Message from the President

On behalf of the Hope International University faculty, administration, and staff, I welcome you to our campus community. We are eager to become acquainted with you and to help you get the full benefit of your educational experience.

Choosing a college is a critical decision and it is important to consider your life and career goals as you select the school and major best suited for you. Our catalog is written with this decision in mind as well as to serve as a guide for course selection. Please read carefully the information relative to the heritage and nature of Hope International University. This will help you to become better acquainted with us and to understand our mission. It will also give you an idea of the kinds of personal changes you can expect as you invest the next few years in acquiring a knowledge base that will last a lifetime.

We believe Hope International University will equip you to successfully meet the challenges of the twenty-first century. This is an exciting time to be a part of a growing university in a metropolitan area and to build relationships with men and women who have a vision for the future. As God opens doors of opportunities for you to serve Him, it is our prayer you will be prepared spiritually and intellectually to accomplish that which brings honor to Him.

I look forward to getting to know you and to watching you grow in Christ.

University Mission Statement

Hope International University's mission is to empower students through Christian higher education to serve the Church and impact the world for Christ.

Core Values

As a Christian university we are committed:

1. To remain Christ-centered, biblically based and focused on serving the Church while maintaining the values of the Restoration Movement.
2. To create a Christian environment in which students are strengthened in their faith.
3. To equip servant leaders in their chosen professions to change the world for Christ in contextually appropriate ways.
4. To provide academic programs and both organizational and physical infrastructure that are excellent in every way.
5. To conduct research in order to act as a change agent in communicating the relevance of the Gospel.
6. To be responsible stewards of the resources entrusted to us.

Location

Fullerton Main Campus

Hope International University's main campus is located in North Orange County, in the city of Fullerton, California. The campus is easily accessible, just west of the 57 Freeway between Chapman and Nutwood Avenues. The University's library, student center, gymnasium, student dining facilities, bookstore, on-campus housing, and main administrative offices are located on the Fullerton campus, as are the classrooms, faculty offices, and administrative offices.

2500 E. Nutwood Avenue
Fullerton, CA 92831

In addition to the main campus, the University also serves students from three education centers. (*See maps for the main campus and the three education centers at the back of this catalog.*)

Anaheim Education Center

Strategically located to meet the needs of our Online Undergraduate (OUG) and Graduate (GRAD) student population. It is located in Stadium Towers, on Katella Avenue off the 57 Freeway in the city of Anaheim, adjacent to Angel Stadium and the Anaheim Amtrak/Metro Link Station. Classrooms, faculty offices and administrative offices for our OUG and GRAD programs are located at the Anaheim Education Center. The Hope Counseling Center, providing professional counseling services to the campus and the community is also operated from this location.

2400 East Katella Avenue, 9th Floor
Anaheim, California 92806

Corona Education Center

Located on the campus of Crossroads Christian Church just west of Interstate 15 at the corner of Kellogg and Ontario Avenues in Corona, California. The Center serves online undergraduate and graduate students in Southern California's Inland Empire region.

2331 Kellogg Avenue
Corona, CA 92881

Nebraska Christian College of Hope International University

Located in Papillion, Nebraska, in the Omaha metropolitan area. The planning for the college began in 1944; Guy B. Dunning, a well-known evangelist was selected as the first president. The first campus was in Norfolk, Nebraska, near Norfolk Junior College (*now Northeast Community College*), which provided general education classes to supplement the Bible college curriculum. In 2006 the campus moved to its current location.

12550 South 114th Street
Papillion, NE 68046

Puget Sound Education Center

Located at the University Center in Gray Wolf Hall on the campus of Everett Community College in Everett, Washington. This center serves online undergraduate and graduate students in the Pacific Northwest. University Center at Everett Community College

2000 Tower Street
Everett, WA 98201

History

Hope International University was founded on October 9, 1928 as Pacific Bible Seminary. Classes were first held at the Alvarado Church of Christ (*now Golden West Christian Church*) on Sunset and Alvarado near downtown Los Angeles, CA. Dr. George Rutledge, a nationally known author and evangelist was selected president pro-tem, followed in January 1930 by Dr. A. Meldrum, former president of Spokane University. Dr. Robert E. Elmore, a preacher and journalist, served as Dean.

In May 1930, the Seminary moved to First Christian Church, located at Fifth and Locust in Long Beach, where Dr. George Taubman served as minister. Dr. Taubman, an influential figure in the city of Long Beach, was appointed Dean of the Seminary. He was known for teaching the world's largest men's Bible class, attended by over 31,000 men on Armistice Day in 1923. A bronze bust of Dr. Taubman was commissioned by the city and is on display in the Hope International University library. Dr. James Hurst, minister of First Christian Church in Huntington Beach, was selected as the first official president, a position he held for 23 years until his death on Christmas Eve in 1953.

Due to an earthquake in March 1933 that did much damage, Pacific Bible Seminary moved from the facilities of the First Christian Church into temporary quarters found in a small home at the corner of Florida and Cherry in Long Beach. Later the college moved to a small remodeled apartment building at 16th and Linden Avenue.

In the mid 1930's a building fund was started for the purpose of purchasing property. A two and one half acre plot was purchased in 1937 and ground was broken for the first unit in June 1940. The first building included offices and classrooms, which also doubled as a library and chapel. This facility was located at 4835 East Anaheim Street in Long Beach.

Dr. Kenneth A. Stewart assumed the presidency in 1954. President Stewart hired the first paid professors of the Seminary. New buildings were erected—dormitories, a student center, and a library. In 1963 the name of the Seminary was changed to Pacific Christian College (*PCC*) and the school was accredited by the American Association of Bible Colleges (*AABC*). Regional accreditation was achieved with the Western Association

of Schools and Colleges (WASC) in 1969. Student enrollment had increased from 75 in 1954 to 185 in 1969.

In 1969, Dr. Kenneth A. Stewart retired and Dr. Medford Jones, head of the Church growth department at Emmanuel School of Religion, became the third full-time president of PCC. President Jones led the College in its move in 1973 to an eleven acre campus located in the midst of other institutions of higher education in Fullerton, CA. The 1970's saw a shift in emphasis toward church growth and the priesthood of all believers, with the end product of PCC's efforts being measured by what happens in the local church. With an emphasis upon the ministry of all Christians, President Jones led the College in expanding academic majors, developing a graduate program, opening extension programs in over 20 different locations, emphasizing church growth, and establishing an on-campus day care center. Enrollment had increased to 398 students in 1981 when Dr. Jones retired as president, returning to the classroom of the graduate division of the College where he taught until his death in 2004.

Knofel Staton became the College's fourth president in 1981. During the 1980's the student body grew to over five hundred undergraduates, the number of out-of-state students doubled, the number of trustees was expanded, and national awareness of Pacific Christian College grew. In 1990, President Staton retired from the presidency and moved to undergraduate classroom teaching until his retirement in 2006.

In 1990 the trustees called Dr. LeRoy Lawson to the presidency. In addition to his work with the college, he continued his ministry with Central Christian Church in Mesa, AZ. Overall, the last decade of the century was a time of significant growth for Pacific Christian College. Three new programs, designed for adult and international learners, were established: the EXCEL degree completion program, the Center for International Education, and the Global Language Center. These programs were joined to create a new school for adult students. The graduate program also expanded to include marriage and family therapy, management, and education degrees. In 1992, the school elected to discontinue accreditation with the AACB and in 1994 became a member of the Council for Christian Colleges and Universities, an association of educational institutions with a liberal arts emphasis. Acquisition of the Terraces complex of office buildings nearly doubled the physical size of the campus. In 1996, total enrollment exceeded one thousand students for the first time. In 1997, the changing nature of the College was acknowledged when the trustees voted to become Hope International University, with three schools: Pacific Christian College, The School of Professional Studies, and The School of Graduate Studies. In 1998, the University joined the Golden State Athletic Conference of the National Association of Intercollegiate Athletics. Dr. Lawson retired in 2003.

In August of 2003, the Trustees called Dr. John Derry to serve as the sixth president of Hope International University. His extensive experience and career in the area of Christian higher education were a good fit for the school at this stage of its development. Improvements were made in facilities, programs, assessment, planning, budgeting, personnel, administration, governance policies, student life, and in building strong relations with constituent churches. In 2006 programmatic accreditation of Bible and Ministry programs at the undergraduate and graduate level was attained with the Association for Biblical Higher Education. The sale of a final section of property on the south side of the campus made possible a new student housing opportunity as the University finalized a plan with a developer who purchased the southern 6.8 acres of the campus to construct student apartments that would accommodate up to 1200 students. In 2007, the Marriage and Family Therapy Program received accreditation with COAMFTE, adult and graduate programs were relocated to facilities in Orange, approval by the state of Washington was received to offer classes at HIU's Puget Sound Education Center, and the University assumed responsibility for the Londen Institute for Evangelism, based in Corona, and the Apostolic School of Theology, based in Sacramento. The School of Advanced Leadership Training (SALT) was established to respond to the growing need of churches to equip emerging leaders in their respective congregations. The University underwent a re-structuring in 2011 and was organized into five colleges: the College of Arts and Sciences, the College of Business and Management, the College of Education, Pacific Christian College of Ministry and Biblical Studies, and the College of Psychology and Counseling. An agreement was also entered into with Dongseo University, a Christian Church University from Busan, Korea, to establish a cooperative relationship in which 100 students per year would study at HIU as part of a comprehensive study abroad program. In 2013 HIU expanded Online Programs to include Undergraduate Teacher Preparation, and opened its Anaheim Campus which houses OUG and GRAD Admissions, the College of Education, the College of Psychology and Counseling and the Hope Counseling Center.

In 2016 Nebraska Christian College joined with Hope International University to serve the church by preparing servant leaders for the next generation. Nebraska Christian College became the sixth college in the University, operating as a full service branch campus.

The name, Hope International University, suggests continuity with the past and expanded opportunities for the future. The word "hope" with its Biblical roots and its visionary etymology are appropriate for a Christian institution of higher education. The word 'international' speaks directly to the school's mission and the fact that the Christian message is not limited to any one nation, region, or people group. The word 'university' speaks of growing diversity, of avenues, and pathways for education focused within an environment of targeted and applied scholarship and teaching.

Accreditation

WSCUC Regional Accreditation

Hope International University holds regional accreditation with the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (*WSCUC*). The status of accreditation indicates that HIU meets *WSCUC*'s Accreditation Standards, demonstrates Core Commitments to Institutional Capacity and Educational Effectiveness, and devotes itself to periodic self-evaluation and ongoing institutional improvement. *WSCUC* is one of six regional associations that accredit public and private schools, colleges, and universities in the United States. The Western region covers institutions in California, Hawaii, Guam, and the Pacific Basin. The Association's member institutions are recognized by the Department of Education, the Veteran's Administration, and other relevant agencies in the United States.

The WASC Senior College and University Commission may be contacted at 985 Atlantic Avenue, Suite 100, Alameda, CA 94501; (510) 748-9001. For further information, visit its website at <http://www.wascsenior.org>

ABHE Programmatic Accreditation

Hope International University holds programmatic accreditation with the Commission on Accreditation of the Association for Biblical Higher Education (*ABHE*). This accreditation is applicable to the following degree programs and majors:

Pacific Christian College of Ministry and Biblical Studies

- Bachelor of Arts degree with majors in Biblical Studies, Children and Family Ministry, Church Ministry, Intercultural Studies, and Youth and Family Ministry
- Bachelor of Science degree with a major in Christian Ministry
- Master of Arts degree in Ministry

Nebraska Christian College

Bachelor of Arts degree with majors in Family Life and Counseling, Intercultural Ministry, Next Generation Ministry, and Pastoral Ministry
Bachelor of Worship Arts Degree in Worship Arts

Accredited status is granted to institutions that meet the *ABHE* Conditions of Eligibility and that substantially achieve their respective missions and the Programmatic Accreditation Standards. It further indicates a demonstrated commitment to ongoing institutional development.

ABHE is a national accrediting agency recognized by the Council for Higher Education Accreditation (*CHEA*). It offers undergraduate, graduate, institutional, and programmatic accreditation for institutions committed to Christian higher education. To qualify for programmatic accreditation,

an institution must hold institutional accreditation with a CHEA- and/or USDE-recognized agency. Hope International University holds regional accreditation with the WASC Senior College and University Commission (WSCUC).

The Association for Biblical Higher Education may be contacted at 5575 S. Semoran Blvd., Suite 26, Orlando, FL 32822; (407) 207- 0808. For further information, visit its website at <http://www.abhe.gospelcom.net>.

Commission on Teacher Credentialing (CTC) Accreditation

Hope International University holds professional accreditation with the Commission on Teacher Credentialing (CTC). This accreditation is applicable to the following degree programs:

- Preliminary Multiple-Subject Teaching Credential
- Preliminary Single-Subject Teaching Credential
- Preliminary Administrative Services Credential

The California Commission on Teacher Credentialing is an agency in the Executive Branch of California State Government. It was created in 1970 by the Ryan Act and is the oldest of the autonomous state standards boards in the nation. The major purpose of the agency is to serve as a state standards board for educator preparation for the public schools of California, the licensing and credentialing of professional educators in the State, the enforcement of professional practices of educators, and the discipline of credential holders in the State of California.

The California Commission on Teacher Credentialing exists to promote educational excellence through the preparation and certification of professional educators and their vision is that all of California's diverse learners, preschool through grade 12, are inspired and prepared to achieve their highest potential by a well-prepared and exceptionally qualified educator workforce.

The California Commission on Teacher Credentialing Accreditation system is a series of activities, which over time, give a clear picture of an institution or program sponsor, including its history, how it examines its practices, how it makes changes, and whether it implements a program aligned to the State of California's adopted standards.

COAMFTE Accreditation

Hope International University holds professional accreditation with the Commission on Accreditation for Marriage and Family Therapy

Education (COAMFTE). This accreditation is applicable to the following degree program:

- Master of Arts in Marriage and Family Therapy

COAMFTE is a division of the American Association for Marriage and Family Therapy (AAMFT). It is a specialized accrediting body that accredits master's degrees, doctoral degrees, and post-graduate clinical training programs in marriage and family therapy throughout the United States and Canada. Since 1978, the COAMFTE has been recognized by the United States Department of Education (USDE) as the national accrediting body for the field of marriage and family therapy. In addition, the Council for Higher Education Accreditation (CHEA) officially recognizes COAMFTE. For more information, visit the AAMFT website at <http://www.aamft.org/about/COAMFTE/AboutCOAMFTE.asp>.

Minnesota State Authorization

Hope International University is registered with the Minnesota Office of Higher Education pursuant to Minnesota Statutes sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

Washington State Authorization

Hope International University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Hope International University to advertise and recruit for specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

Pursuant to requirements of the US Department of Education, Hope International University has verified permission to offer online education in the following states, including the District of Columbia and Puerto Rico:

Arizona	Illinois	Mississippi
Colorado	Iowa	Missouri
Connecticut	Kansas	Montana
Delaware	Kentucky	Nebraska
District of Columbia	Louisiana	Nevada
Florida	Maine	New Hampshire
Georgia	Maryland	New Jersey
Hawaii	Massachusetts	New Mexico
Idaho	Minnesota	New York

North Carolina	Puerto Rico	Utah
North Dakota	Rhode Island	Vermont
Ohio	South Carolina	Virginia
Oklahoma	South Dakota	Washington
Oregon	Tennessee	West Virginia
Pennsylvania	Texas	Wyoming

Memberships

Hope International University is a member of the Council for Christian Colleges and Universities (CCCU) and the Association of Christian Schools International (ACSI).

Council for Christian Colleges and Universities

As a member of the Council since 1993, Hope International University (HIU) enjoys association with 105 other institutions committed to the mission of Christian higher education. Based in Washington, DC, the Council provides opportunities for member institutions to join together for a number of activities including assessment projects, professional meetings, and academic study programs.

Study programs available to undergraduate students of HIU include the American Studies Program in Washington, DC, the Los Angeles Film Studies Center in Hollywood, and an array of study abroad programs: the Latin American Studies Program in Costa Rica, the Middle Eastern Studies Program in Cairo, Egypt and programs in China, India, Australia, Uganda, and at Oxford University in England. Visit the website at www.bestsemester.com. Students interested in these programs should contact the Dean of their College.

Association of Christian Schools International

The Association of Christian Schools International (ACSI) supports and promotes Christ-centered learning in a full range of schools, from pre-schools to institutions of higher education. There are 5,300 member schools found in nearly 100 countries around the globe. HIU professors serve as speakers at ACSI seminars and conferences.

National Association of Independent Colleges and Universities

The National Association of Independent Colleges and Universities (NAICU) serves as the unified national voice of private nonprofit higher education. Since 1976, the association has represented this subset of American colleges and universities on policy issues with the federal government, such as those affecting student aid, taxation, and government regulation. Today, through new communication technologies, an improved governance structure, and increased member participation, NAICU has become an even more effective and respected participant in the political process.

The NAICU staff meets with policymakers, tracks campus trends, conducts research, analyzes higher education issues, publishes information, helps coordinate state-level activities, and advises members of legislative and regulatory developments with potential impact on their institutions.

Educational Pathways

Because the mission of Hope International University is to empower students through Christian higher education to impact the world for Christ, the University has sought to accomplish that mission by strategically reaching different student populations with the degree programs, educational delivery modes, and instruction that meet their needs.

For students desiring an on-campus experience in a primarily face-to-face, professor-student learning environment, the University offers Associate of Arts, Bachelor of Arts, and Bachelor of Music degrees on the main campus in Fullerton. These are the University's "traditional undergraduate" programs. Core coursework in Biblical Studies, Leadership, and General Education is designed to provide each student with a solid Biblical foundation, leadership skills (*theory and practice*), breadth of knowledge and methods of inquiry in a range of academic disciplines, analytical and evaluative thinking skills, and effective written and oral communication skills. The Bachelor's degree further prepares students, through a major studies program selected by the student, for the next steps in their chosen career, typically employment or graduate school.

For students starting college or returning to college while scheduled in workplace and family responsibilities, perhaps from locations distant from the Fullerton campus, the University offers Associate of Arts and Bachelor of Science degrees online. The University's "online undergraduate" programs consist of a foundational component of core coursework in Biblical Studies, Leadership, and General Education in combination with a chosen major studies program for more focused, in-depth professional preparation. Both core coursework and major studies coursework are designed to follow a pace of two online classes in each 8 week module for a first time freshman student to complete the degree in eight semesters (4 years). Some students may choose a slower pace, and others will have brought transferable work from previous colleges or universities that will reduce their time to complete their degree.

For students who have already earned a Bachelor's degree and seek advanced professional preparation in their field, the University offers Master's degrees in Ministry, Business, Education, and Marriage and Family Therapy. The University also offers multiple subject and single subject teaching credential programs and an administrative services credential program. Graduate students are prepared through advanced

study and practical application for enhanced service in their profession. In graduate studies, as in the undergraduate and online undergraduate programs, dedicated Christian faculty help students process the connections (*and sometimes tensions*) between Christian faith and scholarship in their fields of study.

Because some students do not seek a degree, but desire validated leadership or ministry training for service in local churches - whether in Southern California, farther afield in the United States, or internationally - the University provides SALT (*School of Advanced Leadership Training*) courses and Church Ministry Certificates. SALT courses are developed in partnership with churches, delivered online, but facilitated by on-ground discussion leaders supplied by the churches. SALT students, often adults with university degrees but little or no training in church leadership, are thus equipped to give enhanced service and leadership in their church. Church Ministry Certificates are also developed in partnership with churches, or sometimes with parachurch organizations, to provide valuable training for workers and leaders. These certificate programs provide college level instruction in non-degree classes for the learning and development of servant-leaders in the church. HIU certificate programs have reached inner city and suburban churches in Southern California, mega-churches in other parts of the United States, and churches in Southeast Asia, the Middle East, Latin America, and Southern Africa.

Christian Faith: What We Believe

While Hope International University does not subscribe to a formal creed, presented here is a summary of some critical and crucial truths which guide our institution.

1. In the beginning, God created the heavens and the earth (*Genesis 1:1*).
2. All Scripture is inspired by God and is profitable for teaching, for reproof, for correction, for training in righteousness; that the person of God may be adequate, equipped for every good work (*II Timothy 3:16, 17*).
3. The Law became our tutor to lead us to Jesus, the Messiah. Jesus established a new and better covenant (*Galatians 3:24; Hebrews 7:22*).
4. Jesus of Nazareth is the Christ, the Son of the living God, and Lord. He is the image of the invisible God (*Matthew 16:16; Col. 1:15; Acts 2:36*).
5. Jesus died for our sins, was buried, and was raised on the third day according to the Scriptures (*I Corinthians 15:4*).
6. The Holy Spirit convicts the world concerning sin and righteousness and judgment (*John 16:8*).

7. If any person is in Christ, he is a new creation (*II Corinthians 5:17*).
8. Jesus is the head of the Church which is built upon the foundation of the apostles (*Ephesians 1:22-23; Ephesians 2:20*).
9. God calls all Christians to be ministers of reconciliation regardless of their occupations (*II Corinthians 5:18*).
10. There are varieties of gifts, but the same Spirit. There are varieties of ministries, but the same Lord. There are varieties of effects, but the same God who works all things in all persons. But to each one is given the manifestation of the Spirit for the common good (*I Corinthians 12:4-7*).
11. Jesus' greatest commandment is to love. "Love your enemies" and "love one another." Whoever loves the Father, loves the child born of Him. Every Christian is a brother or sister to every other brother or sister and should live like it (*Matthew 5:43; John 13:34-35; I John 5:1*).
12. Jesus' great commission is to go and make disciples of all the nations, baptizing them in the name of the Father and the Son and the Holy Spirit, teaching them to observe all that He commanded of us and lo, He will be with us always (*Matthew 28:19-20*).
13. The Lord will come again for both judgment and salvation. Every eye shall see Him (*Hebrews 9:28; Revelation 1:7; I Thessalonians 4:16-17*).

University Academic Information

Catalog: Academic Role

This catalog is designed to provide authoritative academic information and guidance to students, alumni, faculty, and staff of Hope International University, as well as to the public. For the student investigating her or his academic future, it provides all the basic information about programs, admissions, finances, and requirements for academic progress and graduation. With this information a potential student may make a wise and informed choice regarding university attendance.

For the matriculated (*or current*) student this catalog outlines the requirements necessary for successful achievement of educational goals. This information should be used for "mapping out" an individualized academic plan, and it provides the parameters by which that plan may be implemented and accomplished. It serves as an authoritative guide for the University and the student. Although the catalog requirements may be revised periodically, it is the student's right to remain under the catalog in effect at the time the student first enrolled as a degree-seeking student. Non-continuous enrollment or change of program will nullify this right. If a student is absent from the University for a calendar year, re-entry will automatically be under the requirements applicable at the time of re-entry. However, if it is to a continuing student's advantage, he or she may provide a written request to be placed under the guidelines of new or modified degree requirements published in the most recent catalog.

For the graduates of the University, this catalog serves as a resource for providing definition and detail of the nature of work completed. This information may be accessed by employers, certifying boards, or other educational institutions for verifying the content and scope of Hope International University Academics.

Hope International University reserves the right to change without notice any statement in this publication concerning, but not limited to policies, tuition, fees, curricula and classes.

Family Educational Rights and Privacy Act of 1974

Hope International University permits enrolled students visual access to educational records such as high school transcripts, college transcripts (*if a transfer student*), SAT score reports, and a transcript of their coursework completed at Hope International University.* This policy complies with the Family Educational Rights and Privacy Act (*FERPA*) of 1974. To obtain official transcripts of coursework completed at HIU, all financial obligations to the University must be paid in full.

**An appointment with Registrar's Office staff may be required.*

HIU considers the following to be "Directory Information" and may disclose such information to third parties without consent of the student unless the student has directed the University in writing not to release such information about him/herself: name, enrollment status including current enrollment, dates of attendance, full-time/part-time status, graduation (*anticipated or actual*), withdrawal, honors received (*e.g. Dean's List recognition*), permanent address, dates of enrollment, classification, degree program(s), major(s), participation in officially recognized university activities and sports, weight and height of members of athletic teams, and the most recent previous educational institution attended by the student. No other information contained in the student's permanent educational record is released to others, including parents or spouse, without the written consent of the student, unless the student is claimed as a dependent.

Exceptions that permit disclosure without consent in each case include:

- a) disclosure to school officials who have a legitimate professional right to the information;
- b) for purposes already authorized by the student;
- c) in cases of legal compulsion (i.e. court order or subpoena);
- d) in a situation where the safety of person or property is involved.

A school official is defined as:

- a) a person employed by the University in an administrative, supervisory, academic, research, or support staff position;

- b) a person or company with whom the University has contracted as its agent to provide a service instead of using university employees or officials (*such as an attorney, auditor, or collection agent*); a person serving on the Board of Trustees;
- c) a student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

Hope International University reserves the right to contact a student's parent(s) or guardian(s) when a situation, (*i.e. discipline, health, etc.*) is deemed extreme, endangering the student or the HIU community. A student's academic record and placement file will be kept confidential by responsible campus personnel.

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures of Hope International University's compliance with FERPA. The Office that administers FERPA is the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20202-4605. Website: <http://www.ed.gov/gen/gen/guid/fpco/index.html>.

