe character counts. We play by the rules, treat our athletes and opponents fairly, and react graciously, whether it be in victory or defeat. No athletic program or sport is more important than the student athletes themselves, and no victory is more important than the integrity of the game."

—John Turek, Athletic Director

Living ON CAMPUS

You won't get lost in the crowd at HIU. You will experience countless opportunities to interact with your peers, faculty, and staff. We are intentional about providing opportunities for involvement for all class levels. Both resident and commuter students actively participate in a variety of activities that increase the sense that makes Hope is their home. You will form lifelong friendships through student activities, outreach and service projects, on-campus jobs, dorm life, and more.

RESIDENCE LIFE

Living on campus is not just about the fun; it also fosters social and spiritual growth. Events such as worship nights, coffee dates, formals, and service projects help create a close-knit community. Residence Life Coordinators and Residence Assistants who live in the dorms oversee on-campus

living, facilitate hall events and student interaction, and are on call as needed. Living with students from different backgrounds and cultures builds crucial human relations skills that prepares students for our multi-cultural society and fosters global friendships along the way.

STUDY ABROAD

Broaden your worldview and have the experience of a lifetime! Academic study abroad options include such options as: Australia, China, Costa Rica, Egypt, England, India, Israel, Korea, Uganda, and others. The blending of cultural learning and academic learning is life-changing.

COMMUTING

HIU strives to get our commuter students connected to the campus community. Our student government includes a Commuter Needs Senator who represents non-

residential students to make sure their unique needs are addressed. Our wireless internet, library, student lounges, and The Hub cafe make studying on campus convenient and enjoyable.

TRANSFER STUDENTS

Hope is very transfer-friendly. We accept Intersegmental General Education Transfer Curriculum (IGETC) and California State University (CSU) certification coursework as well as coursework from all regionally accredited public and private colleges. Transfer guides for regional community colleges are available on our website, and preliminary transfer coursework evaluations are available upon request. HIU provides many opportunities for you to quickly plug into the amazing HIU community so that you can apply the experiences and credits you've earned at prior college(s) to your new campus community.

*a GLOBAL
Community*

Our world is connected, bridging gaps between cultures and countries; at HIU we welcome and encourage our students to broaden their horizons inter-culturally. The International Student Programs (ISP) office provides a wealth of services to our international students and also provides educational experiences for our domestic students including diversity training, intercultural communication, and more, helping prepare them as informed citizens and global servant leaders.

ENGLISH AS A SECOND LANGUAGE

HIU’s College of Education provides training in the English language for international students seeking a study abroad experience in America. Our English as a Second Language (ESL) programs are for students who want to earn an undergraduate or graduate degree at a respected university but have limited English skills. ESL courses provide training in English for academic and business settings, while preparing international students to enter an American university.

At HIU, international students have the opportunity to create lasting friendships with American students and professors. Our professors have master’s degrees in TESOL and the smaller size of our university affords us the unique ability to provide highly personalized attention and guidance to our students. Through HIU’s ESL programs, students are prepared to pass the Test of English as a Foreign Language (TOEFL) and progress into a bachelor’s or master’s degree program at HIU.

INTERNATIONAL STUDENT PROGRAMS

The ISP Office helps international students adjust to American culture and life by providing support and training. We help our students by offering conversation partners and providing other opportunities to connect with American students and with fellow international students. We also advise students on applying for social security numbers and driver’s licenses, opening bank accounts, navigating the transportation system, and more so they can get the most out of their study abroad experience.