Access to Records

All requests for access to records shall be presented in writing to the manager of the office which maintains the records. That office shall specify the time and manner in which records may be inspected. The administrator shall provide any necessary explanation or interpretation of the records. Copies of any records, except academic records and test scores, may be obtained at the current copying rate. The release of permissible academic records will require a written/signed request in advance, and will be subject to copying fees. As a matter of professional courtesy and standard operational procedure, it is the University's policy not to release copies of academic records from other institutions, either to the student or to a third party. The student should request such records from the institution of origin. The student has the right to challenge records that he/she thinks are inaccurate or misleading. Such appeals must be submitted in writing to the appropriate Academic Dean.

Diplomas and Transcripts

All degree requirements must be completed and certified by the University Registrar, and all financial obligations cleared with the responsible university offices, before diplomas or transcripts bearing posted degrees are made available to students. All financial obligations to the University must be cleared with the responsible university offices before official transcripts will be released.

Policy on Harassment and Non-Discrimination

Hope International University is committed to providing a work environment free of unlawful discrimination and harassment. University

policy prohibits harassment and discrimination based on pregnancy, childbirth or related medical conditions, race, religious creed, color, gender, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation or any other status protected by federal, state, local law, ordinance or regulation. All such discrimination or harassment is unlawful and will not be tolerated. The University's anti-discrimination and harassment policy applies to all persons involved in the operation of the University and prohibits unlawful harassment or discrimination by any student, employee, supervisors and managers, vendors, customers, and any other persons. Discrimination and harassment based on the perception that a person possesses the characteristics of, or belongs to, a legally protected status or class of persons is unlawful. Similarly, harassment based on a person's association with a person who has, or is perceived as having, the characteristics of, or who belongs to a legally protected status or class of persons is unlawful.

Hope International University operates in compliance with all applicable federal and state non-discrimination laws and regulations in conducting its programs, activities and in its employment decisions. Such laws and regulations include:

- **Title VI of the Civil Rights Act of 1964**, which prohibits discrimination based on race, color and national origin in the programs and activities of the University. This policy of non-discrimination also complies with Internal Revenue Service Revenue Ruling 71-447 required for maintaining the University's tax-exempt status.
- **Title VII of the Civil Rights Act of 1964**, which prohibits employment discrimination based on sex, race, religion, color, or national origin.
- **The Age Discrimination in Employment Act of 1967**, which prohibits age-based discrimination against persons aged 40 and over regarding employment decisions.
- **Section 504 of the Rehabilitation Act of 1973**, which prohibits discrimination on the basis of disability in the recruitment and admission of students, the recruitment and employment of faculty and staff and the operation of its programs and activities.
- **The Age Discrimination Act of 1975**, which prohibits age-based discrimination against persons of all ages in programs and activities of the University.
- **Title IX of the Education Amendments of 1972**, which prohibits all forms of discrimination on the basis of gender (including sexual harassment) in programs and activities of the University, except where the University has been granted exemptions based on its religious tenets.
- **The Americans with Disabilities Act of 1990 (Public Law 101-336)**, the purpose of which is to afford the disabled equal

opportunity and full participation in life activities and to prohibit discrimination based on disability in employment, public service, public accommodations, telecommunications, and transportation.

As a religious institution, the University is exempt from certain provisions in the above stated laws and regulations relating to discrimination on the basis of religion.

Federal civil rights laws make it unlawful to retaliate against an individual for the purpose of interfering with any right or privilege secured by these laws. It is unlawful for the University to retaliate against an individual for bringing a concern about a possible civil rights problem to the University's attention. It is also unlawful to retaliate against an individual because he or she made a complaint, testified, or participated in any manner in an Office of Civil Rights investigation or proceeding. Thus, once a student, parent, teacher, coach or other individual complains formally or informally to the University about a potential civil rights violation or participates in an Office of Civil Rights investigation or proceeding, the recipient is prohibited from retaliation (*including intimidating, threatening, coercing, or in any way discriminating against the individual*) because of the individual's complaint or participation.

Prohibited unlawful harassment or discrimination includes, but is not limited to, the following behavior:

- Treating a person differently, on any of the basis listed in the paragraph above, with respect to using, accessing or benefitting from the University's educational program. Example: the University may not subject students or employees to different standards of conduct in connection with a disciplinary matter on any of the basis listed above;
- Verbal conduct such as epithets, derogatory jokes or comments, slurs on any of the basis listed above, unwanted sexual advances, graphic verbal commentaries about an individual's body, sexually or otherwise degrading words used to describe an individual on any of the basis listed above, suggestive or obscene letters, notes, or invitations or comments;
- Visual displays such as derogatory posters, photography, cartoons, drawings or gestures on any of the basis listed above;
- In the case of sexual harassment claims, physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of gender, race or any other protected basis;
- In the case of sexual harassment claims, threats and demands to submit to sexual requests as a condition of appointment, admission, academic evaluation or administrative consideration in return for sexual favors; submission to or rejection of such conduct is used as

a basis for a personnel decision, an academic evaluation, or administrative consideration affecting an individual, and retaliation for reporting or threatening to report harassment.

Grievance Procedure

Any individual who believes they have been subjected to discrimination or harassment, or who has witnessed or has knowledge of such discrimination or harassment, may report to any university employee including administrators, faculty, staff or notify one of the following offices as soon as possible after the incident.

- Vice President for Student Affairs, Dr. R. Mark Comeaux, Lawson Fulton Student Center, Office 209, Phone 714-879-3901 ext. 1211, mcomeaux@hiu.edu. Coordinator for Title IX, Discrimination and Harassment (*Students*), and Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794 (*Section 504*) investigations.
- Human Resources Director, Ms. Wende Holtzen, Business Office, Suite 100, Phone 714-879-3901 ext. 2281, wholtzen@hiu.edu. Coordinator for Discrimination and Harassment (*Employees*), and Age Discrimination investigation.
- President of the University, Dr. John Derry, President's Office, Phone 714-879-3901 ext. 2237, jderry@hiu.edu.

Copies may be obtained in the offices listed above.

Section 504 of the Rehabilitation Act and Title II of the Americans with Disabilities Act of 1990

In accordance with the requirements of Section 504 of the Rehabilitation Act of 1973 (*Section 504*) and Title II of the Americans with Disabilities Act of 1990, as amended (*ADA*), Hope International University does not discriminate on the basis of disability in admission to, participation in, or receipt of services and benefits under any HIU program or activity. HIU does not retaliate or discriminate against, or coerce, intimidate or threaten any individual who 1) opposes any act or practice made unlawful by Section 504 or the ADA; or 2) files a grievance and/or complaint, testifies, assists, or participates in any investigation, proceeding, or hearing under Section 504 or the ADA.

Hope International University has adopted an internal grievance procedure providing for the prompt and equitable resolution of grievances alleging any action prohibited by Section 504, the ADA, or the Federal regulations implementing these laws. Please refer to the Grievance Procedure under the Policy on Harassment and Non-Discrimination. The applicable Federal laws and regulations may be examined by contacting the following individual who is HIU's ADA/Section 504 Coordinator and who has been designated to coordinate the efforts of HIU to comply with Section 504 and the ADA:

Vice President for Student Affairs 714-879-3901 ext. 1211.

Any person who believes she or he has been subjected to discrimination on the basis of disability or who believes she or he has been subjected to retaliation under Section 504 or the ADA may file a grievance under this procedure. It is against the law for HIU to retaliate against anyone who files a grievance or cooperates in the investigation of a grievance.

Filing a grievance with HIU's ADA/Section 504 Coordinator (*or his/her designee*) does not prevent the person filing the grievance from filing a complaint with the:

Process for Providing Student with Learning Accommodations

Accommodations

Hope International University requires a student with a disability to register with the Vice President for Student Affairs office which provides support services for students with disabilities, in order to receive accommodations. It is the student's responsibility to request services in a timely manner. The Vice President's office confirms the student's disability and eligibility for services and accommodations. A course instructor typically receives notification from this office detailing recommended accommodations for a student. The student with a disability is responsible for meeting all course requirements using only approved accommodations.

The goal is to give the student with a disability equal access to the learning environment. Individualized accommodations are not designed to give the student an advantage over other students, to alter a fundamental aspect of the course, nor to weaken academic rigor.

A specific learning disability is unique to the individual and can be manifested in a variety of ways. Therefore, accommodations for a specific student must be tailored to the individual. The following are examples of classroom, assignment, and examination accommodations that may be recommended for a student with a learning disability. When in doubt about how to assist a student, contact the Vice President for Student Affairs' office which provides support services for students with disabilities.

Registering Accommodations

In order to register accommodations, students must complete the Disability Verification Form and submit it to the Vice President for Student Affairs via email, fax, hand delivered or postal mail.

Students must also submit documentation from a qualified professional to support a request for accommodations. Further, submitted information must meet Hope International University disability documentation guidelines. The documentation should be submitted to the office of Student Affairs along with the Disability Verification Form.

Determination of Accommodations

Because students' needs vary, accommodations are determined on a case-by-case basis. After documentation is evaluated by the Vice President for Student Affairs, students will be notified as to whether or not it has met the established guidelines and verifies that there is a functional limitation. Please note that the Vice President for Student Affairs may seek input from others, such as the professional providing the documentation before making a decision regarding reasonable accommodations.

The Vice President will discuss the initial accommodations letter with the students to insure all accommodations are addressed. The student must then acknowledge acceptance of the accommodations.

Notification of Instructors

Accommodation letters are only valid for the term in which they are issued. Therefore, each term students will be contacted to review ongoing accommodations.

Examples of accommodations:

Classroom and Assignment Accommodations

- provide peer note-takers from the class.
- allow the student to tape record lectures.
- allow the student additional time to complete in-class assignments, particularly writing assignments.
- allow for course modification such as extended length of time to complete a program.
- provide feedback and assist the student in planning the workflow of assignments. This is especially important with large writing assignments.
- provide assistance with proofreading written work.
- allow for course substitution with dean approval.

Examination Accommodations

- extended exam time, typically time and one half to double time.
- to take exams in a room with reduced distractions.
- the assistance of a reader, scribe, or word processor for exams.
- the option of an oral exam.

- to use spelling and grammar assistive devices for essay exams.
- to use a calculator for exams.
- to use scratch paper during exams.

Appeals

Students should discuss any concerns or problems related to the provision of reasonable accommodations with their Academic Advisor. If a student disagrees with the accommodations or has a complaint related to services provided by the Academic Advisor, he or she may utilize the appeals process.

International Students in F-1 Status

Full-time and Online Requirements for Active Immigration Status

Graduate Programs

1. International students enrolled in graduate programs are expected to complete all residency degree requirements within three years of the date of initial enrollment on campus, unless additional prerequisite deficiencies are necessary to meet the degree requirements.
2. Graduate International students must enroll for a minimum of 8 units per term throughout the course of their program. Federal regulations permit students in their final term before program completion to take only the necessary units required for graduation [8 C.F.R. § 214.2(f)(6)(iii)(C)].
3. Federal regulations allow for no more **than one class, or three units per term, if taken online or through distance education**, to be included in the minimum number of 8 units taken per term [8 C.F.R. § 214.2(f)(6)(i)(G)].
4. All students are expected to establish an approved degree plan by the end of the first year of enrollment, which will remain on file with their respective department as well as with International Student Programs.

Undergraduate Programs

1. International students enrolled in undergraduate programs are expected to complete all residency degree requirements within four

years of the date of initial enrollment on campus, unless additional prerequisite deficiencies are necessary to meet the degree requirements.

2. International students must enroll in a minimum of 12 units per term throughout the course of their program. In the first term of enrollment, the DSO and academic advisor may approve a reduced course load (*less than 12 units*) for any student who has initial difficulty with the English language or American teaching methods. Federal regulations permit students in their final term before program completion to take only the necessary units required for graduation [8 C.F.R. § 214.2(f)(6)(iii)(C)].
3. Federal regulations allow for no more **than one class, or three units per term, if taken online or through distance education**, to be included in the minimum number of 12 units taken per term [8 C.F.R. § 214.2(f)(6)(i)(G)].

English as a Second Language Programs

1. Students enrolled for full-time English as a Second Language programs must be enrolled in a minimum of 18 clock hours per week.
2. Federal regulations mandate that no online or distance education classes may be included in the full-time requirement for full-time ESL students [8 C.F.R. § 214.2(f)(6)(i)(G)].

Learning Environment

Community standards are in place for the express purpose of creating an environment conducive to learning and personal growth, both in ground-based classes and online. Such standards include a professional instructional climate and a classroom environment that promotes positive learning experiences. Students are encouraged to conduct themselves in a professional manner, whether face-to-face or online, with respect for both fellow students and faculty. The University reserves the right to act in situations where student behavior violates established policy, detracts from the ability of students or faculty to function effectively in the learning environment, or is disruptive of the teaching-learning process. Such action may include disciplinary procedures issued by the faculty or may lead to suspension from class or expulsion from the University.

Only regularly enrolled students may attend classes unless advance permission is secured from both the instructor and the University administration.

Out of respect for the instructor and one's classmates, students should silence cell phones and pagers during on-ground class sessions. Students may make telephone calls during class breaks.

Course Appropriate Communication

Active involvement in courses, whether online or on-ground, and regular communication with other students and instructors, directly or by electronic media, are consistent with HIU's expectations and essential to academic success. However, students should take care that their communications and the contents of electronic messages remain relevant to the course and supportive of one another—especially when emailing an entire class group. At times, even personal messages requesting prayer or offering encouragement can be appropriate. However, forwarding “junk mail,” selling products or services, or sending messages of mere personal interest clutter up an already busy course schedule. Students are to refrain from such behavior.

Participation in Educational Effectiveness Research

Hope International University continually seeks to improve its programs and services to better meet student needs. Accordingly, students may be required to participate in certain assessment activities, such as course assessments or posting work in electronic portfolios.

Library

The Hugh and Hazel Darling Library occupies two floors of the center building of campus where over 70,000 books, videos, music and voice recordings, periodicals, and more are found on the shelves. Additionally, HIU has agreements with numerous regional theological and private institutions and neighboring California State University, Fullerton to share library resources and the Interlibrary Loan service provides access to materials from libraries worldwide.

The Information Commons covers nearly 50% of the library's floor space where students can use computers (*Mac and Windows*), printers (*color and black ink*), scanners, office applications, and specialized software that support their coursework. Here students can also find assistance with research and related technical problems. A Collaborative Student Innovation Lab equipped with presentation and instructional technology is also available for students to work together in groups.

The library is open approximately 80 hours per week providing a convenient comfortable study environment and a wireless network. Library reference and instructional services are provided for groups and individuals in the library, in the classroom, and online.

Online, the library's website (<http://library.hiu.edu>) is available 24/7 and serves as a portal to the catalog, a wide variety of research databases, over 120,000 eBooks, over 24,000 electronic subscription journals, and discipline focused research guides. The Darling Library maintains an online archive that includes digital special collections highlighting HIU's history and heritage.

Admissions

Undergraduate Programs

First-Time Freshmen

Applicants desiring to be considered for undergraduate admission to Hope International University should submit the following admission materials:

1. Completed undergraduate application for admission.
2. A non-refundable application fee of \$40. Payment can be made by credit card or check.
3. Statement of Purpose responding to the following in 300 words or more:
 - Tell us about the experiences that have shaped your personal journey and how those experiences have influenced your faith, as well as your academic, career or personal goals.
 - Hope International University seeks to develop servant leaders; how do you see your goals and background fitting into that mission?
 - Share what factors are most important to you when making a final college decision and why.
4. Reference contact information for both a Church Leader and an Educator/Employer. Reference may not be a relative of the applicant.
5. Official high school transcript and, if applicable, transcripts from all colleges/universities attended. Official transcripts must be sealed and sent directly from the school to the Undergraduate Admission Office. No unofficial copies will be accepted. High school transcripts must show date of high school graduation. *If any high school or college coursework is in progress at the time of application, an additional final transcript must be sent when the coursework is complete.*
6. Results of the Scholastic Aptitude Test (SAT) or the American College Test (ACT). Score reports must be sent from the testing agency directly to the Undergraduate Admissions Office.

HIU School Codes:

SAT = 4614

ACT = 0356

(Not needed if student has been out of high school 5 years or more, or has 24 or more transferable semester college units.)

When to Apply

HIU adheres to a rolling admission policy. Applicants may apply any time before the start of each semester. For the best admission experience, applicants should complete their application files at least one month

prior to the start of the semester. HIU has Early Action application deadlines, as follows:

- Fall Semester
 - Early Action #1 - December 1
 - Early Action #2 - February 1
- Spring Semester
 - Early Action - November 1

Consideration for admission will be made after the Undergraduate Admissions Office receives all required items. Once a determination on admission status is made, applicants will be notified in writing.

All documents submitted to HIU as part of the application process become property of the University and cannot be returned to the applicant.

First-Time Freshmen Admission Requirements

To qualify for consideration of admission, a first-time freshman applicant must meet two of the following three criteria:

- Achieve a minimum 2.5 cumulative (weighted) academic high school GPA (*9 - 12 grades*)
- Submit an SAT score of at least 900 or higher (*Critical Reading and Math sections*) or an ACT score of 19 or higher
- Graduate in the top one-half of her/his graduating class

Applicants who do not meet minimum admission requirements may be considered for admission. Applicants may be required to submit additional documentation and may be subject to additional review processes.

Enrollment Deposit

Students are required to submit a \$325 enrollment deposit upon acceptance. The deposit reserves the student's space in the incoming class, is credited to the student's account toward tuition and fee charges and is not an additional fee. The enrollment deposit is refundable until May 1st for Fall Semester and December 1st for Spring Semester.

All First-Time Freshmen Students must submit proof of high school graduation or completion by high school diploma/graduation, California High School State Proficiency Exam (*CHSPE*), General Education Development (*GED*) Test or College Level Examination Program (*C.L.E.P.*) Official transcripts or scores must be sent to HIU directly from the school or testing source.

While not required, it is recommended that students complete the following courses while in high school to better prepare them to succeed when enrolled at HIU:

- 4 years college preparatory English
- 3 years college preparatory Math (*Algebra, Geometry, etc.*)
- 3 years History/Social Science
- 2 years Laboratory Science (*Biology, Chemistry, Physics, etc.*)
- 2 years of the same Foreign Language

Transfer Student

Transfer students are students who have completed 24 or more semester units of transferable college-level coursework. Applicants with at least 24 semester units of transferable college-level coursework are not required to submit SAT or ACT scores.

Applicants desiring to be considered for undergraduate admission to Hope International University as a transfer student should submit the following admission materials:

1. Completed undergraduate application for admission.
2. A non-refundable application fee of \$40. Payment can be made by credit card or check.
3. Statement of Purpose responding to the following in 300 words or more: which addresses the following:

 - Share what factors are most important to you when making a final college decision and why
4. Reference contact information for both a Church Leader and an Educator/Employer. A reference may not be a relative of the applicant.
5. Official transcripts from all previously attended colleges/universities. Official transcripts must be sealed and sent directly from the school to the Undergraduate Admission Office. No unofficial copies will be accepted. If any college coursework is in progress at the time of application, an additional final transcript must be sent when the coursework is complete. Transfer students who have completed 24 or more transferrable semester units are generally not required to submit high school transcripts.

When to Apply

HIU adheres to a rolling admission policy. Applicants may apply any time before the start of each semester. For the best admission experience, applicants should complete their application files at least one month prior to the start of the semester. HIU has Early Action application deadlines, as follows:

- Fall Semester
 - Early Action #1 - December 1
 - Early Action #2 - February 1
- Spring Semester
 - Early Action - November 1

Consideration for admission will be made after the Undergraduate Admissions Office receives all required items. Once a determination on admission status is made, applicants will be notified in writing.

All documents submitted to HIU as part of the application process become property of the University and cannot be returned to the applicant.

Transfer Student Admission Requirements

To qualify for consideration of admission, a transfer applicant must meet the following criteria:

- Achieve a minimum 2.0 cumulative GPA
- Complete 24 or more transferrable college semester units

Applicants who do not meet minimum admission requirements may be considered for admission. Applicants may be required to submit additional documentation and are subject to additional review processes.

Enrollment Deposit

Students are required to submit a \$325 enrollment deposit upon acceptance. The deposit reserves the student's space in the incoming class, is credited to the student's account and is not an additional fee. The enrollment deposit is refundable until May 1st for Fall Semester and December 1st for Spring Semester.

Transfer Student Additional Information

1. Transfer credit will be given a preliminary assessment for admission purposes. Transfer credit will be given official evaluation by the Registrar's office, in consultation with faculty academic advisors, for enrollment purposes. All course work will be evaluated, regardless of when it was taken.
2. No transfer credit is given for grades lower than a "C."

3. Biblical Studies requirements

a. A.A. degree

Required: 3-12 units of Biblical Studies coursework. When Biblical Studies requirements are met by transfer credit, at least 3 units of HIU Biblical Studies is required, generally BIB3050 Theology of Ministry.

b. B.A. degree

Transfer students with less than 45 units toward degree-specific requirements will be required to take all seven required Biblical Studies courses (21 units). Transfer students with 45 or more units toward degree-specific requirements will take four Bible courses as outlined below.

12 units are required of all transfer students. Usually, the following will be taken.

BIB1107 Jesus in the Gospels

BIB1225 History and Literature of the Early Christians

BIB1325 History and Literature of Ancient Israel

BIB3050 Theology of Ministry

Any student who transfers equivalent course(s) to one of the above will take the next class in HIU's sequence of Biblical Studies classes: BIB3111 Introduction to Biblical Research; BIB4200 Biblical Theology; BIB**** Biblical Elective. The intent is that transfer students will take four Biblical Studies courses at HIU.

4. Military transfer courses should be reported on form DD295 for personnel still in service and on DD214 for those discharged.
5. Undergraduate residency requirements: For the A.A. degree, at least the last 18 units of credit must be taken at HIU. For the B.A. at least the last 30 units of credit must be taken under the direction of the University with at least 24 of the last 30 units taken at HIU. At least 50% of the major must be taken at HIU.
6. HIU has adopted the IGETC Policy (*Intersegmental General Education Transfer Curriculum*). The IGETC is a 37-39 unit general education program by which California community college students may fulfill lower division general education requirements when transferring to the CSU or UC system. The IGETC is accepted provided that it is completed and certified before enrolling at HIU. Students transferring with an IGETC certificate will be considered as having met the General Education requirement in the Leadership and Ethics Core for their chosen major. Credit awarded will not exceed the number of units on their IGETC certification. (*Note: This policy does not apply to Liberal Studies majors and Liberal Arts majors with CSUF contract programs because of more specific course requirements in those majors*).

7. HIU has adopted a transfer policy for community college transfer students. Students transferring an accredited, nonprofessional, transfer specific A.A. degree will be considered as having met up to 43 units of General Education requirements in the Leadership and Ethics Core for the student's selected major. The exact number of units will depend on the transfer level of the courses making up the A.A. degree and the G.E. requirements for the major (*Note: This policy does not apply to Liberal Studies majors and Liberal Arts majors with CSUF contract programs because of more specific course requirements in those majors*). The completed A.A. degree from a community college must include 3 semester units of composition and 3 of literature, college level algebra, a lab science, 6 units of humanities and 9 units of history/social science.
8. The Admissions Office also has Transfer Guides available which are specifically matched to individual community colleges in the Southern California region. Following the guide for your community college in preparation for transfer to HIU is the best strategy a student can choose to maximize their transferable credit toward completion of a Bachelor's degree.

In all cases, the following provisions will apply:

- a. The foreign language requirements for any given Bachelor's degree major will be retained.
- b. All prerequisites for majors must be met.
- c. The minimum of 120 units required for graduation will be retained.
- d. As with all transfer students, the final 30 units of study must be completed under the direction of HIU.
- e. College level courses taken by high school students must be documented as college-level work in official transcripts issued by a regionally accredited college or university in order to be transferable to a HIU degree.

Home-Schooled Students

In order to be considered for acceptance to an undergraduate program at HIU, a Home-Schooled applicant must follow the admission process and requirements for first-time freshman applicants. Educator/employer reference information for a home-schooled applicant cannot be a relative of the applicant. The Home-Schooled applicant must submit an official high school transcript, including date coursework was completed and grades received, at the time of application along with a final transcript documenting the achievement of a high school diploma when all high school coursework is complete.

If the student cannot produce a high school transcript, then they must document successful completion of the General Education Development (GED) Test and submit SAT and/or ACT scores.

Limited Enrollment Students

Non-Degree Students

Students may be admitted to HIU as limited enrollment, non-degree seeking students. Such students who meet the academic requirements for regular admission may take up to 15 units for credit. Thereafter, they must apply for admission through the regular admissions process. Non-degree seeking students who do not meet the standard academic requirements for admission may audit lower division courses. Non-degree students are generally ineligible for financial aid.

Visiting Students

Students may be admitted for either part-time or full-time study for the duration of one (1) term. Such students will be considered "Visiting Students" and must meet all academic requirements for admission and will be subject to appropriate academic preparation for enrollment in courses requiring prerequisites or testing for admission. California State University, Fullerton students may be admitted as non-degree or visiting students. The application fee must be paid at the time of application.

International Students

We welcome applications from international students from all countries with various educational backgrounds. At Hope International University, we encourage well-qualified international students to apply for our undergraduate program as a first year or transfer student. We provide our students with an excellent education in a Christian community to equip students for success.

Applicants desiring to be considered for undergraduate admission to Hope International University as an international student should submit the following admission materials:

1. Completed undergraduate application for admission.
2. A non-refundable application fee of \$40. Payment must be made online or over the phone by credit card.
3. Statement of Purpose which addresses the following:
 - Why you have chosen to study at HIU
 - The influence of your family and church on your decision to attend HIU
 - How you see your educational goals as being useful in advancing the mission of Christ
 - The factors that are most important to you in making a final college choice
4. Two References: Applicants may submit reference letters from a church leader and an educator/employer. HIU also provides reference forms for applicant use, both a Church Leader Reference

Form and an Educator/Employer Reference Form. These forms are found online. Reference may not be a relative of the applicant.

5. Official high school transcript and, if applicable, transcripts from all colleges/universities attended.

Official high school (**secondary school**) and/or college/university transcripts must be sent directly from the school or institution to HIU. Original documents must be in English or include a certified English translation. We accept a National Consulate, a recognized official translation agency with their seal of authenticity and accuracy, the American Education Research Corporation, and Academic Credentials Evaluation Institute services to translate your transcripts. A small fee may be incurred. **Personal translations will not be accepted.** Additional documentation may be required from the student to verify high school exams, graduation/diploma, grades, etc. Students will be notified by the Admissions Office if additional documents are required.

All foreign college/university transcripts must be sent to an agency that evaluates and translates transcripts into the United States grading system. We recommend five International Academic Credential Evaluation Services: 1. World Education Services, 2. American Education Research Corporation, 3. Global Services Associates, 4. International Educational Research Foundation, and 5. Academic Credentials Evaluation Institute.

International transfer students are students who have completed 24 or more semester units of transferable college-level coursework.

6. **Proof of English Language Proficiency:** Students must meet one of the following: **Note: HIU's testing code is 4614:*
 - a. TOEFL (*Test of English as a Foreign Language*)
 - i. 83 iBT (*Internet-based Test*)
 - b. IELTS (*International English Language Testing System*) 6.5 overall score band, with 6.0 minimum sub-score
 - c. SAT score of 900 or higher
 - d. ACT score of 19 or higher
 - e. A year of university credit earned (*24 semester credits*) and approved by the Hope International University Registrar. (*For example: course transfer credit from a U.S. college or university, International Baccalaureate, A-level examination marks.*) These credits must demonstrate English proficiency.

International student applicants who meet all admission and documentation requirements, other than English Language Proficiency, may be admitted to the University on conditional status. Students admitted conditional status will be granted admission to HIU's undergraduate program, as well as HIU's English as a Second Language

(ESL) program. Students must enroll in and successfully complete HIU's ESL program in order to begin undergraduate classes. HIU's ESL program administrators will qualify student's eligibility and facilitate the student's transition into undergraduate courses.

International Student Admission Requirements

- Minimum US equivalent of a 2.5 high school (secondary school) grade point average (*GPA*).
- Minimum US equivalent of a 2.0 college (post secondary school) grade point average (*GPA*) — for a transfer student.

When to Apply

International students can apply online at their convenience. For the best admission experience, applicants should complete their application files at least two months prior to the start of the semester. Due to additional processing time needed for the Form I-20 and immigration requirements, HIU has application deadlines for international students. HIU's international applicant file completion deadlines are as follows:

- Fall Semester: July 1
- Spring Semester: November 1

Consideration for admission will be made after the Undergraduate Admissions Office receives all required items. Once a determination on admission status is made, applicants will be notified in writing.

All documents submitted to HIU as part of the application process become property of the University and cannot be returned to the applicant.

Post-Admission Requirements

Once international students are admitted to HIU they must submit additional documentation in order to complete the admission process. Items 1-3 below must be received and/or completed prior to HIU issuing the Form I-20.

1. **Proof of Financial Support:** Students must be able to verify that they have the financial ability to support their stay in the U.S. HIU requires:
 - a. An Affidavit of Financial Support (*form*) AND
 - b. A current bank statement or official letter from the bank verifying a balance equal to one year of tuition and living expenses, minus any financial assistance offered by the University.
2. **Deposit:** Students are required to deposit monies in their student account equal to or greater than the cost of attendance for the first semester.

3. SEVIS Application Form
4. Student Health History and Insurance Assessment Form
5. Residence Hall Application

International Students: Full-Time Status for Undergraduates

1. International students enrolled in undergraduate programs are expected to complete all residency degree requirements within four years of the date of initial enrollment on campus, unless additional prerequisite courses are necessary to prepare students to meet the degree requirements.
2. International Undergraduate students must enroll in a minimum of 12 units per semester throughout the course of their program. In the first semester of enrollment, the DSO and academic advisor may approve a reduced course load (*less than 12 units*) for any student who has initial difficulty with the English language or American teaching methods. U.S. Government regulations permit students in their final semester before program completion to take only the necessary units required for graduation [8 C.F.R. § 214.2(f)(6)(iii)(C)].
3. U.S. Government regulations allow for no more than one class, or three units per semester, if taken online or through distance education, to be included in the minimum number of 12 units taken per semester [8 C.F.R. § 214.2(f)(6)(i)(G)].

Partner-Institution Agreements

Hope International University has sister-school agreements and memoranda of understanding with a number of foreign universities.

Exchange Agreements

Students taking part in these agreements are generally accepted to take one year of coursework at a host university to meet degree-completion requirements at the home university. Students taking part in exchange agreements at Hope International University must meet full admissions requirements governed by the international student admissions process. However, due to the unique relationship between the two Institutions, professional evaluation of the students' credentials during the first 2 years of the program is not necessary. Instead, English translations of the transcripts must be provided during the application process. Transcripts will be reviewed by HIU staff to ensure a student's academic readiness. Financial requirements for each exchange program are governed by contractual agreements. Therefore, exchange students are generally ineligible for financial aid.]

Online Undergraduate Programs

Admission requirements for online undergraduate students are outlined below. Personnel from the Admissions Office assist students through the admission process. For an online application and instructions, see <http://>

www.hiu.edu/admissions. If you have questions or need further information, contact the staff by telephone at (888) 352-HOPE.

Non-Degree Student Admission *Some students take single courses at the University for the purpose of personal enrichment, earning Continuing Education Units (CEUs), or completing degree requirements at another college or university. Such non-degree students complete a simple 1-page application form, enroll in the desired course, and pay the appropriate tuition fees. There is no separate application fee for non-degree students.*

If students later decide to pursue a degree or credential from HIU, then they must complete the standard admission process (described below).

Online Undergraduate Admission Requirements (A.A. or B.S.)
Entrance into an online undergraduate degree program is normally based on the following criteria:

- Submission of a completed application form and application fee (\$40 non-refundable). Along with basic information, the application asks students to provide:
 - ❑ A 250 word response to the following questions:
 - While studying at HIU, explain how you will work through your two greatest challenges and utilize your two greatest strengths?
 - Where do you plan to be in five years and how will an education at HIU help you develop that plan?
- Submission of official high school transcripts indicating completion and a minimum cumulative grade point average (GPA) of 2.5 on a 4-point scale, a General Education Diploma (GED) indicating a minimum score of 47, or 12+ units of college coursework with a minimum 2.0 GPA.
- Submission of official transcripts from all colleges and universities previously attended.
- Submission of Financial Options Guide paperwork supplied to the student by his or her Admissions Counselor.

NOTE: Students may enroll in online undergraduate programs without any prior college coursework. However, students may not start their Major Course Sequence until they have completed at least 24 college units, including English Composition (49 units prior to the Major are recommended). Students may earn such credits at HIU, or they may complete the requirements elsewhere. For policies regarding transfer credits and credit by examination, see the "Academic Policies and Regulations" section in the Catalog.

- Students who have been placed on academic suspension, or disciplinary probation or suspension, by another educational institution within the past 12 months will not be admitted.

Applicants who do not meet minimum admission requirements may be considered for admission. Applicants may be required to submit additional documentation and may be subject to additional review processes.

Graduate or Credential Programs

Graduate Admission Requirements (M.A., M.A.E.A., M.B.A., M.C.M, M.Ed., M.F.T., M.S.M., M.Div., or Credential) Entrance into a graduate degree program is normally based on the following criteria:

- Submission of a completed application form and application fee (\$40 non-refundable). Along with basic information, the application asks students to provide:

A 250- 500 word “Statement of Purpose” essay answering these questions:

- While studying at HIU, explain how you will work through your two greatest challenges and utilize your two greatest strengths?
- What are your professional goals and how will an education at HIU help you develop that plan?

NOTE: Marriage and Family Therapy applicants must complete a faculty interview and a Comprehensive Career Statement in lieu of a Statement of Purpose.

Career Statement Questions (*MFT applicants only*):

1. What significant life events have most influenced your present development and your desire to be a marriage and family therapist?
2. What are your professional career goals after completing your degree?
3. What are your strengths that will help you achieve your professional goals?
4. What do you consider to be areas for personal growth that may need the most attention during your training as a therapist at Hope International University?
 - Reference letters from two persons familiar with the applicant’s personal character and professional experience. A reference may not be a relative of the applicant.
 - Submission of official transcript from a regionally accredited college or university, or other approved institution, confirming completion of a bachelor’s level degree with a minimum cumulative grade point average (GPA) of 3.0 on a 4-point scale.
 - Submission of official transcripts from additional schools if students wish to use transfer credits from those schools to fulfill prerequisite or degree requirements.

- Submission of Financial Options Guide paperwork supplied to the student by his or her Academic Coach.
- Education students seeking the Preliminary Administrative Services Credential must meet the following admission requirements:
 - Minimum of five years teaching experience at a WASC accredited school
 - A current clear teaching credential
 - Fingerprint/Livescan
 - CTC Certificate of Clearance
- CPR/First Aid Certification
 - A letter verifying access to a site where field experience will be completed
- Education students seeking a Preliminary Multiple Subject Credential or Preliminary Single Subject Credential must provide evidence that they have 1) registered for, 2) attempted, or 3) passed the appropriate examinations.
- Preliminary Multiple Subject Credential Program
- CBEST or CSET: Writing Skills - and - CSET: Multiple Subject Subsets I, II, and III
- Preliminary Single Subject Credential Program
- CBEST and CSET Subject Matter exams

For further information and an application packet, please contact an admissions counselor by telephone at (888) 352-HOPE.

- Students who have been placed on academic suspension, or disciplinary probation or suspension, by another educational institution within the past 12 months will not be admitted.

Applicants who do not meet minimum admission requirements may be considered for admission. Applicants may be required to submit additional documentation and may be subject to additional review processes.

International Students

In addition to the application materials mentioned above, international students must submit the following documents no later than eight weeks prior to the start of the HIU program: (*For online forms and instructions, see <http://www.hiu.edu/graduate-students/admissions/international-students.php>.*)

- Transcript Translation and Evaluation. Transcripts from colleges or universities outside the U.S. must be accompanied by an English translation and detailed evaluation completed by an independent

agency specializing in foreign academic credentials (*at the applicant's expense*). All foreign college/university transcripts must be sent to an agency that evaluates and translates transcripts into the United States grading system. We recommend five International Academic Credential Evaluation Services: 1. World Education Services, 2. American Education Research Corporation, 3. Global Services Associates, 4. International Educational Research Foundation, and 5. Academic Credentials Evaluation Institute.

- English Proficiency. International students must submit proof of English language proficiency in the form of either the required TOEFL score (*Test of English as a Foreign Language*) or required IELTS score (*International English Language Testing System*) earned within five years of the admission date:

**English Language Proficiency Standards
Online Undergraduate and Graduate Students**

	Full Acceptance	Provisional Acceptance
TOEFL internet-based test	86	71-85
IELTS (<i>other programs</i>)	6.5 overall band score 6.0 overall band score	6.0 sub-score
IELTS (<i>MFT program</i>)	7.0 overall band score 8.0 speaking score	6.5 overall band score 7.5 speaking score

Students admitted on a provisional basis, may take one course per session, provided that they are concurrently enrolled in English language instruction in HIU's College of Education and maintaining a GPA of 3.0. Students' classification will change from provisional acceptance to full acceptance when they earn the required TOEFL or IELTS score, or when they fulfill the requirements of the exemption policy (*below*). All other requirements must be met, including the minimum GPA for the HIU degree program.

International Students may apply for a waiver of the English proficiency requirement if one of the following conditions is met:

- The student is from a country or region which has English as its official or educational language.
- The student has successfully completed higher education studies in an English-speaking country or institution.

Any waiver application must be approved by the Admissions Committee and the Dean of the College.

- *Form I-20*. International students applying for a Graduate program must complete the SEVIS I-20 Application.

- *Financial Arrangements.* All costs for the term are due in full at the time of registration, including the \$110 (*first term*) and \$55 (*second and subsequent term*) International Student Fees. Students must submit an Affidavit of Financial Support form and a corresponding official bank statement indicating a balance equivalent to one full year's educational expense, including room, board, tuition, and fees.

A \$500 deposit plus a \$40 Application Fee are due prior to acceptance into the University and receiving an I-20. Remaining tuition and fees are due before the student will be approved to register. The deposit is non-refundable.

Monthly Payment Plan Option. Students may elect to pay academic expenses in advance for future terms through an interest free monthly payment plan. The annual enrollment fee is \$70 per year or \$35 per term. There are no other fees or costs. However, late payment fees may be charged. A payment plan option is available to our continuing International students only for the purpose of paying in advance for future semesters. Each semester must be paid in full prior to the start of class.

Insurance. All International students are required to enroll in the Student Accident Insurance Plan, which provides medical coverage for sickness and accidents. Dependent coverage is available as an option. International students are automatically enrolled in the HIU student health insurance plan. A brochure listing the current year premium and extent of coverage may be requested from the Office of International Student Programs.

Immunizations. Written proof of the following immunizations is required for all International students attending HIU: Tetanus/Diphtheria (*current in the past 10 years*), Measles/Mumps/ Rubella (*two dates needed*), Polio, Hepatitis A (*two dates needed*), Hepatitis B (*three dates needed*), Mantoux Tb skin test, Menomune (*Meningococcal, one dose within the past year*) within the past year. If records are not available, then these immunizations are required upon enrollment at HIU. Immunizations received after arrival at HIU must be obtained at the student's expense.

For further information concerning International Student requirements contact International Student Programs at 800-762-1294 x1618 or email isp@hiu.edu

Application Procedure

You may contact the Admissions Office at any time to receive further information about programs or to determine your eligibility (1-888-352-HOPE). For an online application form, instructions, and other materials, see <http://www.hiu.edu/admissions>

Acceptance Process

Once applicants' files are complete (*application, application fee, references, and transcripts*), the Admissions Committee evaluates those files and notifies students of their Acceptance Status.

- If the Committee determines that applicants meet the admissions requirements, and that their chosen program is an appropriate fit for their educational and professional goals, then the Vice President for Enrollment Management sends a letter granting "full admission."
- If applicants meet all admission requirements except for the academic criteria, then the Committee may grant "probationary admission" according to the following policy:
 - ❑ Applicants to online undergraduate programs must hold a 2.5 high school GPA or a 2.0 college GPA based on 12+ units of study. Probationary status will be removed when the student has completed 9 units with a 2.0 GPA. A minimum GPA of 2.0 is required for graduation with an associate's or bachelor's degree.
 - ❑ Applicants to graduate programs must hold a 3.0 undergraduate or graduate GPA. Probationary status will be removed when the student has completed 9 units with a 3.0 GPA. A minimum GPA of 3.0 is required for graduation with a master's degree or credential.

The Committee does not grant "probationary admission" automatically, but only when evidence indicates that students have the ability to succeed in their chosen program.

- For planning purposes (*e.g. tentative enrollment counseling and academic coaching, and financial aid estimates*), the Vice President may grant "provisional acceptance" based on unofficial transcripts. In such cases, the student's status automatically shifts to "full admission" or "probationary admission" if official transcripts confirm the information found in the unofficial transcripts and show degree conferred.

Official transcripts are crucial for determining students' academic classification (*freshman, sophomore, junior, or senior*), the levels of financial aid for which they may qualify, and their remaining degree requirements. Without them, students may take courses they do not need, or they may pay more than necessary by losing financial aid. Accordingly, HIU protects students by not allowing them to begin coursework until their application files are complete.

Financial Information

Higher education is one of the most important investments an individual can make. Cost should not be the final determining factor in selecting the right university; nevertheless, applicants should have a clear

understanding of expenses in mind when making a final choice. The Student Accounts Department is available to assist students in answering questions related to cost and payment options at (714) 879-3901 x2202.

Tuition and Fees 2016-2017 The following tuition and fee rates are effective June 1, 2016. HIU reserves the right to alter rates at any time.

1 unit	\$360.00

6. Room (*Annual*)

Quad (<i>freshman</i>)	\$4,800.00
Triple	\$5,450.00
Double	\$6,050.00
Single/Married	\$7,500.00
Housing Deposit	\$300.00

7. Board (*Annual*)

19 Meal Plan	\$4,750.00
15 Meal Plan	\$4,500.00
10 Meal Plan	\$3,900.00
5 Meal Plan	\$1,400.00

HIU reserves the right to alter tuition and fees and make changes to refund policies at any time. Tuition and fees listed are effective June 1, 2016.

Room and board refund policies are stipulated in the Housing Agreement.

8. Charges Due

All charges are due in full at registration unless otherwise noted in fee information. Enrollment is not complete and students may not attend classes until satisfactory financial arrangements have been made with the Student Accounts office. Satisfactory financial arrangements include one of the following payment options, or financial aid equal to or greater than each semester's charges. The financial aid process must be complete prior to registration, or students will be required to choose one of the following payment options.

Payment Plan Options - Tuition and Fees

Payment in Full - The annual expense of tuition, fees, room and board is due by July 15, 2016.

Payment Plan - Twelve (12) Monthly installments without interest charges beginning June 1 and ending May 1. This program is administered through Hope International University's Student Accounts Office. There are no other fees or interest charges. However, late payment fees may be charged. Enrollment in the plan should be completed before June 1 to avoid having to make substantial back payments of missed months.

Accepted Methods of Payment - Student/parent may authorize withdrawal from credit card or checking account. Hope International University accepts Discover, Master Card, and Visa. A voided or cancelled check is required for checking account withdrawal. Processing of payments will be done on the 1st of each month. If payment fails, a second attempt will be made 5 business days later before the \$40 late payment fee is assessed.

Failure to make consistent monthly payments may result in alternative payment options for future terms.

Failure to meet payments due to the University as indicated on the Fee Schedule and Promissory Note could result in being removed from class, dormitory, and cafeteria privileges and suspend ability to take finals and/or receive final grades. Students must have a zero balance on their account by the end of each academic term. It is the student's responsibility to check their student portal for current account information. Statements are not mailed. Students who select an installment payment plan option agree to make the payments indicated on the signed schedule. If the account is not paid when due, the student will be responsible for all costs incurred by Hope International University to collect the unpaid balance due and owing. Such cost may include, but are not limited to late fees, collections costs, attorney fees, and court costs.

Financial Aid - Students with financial aid applications in process and not yet complete are required to pay one-fifth (1/5) of the semester's estimated charge. The student has one week to complete the financial aid process, receiving confirmation of award. If the financial aid package is not equal to or in excess of estimated charges, the student will be required to enter into a payment plan agreement as noted above. A \$35 late paperwork fee will be assessed each month the student is incomplete.

Participation in Commencement, registration for further sessions, and the release of degrees and transcripts will be granted only after all financial obligations to the University are satisfied (including NDSL/Perkins Loans). Any diploma, certificate, or transcript shall be retained by the University as a security interest until all such obligations are satisfied. Release of any such security interest prior to, or subsequent to, any default by the debtor shall not be considered a binding precedent or modification of this policy.

Tuition Credit for Withdrawal from Undergraduate Classes

Charges at registration constitute a contract and obligate the registrant for full payment. Because university costs are committed on a yearly basis, the following credit schedule has been established so the University and the student may share the tuition loss equitably if the student withdraws. Fees are not refundable. First time students receiving Title IV financial aid who withdraw entirely are subject to a supplemental prorated refund policy. Please address questions to the Student Financial Aid office.

Tuition credit will be made according to the date of official application for withdrawal as per the following table:

Within the first week of the semester	90% credit
Within the second and third weeks of the semester	60% credit
Within the fourth and fifth weeks of the semester.	30% credit
After the fifth week of the semester	NO CREDIT

For January Term and May Term:

Within the first day	90% credit
Within the second day	60% credit
Within the third and fourth days.	30% credit
After the fourth day	NO CREDIT

Credit indicated above is the percentage of the entire contract, not the percentage of amounts paid up to the date of withdrawal.

Traditional undergraduate students taking online undergraduate courses will pay the traditional undergraduate tuition price and are subject to withdrawal dates as indicated above. If an online course is dropped after the traditional undergraduate add/drop period, and this causes enrollment to drop below full time, tuition will be assessed at 100% for that class.

Online Undergraduate and Graduate Programs**1. Tuition**

A.A and B.S. (major course and electives) \$450.00 per unit
Graduate Tuition (master's degrees and credential programs)

M.Div. (Masters in Divinity)	\$450.00 per unit
M.A. (Ministry)	\$450.00 per unit
M.A. in Educational Administration	\$600.00 per unit
M.A. in Marriage and Family Therapy	\$725.00 per unit
M.B.A.	\$700.00 per unit

M.B.A. Prerequisites (<i>MGT5012 & MGT5030</i>) . . .	\$345.00 per unit
M.Ed.	\$600.00 per unit
M.S.M.	\$700.00 per unit
Administrative Services Credential	\$600.00 per unit
Multiple Subject Credential	\$600.00 per unit
Single Subject Credential	\$600.00 per unit
***Audit Fee (<i>no credit</i>)	\$75.00 per unit

***Students who have graduated with a master's degree from Hope International University may audit graduate courses in their respective fields without charge for tuition.

2. Application Fees

Students pay an application fee when they apply to enter an online undergraduate or graduate program:

Non-degree application (<i>e.g. audit, CEU, SALT</i>)	No fee
Associate of Arts Degree	\$40.00
Bachelor of Science Degree	\$40.00
Master's Degree	\$40.00
Credential Program	\$40.00
Processing fee for Course Challenge or	
*Credit for Prior Learning Petition	\$60.00

*If granted tuition is 50% of standard rate

3. Other Fees

Other fees apply only to students participating in certain programs or utilizing certain services:

Student Fee	\$400.00
International Transcript Evaluation Fee	\$150.00
International Student Fee (<i>first term</i>)	\$110.00
International Student Fee (<i>subsequent terms</i>)	\$55.00
MFT Practicum Fee (<i>in addition to tuition</i>)	\$1,200.00
Late Registration Fee	\$100.00
Graduation Petition Fee (<i>includes processing, banquet, and diploma/certificate</i>)	
Certificate	\$25.00
Service Charge for Returned Check	\$25.00
Late Payment/Failed Payment Fee	\$40.00

Payment Due Dates

All charges are due in full at registration. Enrollment is not complete and students may not participate in classes until satisfactory financial arrangements have been made with the Student Accounts Department. Satisfactory financial arrangements involve choosing one of the payment plans detailed in the Financial Options Guide. Students must also complete the financial aid process (*described below*) prior to registration.

Monthly Payment Plan Option

Students may elect to pay academic expenses through an interest free monthly payment plan. There are no other fees or costs. However, late payment fees may be charged. Students should contact the Student Accounts Department to enroll, and they should complete enrollment by August 1st for a 10-month payment plan and by June 1st for a 12-month payment plan. **Failure to make consistent monthly payments may result in alternative payment options for future terms.**

Failure to meet payments due to the University as indicated on the Fee Schedule and Promissory Note could result in being removed from class, dormitory, and cafeteria privileges and suspend ability to take finals and/or receive final grades. Students must have a zero balance on their account by the end of each academic term. Students who select an installment payment plan option agree to make the payments indicated on the signed schedule. If the account is not paid when due, the student will be responsible for all costs incurred by Hope International University to collect the unpaid balance due and owing. Such cost may include, but are not limited to late fees, collections costs, attorney fees, and court costs.

Participation in commencement, registration for further courses, and the release of degrees and transcripts will be granted only after all financial obligations to the University are satisfied. Any diploma, certificate, or transcript shall be retained by the University as a security interest until all such obligations are satisfied. Release of any such security interest prior to or subsequent to any default by the debtor shall not be considered a binding precedent or modification of this policy.

Refunds

All fees are non-refundable. A Refund Request Form must be filled out and emailed to the cashier at studentaccounts@hiu.edu. Refunds are processed 7-10 days after the request has been received and funds are on the student's account. A student shall be assessed tuition charges by term. When a student withdraws, or is withdrawn from a course for any reason, the portion of the tuition considered earned shall correspond to the number of weeks the student attended.

When a student withdraws from a typical course, the refund will be as follows:

5-10 Week Session/Module

- Before opening date of a course, 100% refund of tuition
- Before 2nd week begins, 80% refund of tuition
- Before 3rd week begins, 60% refund of tuition
- After the 3rd week begins, NO REFUND

15-16 Week Term

- Within the first week of the semester, 90% refund of tuition
- Within the second and third weeks of the semester, 60% refund of tuition
- Within the fourth and fifth weeks of the semester, 30% refund of tuition
- After the fifth week of the semester, NO REFUND

This system 1) protects students from the burden of paying full tuition for a course in which they did not participate, 2) preserves their eligibility for financial aid if they re-enroll at a later date, and 3) provides HIU with funds to cover expenses associated with preparing a course that students did not use. Please note that students may not use financial aid funds to pay Withdrawal Fees.