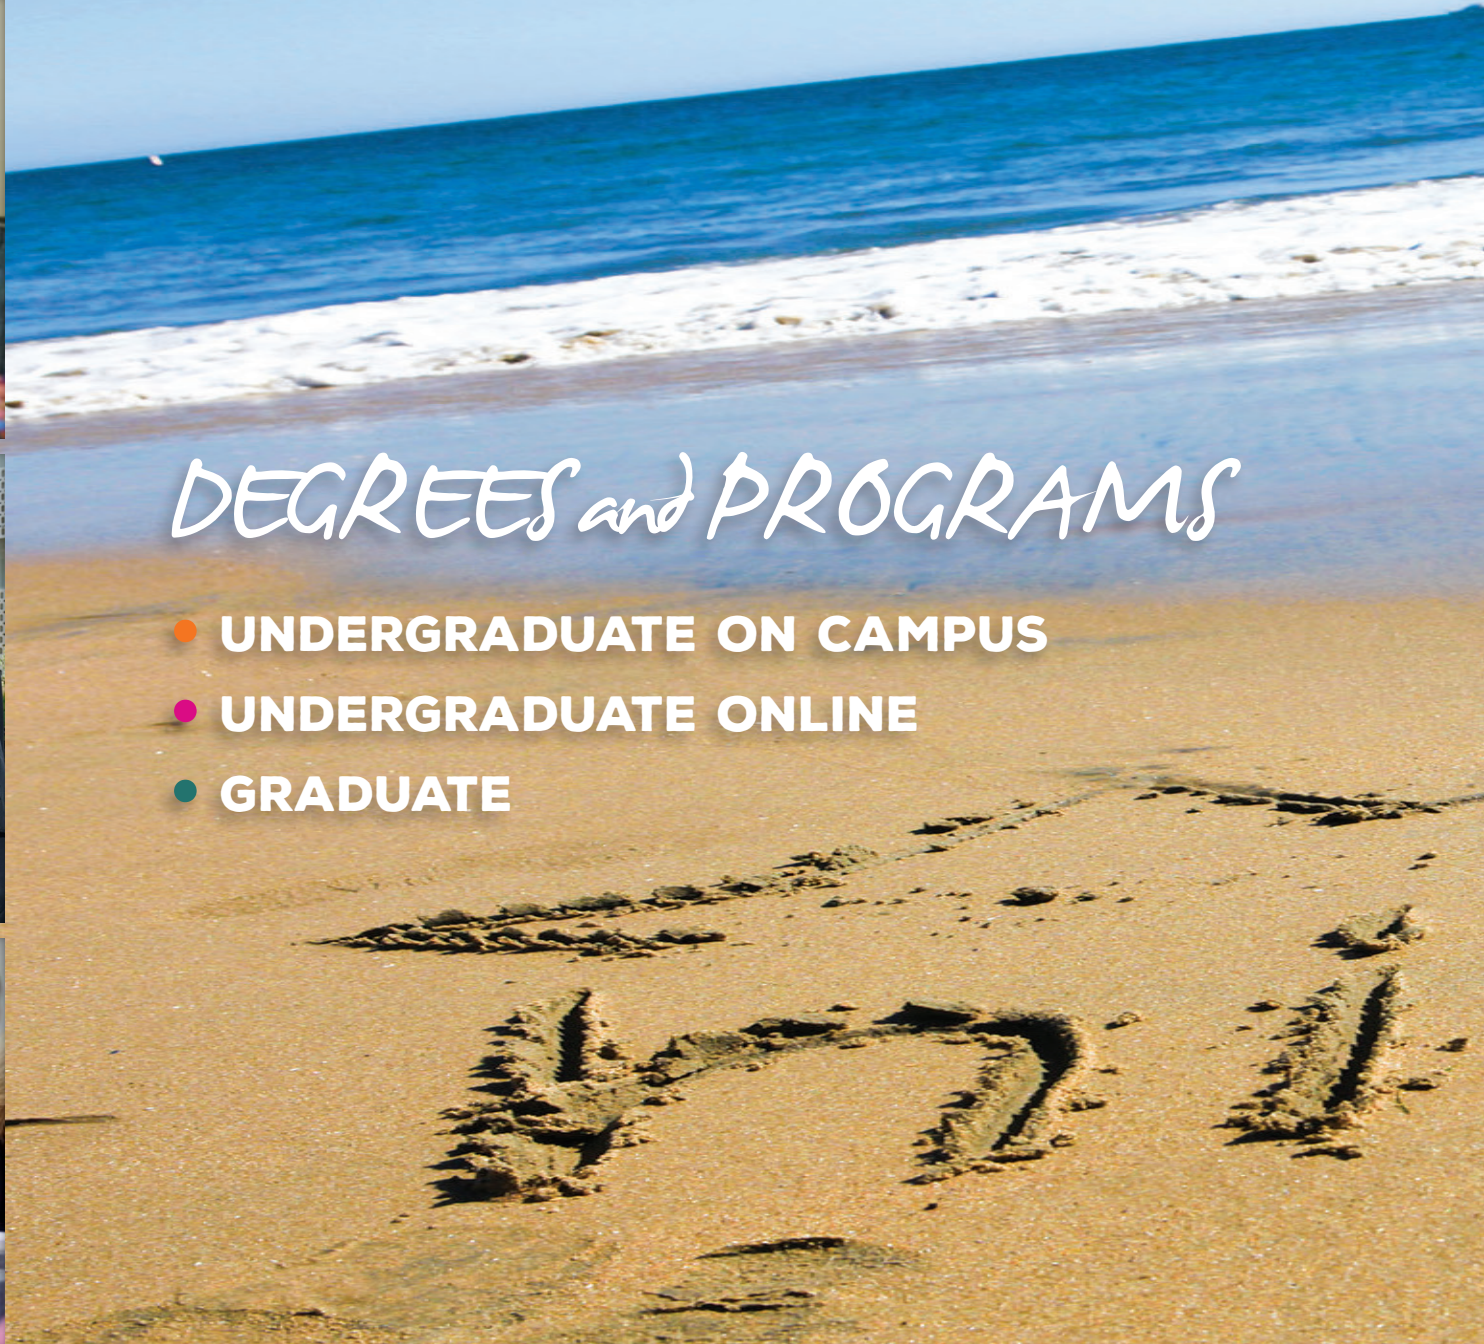

Because of our Southern California location in the heart of Orange County, we offer a long list of extra-curricular activities. The ISP office leads students on weekly field trips to amusement parks, shopping centers, museums, local events and more.

DONGSEO UNIVERSITY PARTNERSHIP

HIU has a long-standing partnership with Dongseo University (DSU) in Korea, which is the world’s largest Christian Church university. The two universities have exchanged students for study abroad experiences and have built a relationship that strengthens students’ understanding of the world as a global society. DSU students live, study, and experience American life while studying ESL at *Hope*. DSU students contribute greatly to the multicultural setting at HIU, and *Hope* students are afforded the opportunity of studying at a leading university in Korea.

“I was not exposed to Korean culture until I came to HIU. I fell in love with their kindness and hospitality. My experience at Hope ignited in me a passion to teach English in Korea.”

**CONTRACT PROGRAMS WITH CALIFORNIA STATE UNIVERSITY FULLERTON: Through a partnership, we are able to offer academic programs that blend coursework from HIU and CSUF, thereby offering our California resident students a wider array of program options. CSUF is located across the street from HIU's Fullerton campus.*

Innovative ONLINE Programs

For nearly two decades, HIU has been at the forefront of online education. We are widely recognized as a leader in innovative online programs that are responsive to the needs of working adults and use easily accessible, state-of-the-art technology. We offer more than 350 courses online, helping prepare leaders to meet today's demands and the unknown challenges of tomorrow. Whether you are a working professional looking to increase your marketability and further your career, or an individual with a desire to enter a new industry, earning an online bachelor's or master's degree will equip you with the knowledge and skills you need to achieve your professional goals.

AN EDUCATION THAT WORKS FOR YOU

HIU's online programs are designed especially to meet the needs of working adults and accommodate their busy schedules. We recognize that most of our students have responsibilities, jobs, families, and active social lives. In choosing our online program, you join a community of working adults who have multiple life priorities and who will support you as you achieve your new goals. By sharing the experiences you encounter in your job, family, or congregation, you contribute to the collective learning process as the subject matter is then applied to real life.