When a student withdraws from one of several types of “intensive” courses, the refund will be as follows:

3-Day Residency (3 days on-site + 4 weeks online)

- Before opening date of the Residency, 100% refund of tuition
- Before 2nd day begins, 70% refund of tuition
- Before 3rd day begins, 40% refund of tuition
- After 3rd day begins, NO REFUND

8-Day Extended Residency (8 days on-site + 10 weeks online)

- Before opening date of the Residency, 100% refund of tuition
- Before 2nd day begins, 90% refund of tuition
- Before 4th day begins, 60% refund of tuition
- Before 5th day begins, 30% refund of tuition
- After 5th day begins, NO REFUND

Reasons Institute Courses

- Before opening date of the course, 100% refund of tuition
- After course begins, NO REFUND

Weekend Course (5 weekends)

- Before opening date of the course, 100% refund of tuition
- Before 2nd weekend begins, 90% refund of tuition
- Before 3rd weekend begins, 60% refund of tuition
- Before 4th weekend begins, 30% refund of tuition
- After 4th weekend begins, NO REFUND

"The date of withdrawal shall be the date the student first notifies their Academic Coach requesting the change in writing of their intent to withdrawal. A Change of Registration form must be submitted within 5 calendar days, beginning the day after the request was made. If the Change of Registration form is received after the 5 day deadline, the date initiated will be changed to the date the Change of Registration form is received by the University.

Failure to complete the entire withdrawal process will result in the forfeit of the expected refund. For policies governing withdrawal from a course and withdrawal from the University, see "Academic Policies and Regulations".

If students fail a course and then repeat it, they will again be assessed tuition (*at the current rate*) for that course. Students will not receive financial aid for courses dropped that are not assessed 100% tuition (*NO REFUND*).

Financial Aid

Investing in a high quality education for the future may be one of the most important decisions students ever make. HIU participates in many excellent financial aid programs to assist students in fulfilling their dreams. General information appears below.

Undergraduates Programs

The Student Financial Aid Department provides personal, individualized financial aid counseling for each undergraduate student prior to enrollment, as well as anytime afterwards on request.

Types of Financial Aid

Federal Aid programs include:

- *Federal Pell Grants* are targeted to students with the highest need.
- *FSEOG (Federal Supplemental Educational Opportunity Grant)* targeted to Federal Pell Grant recipients.

- *Federal Subsidized Direct Loans*, based on need, are interest-free while students are in school and enrolled at least half time.
- *Federal Unsubsidized Direct Loans* are not based on need. Students are responsible for the interest, which accrues while they are in school. Students have the option of paying the interest during school or having it added to the principal until repayment, which begins six months after the last class date or enrollment is less than half time.
- *Federal PLUS Loans* are available to parents of dependent students. Interest accrues while the student is in school, and repayment begins 60 days after the loan is fully disbursed for the academic year.
- *Federal Work Study (FWS)* requires applying for and obtaining on campus employment. Aid is received in the form of a paycheck.
- *Veterans Benefits*. Veterans should submit a DD-214 and VA Application for Educational Benefits to their Registrar's Office. For information and forms, visit http://vabenefits.vba.va.gov/vonapp/about_vonapp.asp and <http://www.vba.va.gov/pubs/forms/22-1990.pdf>.

State Aid programs include:

- Cal Grants are available to California residents who graduated from a high school or received a GED in California. In addition to the FAFSA (*described below*), students must file a GPA Verification Form with the California Student Aid Commission by the March 2nd deadline. Visit www.csac.org for details.

Nebraska Opportunity Grants are available to Nebraska students who meet certain qualifications. Qualifications include being a Nebraska resident, attending a Nebraska postsecondary institution, and having a minimum EFC (PELL Eligible) as determined by completing the FAFSA.

Hope International University Scholarships, Grants, and Other Aid (*for undergraduate, on campus students only*):

- Presidential Scholarship
- Dean's Scholarship
- AVID Scholarship
- Music Scholarship
- Pacific Scholarship
- Royal (*athletic*)
- Hope International University Grant

For descriptions and eligibility criteria for any of the above mentioned scholarships, grants, or discounts, please contact the HIU Student

Financial Aid office, or visit our website at <http://www.hiu.edu/undergraduate-on-campus/financial-aid/types-of-aid.php>

While many students will qualify for multiple sources of institutional aid, HIU reserves the right to limit a student's eligibility to the single largest scholarship/grant for which they qualify. For international students, please contact the Office of International Admissions.

Applying for Financial Aid - APPLY EARLY!

Priority Consideration Deadline is March 2nd

- Complete the Free Application for Federal Student Aid (FAFSA). Students are encouraged to file online at www.fafsa.ed.gov, or by paper format. HIU's Title IV code is 001252.
- Complete a "Hope International University Financial Aid Questionnaire" and submit to the HIU Student Financial Aid Office as soon as possible. This application is in the Financial Aid application packet.
- Complete a Master Promissory Note (MPN) online at www.studentloans.gov. For dependent students, a Parent MPN may also be required.
- Complete the online Loan Counseling at www.studentloans.gov.

Awarding of Financial Aid

1. Applicants must be accepted for admission or readmission to HIU
2. Applicants must complete all application procedures as outlined above.*

**(Additional form(s) may also be required. The Student Financial Aid Office will contact the student if needed)*

3. Once all of the requirements above are met, HIU will begin to make offers to eligible students in the order that files are completed. Priority consideration will be given for those who have filed by the March 2nd deadline and have completed their file.

All financial aid is awarded on a year-to-year basis. Any award offers made prior to verification of the information provided on the FAFSA are tentative and subject to change.

Non-degree seeking students are ineligible to receive any financial aid.

Financial Aid Disbursements

All financial aid is awarded for the academic year; one-half is applied to a student's school account each term (unless stated otherwise). Students enrolled for one term only are entitled to that term's award after it is adjusted to a one-term expense budget.

Financial Aid Withdrawal/Return of Aid Policy

If a recipient of financial aid withdraws from classes during a period of enrollment prior to completing the 60% point of the semester, the amount of financial aid earned will be calculated according to regulations or policies established for the various categories of aid. The unearned aid will be returned to the various aid sources. These sources include:

- **Title IV Financial Aid** - Most types of U.S. government aid are included in this category, i.e. Federal Pell Grant and Parent/Student Loans
- **State Aid** - Cal Grant
- **Institutional Aid** - All institutional funds with the exception of employee or employee dependent tuition waivers
- **Outside Assistance** - Any aid received from outside organizations, i.e. churches, civic organizations, private foundations, scholarship associations, etc.

Withdrawal Process

When a student wishes to withdraw from Hope International University, a withdrawal form must be initiated by the student and submitted to the Office of the Registrar. The official withdrawal date is the date the student begins the withdrawal process, or the date the student provided official notification of the intent to withdraw, and received acknowledgement from the Office of the Registrar.

Students who unofficially withdraw (*fail to submit an official withdrawal form, but stop attending class*) will be given an official withdrawal date determined by the last date of class attendance. If the last date of attendance cannot be determined, the official withdrawal date will be the 50% point of the semester.

Return of Aid

- **Title IV Aid** - Federal aid must be returned to the Title IV program(s) if a student withdraws on or before completing 60% of the enrollment period (semester or term). The percentage of Title IV aid to be returned is equal to the number of calendar days remaining in the semester divided by the number of calendar days in the semester. Scheduled breaks of more than four consecutive days are excluded. *NOTE: If prior to withdrawing, funds were released to a student because of a credit balance on the student's account, the student may be required to repay some of the federal funds upon withdrawing.*

A school must return Title IV funds to the programs from which the student received aid during the payment period or period of enrollment as applicable, in the following order, up to the net amount disbursed from each source:

Unsubsidized Direct Loans

Subsidized Direct Loans

Federal Perkins Loans

Direct PLUS Loan

Federal Pell Grants for which a Return is required

Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required

Iraq and Afghanistan Service Grant, for which a Return is required

- **State Aid** - State aid must be returned in the amount of the difference between the state aid awarded for the enrollment period and the actual tuition charged once the tuition refund is reflected.
- **Institutional Aid** - In most cases, institutional aid will be reduced when a student withdraws.
- **Outside Aid** - The organization can decide if any of the aid must be returned to them. Some organizations specify beforehand the terms of their scholarship if a student withdraws. Unless requested, outside aid sources are not contacted when the withdrawal occurs after the refund period.

Satisfactory Progress Policy for Financial Aid

To maintain eligibility for financial aid, students must remain in good academic standing and make satisfactory academic progress in their degree programs.

1. Quality of Progress (Good Academic Standing):

- Students requesting aid must maintain a minimum semester's GPA (*Grade point average*) as follows:
 - 3.25 annual GPA for Presidential Scholarship recipient
 - 3.0 annual GPA for \$10,000 Pacific Scholarship recipient
 - 2.75 annual GPA for \$8,000 Pacific Scholarship recipient
 - 2.5 annual GPA for Dean's Scholarship
 - 2.0 annual GPA for all Federal, State, and other institutional aid programs not listed above
- GPAs are reviewed at the end of each year. College transfer work is calculated in GPA reviews.
- Students who fail to maintain the minimum GPA will be suspended from financial aid until their GPA is raised to the required minimum. Students have the opportunity to appeal a financial aid suspension once during their attendance at Hope International University. Approval of appeal is not guaranteed.

- Students entering with status other than “Clear” may be placed on Financial Aid Probation or may be ineligible for aid until the minimum GPA and/or other requirements are attained.

2. Quantity of Progress (*Unit Completion Requirement*):

- Students requesting aid must make forward movement toward their degree as follows:
 - ❑ Full-time (*12 units or more per semester*) - 24 non-repeat course units per year
 - ❑ 3/4-time (*9 - 11 units per semester*) - 18 non-repeat course units per year
 - ❑ 1/2-time (*6 - 8 units per semester*) - 12 non-repeat course units per year
- Unit completion is reviewed at the end of each year. May Term or Summer coursework will be considered part of the Fall term and J-term session will be considered part of Spring term for financial aid purposes.
- The following grades are considered to demonstrate satisfactory course completion: A, B, C, D, and Credit. Grades that do not demonstrate course completion are: F, No Credit, Incomplete, or W.
- Students are eligible to receive financial aid for up to 9 units of repeat courses for which a failing grade was given.
Students are eligible to receive financial aid once for repeat of a previously passed course.
- Remedial or prerequisite work may be considered if the course work is specifically prescribed by the student’s academic advisor.
- Students who fail to complete at least 75% of the required number of units per academic year will be suspended from financial aid.

3. Quantity of Progress (*Maximum Time Frame*):

- Students requesting aid are expected to complete their academic program within a reasonable time frame (*including transfer units*) as follows:
 - Full-time undergraduates = 6 years (*180 units attempted*)
 - Part-time undergraduates = 12 years (*180 units attempted*)

The degree completion time frame is reviewed at the end of each year.

All terms attended will be used in calculating quantitative progress regardless of whether financial aid was used at that time.

Students who fail to complete the required number of units (*minimum 24 units/30 weeks of instruction*) with a 2.0. GPA or above per academic year will be suspended from financial aid until the deficit units are made up. Appeals must be submitted to the Student Financial Aid office within 30 days of the notice of ineligibility date. **It is the student's responsibility to monitor and inform the Financial Aid office of their failure to meet the required academic satisfactory progress.** Students may appeal for reinstatement once during their attendance at HIU. Progress is measured by the number of credit hours attempted regardless of whether financial aid was received at that time.

Appeal Process

At the time of financial aid suspension notice, students are informed how to download a "Financial Aid Appeal Form" via the HIU website (<http://www.hiu.edu/undergrad/finaid/forms/>).

When filing an appeal, it is essential that a full explanation is provided along with any documentation (*If necessary*), verifying the circumstances that led to the inability to meet the minimum requirements.

A definite plan towards graduation must be established and outlined with the student's academic advisor. Failure to follow this academic plan may be used as a basis for future denial of financial aid. A signature from the academic advisor is required before consideration will be made.

If the appeal is denied, the financial aid office will provide information regarding alternatives available. These options may include:

1. Payment plan established by Student Accounts Department
2. Private Loans

Leave of Absence - Financial Aid Purpose Only

If a student finds it necessary to interrupt progress toward degree completion, a request for a Leave of Absence for the purpose of maintaining their financial aid for a specified future return may be made. Please contact the Financial Aid Office for more information on this policy.

Online Undergraduate and Graduate Programs

The Student Financial Aid Department provides personal, individualized, financial aid counseling for each student prior to enrollment, as well as anytime afterwards on request.

Types of Financial Aid

Federal Aid programs include:

- *Federal Pell Grants* are targeted to students with the highest need.

- *Federal Subsidized Direct Loans*, based on need, are interest-free while students are in school and enrolled at least half time
- *Federal Unsubsidized Direct Loans* are not based on need. Students are responsible for the interest, which accrues while they are in school. Students have the option of paying the interest during school or having it added to the principal until repayment, which begins six months after the last class date or enrollment is less than half time.

Note to graduate students. Effective for loan periods beginning on or after July 1, 2012 graduate and professional students are no longer eligible to receive Federal Direct Subsidized Loans.

- *Federal PLUS Loans* are available to parents of dependent students. Interest accrues while the student is in school, and repayment begins 60 days after the loan is fully disbursed for the academic year.

Veterans Benefits are available to eligible veterans who submit a DD-214 and confirmation of VA Application for Educational Benefits to their admissions counselor. For information and forms, visit http://vabenefits.vba.va.gov/vonapp/about_vonapp.asp and <http://www.vba.va.gov/pubs/forms/22-1990.pdf>.

State Aid programs include:

- *Cal Grants* are available to California residents who have graduated from a high school or received a GED in California. In addition to the FAFSA (*described below*), students must file a *GPA Verification Form* with the California Student Aid Commission by the **March 2nd deadline**. Visit www.csac.org for details.

Institutional Aid:

- *Military Discounts*: The University offers active U.S. military personnel a \$65 per unit tuition discount for courses in master's degree programs and \$250 per unit tuition rate for online undergraduate courses.

Applying for Financial Aid—APPLY EARLY!

Detailed, step-by-step instructions for applying for financial aid appear on the University website (*see <http://www.hiu.edu/admissions>*). In general, students must:

- *Complete the Free Application for Federal Student Aid (FAFSA)*. Students are encouraged to file online at <https://www.fafsa.ed.gov>. HIU's Title IV code is 001252.
- *Complete the "Financial Options" and "Authorization Form" provided to each student by their Academic Coach.*
- *Complete a Master Promissory Note (MPN) online at www.studentloans.gov*. For dependent students, a *Parent MPN* may also be required.

- Complete the online Loan Counseling Tool at www.studentloans.gov.

Awarding of Financial Aid

- Applicants must be accepted for admission or re-admission to HIU.
- Applicants must complete all application procedures as outlined above. (*Additional forms may be required. The Financial Aid Office will contact the student if needed.*)
- Once all requirements are met, HIU will make financial aid offers to eligible students in the order that files are completed.
- All financial aid is awarded on a year-to-year basis and is subject to availability of funds. Any award offers made prior to verification of the information provided on the FAFSA are tentative and subject to change.
- Non-degree students are ineligible for federal or state financial aid.

Online Undergraduate Financial Aid Disbursements

Financial aid is awarded for the academic year. One half is applied to a student's school account each semester (*unless stated otherwise*). Students enrolled for one semester only are entitled to that semester's award after it is adjusted to a one-semester budget.

Disbursements are initially scheduled at the beginning of each term, or at the time it is determined the student has maintained enrollment and has been assessed charges for at least 6 units. The delay in disbursement will not prohibit students from beginning classes or requesting a book loan from the HIU Bookstore if you are eligible for this advance.

Graduate Financial Aid Disbursements

Financial aid is awarded based on the number of terms the student will be enrolled for during the academic year. Students who are not enrolled for all terms in that year will have their aid and budget adjusted to reflect the appropriate enrollment status.

Disbursements are initially scheduled at the beginning of each term, or at the time it is determined that student has maintained enrollment and has been assessed charges for at least 4 units. The delay in a disbursement will not prohibit students from beginning classes or requesting a book loan from the HIU Bookstore if you are eligible for this advance.

In order to receive financial aid in any term, students must be enrolled at least half time. Half time is defined as 6 units for undergraduate students and 4 units for graduate students.

Financial aid does not necessarily cover all charges. There are payment plans available for those who are unable to make full payment, or if financial aid does not fully cover tuition charges. Please contact the Student Accounts Department for more details.

Online Attendance/Participation Minimum Standard

Students utilizing federal financial aid must be engaged in coursework to receive their aid disbursement.

Definition of Attendance/Participation in Online Courses

A student who performs a minimum of two of the following actions within the first two weeks of an online course is officially counted as attending and participating in that course:

- Participated in an assigned substantive (*excluding student introduction*) threaded discussion.
- Completed and submitted a Quiz or Examination
- Submitted a written assignment to the Drop Box of Doc Sharing features of the eCourse
- Posted a Journal assignment in the Journal feature of the eCourse

Consequences of Failure to Attend/Participate**Grades and Tuition Charges**

In a first online course in which a student is enrolled (*registered*) and fails to attend/participate (*as defined above*), and also has not initiated a timely withdrawal according to the University's academic policies for good standing withdrawal from a class, will receive a grade of "F" for the course and will be charged full tuition for the course.

In a second consecutive online course in which a student is enrolled (*registered*) and fails to attend/participate (*as defined above*) within the first two weeks of the course, the student will be administratively withdrawn from this second course and receive a "W" on their academic transcript for this course. The student will also be charged tuition on the prorated basis prescribed in the University catalog.

Academic Dismissal

A student who has failed to attend/participate (as defined above) for two consecutive online classes, as monitored by the University at the beginning of the third week of the second class, will be subject to academic dismissal from the University by the Academic Dean of the College in which they have been enrolled.

Financial Aid Disbursement

A student who has failed to attend/participate (as defined above) for two consecutive online classes, as monitored by the University at the beginning of the third week of the second class, will be disqualified from receiving the disbursement of financial aid funds, notwithstanding any previously determined eligibility to receive such aid.

Impact of Withdrawal on Financial Aid

Students should confer with a Financial Aid Counselor prior to dropping or adding a course, or prior to withdrawing from a program, to ensure that they

fully understand the financial implications of their decisions. Such steps may, for example, cause HIU to remove financial aid funds from student accounts and return them to the government, or trigger student repayment of loans. Failure to enroll in a course also constitutes a withdrawal for purposes of receiving financial aid.

For policies governing “Withdrawal from Courses” and “Withdrawal from the University,” see below under “Academic and Student Information.”

If a recipient of financial aid withdraws during a period of enrollment prior to completing 60% of the payment period, HIU will calculate the amount of financial aid earned according to regulations or policies established for the various categories of aid. The University will then return unearned aid to the various aid sources. These sources include:

- Title IV Funds, which include most types of federal aid (e.g. *Pell Grants and Stafford Loans*).
- State Aid (e.g. *Cal Grant and APLE*)
- Institutional Aid awarded by HIU, with the exception of employee or employee dependent tuition waivers.
- Outside Aid from churches, civic organizations, private foundations, scholarship associations, and other outside organizations.

Return of Aid

Unearned financial aid will be returned according to the regulations or policies governing that aid:

- *Title IV Funds* must be returned to the federal government if a student withdraws on or before completing 60% of an enrollment period. The percentage of Title IV aid to be returned is equal to the number of calendar days remaining in the payment period divided by the number of calendar days in the payment period. Scheduled breaks of more than four consecutive days are excluded from the calendar day count.

NOTE: If, prior to withdrawing, funds were released to a student because of a credit balance on the student's account, s/he may be required to repay some of the funds.

- *State Aid* must be returned in the amount of the difference between the state aid awarded for the enrollment period and the actual tuition charged once the tuition refund is reflected.
- *Institutional Aid* will, in most cases, be reduced when a student withdraws.
- *Outside Aid* must be returned according to the policies of the organizations providing that aid. Unless requested, outside aid sources are not contacted when the withdrawal occurs after the 60% completion point.

A school must return Title IV funds to the programs from which the student received aid during the payment period or period of enrollment as applicable, in the following order, up to the net amount disbursed from each source:

Unsubsidized Direct Loans

Subsidized Direct Loans

Federal Perkins Loans

Direct PLUS Loan

Federal Pell Grants for which a Return is required

Federal Supplemental Educational Opportunity Grants (*FSEOG*) for which a return of funds is required

Iraq and Afghanistan Service Grant, for which a Return is required

Student Enrollment Status

Online undergraduate programs operate on a semester system; fall and spring. Full time enrollment is classified as 12 units per semester and half time enrollment is classified as 6 units per semester. Graduate programs operate on a two term system, Fall Term and Spring Term (*exception: MFT program operates in three terms, Summer, Fall, Spring*). Most courses are scheduled into 8-week modules, which fall within the larger term, either Fall (*June-December*) or Spring (*January-May*). Graduate students are considered full-time if they are registered for at least 8 units per term, three-quarter time if they are registered for at least 6 units per term, and half-time if they are registered for at least 4 units per term.

Satisfactory Progress for Financial Aid

To maintain eligibility for financial aid, students must remain in good academic standing and make satisfactory academic progress in their degree programs. "Satisfactory progress" includes:

1. Quality of Progress (*Good Academic Standing*):
 - Financial aid recipients must maintain a minimum cumulative and term grade point average (*GPA*) of 2.0 in an undergraduate program or 3.0 in a graduate program.
 - GPAs are reviewed at the end of each term, or upon receiving academic registration changes or updates.
 - Students who fail to maintain the minimum GPA will be placed on financial aid warning and given one term to raise their GPA to the required minimum. If minimum GPA is not met at end of the warning term, financial aid will be suspended.
 - Students entering the program with an academic probation status will be placed on *financial aid probation*. Further aid renewal depends on the student's academic achievement during the first term.

- Students receiving Veterans Administration (VA) benefits will be ineligible for certification if their cumulative GPA fails to meet the required minimum after three sessions on academic probation.
- Financial aid may be withdrawn from students placed on academic probation, and Guaranteed Student Loans (GSLs) may come due as a result. Students suspended due to unsatisfactory academic progress are fully responsible for all financial obligations accrued during enrollment at Hope International University. Students placed on academic probation should contact the Financial Aid Office to determine the impact of their probationary status on continuation of aid.

2. Quantity of Progress (*Unit Completion Requirement*):

- Students must complete all courses for which they receive financial aid.
- The following grades demonstrate satisfactory course completion: A, B, C, D, or CR. Grades that do not demonstrate course completion are F, NC, Incomplete, or W.
- As explained above, students will not receive unearned financial aid for courses from which they withdraw. Such courses are not counted for purposes of determining the number of units students must complete per academic year.
- Students are eligible to receive financial aid for up to 9 units of repeat courses for which a failing grade was given.

Students are eligible to receive financial aid once for repeat of a previously passed course.

- Remedial or prerequisite coursework may qualify for financial aid if the student's academic advisor specifically approves it.

Students who fail to complete at least two-thirds of all units in which they originally enroll, or withdraw from 2 courses during one term, are subject to a financial aid warning. Financial aid suspension will occur if failure to complete at least two-thirds of units enrolled, or 2 withdrawals occur again after warning is implemented.

Students have one opportunity to appeal a financial aid suspension during their enrollment. Approval of appeal is not guaranteed.

Financial aid may be reinstated to a suspended student when they achieve completion of deficient units and/or raise their GPA to the required minimum.

3. Quantity of Progress (*Maximum Time Frame*):

Associate of Arts	60 units	(90 units attempted)
B.S. in Christian Ministry	48 units	(72 units attempted)*

B.S. in Human Development	46 units	(69 units attempted)*
B.S. in Business Administration	45 units	(67 units attempted)*
M.A.-M.F.T.	60 units	(90 units attempted)
M.A. [Ministry]	36 units	(54 units attempted)
M.Div. (Master in Divinity)	72 units	(108 units attempted)
Administrative Services Credential	24 units	(36 units attempted)
Multiple Subject Credential	30 units	(45 units attempted)
Single Subject Credential	30 units	(45 units attempted)
M.A.E.A.	30 units	(45 units attempted)
M.A.E.A. with A. S. Credential	30 units	(45 units attempted)
M.Ed.	30 units	(45 units attempted)
M.Ed. with M.S. Credential	42 units	(63 units attempted)
M.Ed. with S.S. Credential	42 units	(63 units attempted)
M.B.A.	36 units	(54 units attempted)
M.S.M.	30 units	(45 units attempted)

*Excluding General Education requirements

Appeal Process

At the time of financial aid suspension notice, students are informed how to download a "Financial Aid Appeal Form" via the HIU website <http://www.hiu.edu/uploads/documents/appealform.pdf>.

When filing an appeal, it is essential that a full explanation is provided along with any documentation (*if necessary*), verifying the circumstances that led to the inability to meet the minimum requirements.

A definite plan towards graduation must be established and outlined with the student's academic advisor. Failure to follow this academic plan may be used as a basis for future denial of financial aid. A signature from the academic advisor is required before consideration will be made.

If the appeal is denied, the financial aid office will provide information regarding alternatives available. These options may include:

1. Payment plan established by Student Accounts Department
2. Private Loans

Financial Aid Leave of Absence

If students find it necessary to interrupt progress toward degree completion, they must request a Leave of Absence (LOA) for the purpose of maintaining their financial aid until a specified return date.

An approved LOA form must be on file for any term that students are not enrolled in a HIU course. Students must submit the form prior to their last day of attendance. Otherwise, their departure may trigger withdrawal of financial aid and repayment of student loans. Without the LOA, students will also be required to submit new loan applications and other paperwork before enrolling in their next course.

Students considering a Financial Aid LOA should contact the Office of Financial Aid to discuss the implications of their decision at (714-879-3901 ext. 2202).

Students applying for a Financial Aid Leave of Absence may also need an Academic Leave of Absence (*discussed below under "Academic Regulations"*).

For more specific information regarding financial aid programs for all students, determination of need, eligibility requirements, the application process, submission of forms, the award process, and rights and responsibilities of undergraduate recipients, see the HIU website <http://www.hiu.edu/undergraduate-on-campus/financial-aid/> or contact:

Student Services

Career Services

The Office of Career Services strives to empower students and alumni to identify and utilize their strengths, abilities, interests, and goals as they prepare to go out and serve the Church and impact the world for Christ. This is accomplished by offering services and tools that help in choosing a major; exploring occupations; providing assessments that help to identify and explore an individual's unique strengths, abilities, interests, and goals; developing resumes and preparing for interviews; locating internships, graduate schools, and jobs. These services work towards helping students and alumni feel more confident in their job search now and in the future.

Student Success

The Student Success Committee strives to be a catalyst in enhancing student success, campus life, community development, and university-wide excellence. This is accomplished by gathering student feedback regarding campus programs, activities, and services, and utilizing student feedback to determine university-wide enhancements. These services work toward retaining students and increasing graduation rates. Students who have questions or concerns regarding their experience at

HIU are encouraged to be in touch with Student Success staff. Students considering withdrawal should meet with Student Success staff in order to explore their options and, if necessary, begin the withdrawal process.

New Student Orientation

New Student Orientation (NSO) exists to help and support new students as they transition into the HIU community. Orientation is also the time for new students to celebrate as they take this next step, receive instruction and guidance as they transition into the HIU community, including academic advisement in preparation for registration, and much more. With this in mind, we organize seminars, sessions, and activities we hope will expose new students and their families to different educational opportunities, develop quality relationships, and encourage them to utilize campus resources.

Hope Counseling Center

Counseling services are available through the Hope Counseling Center at a discounted rate for HIU students. All counseling is provided by licensed counselors or graduate students under supervision of licensed counselors. The Hope Counseling Center serves clients from the campus and the surrounding community.

High Standards of Student Conduct

Hope International University has chosen to set itself apart for the purpose of training and equipping students for Christian servant leadership. By their voluntary membership in this Christian community, students assume responsibility to abide by all the regulations, values and moral standards of the University, as well as to use personal discretion involving any activities which may be morally or spiritually destructive, or reflect poorly on the campus community. All students represent HIU; it is crucial, therefore, that student attitudes and behaviors support HIU's commitment to Jesus Christ in all of their activities, both on and off campus.

Websites

Every student enjoys access to digital resources posted on two Hope International University websites:

- At HIU's primary website (www.hiu.edu), students may access general information about the University, news and updates, the academic catalog, library resources, financial aid information and application forms, and a variety of other resources and services.
- Students "go to school" online by accessing a secondary website called "Hope Online" (<http://hopeonline.edu>). When students enroll in online courses, they receive a password and instructions for entering Hope Online.

Email

The University assigns each student an email address through which it communicates information related to HIU events and academic programs. This service is also available for students' personal use. *Students must use their HIU email accounts for all communication with the University.* The University's Information Systems staff provides a Helpdesk for technical support (1-714-879-3901, ext. 2607, email: ishelpdesk@hiu.edu).

Student Portal Access

Each HIU student is assigned a Student Portal account. This interactive information hub is an integral part of the general and specific flow of communication between the University and the students. It allows for students to conveniently check their financial aid status, account balance, class schedule, GPA, message center and more. Information is posted here regularly for each individual student. You are expected to log in and review your Student Portal account on a regular basis.

eCollege

HIU provides computer-based learning via eCollege (see www.ecollege.com). The fully-hosted eCollege system provides a course development environment and assistance, online orientation and training courses for both students and instructors, and 24/7 technical support.

eCourses

For students who prefer the convenience of online education, HIU offers fully-online degree programs. Students participate in "eCourses" by logging into Hope Online from their home or office. The entire eCourse is conducted through an individualized website, which facilitates online presentations, communications with the instructor and other students, and assignments. These eCourses are enhanced with textbooks and other educational resources.

eCompanions

All *ground-based* classes have an online component called an "eCompanion," which is a website similar to an eCourse. Between class meetings, students continue to interact with one another and with the instructor through an "eCompanion." These individualized websites extend the teaching and learning that begins in the classroom through:

- Communication via email, chat, and threaded discussion
- Online lectures and presentations
- Readings and internet links
- Assignment and document submission
- Quizzes and learning assessments
- Online syllabus and other course materials
- Online Gradebook

Technical Requirements and Support

Ready access to a moderately equipped home or office computer with Internet access, as well as basic computer/Internet competence, is essential for successful participation in online programs. For a complete list of required resources, visit www.hopeonline.edu and click on "Technical Information." The site also includes an online Browser Test, which will help determine whether your computer system is adequate, and a complete tutorial that will teach you how to use the eCollege system.

Computer Labs

Whether working as a group or individually on a course assignment, computer labs are also available to facilitate your study and research. Dozens of computers are available for student use in the University library, located on the main campus at Fullerton. Additional computers are available at certain other teaching sites, including HIU's Anaheim Education Center and Puget Sound Education Center. These systems are equipped with applications required for instructional support.

Online Library Services

The Darling Library at Hope International University provides online students with extensive library resources. The library's website connects users to eBooks, full-text journal articles, academic websites and search engines, a variety of research databases, and more. The Library also employs three full-time librarians, who monitor the LibAnswers Ask-a-Librarian service for online reference assistance. There is a direct link to the library and to LibAnswers from within each HopeOnline course. For the Library homepage, see <http://library.hiu.edu>. For a brief orientation to online library services, see <http://library.hiu.edu/research/orientation>.

Textbook Service

Students are responsible for obtaining their own textbooks and classroom materials from the bookstore or through other means.

The *Hope* Bookstore is part of the Follett bookstore network, which serves over 4 million students. The network's clout allows it to bring students the largest selection of used textbooks, the most cash at buyback, and the best merchandise at the lowest prices possible.

What does this mean to you?

- You can shop the *Hope* Bookstore through www.hope.bkstr.com, where you will find a list of the required texts for each course, along with simple instructions for making purchases. The bookstore and Follett have the largest selection of used books anywhere!
- You can select your textbooks by course and have them shipped to your door, or save the shipping costs by picking them up at the store.

Students enrolled in online courses should order books for their next course no later than two weeks prior to the course start date to ensure sufficient time for shipping.

HIU also offers the following services for our **Undergraduate Students:**

Health and Wellness

The Office of Student Affairs serves as the location for health and medical service information. The Residence Life Staff can assist resident students with minor first aid needs, but all students requiring additional care will be referred to off-campus medical care providers.

Health Insurance: All university international students and all undergraduate students enrolled in seven or more units, who are actively taking courses on campus or living in the residence halls, are required to have health insurance. A student health insurance plan is available to University students, providing access to sickness and accident coverage for them and their dependents. Students must be actively enrolled in at least 7 units to be eligible for coverage. A brochure listing the extent of coverage will be available August 1st.

No student health insurance program pays 100% of the claim submitted. Anticipate some personal cost following your visit to a medical facility. Students are encouraged to utilize insurance coverage with parents when available, and to investigate the options before requiring service. Many private HMO plans have geographic limitations. Students should confirm that their provider will cover claims incurred at local health service facilities near the campus.

Health Insurance Waiver/Enrollment: All undergraduate students are required to complete a form to waive or enroll in the student health insurance plan offered by HIU through Kaiser Permanente. In order to waive the health insurance plan, Domestic students are required to provide proof of viable coverage. Enrollment in the health insurance plan is mandatory for all International students. Detailed instructions are provided to all students via their student email and portal. Printed instructions are available in the Student Affairs lobby on the second floor of the Lawson-Fulton Student Center.

Immunizations: The following immunizations must be current for all Hope International University students and required for all international students attending Hope International University or living on campus. 1. Tetanus Diphtheria (*current in the past 10 years*), 2. Measles Mumps Rubella (*2 dates needed*), 3. Polio, 4. Hepatitis B (*3 dates need*), 5. Mantoux Tb Skin test within past year, 6. Menomune (*Meningococcal*) (*1 date*). Copies of immunization records are required to be on file in the Student Affairs Office.

Athletics

The Golden State Athletic Conference and National Association of Intercollegiate Athletics are our governing bodies for sports. Intercollegiate athletics at HIU include women's soccer, volleyball, softball, tennis, cross country, track, golf, and basketball; men's soccer, volleyball, tennis, cross country, track, golf, baseball and basketball Scholarships are available, and all students are encouraged to contact the respective coach if they are interested in participation. HIU is also an associate member of the National Christian College Athletic Association.

International Student Programs

The Office of International Student Programs (*ISP*) assists international students in achieving the greatest possible benefit from their educational experience. In addition to providing F-1 visa advising and orientation to various community services, the ISP Office works with various campus organizations, including Student Activities (*SA*) to plan a number of campus-wide events and activities throughout the year. A pre-orientation program focusing on issues unique to international students is provided each semester as part of the University's new student orientation.

Housing and Residence Life

The University believes that the residence halls are living-learning centers where a student becomes acclimated to living in the campus community. In this setting students are spiritually fed through devotions in small and large groups and through relationships of support and accountability with peers and staff. Therefore, HIU deems it beneficial to require all single undergraduate students under the age of 22 years, enrolled for 12 units or more, and not married, living with their parents or an approved relative, to live in the residence halls.

Spiritual Formation

The spiritual formation of servant leaders receives attention across the University. Both curricular and co-curricular activities focus on the spiritual formation of students. Weekly chapel, formation groups, outreach service opportunities, spiritual life events, resident life events, and a variety of co-curricular programs contribute to this goal. Within the curriculum, programs and courses are reviewed and presented for their contribution to the formation of the person as a servant leader. Faculty and staff are readily available to mentor and engage in dialogue with students regarding issues of spiritual formation. The University also encourages students to actively participate in a local church. A list of local churches is available in the Office of Campus Ministry.

Formation Groups

The Office of Campus Ministries provides weekly Formation Groups for students to explore relevant issues impacting their faith. These groups meet for encouragement, challenge and growth in Christian faith. The

University deems Formation Groups as an essential part of the undergraduate experience; therefore full-time undergraduate students are required to attend.

Chapel

Chapel is a weekly gathering to extend the call of Christian discipleship and service through community worship, relevant messages and a variety of expressions of Christian faith. The University deems Chapel as an essential part of the undergraduate experience; therefore full-time undergraduate students are required to attend.

Christian Service

All undergraduate HIU students are expected to be active in Christian service and outreach. Students are also expected to be actively involved in a local church. Students may seek opportunities to be involved in service and the church through volunteering, paid ministry positions and internships. Ministry related internships are available and required in some programs. The Pacific Christian College of Ministry and Biblical Studies can assist in connecting students to ministry opportunities in the church.

The Office of Campus Ministries provides many different opportunities to get involved in service outreach and connect to a local church. A variety of outreach service opportunities are provided throughout each academic year.

University Community Standards

Faculty and Staff Conduct

University employees are bound by the standards of behavior outlined in Hope International University's Faculty Handbook and Employee Handbook. They should conduct themselves in a manner appropriate for servant leaders who represent both Christ and this Christian university.

Student Conduct

Students, by their voluntary membership in this Christian community, assume responsibility to abide by all the regulations of Hope International University. They should also use personal discretion regarding any activities that may be morally or spiritually destructive, or may reflect poorly on the University. In particular, HIU expects students to refrain from being under the influence of intoxicants on campus or at any off-campus instruction site, from using or possessing illegal drugs, and from inappropriate sexual behavior, including sexual harassment.

Both the institution and its members have an obligation to confront known breaches of integrity in the ranks of its membership. Such confrontations should be carried out in Christian love, with the purpose of redeeming and restoring the individual.

Academic Integrity

Because Hope International University seeks to develop mature Christian leaders and scholars, the University is committed to the principle of academic integrity. Consequently, all forms of dishonesty, including plagiarism or cheating in any form, are wrong, non-productive, and contrary to the University's educational objectives and the student's best interests. The principal rule of academic integrity is that each member of the University community will do one's own work, executed to the best of one's own ability, exclusively for the assignment for which it is presented.

Plagiarism is "stealing" the unique ideas or the wording of another (*including information retrieved from the Internet*) and then presenting those products as one's own. Examples of plagiarism include cheating on examinations; copying others' work; cutting and pasting from internet sources without proper citations and purchasing, renting, borrowing, or otherwise appropriating the research, projects, or assignments of others, and presenting them as one's own work.

It is also an egregious violation of academic integrity for students to offer for sale (*or without cost*) directly to other students or through a "middleman" papers, examinations, quizzes, or other academic products. Such violations are grounds for academic dismissal.

Breaches of academic integrity carry one or more of the following penalties, depending on the severity of the infraction and repeated violations:

1. Repeat of assignment with penalty on resubmitted work.
2. Zero (0) credit for the violated assignment. This is the standard penalty for a first violation.
3. Zero (0) credit ("F") for the course involved. This is the standard penalty for a second violation.
4. Academic dismissal from the University. This is the standard penalty for a third violation.

Student Grievance Policy

Student Grievance Overview

Hope International University has established a process by which students may file a grievance for formal review and adjudication. The desired outcome of the University's grievance procedure is the just resolution of student grievances.

Grievances regarding violations of student conduct standards are governed by the Student Handbook. All other student grievances, academic or non-academic, are governed by the policy set forth in this section of the catalog.

A grievance should be filed only after all informal means of resolving the problem have been exhausted. In the area of academics, student concerns about course curriculum, course policies, course delivery, or grading should be directed first to the class professor. Concerns unresolved by direct conversation with the professor, or concerns about a professor's behavior should be directed to the department chair or, finally, to the College Dean. In areas other than academics, student concerns should be directed to the appropriate university department manager or, finally, to the supervising university Vice President.

If informal efforts fail to resolve the problem, the student may file a formal grievance if there is justifiable cause. Justifiable cause for grievance is defined as any act which, in the opinion of the student, adversely affects the student and is perceived as prejudicial or capricious action on the part of any university faculty or staff member, or is perceived as an arbitrary or unfair imposition of sanctions.

To file a grievance, the student must indicate in writing the nature of the grievance, the evidence on which it is based, and the redress sought. The grievance document(s) must be submitted to the Vice President for Academic Affairs for academic matters or the Vice President for Student Affairs for non-academic matters. (*Guidelines for grievance document(s) are presented below.*) The Vice President with whom the student grievance has been filed will establish a Grievance Committee which will follow the process articulated in the Grievance Procedure section below.

Student Grievance Procedure

The formal grievance procedure shall be initiated only after other attempts to resolve the matter have been exhausted (*e.g. conferring with the classroom instructor, department chair, staff member, or department manager as appropriate, or with the supervising dean or university Vice President*).

a. Timeliness of Filing Grievances

With the exception of grade appeals, the student must file a formal, written grievance no more than 10 working days after meeting with the individual they believe has given them cause for grievance or no more than 15 working days after the incident or interaction occurred on which the grievance is based. In the case of grade appeals unresolved by direct conversation with instructor, department chair, and dean, a formal, written grievance must be filed within 60 calendar days of the end of the term (*marked by the final class meeting day, including the day of the final exam, if any, for the class*) in which the grade was received. The University Vice President with whom the grievance is filed may extend these time limits if there is a compelling reason in their judgment to do so. Otherwise, the formal grievance must be filed within the time limits stated.

b. Grievance Committee Membership

1. Committee membership for academic grievances shall consist of:

College Dean (*not from the College from which the grievance has arisen*), functioning as Committee Chair

One full-time faculty member

One student with advanced standing in the degree program

2. Committee membership for non-academic grievances shall consist of:

University Vice President (*not with direct oversight of the unit of the University from which the grievance has arisen*), functioning as Committee Chair

One full-time faculty member

One student with advanced standing in the degree program

c. Required Elements of the Grievance Document.

The grievance document must include the following elements in writing:

1. Names of the parties involved
2. A clear statement of the nature of the grievance
3. A narrative of the incident including what occurred, when it occurred, where it occurred, and who was present.
4. The evidence on which the grievance is based
5. Why the incident constitutes capricious or arbitrary action by a faculty or staff member that has harmed the student
6. What has been done to attempt to resolve the grievance
7. The desired outcome or outcomes
8. Inclusion of any supporting documentation

d. Grievance Committee Procedure

1. The chair of the Grievance Committee will provide copies of the Grievance document to each member of the committee, and to the University faculty or staff members involved, and to the College Dean involved or to the Vice President overseeing the department of the University involved.
2. The Grievance Committee will meet at a time scheduled no more than 8 working days after the date on which the grievance was filed. The meeting must be scheduled when the principals involved may attend and testify.
3. Meetings of the Grievance Committee shall be attended only by parties named in the grievance, members of the Grievance

Committee, witnesses invited by the Grievance Committee, and the College Dean involved or Vice President overseeing the department of the University involved.

4. Witnesses may only be present during the time in which they are presenting their testimony.
5. No one other than members of the Grievance Committee may be present during committee deliberations.
6. In cases of conflicting information, or when additional information is desired, the Grievance Committee may request the testimony of additional witnesses having information pertinent to the grievance.
7. Neither party may have legal counsel present or have any person act as legal counsel for them. The Grievance Committee may not have legal counsel present.
8. Accurate minutes of the grievance procedure shall be written and kept in a confidential file of the committee's proceedings. The minutes shall include the committee's findings and decision. No other printed materials or notes may be taken from the meeting. At the option of the Grievance Committee chair, the proceedings may be recorded.
9. Except for essential communications with the applicable college Dean or university Vice President following the conclusion of the Grievance Committee's proceedings, and communications with students, faculty, or staff who are parties in the grievance advising them of the Grievance Committee's final decision, the parties and committee members may not discuss the case outside the meeting.
10. The committee will decide on the matter by consensus if possible, by vote if necessary. The parties to the grievance will be notified, in writing, within 5 working days of the decision. The committee's decision shall be final.

Academic Policies and Regulations

Academic Advising

Undergraduate Programs

The Registrar's Office assigns each student in an undergraduate program a Faculty Academic Advisor. These Advisors assist students in planning their educational programs by explaining requirements and procedures, and by suggesting coursework appropriate to students' career goals. However, students are ultimately responsible for their own academic progress. The following list outlines students' responsibilities in the advising process:

- Read the Catalog and other academic information provided by the University.

- Check your student HIU email address and the Student Portal regularly for communications from the University.
- Know and comply with all current policies, procedures, and requirements for earning a degree—including practicum, proficiency, and grade point average requirements.
- Review the Course Schedule and discuss course options with the Faculty Academic Advisor.
- Contact Faculty Academic Advisors in a timely fashion for registration, advising, and other necessary consultations.
- Obtain, complete, and submit all forms needed for registration, course changes, (*audit, add, drop*), graduation, and related matters, according to the deadlines set by the Registrar.
- Contact Faculty Academic Advisors immediately with concerns about academic progress in particular classes or about progress toward a degree.

Online Undergraduate Programs and Graduate Program

Academic Coaches provide academic advising for students in online undergraduate and graduate programs, with assistance from the faculty as needed. Each Academic Coach specializes in one or more programs; students are assigned accordingly. These coaches assist students in planning their educational programs by explaining requirements and procedures, and by suggesting coursework appropriate to students' career goals. However, students are ultimately responsible for their own academic progress. The following list outlines students' responsibilities in the advising process:

- Read the Catalog and other academic information provided by the University.
- Check your student HIU email address and the Student Portal regularly for communications from the University.
- Know and comply with all current policies, procedures, and requirements for earning a degree—including practicum requirements.
- Review the Course Schedule and discuss course options with the Academic Coach.
- Contact the Academic Coach in a timely fashion for registration, advising, and other necessary consultations.
- Obtain, complete, and submit all forms needed for registration, course changes (*audit, add, drop*), graduation, and related matters, according to the deadlines set by the Registrar.
- Contact Academic Coaches immediately with concerns about academic progress in particular courses or progress toward a degree.

Academic Classification for Undergraduates

HIU classifies undergraduate students according to the number of credits they have earned:

Freshman: 0-30 units	Junior: 61-90 units
Sophomore: 31-60 units	Senior: 91+ units

HIU recommends that students not enroll in a course more than one level above their academic classification (e.g. *freshmen should generally take 1000- or 2000-level courses, rather than 3000- or 4000-level courses*). Academic classification is also important for determining the level of financial aid for which a student may qualify.

Student Enrollment Status

Undergraduate Programs

All undergraduate programs operate on a semester system, two semesters per academic year. Undergraduate students are considered full-time if they are registered for at least 12 units per semester, three-quarter time if they are registered for at least 9 units per semester and half-time if they are registered for at least 6 units per semester.

Graduate Programs

Graduate programs operate on a two term system; Fall Term and Spring Term (*exception: MFT program operates in three terms; Summer, Fall, Spring*). Most courses are scheduled into 8-week modules, which fall within the larger term, either Fall (*June-December*) or Spring (*January-May*). Graduate students are considered full-time if they are registered for at least 8 units per term, three-quarter time if they are registered for at least 6 units per term, and half-time if they are registered for at least 4 units per term.

Applying Graduate Courses to Undergraduate Degrees

Hope International University may allow junior and senior undergraduate students to enroll in master's courses. HIU allows a maximum of fifteen graduate units to apply to a bachelor's degree. The University allows a maximum of nine graduate units to apply to both a master's degree and a bachelor's degree. In this way, students may complete their bachelor's degree while getting a "head start" on a master's program. To explore the possibility of participating in such "transition courses," speak to your Faculty Advisor (*undergraduate*) or Academic Coach. (*online undergraduate*). Students enrolled in an HIU bachelor's degree program are charged for such "transition courses" at the undergraduate tuition rate.

Undergraduate Course Loads

Undergraduate Programs

A minimum of 12 units enrolled each semester is designated as a full load of coursework and full-time student status in undergraduate programs. This is also true for financial aid and athletic eligibility. In order to sustain a pace of academic progress toward completion of a Bachelor's degree in 4 years, students typically enroll in 15-17 units per semester. Enrolling for more than 17 units for a semester is considered an extraordinary load. It requires the formal approval of the student's Faculty Academic Advisor and the College Dean, who will consider, among other factors, the student's past level of academic success with 12-17 units per semester attempted.

Online Undergraduate Programs

Online undergraduate programs are designed so that students take one or two courses at the same time, in 8-week modules. Since online students must typically balance their studies with family, career, and other responsibilities, students should weigh the advantages and disadvantages of enrolling in two courses in the same module, and strategize the best pathway to completion of their degree. Online undergraduate students should check with the Financial Aid office to determine how their financial aid package may be affected by the pace of course enrollment that is preferred in their progress to degree strategy. In all cases it is wise for students to be in conversation with the Student Accounts office so that students have a clear picture of charges, financial aid, and payment arrangements.

Auditing a Course

Students may audit HIU courses for personal enrichment without seeking academic credit. Audit students sign a Course Participation Agreement in which they commit to completing the required readings and participating fully in online and on site learning activities and group discussions. Written and/ or graded assignments are optional at the discretion of the instructor. Students who audit a course do not receive a final letter grade. Audited courses may not be used to meet graduation requirements for any degree program. Students who choose the audit option typically enjoy a significantly reduced tuition rate. The number of audit students in a given course may be limited at the discretion of the University, and no auditing students will be allowed in a course with a waiting list.

Directed Independent Study

Students wishing to enroll for an independent study course must fill out a Request for Directed Independent Study available in the Registrar's Office. This completed petition, including a proposed plan of study,

grading, and evaluation is to be approved with the required signatures before the study begins. Directed Independent Study students are normally required to have a cumulative 3.0 GPA to be eligible.

Challenge Examinations

Undergraduate Programs only

Qualifications for challenging a course are as follows:

- The student must register for the course to be challenged and submit a completed "Petition to Challenge a Course" (*available from the Registrar's Office*) and have it approved by the instructor of the course and by the College Dean before the end of the second week of the course. Since some courses are not appropriate for completion by challenge exam, approval is at the discretion of the instructor and the College Dean.
- To receive credit, the student must register for the course, complete the challenge exam, and pay all costs stipulated before the Credit Enrollment Period ends.
- The course challenged must be applicable to the student's degree program.
- If the student does not pass the challenge exam, it is recommended that the student remain in the course for the remainder of the semester.
- If the student passes the exam, a grade of "Credit (CR)" will be posted on the student's transcript. The tuition for that course will be reduced to one-half the normal rate.

Late Entry into Courses

Traditional Undergraduate Programs

The Credit Enrollment period is the first ten calendar days of a regular semester or a proportionate amount of time in alternative class formats, such as January Term and May Term. The Credit Enrollment Deadline is published for each term and represents the last day classes may be added or credit/no-credit petitions may be approved.