PROGRAMS TO FIT YOUR LIFESTYLE

A traditional college program requires juggling four or five classes simultaneously. Throw a full-time work schedule and personal responsibilities into the mix, and it becomes too much to handle. With HIU's programs, students are able to focus on a few courses at a time and most classes are just 8 weeks long. HIU students report that the convenience and flexibility of HIU's online program is very conducive to the realities of working professionals.

THE LEARNING FORMAT

Online courses are available to you any time of day and are accessible using any internet-connected computer or mobile device. HIU's online programs are offered through the latest software from eCollege™, an industry leader in online education that provides state-of-the-art and user-friendly online learning platforms. Our innovative online format provides a rich learning environment where professors and students can interact through discussion forums, conversation streams, and real time chats. It truly is a unique and efficient way to attend class.

"HIU's online classes gave me the flexible schedule that I needed to complete my degree. The professors combine rigorous scholarship and passion for the kingdom of God, and my classes have been very challenging and transformative. I wouldn't want to complete my undergraduate ministry degree anywhere else."

—Joey Aszterbaum '16, Online Christian Ministry Major

A TRULY INTERACTIVE EXPERIENCE

Hope's online programs blend the flexibility of online learning with the feel of a classroom experience. Students watch lectures and complete individual assignments on their own schedules, but also spend a considerable amount of time interacting with other students, largely through online discussions. This interaction creates consistency, accountability, and builds community. HIU students enjoy building relationships with their peers and receiving personal attention from experienced faculty. Just like the university's onsite undergraduate and graduate programs, HIU's online programs maintain small class sizes, allowing for personal attention and individualized instruction that creates optimal learning.

PERSONAL ADVISING, START TO FINISH

Navigating through college can be complicated—choosing the right classes, deciding on the right major, considering graduate school, etc. That's why you will have an Academic Coach who will be there from the day you apply until the day you graduate. You can count on your Coach to assist with your schedule, provide advice on graduate school or career planning, and provide any other assistance to make sure you succeed!

YOU CAN BEGIN VIRTUALLY ANYTIME

Our 8-week online classes offer start dates throughout the year. Whether you're interested in starting right away, or perhaps in a few months, we encourage you to **apply now**.

LEARN MORE AT AN UPCOMING INFO SESSION

We host monthly information sessions online through convenient webinars. These information sessions will help you learn more about our online undergraduate and graduate programs and introduce you to your Academic Coach.

"Having small class sizes, both on ground and online, gave me the opportunity to interact with teachers as well as classmates, in enlightening discussions without feeling like I am just lost in the background." —Brittany Woolstrum '12, M.Ed., Concentration in Elementary Education

FAST TRACK to Your Graduate Degree

Planning your education can be one of the most rewarding and exciting chapters in your life. It's a unique time of new learning, the development of lifelong relationships, and taking steps to a new career. It is so important to choose an educational program that will make the most of your investment.

As you consider which bachelor's degree program meets your career goals, you may also have a future graduate program in mind. HIU's graduate program not only allows you to achieve your goals but also to plan ahead through HIU's **FAST TRACK** program, so you can reach them even sooner!

Through **FAST TRACK**, undergraduate students are able to take up to nine units of graduate coursework, called "transitional courses," that will apply toward a bachelor's degree as well as a future master's degree. Depending on the program, these nine units may equal a quarter of the graduate degree requirements, saving you precious time and money!

Hope International University's graduate courses are designed with flexibility in mind. You may take classes online and/or on site at our Anaheim Campus.

GRADUATE Degree Programs

Our Graduate Degree Programs provide students with the skills to advance in their profession through a variety of convenient options, making it possible for busy people to earn an advanced degree.