Online Undergraduate Programs

In rare cases, students in online undergraduate programs may enter a course after the start date. Any absent time accumulated before enrollment is chargeable to the student according to the course's attendance policy. Students are responsible for securing required textbooks and materials in a timely fashion.

Attendance Policy

Traditional Undergraduate Programs

The classroom experience in undergraduate programs has been designed for maximum student engagement. Students are expected to participate

actively in their own learning. Therefore, they are expected to attend all class sessions on time. This general policy is reflected in the attendance policies articulated in each individual course syllabus. Being in class on time and participating meaningfully in class sessions is typically monitored and manifested in the grading scales published in the syllabi of undergraduate program classes.

Online Undergraduate and Graduate Programs

Attendance is not tracked for grading purposes in online undergraduate and graduate courses. However, those courses are structured in such a way that students' grades will be impacted if they do not participate on a regular basis. Students are expected to be engaged in the course throughout the duration of the course.

Assignment Deadlines

Online Undergraduate Programs and Graduate Programs

Course assignments are due at the times set by the instructor. The number of points deducted for late work is at the instructor's discretion. The instructor may (or may not), also at their discretion, assign additional work (*e.g. extra reading, written assignments, and/or online learning activities*) which may help offset the reduction in points for late work.

- Instructors assign a point value and a due date for each assignment in an online course. Instructors are required to reduce grade points awarded for late assignments completed/submitted after the due date. The number of points deducted is at the instructor's discretion. It is possible for students to complete all assignments but fail the course due to multiple late assignments. For this reason, students are advised to budget their time so as to complete their studies in a timely manner. Instructors are not required to accept late assignments. However, for those who do, a typical deduction is 10% per day.
- Some assignments (*e.g. threaded discussions*) require students to log in several times during the week in order to be effective. Accordingly, students who "arrive" late in the week may have points deducted from their final grade.

Grading System

Hope International University uses the following letter grade system, calculating grade point average (*GPA*) based on a 4-point scale:

A Excellent (*4 grade points*)

This grade is reserved for work of the highest caliber. The student demonstrates complete comprehension of course materials. Outstanding analysis and evaluation of assignment topics are communicated with excellence.

B Good (3 <i>grade points</i>)	This grade indicates good to very good work, including high comprehension of course materials and effective communication of perceptive analysis and evaluation of assignment topics.
C Average (2 <i>grade points</i>)	This grade indicates satisfactory work, including the submission of assignments completed at college level, and adequate comprehension of course material.
D Below Average (1 <i>grade point</i>)	This grade indicates unsatisfactory work with significant shortcomings in meeting expectations in effort, or in meeting minimally acceptable comprehension of course material, or in meeting minimal standards in the submission of course assignments.
F Failure (0 <i>grade points</i>)	This grade indicates an overall failure to meet the minimal standards expected in college level coursework. The quality and/or quantity of work are unacceptable.

The following special designations may also appear on student transcripts:

CR Credit	For courses graded on a credit/no credit basis, the student receives a "CR" when at least the minimum requirements of the course are met.
NC No Credit	For courses graded on a credit/no credit basis, the student receives an "NC" when the minimum requirements of the course have not been met.
AU Audit	A grade of "AU" is given when students audit a course for personal enrichment without seeking academic credit.

W Withdrawal

A grade of "W" is given when students withdraw within the period of time published for each term for withdrawal. "W" is completely neutral on the student transcript.

Credit/No-Credit Options**Undergraduate Programs**

One lower division and one upper division non-major requirement and one lower division and one upper division non-major elective may be selected by the undergraduate student for grading on the Credit/No-Credit basis and may be included in the student's degree program. It is the student's responsibility to declare this option by the time Credit Enrollment ends using the form provided for this purpose by the Registrar's Office.

Also, a Credit/No-Credit grading policy will be followed when stipulated in the course description for specific undergraduate courses as published in this Catalog, or at the instructor's discretion when such a policy is clearly stated in the course syllabus of such courses as applied music, choirs, ensembles, field work experiences, seminars, intercollegiate team sports, selected physical education courses, certain practicum courses and internships. Credit/No-Credit grades awarded in such instances are not counted against the student's Credit/No-Credit options described in the first paragraph of this section.

To receive a grade of Credit, the student must earn the equivalent of a "C" or better in the course.

Filing a Petition for Incomplete

In certain rare circumstances, students may file a Petition for Incomplete, which extends the deadline for finishing assignments. Instructors *should* award Incompletes when students are confronted with unavoidable life situations, such as major illness of the student or a family member, death in the family, unexpected change in employment status, or sudden relocation. Instructors *should not* award Incompletes merely to allow students to improve on a bad grade due to poor performance to that point. The instructor decides if the student's *Petition* falls within these guidelines. Normally, the instructor will not approve an Incomplete unless the student has finished at least 50% of the coursework prior to the end date for the course.

The Petition may be obtained online or from the Registrar's office. The student initiates the petition, which must be approved by the instructor and the College Dean prior to the final scheduled class day. If the petition is granted, the instructor will record a grade on the petition that will be effective until the completion of the unfinished work. If no further student work is satisfactorily completed as of six weeks after the final day

of the class, then the previously recorded grade will stand as the final grade for the course. The instructor fills out the top portion of the *Petition for Incomplete* and records an exact date the assignments are due. The instructor must submit a new final grade within one week of the deadline on the Petition for Incomplete, based on all of the work the student has submitted for the course.

Students in undergraduate programs are responsible for obtaining the approvals of the instructor and the College Dean, and for submitting the approved Petition to the Registrar's Office with the required fee. Students in online undergraduate programs and graduate programs should work through their Academic Coach, who will seek the necessary approvals, submit approved Petitions to the Registrar's Office, and arrange for charge of the fee to the student's account.

Academic Leave of Absence

An Academic Leave of Absence (LOA) may be granted by petition for up to one year. Doing so enables students to return and complete a degree program under the requirements in place at the time they took the leave. If the student does not resume classes at the end of the LOA period, he/she will be considered to have been out of school since the last day of the term in which he/she was last enrolled and attending class.

An Academic LOA is available to students on academic probation only with the approval of the College Dean. An LOA will be granted to any student not on academic probation provided the student intends to complete the degree at HIU. If such is not the student's intention, an LOA will not be approved.

Students who leave the program but do not petition for an LOA, or who discontinue study for more than one year, must submit a Petition for Readmission prior to acceptance and re-enrollment. Such students must complete their degree program under the requirements in place, published in the University catalog, at the time of their return.

Please note that Academic Leave of Absence is different than Leave of Absence for the purposes of financial aid.

For financial aid purposes, students are considered withdrawn from the University after one term without taking any coursework as the leave of absence for financial aid is no longer than six months. Students will be reported to Department of Education as withdrawn. This will affect the repayment schedule for any Title IV federal loan funds and may place the student in immediate repayment status. Students considering an Academic LOA should therefore contact the Office of Financial Aid to discuss the implications of their decision. Therefore, students applying for an Academic Leave of Absence may also need to seek a Financial Aid Leave of Absence.

Withdrawal from Courses

Students may withdraw from courses without academic penalty according to the following schedule:

- Courses of more than ten weeks scheduled duration: Students may withdraw up to the thirtieth calendar day of the course (e.g. in 15 week courses for Undergraduates).
- Courses of two weeks or less scheduled duration: Students may withdraw up to the third calendar day of the course (e.g. Graduate residencies and Undergraduate courses in May and January).
- All other courses: Students may withdraw up to the fourteenth calendar day of the course (e.g. 5-8 week long online and graduate courses).

The student is responsible for initiating the withdrawal. Ceasing to attend class does not constitute withdrawal, and may result in substantial grade and financial penalties. Students who fail to complete the entire withdrawal process will receive zeroes (0) for any unfinished assignments and a final grade will be calculated and recorded on that basis. Failure to complete the entire withdrawal process also results in the forfeit of any tuition refund for which the student may otherwise qualify. The University is not responsible for the loss of a tuition refund caused by the student's failure to act in a timely manner.

Withdrawals require the approval of the instructor and the college Dean. Students in undergraduate programs should obtain a Change of Registration form from the Registrar's Office, obtain the necessary approvals personally, and submit the completed form to the Registrar's Office. Students in online undergraduate programs and graduate programs should coordinate the approval process through their Academic Coach.

The date of withdrawal shall be the date on which a student notifies the University **in writing** (via email to the Academic Coach or a completed Change of Registration form) of their intent to withdraw. The staff uses the withdrawal date to compute tuition refunds or adjustments in financial aid.

Withdrawal from the University

Prior to withdrawing from the University, students should confer with a Financial Aid Counselor to ensure that they fully understand the financial implications of their decisions. Withdrawal may, for example, cause HIU to remove financial aid funds from student accounts and return them to the government, or it may trigger student repayment of loans.

Students in undergraduate programs who withdraw from the University must coordinate that withdrawal by emailing our Student Success Team at studentsuccess@hiu.edu or by calling ext. 2264 to participate in an exit

interview with an assigned faculty or Student Success staff member. Students in online undergraduate programs or graduate programs who withdraw from the University must coordinate that withdrawal with their Academic Coach, and participate in an exit interview with the Coach. *Failure to complete the entire withdrawal process, including the exit interview, causes the student to forfeit any potential refunds.*

Retaking Courses

Undergraduate Programs

A student in an undergraduate program may repeat courses in which grades of “D” or “F” have been assigned so that the higher grade alone will be used in computing the student’s GPA (*Grade Point Average*). In such cases, the lower grade will remain, as recorded, on the transcript, but it will be omitted from GPA calculations. Only courses repeated at HIU, up to a maximum of 9 units, qualify for this “grade forgiveness” policy. The Petition to Repeat a Class, with all required signatures, must be filed by the student with the Registrar’s Office. Students may obtain petitions in the Registrar’s Office. The Veterans Administration (VA) does not pay for courses previously completed with a credit earning grade (“D” or above).

Graduate Programs

The policy for undergraduate programs, above, applies to graduate programs as well, with the following exception: Students in graduate programs may also repeat courses in which a grade of “C” has been assigned.

Academic Probation

Traditional Undergraduate Programs

A student in a traditional undergraduate program will be placed on academic probation when his/her cumulative grade point average at HIU falls below 2.0. In the following semester the probationary student will be limited to enrollment in 12 units. In that probationary semester, the student must successfully complete 12 units and achieve a 2.0 or higher grade point average for that semester or be subject to academic dismissal.

Students on academic probation are charged a \$100 fee. This fee is used to provide tutors who are available to give weekly help and assistance to students on probation and to help monitor their progress.

In addition, students on academic probation may not register for a subsequent term following the probationary semester until their posted grades for the probationary semester confirm that they have met or exceeded the 2.0 standard.

A student who successfully completes a probationary semester of will be removed from academic probation. If their cumulative grade point average has been raised to 2.0 or better, then the 12 unit limit will be removed. If, despite the successful probationary semester, their cumulative grade point average remains below 2.0, the student will be removed from academic probation, but the 12 unit limit will remain until their cumulative grade point average meets or exceeds the 2.0 standard.

Academic satisfactory progress is defined as maintaining at least a 2.0 cumulative grade point average in coursework which meets degree requirements or, during a probationary semester, meeting all the obligations of a student on academic probation or, following a successful probationary semester, continuing to achieve at least a 2.0 grade point average each successive semester in coursework which meets degree requirements.

Online Undergraduate Programs

A student in an online undergraduate program will be placed on academic probation when his/her cumulative grade point average at HIU falls below 2.0. In the following probationary semester, the student must successfully complete 12 units and achieve a 2.0 or higher grade point average for that semester or be subject to academic dismissal.

Graduate Programs

A student in a graduate program will be placed on academic probation when his/her cumulative grade point average at HIU falls below 3.0. In the following probationary term, the student must complete 9 units and achieve a 3.0 grade point average for that term or be subject to academic dismissal. The student will be removed from academic probation only when the cumulative GPA has been raised above 3.0.

Students may also be placed on academic probation for failure to comply with program policies essential to satisfactory progress in their degree program.

Academic Dismissal

A student may be academically dismissed from Hope International University for violation of academic integrity (*as defined in this Catalog's section on Academic Integrity*), or by failing to meet conditions of academic probation (*as defined in this Catalog's section on Academic Probation*), by demonstrated disengagement from the learning process so that academic progress toward a degree is unlikely, or for behavior that disrupts the learning process in the classroom environment, on campus or online (*at the discretion of the College Dean*). When academic dismissal occurs, a student must wait at least twelve months from the date of dismissal before they are eligible to petition to re-enter the University. There is no guarantee that such petitions will be approved.

Readmission

Students who have been academically dismissed from the University may apply for readmission after a minimum period of twelve months from the date of dismissal. Such students must complete an Application for Readmission, which may be obtained from the Registrar's Office. When submitting the Application, the student must also submit official transcripts from other institutions if additional coursework was completed elsewhere.

The admissions department will consult with the following departments as they consider the application

- Vice President for Student Affairs, to verify that there are no outstanding student conduct issues that would prevent readmission.
- Vice President for Finance, to verify that Student Accounts has cleared the student for readmission.
- College Dean, to verify that there are no significant issues that impact the students' ability to perform well academically and in accordance with all standards listed in the catalog.

Application does not guarantee admission. If Student Affairs and Student Accounts approve the readmission, the College Dean will decide whether or not to grant the application based on the student's prior academic experience at the University, additional academic accomplishment in the period following academic dismissal, and current circumstances bearing on the likelihood of academic success and, ultimately, degree completion.

Credit by Transfer

For high school graduates, baccalaureate level courses taken at a regionally accredited college or university, and in which the student earned a grade of "C" or better (or "P" if the courses were offered on a Pass/Fail basis), are eligible for transfer toward a Hope International University degree. College courses taken by high school students must meet the following accreditation criteria in order to be transferable to a Hope International University degree: The college or university issuing the transcript must be an institution of higher education accredited by a regional accrediting body, national accrediting body, or professional accrediting body recognized by the U.S. Department of Education and the Council for Higher Education Accreditation.

Courses taken at an unaccredited institution will be considered on a case by case, course by course basis. Applicants may be asked to provide course syllabi or other evidence needed to make those judgments. If experience shows that HIU can have confidence in a given unaccredited institution, then the Registrar's Office may place it on a list of "approved colleges," which will facilitate the transfer process. Hope International University reserves the right to withhold recognition of credits awarded

by any college or university that does not, in the opinion of the administration, meet sufficient academic standards.

Credits earned at vocational or technical institutions, which are equivalent in content to required Hope International University courses, may be transferred according to the policies stated above. If students have completed vocational programs based on clock hours, rather than credit hours, then transfer credit will be computed on the basis of 45 clock hours equaling 1 credit hour.

Once admitted to Hope International University as a degree-seeking student, students must petition in advance of taking courses at other colleges. An approved Petition to Take Coursework at Another College grants permission to transfer such courses to Hope International University for degree program credit. This petition is available from the Registrar's Office. Courses taken at other institutions which are not pre-approved will have no guarantee of being accepted for credit toward a Hope International University degree. Coursework proposed for transfer which has not been pre-approved through the above petition process will, upon submission of an official transcript recording the coursework, be evaluated for suitability of transfer.

Hope International University does not grant credit for remedial coursework, college orientation, high school level courses (*apart from the Advanced Placement and International Baccalaureate programs described below*), or General Education Development (GED) tests. The University also does not grant credit for duplicated courses (*e.g. Beginning Composition completed at one college and Freshman English completed at another*). If a course has been repeated for credit, the last grade earned will be used in the evaluation of the acceptance of credit.

Students who transfer credits from non-English-speaking countries must provide Hope International University with a certified translation of transcripts and course descriptions, as well as a detailed and comprehensive evaluation of the transcripts performed by Global Credential Evaluators (www.gcevaluators.com) or some other service approved by the University. A copy of the transcript in the native language must accompany the certified translation.

Credit by Examination

Credit toward graduation may be granted by examination and from approved non-conventional demonstrations of degree-appropriate learning. Scores should be reported by the appropriate testing service. Hope International University does not grant duplicate credit for subject areas covered by multiple examinations (*e.g. AP credit for English and CLEP credit for English*). Credit may be granted for:

- a) Successfully passing Advanced Placement Exams of The College Entrance Examination Board (APCEEB). Hope International

students receive units of credit for AP exams completed with a score of 3 or higher.

- b) Successfully passing *International Baccalaureate (IB) Examinations*. HIU students receive units of credit for IB exams completed with a score of 5 or higher.
- c) Successfully passing *College Level Examination Program (CLEP) exams*. HIU students receive units of credit for CLEP exams completed with a score of 50 or higher
- d) Successfully passing *American Council on the Teaching of Foreign Languages (ACTFL) exams*.
- e) *DANTES, PEP, and Other Types of Credit by Examination*: Students who enroll at Hope International University may also secure credit through other standardized examinations. Examples include the U.S. military's Defense Activity for Non-Traditional Educational Support tests (*DANTES*) and the Proficiency Examination Program (*PEP*). Requests are handled on a case-by-case basis.

Credit for Military Training

Military training courses are evaluated according to the guidelines set forth by the American Council on Education (ACE) as published in the *Guide to the Evaluation of Educational Experiences in the Armed Services*. Students must submit all pertinent documentation to the Registrar's Office for evaluation. Military transfer courses should be reported on an Army American Council on Education Registry Transcript (AACERT) or Sailor/Marine American Council on Education Registry Transcript (SMART)—or, if not available, on form DD295 for personnel still in the armed services and on form DD214 for those discharged. A maximum of thirty units may be granted on the basis of Military Service Study.

Credit for Business and Industry Training

Business and Industry courses are evaluated according to the American Council on Education (ACE) National Guide to Educational Credit for Training Programs and/or the National Program on Non-College Sponsored Institutions (NPNOSI). Students must submit all pertinent documentation to the Registrar's Office for evaluation.

Credit for Prior Learning and Other Life Experiences

Hope International University recognizes that some students come to the University with college-level competencies that have been developed experientially or attained outside the traditional college classroom. Students who enroll in Hope International University degree programs may seek college credit for such competencies by having their prior learning and/or experience evaluated by the Council for Adult & Experiential Learning (CAEL) LearningCounts.org evaluation process.

After receiving a CAEL LearningCounts.org transcript, the Registrar's Office will award appropriate academic credit.

Units earned through the CAEL LearningCounts.org evaluation process may not exceed 18 units for an undergraduate degree or 9 units for a graduate degree or credential.

Graduation Requirements

General Time Limit, Grade Point and Residency Requirements

To earn a degree through Hope International University, students must complete all required coursework, within the specified time limit, while maintaining a sufficient grade point average and fulfilling HIU's residency requirements. Students must meet all financial obligations in order to receive their diplomas.

Course Requirements

For lists of required courses for each Hope International University degree program, see the Degree Programs and Majors section of this Catalog.

Minimum Grade Point Average

To earn an Associate's or Bachelor's degree, students must earn a minimum cumulative grade point average (*GPA*) of 2.0. To earn a Master's degree or credential, students must earn a minimum cumulative grade point average (*GPA*) of 3.0.

Residency Requirements

Undergraduate Programs

For the A.A. degree, the last 18 units of credit must be taken at HIU. For the B.A. and B.Mus., the last 30 units of credit must be taken under the direction of the University with at least 24 of the last 30 units taken at HIU. At least 50% of the major must be taken at HIU.

Hope International University requires academic residency to be no less than twenty-five percent of the degree requirements for all undergraduate degrees for active-duty service members. Academic residency can be completed at any time while active-duty service members are enrolled. Reservists and National Guardsmen on active-duty are covered in the same manner.

Online Undergraduate Programs

For the A.A. degree, at least 18 units of credit must be taken at HIU. For the B.S. degree, at least 30 units must be taken at HIU. Online undergraduate students are limited to two course substitutions within the B.S. Major through transfer credits, credit by examination, or other types of credit for prior learning.

Hope International University limits academic residency to no more than twenty-five percent of the degree requirements for all undergraduate degrees for active-duty service members. Academic residency can be completed at any time while active-duty service members are enrolled. Reservists and National Guardsmen on active-duty are covered in the same manner.

Graduate Programs

All but a maximum of 9 units for a master's degree or credential must be completed at HIU.

Time Limit for Completing Degrees

Students must complete all degree requirements within 7 years of initial enrollment, inclusive of any Leaves of Absence. They must complete the final 24 units of degree requirements during the five years immediately preceding the granting of the degree.

Changes in Degree Requirements

Although the University fully intends to offer all the programs and courses described, it retains the right to alter or cancel programs or course offerings. Specifically, the University reserves the right to make substitutions if courses required under a given degree program are significantly altered or removed from the curriculum.

Students enrolling in a degree program enter under the Catalog requirements in effect at the time they enroll in the University. Students who do not enroll in courses for a full year and subsequently re-enroll become subject to the degree requirements in the Catalog in effect when they re-enter the University.

Double Majors

Undergraduate Programs only

If an undergraduate student completes all the required courses for two Hope International University majors, then HIU will award a single Bachelor's degree with a "double major." The courses taken for the second major may also be counted as Free Electives toward the requirements for the earned Bachelor's degree.

Double Degrees

Graduate Programs only

Graduate students may earn multiple master's degrees from Hope International University, provided that no more than 50% of the coursework for one degree is applied to a subsequent degree.

Graduation, Academic Honors, and Commencement

Commencement vs. Graduation

Students *graduate* when Hope International University certifies that they

have completed all degree requirements and officially records the degree on the official student transcript. Commencement is not the actual awarding of a degree, but a formal ceremony marking the actual or anticipated completion of that degree. HIU holds Commencement ceremonies twice each year, during May and December.

Graduation

Students nearing the end of their degree programs follow five steps to complete the graduation process:

Step 1: Students submit a Petition to Graduate, which includes a Completion Plan, to their academic advisor/coach. The deadline for submitting a Petition to Graduate is 90 days prior to the requested posting date. Petitions must be received by March 1st for May (*Spring*) Commencement and October 1st for December (*Winter*) Commencement.

Step 2: The academic advisor/coach conducts a preliminary degree audit to verify the students' readiness for graduation. If students are not ready, then the advisor assists them in revising their Completion Plan. If students are ready, then the advisor passes the *Petition to Graduate* to the Registrar's Office.

Step 3: The Registrar's Office then confirms the degree posting date for which the student is eligible. The processing period through the time of approval to actual posting of the degree is 90 days for both undergraduate and graduate degrees. The posting date is the last day of the month following confirmation of official documentation that all degree requirements have been met. The Registrar must possess all required documentation for degree posting by the 15th of the month in order to post the degree at the end of that month. For example, documentation must be received by March 15th in order to post the degree on March 31st. Once the degree is posted (*officially recorded*), students' transcripts show that they have "graduated" from Hope International University.

Step 4: Transcripts may be ordered immediately, and graduates should receive their diplomas via certified U.S. mail within 90 days of the degree posting. However, *the University will not release diplomas or transcripts until students meet all financial obligations.*

In the case of delayed documentation, the Registrar's Office notifies students of the next eligible posting date and deadline.

The Dean's Honor Roll

Undergraduate Programs only

Following each semester, the Dean's Honor Roll for each College is published. To qualify for this honor, students must have completed 12+ units in that semester, for which they earned at least a 3.5 grade point average. Honorees receive a letter and certificate signed by the Dean in

recognition of their achievement. Qualifying for the Dean's Honor Roll does not, by itself, guarantee receiving the graduation honors described below.

Graduation Honors

Undergraduate Programs

Hope International University awards three types of graduation honors to Bachelor's degree programs graduates. The University recognizes students who have achieved these honors at its Graduation Banquet and Commencement ceremony held each December and May.

Latin Honors: Hope International University awards Latin Honors to undergraduate students who demonstrate academic excellence throughout all of their HIU coursework.

- Students with a 3.5-3.74 GPA graduate *cum laude* ("with honors"). They receive a gold seal on their diploma, along with a silver cord to wear at Commencement.
- Students with a 3.75-3.89 GPA graduate *magna cum laude* ("with high honors"). They receive a gold seal on their diploma, along with a blue cord to wear at Commencement.
- Students with a 3.9-4.0 GPA graduate *summa cum laude* ("with highest honors"). They receive a gold seal on their diploma, along with a white cord to wear at Commencement.

Pi Beta Sigma Honor Society: Pi Beta Sigma is the Academic Honor Society for students in the University's traditional undergraduate programs. The Greek letters forming its name hold special meaning: *Pi* is the first letter of the Greek word *pistis* (faith). *Beta* is the first letter of the Greek word *boule* (purpose). *Sigma* is the first letter of the Greek word *Sophia* (wisdom). Together they present a meaningful combination: faith, purpose, and wisdom. PBS is also the abbreviation of Pacific Bible Seminary, the name of the institution at its founding in 1928. *Pi Beta Sigma* is awarded to graduates who achieve a 3.5+ cumulative GPA, having made the Dean's Honor Roll in four separate semesters.

Graduate Programs

The University does not award honors to graduate students. Since such students must perform at a high level simply to graduate (3.0 cumulative GPA), graduation itself is considered an honor fully earned.

Commencement

Hope International University holds Commencement ceremonies twice each year, in May and in December. Participation in Commencement normally requires:

- A completed Petition to Graduate (including fee payment)

- Students must file a Petition to Graduate by March 1st for a May Commencement or by October 1st for a December Commencement. The Petition must include the Graduation Petition Fee.
- A degree posting date prior to or concurrent with the imminent Commencement.
- Financial clearance from all university offices (*Student Accounts, Library, etc.*) by April 15th for the May ceremony and by November 15th for the December ceremony

In all cases, degrees will not be recorded, nor will diplomas be presented, until all degree requirements have been certified as successfully completed by the University Registrar.

Cooperative Relationships

California State University Fullerton

Hope International University is located adjacent to California State University, Fullerton (*CSUF*). HIU and CSUF cooperate in reciprocal services, use of facilities, and in other arrangements and activities beneficial to both institutions.

Undergraduate Programs

Students in a traditional undergraduate program seeking to complete a degree that utilizes approved course work from CSUF should complete the application process for a "Liberal Arts Major with a CSUF Contract Program." To qualify to enroll in coursework at CSUF, eligible HIU undergraduate students must have their application approved by the HIU Academic Contracts Committee. Approved contract students should then apply for admission to CSUF through the HIU Registrar's Office using a special, streamlined application form. Only students who are California residents, and have completed 60 units or more toward their degree while maintaining a 2.5 Grade Point Average may qualify for approval as HIU Contract Program Students.

The Council for Christian Colleges and Universities

Undergraduate Programs only

The Council for Christian Colleges and Universities (*CCCU*), an association of over one hundred institutions in the U.S. and Canada, offers the following semester and summer programs to students of its member institutions. The programs offer a unique opportunity for students to make the world their classroom, adding to the experience of traditional classroom learning. These interdisciplinary learning opportunities are available to junior and senior level students. They require application to the specific program, and most entail a competitive admissions process. For further information, students should contact their Academic Advisor. Below are listed, in brief, programs offered through the CCCU.

Culture-Crossing Programs

China Studies Program

The program is hosted by Xiamen University, a national “key university” located by the sea in southeastern China.

India Studies Program

In partnership with host Bishop Appasamy College of Arts and Sciences, located in Coimbatore, Tamil Nadu State in southwestern India.

Latin American Studies Program

Through field study and lively classroom exchanges, experienced from a base in Costa Rica, students are exposed to Latin American societies through the eyes of experts and ordinary citizens.

Middle East Studies Program

The NETS Study Abroad in Israel program is available in a twelve (12) week "semester" format to qualifying Biblical Studies and Church Ministry majors or in a 2 to 3 week inter-term program for qualifying students of any HIU major.

Qualified students may spend a semester studying at Lakeview Bible College & Seminary in Chennai, India. Information about this program can be obtained at awood@nechristian.edu or through Nebraska Christian College of Hope International University.

College of Arts and Sciences

Message from the Dean

The College of Arts and Sciences (CAS) is home to undergraduate general education classes which support all the Associate of Arts degree programs and all the Bachelor's degree programs of the University. In addition, CAS also hosts Bachelor of Arts degree major studies programs in English Literature, Liberal Arts, and Social Science.

General education coursework is designed, first, to provide students with a breadth of knowledge in the natural sciences, social sciences and humanities. Second, general education coursework is designed to develop students' writing and speaking skills, analytical and evaluative thinking skills, and leadership skills. Third, in conjunction with a solid foundation of Biblical Studies coursework, dedicated Christian faculty guide students in exploring connections, bridges and tensions, between Christian faith and learning in the various academic disciplines.

Graduates with a Bachelor of Arts degree in English Literature possess subject matter competency to enter single subject teaching credential programs. They are well prepared for graduate school in English but may also use their Bachelor's degree as a platform to pursue careers in writing or publishing, or other avenues of graduate education, such as law school. Finally, the analytical skills, evaluative skills, and writing skills acquired through this degree program are transferable to any number of occupations and careers that require critical thinkers and strong communicators.

Graduates with a Bachelor of Arts degree in Liberal Arts have prepared for various careers by combining a strong liberal arts foundation with an extensive and coherent concentration of coursework in a particular field. Concentration coursework may be drawn from the five colleges of Hope International University or from approved academic departments of California State University, Fullerton, just adjacent to the HIU Fullerton Campus. The cooperative relationship between HIU and CSUF, which facilitates the use of appropriate CSUF classes in an HIU degree, has been in place since 1988.

Graduates with a Bachelor of Arts degree in Social Science will have pursued one of five pathways toward their chosen career goal. Pathway one, the major in Social Science with a Concentration in Human Services, is designed to prepare students for occupations in the helping professions and for entry into MSW (*Masters in Social Work*) graduate programs. Pathway two, the major in Social Science with a Customized Concentration, is a broad, flexible platform of social science coursework by which graduates prepare for the next steps toward chosen careers in teaching, government, law, or the helping professions. Pathway three, the major in Social Science with a Concentration in Criminal Justice, is designed to provide bachelor's degree preparation for various careers in law enforcement or preparation for law school. Pathway four, the major in Social Science with a Concentration in History, prepares students for graduate studies in history and for other graduate studies and career options for which a Bachelor's degree in history provides appropriate preparation. Pathway five, the major in Social Science with a Concentration in Political Science, provides students with preparation for graduate studies in Political Science and Law and the range of careers available from those educational platforms.

The faculty of the College of Arts and Sciences is deeply invested in providing Hope International University students with the highest quality learning experiences (*whether in general education or in the student's major studies program*) in which students are also challenged to meaningfully connect Christian faith and learning. Our greatest satisfaction is when our graduates take away valuable skills and experiences that have prepared them well for career, for lifelong learning, and for a lifetime of service to the Lord Jesus and his church.

Steven D. Edgington, Ph.D.
Dean of the College of Arts and Sciences

CAS Mission Statement

The mission of the College of Arts and Sciences is to equip undergraduate students, through Christian higher education (featuring excellent general education and Bachelor's degree major studies coursework), for success in graduate school, chosen careers, and lifelong service to the church and society.

Goals

The College of Arts and Sciences is committed to the task of teaching and leading students to achieve the following desired learning outcomes:

1. Students will practice critical, creative, and independent scholarship.
2. Students will be well prepared in their chosen field of major studies.
3. Students will skillfully integrate Christian faith with academic inquiry.
4. Students will be equipped to be responsible citizens and leaders in society.

Objectives

1. Students will produce quality works of scholarship characterized by evidence-based, innovative, and authentically individual thought.
2. Students will demonstrate expertise in their chosen major studies field by successfully completing the prescribed program of coursework.
3. Students will effectively present conclusions of faith/learning synthesis, informed by scholarly principles of biblical and academic study.
- 4.1 Students will articulate principled approaches for living as ethically responsible participants in culture and society.
- 4.2 Students will make an accurate self-appraisal and form a realistic self-strategy for leadership in church, community, and society.

General Education

Undergraduate Bachelor's Degree Programs

Leadership and Ethics Core (LEC)

All traditional undergraduate bachelor's degree programs incorporate a 59 unit Leadership and Ethics Core. This core consists of a series of required and elective courses in Biblical Studies, Leadership, Written and Oral Communication, the Social Sciences, the Humanities, the Natural Sciences, and Mathematics. This core provides a foundational curriculum to complement major studies programs. The four year degree (*which could in some cases take longer*) consists of this 59 unit core plus a program of major studies, usually a 45-51 unit requirement, along with 12-18 units of free electives.

Undergraduate Associate of Arts degrees require all the lower division (*freshman and sophomore level*) courses of the Leadership and Ethics Core, plus one upper division Biblical Studies course, plus either a concentration or free electives which may or may not contain upper division (*junior and senior level*) courses.

Service Learning Component

In support of the concepts, ideals, and purposes of the Leadership and Ethics Core, a Service Learning Component has been included as an integral element of the curriculum. Currently the Service Learning Component is implemented in two classes which all students are required to complete: BIB1325 History and Literature of Ancient Israel and BIB3050 Theology of Ministry.

Associate of Arts Degree Programs

The Associate of Arts degree requires 60 units of designated coursework, mostly at the lower division (*freshman, sophomore*) level, which can typically be completed in two years of full time enrollment. The A.A. degree may be used as a platform from which a Bachelor's degree may be completed. The A.A. degree is available in an online version or as an undergraduate program in two on-campus versions. In version one of the on-campus A.A. program, students complete a set list of required courses. In version two, students may choose, in consultation with a faculty advisor, a 12-unit concentration in a field of particular interest.

TOTAL UNITS FOR THE DEGREE 60

Bachelor of Arts Degree Programs

The Bachelor of Arts degree requires a minimum of 122 units of designated coursework, which can typically be completed in four years of successful full time enrollment. Each B.A. degree program consists of three main parts: 1) the Leadership and Ethics Core of 59 units; 2) a chosen Major Studies Program, typically a 45-51 unit requirement, and 3) 12-18 units of free electives.

Leadership and Ethics Core

Along with coursework for a chosen major studies program, every traditional undergraduate student pursuing a Bachelor's degree completes a general education curriculum of 59 units called the Leadership and Ethics Core (LEC).

The coursework of the LEC engages and develops students at multiple levels. Students discover their strengths and learn to apply them in their academic life, personal growth, career choices, and emerging leadership practice. Students acquire a breadth of knowledge in the academic disciplines of the natural sciences, social sciences, and humanities. Students learn and practice Biblical exegesis, discovering and applying Biblical principles. Through this scholarly study of the Bible, students make connections between knowledge of the world and knowledge of the Word in order to better engage the world around them as a person of Christian faith. Students learn analytical, evaluative, critical thinking, and problem solving skills, as well as effective written and oral communication skills essential to success in personal, ministry, or professional pursuits. Throughout the LEC program of study, both in the classroom and in the community, students are prompted with opportunities to practice leadership as they learn strategies to match leadership situations with their particular leadership skills. The program goals and curriculum of the LEC are presented below.

LEC Program Goals and Objectives

Goal 1 Students will apply biblical knowledge to life and learning.

- 1.1 Students will demonstrate an understanding of biblical texts as part of an overall biblical narrative of God's ongoing redemption of His creation.
- 1.2 Students will faithfully and critically connect biblical learning to self, community, and Church.
- 1.3 Students will exegete and interpret biblical texts with scholarly rigor.

Goal 2 Students will demonstrate broad knowledge and appreciation of the physical world and the human experience.

- 2.1 Students will be able to explain the scientific method, scientific principles and natural phenomena and recognize the value of the scientific approach to understanding the physical and living world.
- 2.2 Students will be able to apply scientific knowledge to decision making in real-world situations.
- 2.3 Students will demonstrate knowledge and appreciation of the diversity of human experience encountered in world history and contemporary society.
- 2.4 Students will demonstrate a broad understanding and aesthetic appreciation of the diverse approaches to human expression, including music, art, literature, philosophy and the performing arts.

Goal 3 Students will demonstrate quantitative reasoning ability.

- 3.1 Students will be able to put real-world problems into an appropriate mathematical context (such as equations, diagrams, etc).
- 3.2 Students will be able to create, explain, and interpret mathematical graphs and charts modeling problems or information.
- 3.3 Students will be able to solve quantitative problems accurately with knowledge of the underlying mathematics.
- 3.4 Students will be able to draw accurate and relevant conclusions from mathematical data and processes.

Goal 4 Students will demonstrate mature information literacy skills and critical thinking skills as they engage in processes of inquiry and explanation.

- 4.1 Students will determine what information is needed and demonstrate the ability to locate, evaluate, and effectively use appropriate sources.
- 4.2 Students will demonstrate critical thinking skills evidenced by the ability to comprehend, integrate, evaluate and interpret artifacts, events, ideas, and arguments.
- 4.3 Students will be able to construct, support, and defend original arguments and explain how their arguments fit within a wider body of scholarship.

Goal 5 Students will demonstrate effective communication skills.

- 5.1 Students will demonstrate written communication that exhibits correct use of grammar and clarity of style as well as competency in a variety of forms of written expression.
- 5.2 Students will demonstrate competency in oral communication skills, including listening, audience-focused speaking, and critical thinking.

Goal 6 Students will demonstrate effective leadership skills.

- 6.1 Students will demonstrate a commitment to becoming engaged, critical, and responsible members of civil society, with the ability to test various lenses for viewing the world around them and to think through the most pressing moral and political questions that they encounter every day.
- 6.2 Students will engage in appropriate self-assessment, demonstrate skill and discernment in evaluating leadership opportunities, and exhibit appropriate leadership behaviors, attitudes, and styles in their chosen field, in the world at large, and in the Church.

English Literature Major

The English Literature program equips students with the skills needed for articulate and appropriate written communication, advanced critical thinking, literary analysis, the presentation of formal research, and an understanding of the use of dramatic art forms in the communication of values and ideas. The program adheres to a prescriptive, competency-based curriculum in English grammar and usage, and it offers a varied continuum of courses providing critical analysis of the world's great classic and contemporary literature. English Literature students will also develop skills in dramatic writing and performance.

The English Literature major is a multi-faceted major that leads to many career choices and provides a strong foundational base of knowledge. This program may be used by students to prepare for the CSET examination to demonstrate subject matter competency in English for entrance into a Secondary Teaching Credential program. It also provides a strong foundation for students going on for an M.A., or Ph.D. in English Literature. Students have also found the major to be excellent preparation for careers in writing, publishing, law, and other careers in which analytical thinking skills and strong communication skills are highly valued. The B.A. in English Literature program is 122 units.

Program Learning Goals and Objectives

Goal 1: CRITICAL THINKING AND COMMUNICATION: Students will be critical readers and thinkers who are skilled in the practice of composition and rhetoric.

Objective 1.1: *Students will demonstrate close reading and mature literary analysis in classroom discussion and in written assignments.*

Objective 1.2: *Students will write scholarly essays that demonstrate a skilled understanding of rhetoric and competency in the mechanics of English structure, grammar, punctuation, and style.*

Goal 2: INFORMATION LITERACY/FORMAL RESEARCH: Students will be responsible and proficient in their application of formal research methods.

Objective 2.1: *Students will demonstrate "information literacy" by accurately accessing and integrating primary and secondary sources into their scholarly term papers and presentations.*

Objective 2.2: *Students will submit research papers that follow the appropriate format guidelines for documentation and citation.*

Goal 3: LITERARY ANALYSIS: Students will be trained as scholars in literary history and interpretation and able to merge literary analysis with their training in biblical studies.

Objective 3.1: *Students will give oral presentations on literary works and their authors that link historical context with literary analysis.*

Objective 3.2: *Students will incorporate biblical themes and research methods in their writing and contributions to class discussion.*

Goal 4: DIVERSE EXPRESSION: Students will engage in original, relevant creative expression.

Objective 4.1: *Students will exhibit knowledge of dramatic art forms when they discuss literary contents and themes.*

Objective 4.2: *Students will write original works of fiction and nonfiction, and dramatic literature.*

Liberal Arts Major with Customized Concentration

This major studies program provides broad exploration of multiple areas of knowledge and academic disciplines in the natural sciences, social sciences, and humanities. It also allows students to customize a large block of upper division coursework to facilitate focused preparation in a particular field of study. This program is especially useful for students who desire a Bachelor's degree with a multidisciplinary platform as preparation for graduate school; the concentration allows them to customize their bachelor's level coursework to accommodate the preparatory requirements of a specific graduate program.

Program Goals

1. Students will be thoroughly prepared in the Liberal Arts tradition.
2. Students will achieve the level of expertise in a contract program or customized concentration that will prepare them for graduate study or appropriate next steps toward their career goals.
3. Students will thoughtfully integrate Christian commitment with Liberal Arts learning.

Program Objectives

1. Students will demonstrate advanced skills in evidence-based evaluation, analysis, and interpretation.
2. Students will demonstrate a sophisticated understanding of the current scholarly discourse in a contract program or customized concentration field of study.
3. Students will articulate connections and tensions that exist between Christian faith and their chosen contract program or customized concentration.

Liberal Arts Major with CSUF Contract Program

This major studies program provides broad exploration of multiple areas of knowledge and academic disciplines in the natural sciences, social sciences, and humanities. It also allows students to incorporate a large block of upper division coursework to facilitate interest in particular fields of study and career pathways. This program is especially useful for students who desire a Bachelor's degree with a multidisciplinary platform as preparation for graduate school.

The Contract Program provides students with the opportunity to utilize California State University, Fullerton coursework to design their bachelor's degree toward preparation for a specific graduate program or career. Before taking courses at CSUF, prospective Contract Program students must complete a contract proposal and receive approval from the HIU Academic Contracts Committee. The approval process is contingent upon the completion of the following requirements:

- 1) the proposed course of study must meet all the requirements outlined in the Contract Program Informational Packet
- 2) students must have completed 60 units of college-level coursework
- 3) students must be California residents or be able to establish California state residency, in a timely manner for progress toward degree
- 4) students must have a minimum cumulative GPA of 2.50

Program Goals

1. Students will be thoroughly prepared in the Liberal Arts tradition.
2. Students will achieve the level of expertise in a contract program or customized concentration that will prepare them for graduate study or appropriate next steps toward their career goals.
3. Students will thoughtfully integrate Christian commitment with Liberal Arts learning.

Program Objectives

1. Students will demonstrate advanced skills in evidence-based evaluation, analysis, and interpretation.
2. Students will demonstrate a sophisticated understanding of the current scholarly discourse in a contract program or customized concentration field of study.
3. Students will articulate connections and tensions that exist between Christian faith and their chosen contract program or customized concentration

Social Science Major

The Social Science Major prepares students for graduate study and for various careers that build from the foundation of interdisciplinary study of human behavior grounded in the scientific method. The social science disciplines that are featured in the major are history, political science, psychology, and sociology. Career pathways leading from the Social Science major include teaching, government service, law, and the helping professions. Social science learning is also an effective tool that can be useful for helping local congregations and para-church organizations to better achieve the mission of the Church.

Students who wish to prepare specifically for careers in the helping professions, which may include plans for further preparation in a Masters of Social Work program, may choose to pursue a Concentration in Human Services.

Students planning to seek admission to other single subject credential programs in social science in California or other states should consult with their faculty advisor as early in their undergraduate program as possible.

Program Goals

1. Students shall demonstrate that they can identify and evaluate arguments in the social sciences.
2. Students shall demonstrate that they can create and present evidence-based arguments in the social sciences.
3. Students shall demonstrate a critical understanding and appreciation of the diversity of human experience and ideas among people, cultures, and institutions.
4. Students shall make appropriate connections between Christian belief and social science concepts, theories, and methodologies.

Bachelor of Science Degree Programs

The Bachelor of Science degree requires a minimum of 120 units of designated coursework. Each B.S. degree program consists of three main parts: 1. General Education; 2. 23-26 units of General Electives, and 3. a chosen Major Studies Program of 45-48 units.

General Education

Online Undergraduate Bachelor of Science Program

General Education Core Requirements

The General Education Core, or “GE Core,” consists of 49 units of study that meet the Bachelor of Science degree General Education requirements. It provides students with a broad-based foundation in the Liberal Arts. General Education courses are offered online, scheduled across five 8-week modules during each academic year.

Bachelor of Science major studies program requirements for each major are displayed in this catalog under the appropriate host college: the College of Business and Management, the College of Education, the College of Psychology and Counseling, or Pacific Christian College of Ministry and Biblical Studies.

Goal 1 Students will apply biblical knowledge to life and learning.

- 1.1 Students will demonstrate an understanding of biblical texts as part of an overall biblical narrative of God’s ongoing redemption of His creation.
- 1.2 Students will faithfully and critically connect biblical learning to self, community, and Church.

Goal 2 Students will demonstrate broad knowledge and appreciation of the physical world and the human experience.

- 2.1 Students will be able to explain the scientific method, scientific principles and natural phenomena, and recognize the value of the scientific approach to understanding the physical and living world.
- 2.2 Students will be able to apply scientific knowledge to decision making in real-world situations.
- 2.3 Students will demonstrate knowledge and appreciation of the diversity of human experience encountered in world history and contemporary society.
- 2.4 Students will demonstrate a broad understanding and aesthetic appreciation of the diverse approaches to human expression, including music, art, literature, philosophy, and the performing arts.

Goal 3 Students will demonstrate quantitative reasoning ability.

- 3.1 Students will be able to put real-world problems into an appropriate mathematical context (such as equations, diagrams, etc).
- 3.2 Students will be able to create, explain, and interpret mathematical graphs and charts modeling problems or information.
- 3.3 Students will be able to solve quantitative problems accurately with knowledge of the underlying mathematics.
- 3.4 Students will be able to draw accurate and relevant conclusions from mathematical data and processes.

Goal 4 Students will demonstrate mature information literacy skills and critical thinking skills as they engage in processes of inquiry and explanation.

- 4.1 Students will determine what information is needed and demonstrate the ability to locate, evaluate, and effectively use appropriate sources.
- 4.2 Students will demonstrate critical thinking skills evidenced by the ability to comprehend, integrate, evaluate and interpret artifacts, events, ideas, and arguments.
- 4.3 Students will be able to construct, support, and defend original arguments and explain how their arguments fit within a wider body of scholarship.

Goal 5 Students will demonstrate effective communication skills.

- 5.1 Students will demonstrate written communication that exhibits correct use of grammar and clarity of style as well as competency in a variety of forms of written expression.
- 5.2 Students will demonstrate competency in oral communication skills, including listening, audience-focused speaking, and critical thinking.

Goal 6 Students will demonstrate effective leadership skills.

- 6.1 Students will demonstrate a commitment to becoming engaged, critical, and responsible members of civil society, with the ability to test various lenses for viewing the world around them, and to think through the most pressing moral and political questions that they encounter every day.

College of Business and Management

Message from the Dean

Welcome to Hope International University's College of Business and Management.

There are two beliefs that define the College of Business and Management at Hope International University. The first is that God's kingdom – the church, the world, and all that is in it – needs competent Christian leaders. The second is that business is and should be a mission field for those who are called to the profession of business.

Today's challenging business environment increases the demand for business executives who understand the constantly changing nature of business and how organizations must adapt in order to maintain their competitive advantage. Because of this, Hope International University's undergraduate and graduate programs have been designed to equip business students with the skills necessary to manage, develop, and lead organizations.

At HIU, you will find a rigorous curriculum that prepares students for the real business world. However, the students we develop approach that world very differently; with an emphasis on how Jesus would have them manage, develop and lead.

Both our undergraduate and graduate programs include the vital aspect of addressing the spiritual nature of humankind, as our professors integrate their Christian faith into the learning process. This offers a holistic learning experience that goes beyond the classroom or online

environment. Our graduate faculty members are outstanding scholars and business professionals who bring many years of business experience to the learning environment. This yields business professionals who are well-rounded and better prepared to engage the world of business with all the knowledge and tools they will need to lead their organizations.

We recognize that leadership today looks very different than yesterday. The tools of traditional management just won't work. What works is for students to look beyond the organization, recognizing the boundaries are unclear, situations and problems are complex and uncertain, yet happen in real-time and are dynamic. Leadership is no longer hierarchical and managerially focused, but it is distributed and is management and leadership focused; it is servant-leadership. Today's organizations require more than knowledge, they require a team member who understands how to think, act and lead. As such, the College of Business and Management is focused on preparing students to do just that.

We know the value of Christian Business leaders. God wants Christians in management and leadership just as He wants them in the pulpit. There is no part of society that is exempt from God's call. There is a growing realization that business is needed in God's economy as well as in the world's economy. Through our program content and the expertise of our faculty, our College helps to meet this need.

A. LaSharnda Beckwith, Ph.D.
Dean, College of Business and Management

CBM Mission Statement

We are committed to helping our students become competent Christian managers who will serve God and His kingdom.

Goals

1. **Knowledge:** Prepare students with theoretical and practical knowledge of the internal operations and management of businesses and other organizations, and of the economic, market, and cultural environments within which such organizations operate.
2. **Skills:** Develop within students the leadership, communication, interpersonal, and analytical skills necessary for the effective and efficient management of businesses and other organizations.
3. **Integration of Faith and Profession:** Develop within students the ability and desire to effectively integrate Christian faith into the practice of management.

Objectives

1. **Context:** The student will demonstrate an understanding of the social, legal, economic and global environments in which businesses and nonprofit organizations function.
2. **Purpose:** The student will demonstrate knowledge and an understanding of the purposes of businesses and nonprofit organizations and the characteristics of effective organizational leadership and management, especially from a Christian worldview and in the service of God's Kingdom.
3. **Management Tasks:** The student will demonstrate a working knowledge of typical operational tasks within businesses and nonprofit organizations, including financial and quantitative analysis, tactical and strategic planning, management of human resources, marketing and information management.

4. **Interpersonal Skills:** The student will demonstrate effective interpersonal skills appropriate to the business environment, including written and oral communication, critical thinking and argumentation, negotiation, and conflict resolution.
5. **Research and Analysis:** The student will demonstrate the ability to research and analyze typical challenges confronting businesses and nonprofit organizations, solve problems through critical analysis, and understand the process for developing policy decisions. This includes demonstrating the effective use of information technology to access, evaluate and use information.
6. **Faith Integration:** The student will demonstrate the ability to integrate Christian ethics into the practice of management.
7. **Intercultural Skills:** The student will demonstrate an understanding of the knowledge and skills needed to live, work and minister effectively in a culture other than their own.
8. **Evangelistic Skills:** The student will demonstrate an understanding of the skills and competencies necessary to effectively witness for Christ to others directly, indirectly and holistically in a cross-cultural context both through business and personal interactions.
9. **Professional Specialization:** The student will demonstrate an understanding of the primary areas of specialized knowledge in his or her chosen concentration within the program: management, nonprofit organizations, international development, or marketing.