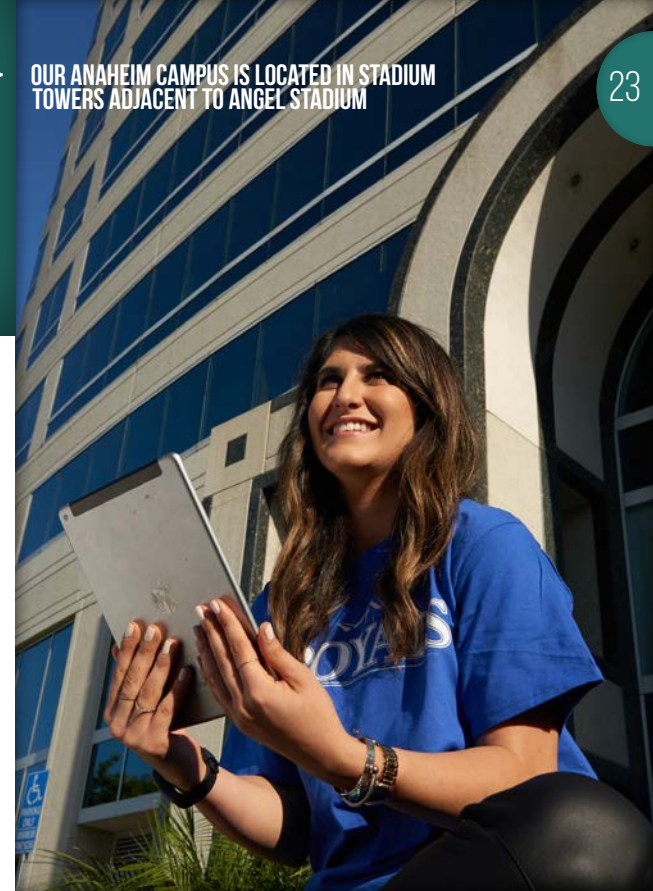

FLEXIBLE PROGRAMS TO MEET YOUR DEMANDING SCHEDULE

We know you are busy and require flexibility in your graduate program. All of HIU's graduate programs can be customized with timelines that will fit into your schedule.

In addition to providing a flexible timeline, many of HIU's programs can be completed entirely online or onsite, allowing you to control your own schedule. Whether you prefer working in the morning, afternoon, or evening, you choose when you want to log in. HIU's onsite classes are conveniently offered throughout the day at our Anaheim Campus.

PERSONAL ATTENTION TO KEEP YOU ON THE RIGHT TRACK

You will have an Academic Coach who will be with you from your date of admission through graduation. Graduate school is a big commitment and you deserve one-on-one advising to help you maximize your education. Your Academic Coach will help you create an academic plan that fits your schedule and provide advice on selecting courses that fit your career goals, helping you make decisions that will lead to success during the program and beyond.

Discover Your CAREER Path

CAREER SERVICES & RESOURCES

Whether you're navigating your Freshman year or are ready to create your résumé, our Career Services office is ready to help you take these important steps. The following are some of the many services that are available to every HIU student:

- ASSESSMENT OF STRENGTHS, INTERESTS, AND SKILLS
- RÉSUMÉ WORKSHOPS AND RESOURCES
- CAREER FAIRS
- DISCOVERING OCCUPATIONS
- GRADUATE SCHOOL FAIRS
- INTERNSHIP FAIRS
- INTERVIEW TRAINING
- JOB SEARCH TRAINING

"HIU connected me with an internship where I gained valuable first-hand experience that prepared me to jump right into the business world." —Lauren McKinney '11, B.A. Business & Management

A photograph of a church service. In the foreground, the silhouette of a person's hand is raised, palm facing forward. The background is filled with the silhouettes of other people, some with their hands raised, against a backdrop of colorful, blurred lights in shades of blue, purple, and orange. The overall atmosphere is one of worship and community.

Partnering with the LOCAL CHURCH

Since our founding in 1928, we have been committed to developing innovative ways to serve and support the Church. Through HIU's educational ministry training in churches, both church leaders and church members are better equipped to fulfill their ministry callings. We are intent on working collaboratively and creatively with churches to develop quality educational experiences and instruction to prepare leaders to meet the needs of their congregations and communities.

Becoming SALT and Light

The **School of Advanced Leadership Training (SALT)** is our primary ministry training program offered in local church congregations. The SALT program is a great way for churches to receive training support in further developing its leaders – including pastoral staff, lay leaders, and congregation members – for ministry. As an added benefit, students may choose to transfer SALT courses to degree programs at HIU.

HIU provides all the resources and organizational materials to the churches so that they are able to offer the SALT program with ease. Each participating church promotes it and provides an on-site mentor who will walk alongside students and help them make practical applications of the coursework. Educational programs are designed specifically to each individual church's needs, so the church can determine what topics are of highest interest.

Location, Location, LOCATION!

We can't help but boast about being located in the heart of one of the most dynamic areas of Southern California. Orange County offers world class beaches, cultural and performing arts centers, sports and concert arenas, shopping, dining, and endless outdoor activities. We are a short drive from the Pacific Ocean and the local mountains. Our students have been known to take the challenge of surfing in the morning and snowboarding later that same day.

CAMPUS Snapshots

FULLERTON, CA

Our main residential campus is located in North Orange County, in the city of Fullerton, California. The campus is easily accessible from the 57 freeway between Chapman and Nutwood Avenues. The Fullerton campus boasts recently-renovated state of the art classrooms, student dining facilities, student lounges, a fitness center, bookstore, on-campus housing, full-service library, and much more.

ANAHEIM, CA

Located in Anaheim's "Platinum Triangle," this campus is the hub of HIU's programs for working adults and graduate students. With close freeway access, well-furnished facilities, wireless internet access, and an onsite computer lab, the Anaheim Campus is a great option for busy adult learners. Students can relax in the student lounge, work on assignments in the study rooms, or take advantage of nearby shops and eateries.

EVERETT, WA

The University Education Center is located on the campus of Everett Community College, in Everett, Washington. The 77,000 square foot "green" building hosts state of the art classrooms, computer labs, and student lounges with wireless access. The campus also features advanced technology to support distance and online coursework. All amenities of Everett Community College are available to HIU students as part of our partnership with the University Center of North Puget Sound.

Pacific Bible Seminary (PBS) is founded in Los Angeles

Hope International University was founded in 1928 as Pacific Bible Seminary. Since our founding, our mission has been to empower students to serve the Church and impact the world for Christ. Our first campus was located in Long Beach in 1937. In 1963, our name changed to Pacific Christian College. To accommodate our growth, we moved to a new campus in Fullerton in 1973. In 1997, we achieved university status and became HIU, reflecting our global orientation and the world-wide impact of our alumni.

HOPE at a Glance

ACCREDITATION

HIU is accredited by the WASC Senior College and University Commission (WSCUC) and holds programmatic accreditation with the Commission on Accreditation of the Association for Biblical Higher Education (ABHE) for its biblical and ministry degree programs. Graduate and credential programs are certified by the California Commission for Teacher Credentialing (CCTC). The graduate marriage and family therapy program is accredited by the Commission of Accreditation for Marriage and Family Therapy (COAMFTE) and meets the educational requirements of the Board of Behavioral Sciences (BBS) in California.

ASSOCIATIONS & MEMBERSHIPS

HIU is a member of the Council for Christian Colleges and Universities (CCCU) and the Association of Christian Schools International (ACSI).

CAMPUS ARCHITECTURE

Our buildings were designed in the popular California-native Googie architectural style of the 1930s-1960s. Our striking and memorable rooflines capture the attention of passersby and enhance the HIU campus with their unique and commanding form.

RESIDENCE LIFE

On-campus housing is available for students featuring private bathrooms and showers, and the number of students per room ranges from 1 to 4. All residents have access to the campus pool located next to the residence halls.

ATHLETICS

HIU's strong athletic program successfully competes at the Division 1 Level of the National Association of Intercollegiate Athletics (NAIA) and is a member of the Golden State Athletic Conference (GSAC) – the NAIA's premier conference.

CLUBS & ORGANIZATIONS

Students say that one of the things they love best about HIU is feeling an integral part of the community. Community organizations include service, leadership, student publications, intramural sports, academic, professional, and extracurricular groups.

CHURCH AFFILIATION

HIU is affiliated with the non-denominational independent Christian Churches/Churches of Christ. As part of the Restoration Movement of the early nineteenth century, Christian Churches seek to restore the New Testament ideal of the church. The churches are locally autonomous with a global concern to fulfill the Great Commission.

OFF CAMPUS LEARNING

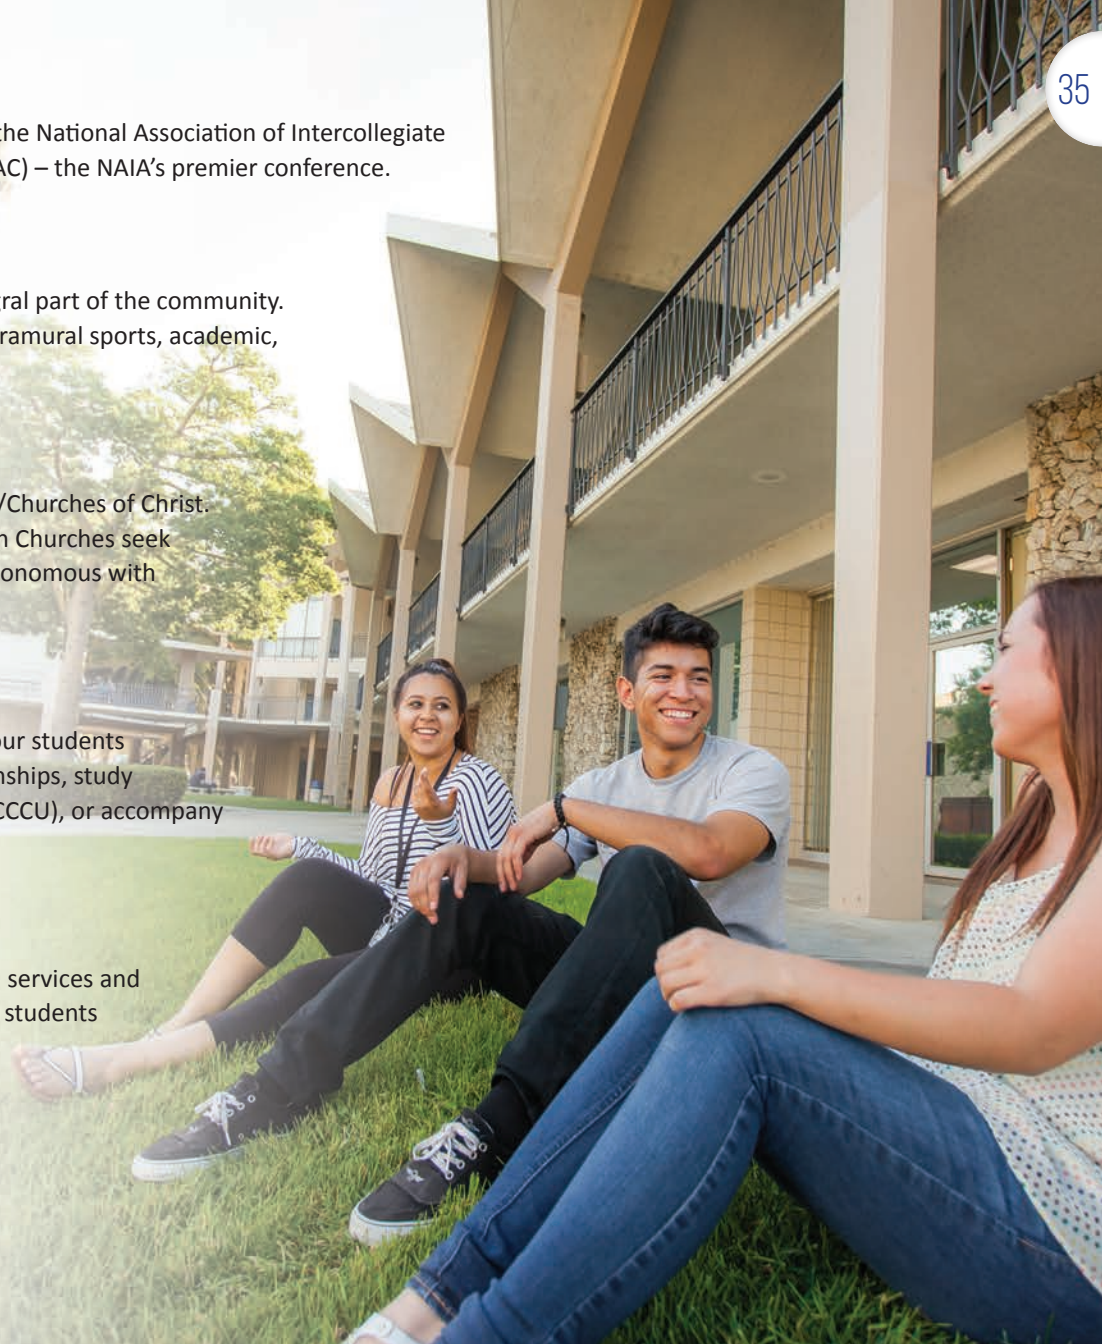

Learning takes place during the entire college experience, and we encourage our students to take advantage of the many opportunities in front of them to serve in internships, study abroad through our partner programs with Best Semester (affiliated with the CCCU), or accompany professors on outreach trips.

SERVICE & MISSIONS

Spiritual formation is an integral part of attending HIU including weekly chapel services and student-led small groups. Mission trips and service opportunities abound; HIU students are known for bringing their passion and talents to life by developing innovative ways to serve God and serve others.

FINANCIAL AID

Approximately 94% of undergraduate students receive financial aid including academic-based scholarships and need-based grants.

Become HOPE

VISIT THE CAMPUS

The best way to find out if HIU is the university for you is to experience it for yourself. Call today to schedule a campus visit and we will customize your visit to include these optional events: tour of the campus, class visit, Q & A with your Admissions Counselor, Chapel, lunch in the Dining Commons, or an overnight stay in the dorms with an HIU student. To personalize your campus visit, call 714.879.3901 ext. 2212.

FALL & SPRING PREVIEW DAYS

Preview Days are full one-day events for prospective students and parents to visit our campus and experience a glimpse of life as an HIU student. The day includes Chapel, sitting in on classes, eating lunch in the Dining Commons, touring the campus, workshops, and opportunities to talk with faculty, admissions staff, and students.

MAJOR SPOTLIGHT NIGHT

Are you confused about what major to choose, or not quite sure about the one you have already chosen? It is a stressful choice. During Major Spotlight Nights, our Admissions Representatives will answer any questions you may have, guide you through this process, and help you decide which major is right for you. The night includes campus tours, information sessions on each major, workshops, and a chance to meet professors.

FINANCIAL AID

Our Financial Aid department is here to help you identify the many financial options that are available to help you invest in your education, including scholarships, grants, and loans. By visiting campus and meeting one-on-one with our friendly representatives, you can identify the best options available to you. Call today to include financial aid in your campus visit.

APPLY TODAY

The Admissions Office is here to help you in your decision-making journey. We encourage you to apply now! Early applicants receive the best financial aid awards. APPLY ONLINE at [HIU.edu/apply](https://www.hiu.edu/apply) or call 888-352-HOPE.