Academic Programs

Undergraduate Bachelor of Arts Degree

Business and Management

The Business and Management program provides integrated knowledge of the functional areas of business and introduces the student to the complexities of today's diverse organizational environment. The intent is to prepare the student for a high level of performance in business or nonprofit organizations. Christian ethics are integrated throughout the program to give the student a basis for understanding and addressing contemporary social, moral and ethical issues facing the management professional. The Business and Management program also provides a firm foundation for the student who desires to pursue academic training beyond the bachelor's degree.

Students may select one of four concentrations offered in Hope International University's undergraduate Business and Management program:

General Management: The Management concentration provides students with the opportunity to select five courses (*15 units*) in various aspects of the field of management. This permits some degree of specialization within the overall field of management to support specific student career interests.

Accounting: The Accounting concentration requires the completion of six courses (*18 units*) in various aspects of accounting and auditing. This concentration is appropriate for students anticipating a career in accounting or finance, including students seeking appropriate undergraduate preparation for eventual pursuit of a CPA certification.

Marketing: The Marketing concentration provides students with the opportunity to select five courses (*15 units*) in various aspects of marketing, market research, advertising and sales.

Sport Management: This concentration provides a more specialized focus on interests and opportunities in the sports industry. By selecting five courses (*15 units*) in this concentration, students learn the business of sports management while remaining grounded in fundamental business and management principles.

(Other concentrations, such as Finance and Management Information Systems, may be taken as Contract Concentrations in cooperation with California State University, Fullerton. Students interested in such

concentrations should contact the Chair of the Business and Management Program.)

Program Learning Objectives

At the conclusion of the Business and Management program:

1. Context The student will demonstrate an understanding of the social, legal, economic and global environments in which businesses and nonprofit organizations function.
2. Purpose The student will demonstrate knowledge and an understanding of the purposes of businesses and nonprofit organizations and the characteristics of effective organizational leadership and management, especially from a Christian worldview and in the service of God's Kingdom.
3. Management Tasks The student will demonstrate a working knowledge of typical operational tasks within businesses and nonprofit organizations, including financial and quantitative analysis, tactical and strategic planning, management of human resources, marketing and information management.
4. Interpersonal Skills The student will demonstrate effective interpersonal skills appropriate to the business environment, including written and oral communication, critical thinking and argumentation, negotiation, and conflict resolution.
5. Research and Analysis The student will demonstrate the ability to research and analyze typical challenges confronting businesses and nonprofit organizations, solve problems through critical analysis, and understand the process for developing policy decisions. This includes demonstrating the effective use of information technology to access, evaluate and use information.
6. Faith Integration The student will demonstrate the ability to integrate Christian ethics into the practice of management.

Cross-Cultural Business Administration

The Cross-cultural Business Administration program is an interdisciplinary program intended for students who wish to engage in missionary service with a foundation in business and management. It incorporates key elements of the more general Business and Management major (*above*) with the essential components of the Intercultural Studies major (*see Pacific Christian College of Ministry and Biblical Studies*). Conditions and trends in the global mission field have created opportunities for “business as mission” that are **not** open to more traditional missions-only approaches. Beyond providing economic support for mission work, making a contribution to a local society in a business or nonprofit organization also provides credibility to the missionary/manager. Specific learning objectives for this program are as follows:

Program Learning Objectives

At the conclusion of the Cross-Cultural Business Administration program:

1. **Context** The student will demonstrate an understanding of the social, legal, economic and global environments in which businesses and nonprofit organizations function.
2. **Purpose** The student will demonstrate knowledge and an understanding of the purposes of businesses and nonprofit organizations and the characteristics of effective organizational leadership and management, especially from a Christian worldview and in the service of God’s Kingdom.
3. **Management Tasks** The student will demonstrate a working knowledge of typical operational tasks within businesses and nonprofit organizations, including financial and quantitative analysis, tactical and strategic planning, management of human resources, marketing and information management.
4. **Interpersonal Skills** The student will demonstrate effective interpersonal skills appropriate to the business environment, including written and oral communication, critical thinking and argumentation, negotiation, and conflict resolution.
5. **Research and Analysis** The student will demonstrate the ability to research and analyze typical challenges confronting businesses and nonprofit organizations, solve problems through critical analysis, and understand the process for developing policy decisions. This includes demonstrating the effective use of information technology to access, evaluate and use information.
6. **Faith Integration** The student will demonstrate the ability to integrate Christian ethics into the practice of management.
7. **Intercultural Skills** The student will demonstrate an understanding of the knowledge and skills needed to live, work and minister effectively in a culture other than their own.

8. **Evangelistic Skills** The student will demonstrate an understanding of the skills and competencies necessary to effectively witness for Christ to others directly, indirectly and holistically in a cross-cultural context both through business and personal interactions.

Transition to a Master's Degree Hope International University occasionally allows senior undergraduate students to enroll in master's courses. HIU allows a maximum of 15 graduate units to apply to a bachelor's degree. The University allows a maximum of 9 graduate units to apply to both a master's degree and a bachelor's degree. Accordingly, the College of Business and Management strongly encourages seniors to complete graduate courses and apply them to their undergraduate degree. In this way, students may complete their bachelor's degree while getting a "head start" on a master's program. To explore the possibility of

participating in such “transition courses,” speak with your Business Administration Department Chair or academic advisor. Students enrolled in a HIU bachelor’s program may complete such “transition courses” at the undergraduate tuition rate.

For students seeking to “transition” into a master’s program in Business, the faculty recommends:

Graduate Programs in Business and Management
Master of Business Administration (M.B.A.)
Master of Science in Management (M.S.M.)

The College of Business and Management offers two graduate degree programs:

- Master of Business Administration (M.B.A.)
- Master of Science in Management (M.S.M.)

Program Learning Objectives for the M.B.A. and M.S.M. Programs

At the conclusion of the graduate management program:

1. **Leadership:** The student will demonstrate an understanding of the unique role which Christian managers of for-profit and not-for-profit organizations play in leading their organizations, particularly in seeing themselves as servant leaders and ethical decision makers; in integrating their faith into their organization’s policies, programs and practices, and in serving their stakeholders holistically.
2. **General Management Concentration:** The student will demonstrate an understanding of the challenges of effectively managing businesses and people in the context of their unique cultural and behavioral environments, and today’s complex legal environment.
3. **Non-Profit Management Concentration:** The student will demonstrate an understanding of the unique nature of non-profit organizational governance, leadership and capital sourcing in contemporary societies, both domestic and international.

4. **Marketing Management Concentration:** The student will demonstrate an understanding of how to develop and manage an effective, well-researched marketing strategy for a business' domestic or global markets.
5. **International Development Concentration:** The student will demonstrate an understanding of key aspects of self-sustaining, self-perpetuating development and the creation of for-profit and non-profit organizations to achieve individual and community self-sufficiency.
6. **Strategic Decision Making:** The student will demonstrate an understanding of strategic management and decision making for either for-profit or not-for-profit organizations in today's globalizing world.
7. **Research and Analysis:** The student will demonstrate the ability to research and analyze typical challenges confronting for-profit or not-for-profit organizations, solve problems through critical analysis, understand the process for developing policy decisions, and effectively use information technology to access, evaluate and use information.

Master of Business Administration (M.B.A.)

M.B.A. Program Overview The Master of Business Administration program equips students with knowledge, capabilities, and entrepreneurial skills necessary for operating their own business, gaining promotion to upper and top management in corporate and public settings, and entering doctoral-level studies. The coursework also promotes personal and spiritual growth by emphasizing Christian values, ethical principles, and effective interpersonal communications in diverse settings.

Dual Degree: Master of Arts in Ministry & Master of Business Administration

Dual Degree Program Overview. The Dual Master of Arts in Ministry with a concentration in Christian Administration along with the Master of Business Administration is designed for bridging the gap between ministry and business. It combines the strengths of the two degrees by providing expertise for church and parachurch ministry as well as business and non-profits. Each degree is normally a 36 unit degree. Taken separately, this would amount to 72 units. However, students who enrolled in the dual-degree program have the opportunity to reduce their coursework by 25% and will complete their combined degrees in 54 units. M.A. in Ministry students can only enroll in the Christian Administration degree, but M.B.A. students may select from a variety of concentrations (listed below).

Application for Dual-Degrees. Students who wish to earn a dual-degree must apply for the dual-degree during their initial admission's process in order to ensure that the students fulfill the proper prerequisites and take the proper courses.

Process. The student will be enrolled in one degree at a time and will take the degrees sequentially, not in parallel. Students are responsible for the prerequisites for whichever degree they are currently enrolled. Students can only take the specifically listed dual-degree classes and cannot take additional classes beyond the three overlap classes from the other college. The student will pay the tuition rate for the degree program that they are currently enrolled. The student must complete the first degree before being enroll in their second degree. Once they have completed their first degree, 18 units will be transferred into the second degree, and they will complete the last 18 units to obtain their second degree.

Transfer Credit. For students who have prior theological or business training, upon approval from the chair or dean of the respective programs, students may substitute an elective for a required course if they have previously taken the course in another program. All but a maximum of 9 units for a master's degree or credential must be completed at HIU. Students may not transfer 9 units for each program, but they may distribute their transfer units between the two degrees. Fulfilling the prerequisites for each program does not count toward the 9 units.

DUAL MASTER OF ARTS IN MINISTRY REQUIREMENTS

The Dual Master of Arts in Ministry has a concentration of Christian Administration Concentration which prepares students for effective

ministry of servant-leadership, with a missional heart, springing from the bases of Scripture, spiritual formation, service in context, and professional skills. This degree is designed for adult learners who are currently in professional ministry and seek to bolster ministry skills with further specialized education. The degree may be customized by students to incorporate selected coursework which is especially relevant to their ministry setting. The following are the requirements for the Master of Arts Degree with a concentration in Christian Administration. The single-concentration degree consists of 36 units of study, which includes a minimum of 9 units of Skills courses within one concentration.

College of Education

Message from the Dean

Thank you for your interest in Hope International University, College of Education. It is my pleasure to welcome you to what we trust will be a rewarding and life-changing experience. Your incredible journey over the next few years will prepare you to be a highly qualified and effective educator.

We are proud of the program that we offer at HIU. Our graduates have distinguished themselves as teachers and administrators in both local public and private schools as well as throughout the United States and the world.

The HIU College of Education is notable for:

- Small classes taught by outstanding faculty, many of whom are veteran practitioners in Orange County public and private schools
- Comprehensive, innovative instructional materials and textbooks, reviewed each year to ensure students receive the most up-to-date curriculum
- One-on-one mentoring for all students in both HIU's teacher and administrative credential programs
- Partnership opportunities for student teaching and administrative fieldwork with the finest schools systems in California
- Courses designed specifically to align with our students' time including evening and online courses
- International student opportunities including an intensive academic English language program

We enthusiastically welcome you into our HIU family! We pledge to work with you in a nurturing and collaborative way and to provide you with the tools necessary to become an outstanding servant-leader, professional, and difference-maker in the public or private school setting.

Please do not hesitate to contact me if you have any questions.

Doug Domene, Ed.D.
Dean, College of Education

CE Mission Statement

In support of HIU's mission, the College of Education exists to prepare highly effective Christian educators who, through servant leadership, are able to demonstrate faith integration within all aspects of learning.

Goals

The College of Education will impact the world for Christ by meeting the following goals:

1. Prepare effective and committed servant leaders for public and private schools who 1) are reflective scholar practitioners, (b) have mastered the content of their discipline, 2) are able to link content and research-based pedagogy and 3) are passionate about the teaching profession.
2. Recruit and retain a culturally diverse student population who reflect California's diversity.
3. Provide personal, professional and career advisement for students in all programs.
4. Monitor and modify the quality of programs to address the changing needs of a diverse 21st century Preschool-Grade 14 (P-14) school community to remain current, relevant, and data-driven.
5. Develop and implement internationally recognized English-as-Second Language (ESL) program.

Objectives

1. Students will demonstrate essential subject matter knowledge and skills in the art of teaching and the science of learning.
2. Students will exhibit the skills needed to plan and deliver instruction, manage resources, evaluate student learning and guide student discipline.
3. Students will exemplify an understanding of diversity by addressing the wide spectrum of student needs through differentiated instruction.
4. Students will demonstrate responsible Christian servant leadership and be able to effectively articulate the Christian worldview.
5. Students will engage in the process of professional scholarship.

Academic Programs

Undergraduate Bachelor of Arts Degree

Liberal Studies: Teacher Preparation

Recognizing the influence of well-prepared education professionals in the Church and society, the purpose of the Liberal Studies: Teacher Preparation program is to build not only the broadest possible base of knowledge, but also to strengthen leadership and communication skills and integrate knowledge and skills with Christian faith. The program offers students intellectual and cultural breadth as a strong foundation for becoming effective classroom teachers in public, private, and other educational institutions (preschool-Grade 12). The Liberal Studies: Teacher Preparation program is a 4-year, 122-unit Bachelor of Arts degree program. Students who complete this course of study can transition to a graduate program to earn a Preliminary Multiple Subject Teaching Credential, Preliminary Single Subject Credential, or Master of Education (M.Ed.)

Transition to a Master's Degree and California Teaching Credential Hope International University allows junior and senior undergraduate students to enroll in master's degree program courses. The University allows a maximum of nine (9) graduate units to apply to both a master's degree and a bachelor's degree. Accordingly, the College of Education strongly encourages juniors and seniors to complete graduate courses and apply them to their undergraduate degree. In this way, students may complete their bachelor's degree while completing requirements for a master's degree program. To explore the possibility of participating in such "transition courses," speak with your department chair or academic advisor. Students enrolled in a HIU bachelor's degree program may complete such "transition courses" at the undergraduate tuition rate.

For Liberal Studies: Teacher Preparation students seeking to "transition" into a master's program in Education or a California teaching credential, the faculty recommends:

EDU5820	Introductory Practicum for Elementary Teachers.....3
EDU5821	Introductory Practicum for Secondary Teachers.....3
EDU6509	The Adolescent Learner (<i>for Secondary Ed.</i>)3

Program Goals

1. Students will become effective teachers and leaders.

2. Students will appreciate the diversity of students.
3. Students will live their faith in their classrooms.

Program Objectives

1. Students will demonstrate competence in foundational subject matter of education.
2. Students will establish a research-based pedagogical approach that addresses instructional strategies, assessment and classroom management.
3. Students will develop an appreciation for diversity of culture, language, individual learner differences, and individual strengths and abilities.
4. Students will demonstrate a philosophy of education that integrates Christian faith and exhibits Christian leadership and professional practices.
5. Student will articulate and support a personal theory of learning by engaging in professional scholarship.

The Bachelor of Arts degree requires a minimum of 122 units of designated coursework, which can typically be completed in four years of successful full time enrollment. The Liberal Studies: Teacher Preparation degree consists of three main parts: 1) 62 units of general education; 2) 24 units of specified major courses in Education; 3) 36 units of concentration courses in either Early Childhood Education, Elementary Education (which includes 9 units of Free Electives), Secondary Education: English, Secondary Education: Social Science, or a Secondary Education: Customized concentration developed with an advisor.

Online Undergraduate Bachelor of Arts Degree

Liberal Studies: Teacher Preparation

Recognizing the influence of well-prepared education professionals in the Church and society, the purpose of the Liberal Studies: Teacher Preparation program is to build not only the broadest possible base of knowledge, but also to strengthen leadership and communication skills and integrate knowledge and skills with Christian faith. The program offers students intellectual and cultural breadth as a strong foundation for becoming effective classroom teachers in public, private, and other educational institutions (*preschool-Grade 12*). The Liberal Studies: Teacher Preparation program is a 5 semester, 120-unit Bachelor of Arts degree program. Students who complete this course of study can transition to a graduate program to earn a Preliminary Multiple Subject Teaching Credential, Preliminary Single Subject Credential, or Master of Education (*M.Ed.*) The Liberal Studies: Teacher Preparation degree consists of three main parts: 1) 49 units of general education; 2) 24 units of specified major courses in Education; 3) 36 units of concentration courses in either Early Childhood Education, Elementary Education (which includes 20 units of Free Electives), Secondary Education: English, Secondary Education: Social Science, or a Secondary Education: Customized concentration developed with an advisor.

Transition to a Master's Degree and California Teaching Credential Hope International University allows junior and senior undergraduate students to enroll in master's degree program courses. The University allows a maximum of nine (9) graduate units to apply to both a master's degree and a bachelor's degree. Accordingly, the College of Education strongly encourages juniors and seniors to complete graduate courses and apply them to their undergraduate degree. In this way, students may complete their bachelor's degree while getting a "head start" on a master's degree program. To explore the possibility of participating in such "transition courses," speak with your department chair or academic advisor. Students enrolled in a HIU bachelor's degree program may complete such "transition courses" at the undergraduate tuition rate.

For Liberal Studies: Teacher Preparation students seeking to "transition" into a master's program in Education or a California teaching credential, the faculty recommends:

Pacific Christian College of Ministry and Biblical Studies

Message from the Dean

As Jesus is the head of the church, so is he the head of Hope International University. As the Gospel is to be lived out in the world, so Ministry is the heartbeat of Hope International University. As Scripture is God's expression of love to us, so the Bible is the lifeblood of Hope International University.

Our university believes in the priesthood of all believers. This statement means that all Christians are ministers regardless of their occupations. However, Pacific Christian College of Ministry and Biblical Studies exists to train professional leaders for church and parachurch ministry.

Our philosophy is one of education and experience. We stress analytical thinking about life, ministry, theology, and Scripture. You will be challenged and stretched as you dig into the Biblical text. You will be educated experientially as well as academically. An extensive practicum is expected in your chosen area of ministry. You will be mentored and have hands-on experience. The classroom and 'real world' will be married in a harmonious manner.

My hope is that you will share your journey with us. My hope is that you will let us share our journey with you. My dream is that you fulfill your dreams. Welcome to *Hope!* Welcome to Pacific Christian College of Ministry and Biblical Studies!

Joseph C. Grana II, D.Min.
Dean and Professor of Biblical Studies

PCCMBS Mission Statement

Pacific Christian College of Ministry & Biblical Studies empowers students through Christian higher education to serve the Church and impact the world for Christ.

Goals

1. Students will demonstrate a growing appreciation for knowledge of the Bible by the application of its truths for discipling the nations.
2. Students will demonstrate a deepening commitment of service to the Church as an instrument of God's will in the world.
3. Students will demonstrate preparedness for more demanding biblical studies at the graduate level and/or preaching/teaching ministry with a congregation or parachurch organization.
4. Students will demonstrate a growing Christ-likeness manifested in a lifestyle of service and maturity.

Objectives

1. **SCRIPTURE** - Students will demonstrate accurate knowledge of Scripture, a strong exegetical approach to Scripture, and competence in appropriate application of the text.
2. **SERVICE** - Students will demonstrate the capacity to serve contextually the mission of Christ, embracing the concepts of servant leadership.
3. **SPIRITUAL FORMATION** - Students will demonstrate increasing awareness of the Presence of Christ and an increasing conformity to the character of Christ with a perspective of the priesthood of all believers.
4. **SKILLS** - Students will demonstrate competence in their chosen area of ministry.

The College offers seven Major Studies Programs.

- Biblical Studies
- Church Ministry
- Children and Family Ministry
- Intercultural Studies
- Worship Arts
- Youth and Family Ministry
- Christian Ministry

Students desiring to declare a Major in the College of Ministry & Biblical Studies must complete a formal application process and be approved by the Church Ministry faculty. This process includes:

1. Enrolling in CHM3802 Pastoral Ministry I
2. Completion of a self-evaluation questionnaire
3. Confidential references from:
 - a. Parents (or Church Leader if no longer living at home)
 - b. Pastor
4. A formal Entrance Interview with the Church Ministry faculty. A student may “declare an intent” to be a Church Ministry Major when entering as a freshman, thus meeting with an advisor and beginning some preliminary course work. An exit interview may be required during the senior year prior to graduation. All students of the Church Ministry Department must achieve a 2.5 grade point average in all of their major studies courses to qualify for graduation. This requirement will be monitored by the University Registrar. Additional course work may be required to meet this standard.

The College of Ministry & Biblical Studies is firmly convinced that a student should continue beyond a B.A. The College’s faculty believes an M.A. degree is often entry level into ministry. Our program is designed to lead into a graduate program. The student is well prepared for graduate study with the B.A. earned in any of the majors offered by the College of Ministry & Biblical Studies.

Bachelor of Arts Degree

Biblical Studies Major

The purpose of the Biblical Studies of Pacific Christian College is to equip students to develop a Christian concept of leadership through a lifetime of Bible study and application. This major fosters development of exegetical skills as an important component of this purpose and encourages students' commitment to regular use of scripture as the basis for faith and work. Such study facilitates the accomplishment of the mission of the University. This department serves the entire student body in all degree programs by providing foundational courses in biblical studies for the Leadership and Ethics Core. For those desiring a more extensive study of scripture, Pacific Christian College offers a Biblical Studies Major designed for students seeking careers in ministry, teaching, or graduate study of Bible and Theology.

Major Strategies

1. Students will demonstrate a growing appreciation for knowledge of the Bible by the application of its truths for discipling the nations.
2. Students will demonstrate a deepening commitment of service to the Church as an instrument of God's will in the world.
3. Students will demonstrate preparedness for more demanding biblical studies at the graduate level (*anticipating a career in the field*), and/or preaching/teaching ministry with a congregation or parachurch organization.
4. Students will demonstrate a growing Christ-likeness manifested in a lifestyle of service and maturity.

Church Ministry Major Requirements: Track 2

This course of study is for selected students at selected churches. Under this program the student will spend three years at the University and one full year at a designated church. Up to thirty-six units will be credited for this church experience utilizing qualified staff members as Adjunct Faculty. Twelve units that would otherwise be free electives for the student are instead dedicated to the major studies requirements in this program.

Students must apply for this program and receive the approval of the Dean of Pacific College of Ministry & Biblical Studies and the College Faculty. It is ideal for the student to make this application during his/her first year at the University.

Presently, this program is approved only at Central Christian Church, Henderson, NV, Central Christian Church, Mesa, AZ and Mt Rainier Christian Church, Tacoma, WA.

Intercultural Studies Major

Today's students will live and work in an increasingly multicultural and religiously plural world. The Intercultural Studies Major at HIU offers students intercultural skills and competencies to succeed in negotiating the shifting boundaries of culture in our contemporary world.

The Intercultural Studies Major prepares students for various intercultural careers in the following areas:

- **Traditional Christian mission related ministry careers:** Intercultural mission worker involved in church planting, Bible translation or leadership training; Intercultural church staff overseeing mission, outreach, benevolence and/or global ministries; Christian mission agency administrative roles; Short-term mission trip coordinator for a church or agency. **Preparation for graduate studies in:** theology, intercultural studies, ministry, Bible translation, Religion.
- **Intercultural social service careers:** Non-profit organization staff/director; International relief and development programs; Social welfare; Refugee resettlement; Language interpretation services. **Preparation for graduate studies in:** non-profit management, business administration, development studies, disaster response.
- **Educational careers:** International student services; Bilingual and multicultural education; Teacher/House parent at private international schools; English teacher outside of the US; ESL/EFL. **Preparation for graduate studies in:** intercultural communication, linguistics, education, ESL/EFL.
- **Public Foreign Service and private business careers:** US Government (*Department of State*) employee; Language translation specialist; Intercultural business trainer; International business entrepreneur. **Preparation for graduate studies in:** international relations, international law, international business.

ICS is an interdisciplinary major that includes the fields of cultural anthropology, intercultural communication, missiology, practical ministry and biblical studies. As an interdisciplinary degree that serves as the foundation for multiple career paths, there is flexibility for students to combine Intercultural Studies with other disciplines in the University. Regardless of the career choice of the student, from ministry to international business, understanding of and participation in God's mission is the primary goal of the program.

ICS students may complete the general Intercultural Studies major or, in consultation with their faculty academic advisor, plan to focus on any of the following areas through **specialized concentrations**:

- Intercultural Studies Children and Family
- Intercultural Studies Youth and Family
- Missions
- Communication
- Cross-cultural Education
- Urban Studies
- Religious Studies
- Linguistics

Field Practicum Requirement

ICS students will also be required to complete an eight-month field practicum in context (local or international) commensurate with their career goals.

Strategies:

1. Every student should be able to demonstrate a knowledge and understanding of the theological, historical, sociological, anthropological, and linguistic issues of intercultural relations.
2. Every student should be able to demonstrate an understanding of the mission and purpose of the church in light of the priesthood of all believers.
3. Every student should be able to demonstrate a personal responsibility for the mandate given by the Lord Jesus Christ to make disciples of every nation.
4. Every student should demonstrate an increased capability with linguistic and cultural frameworks.
5. Every student should demonstrate Christian perspectives towards intercultural issues and problems.

Youth and Family Ministry Major

The Youth and Family Ministry major is designed to provide students with the knowledge, tools and resources to effectively minister to youth and families in today's rapidly changing culture. Coupled with a strong Bible curriculum, the youth and family major will help students learn to be students of cultural, technological, psychosocial, and developmental trends which will help the student develop effective ministry in any setting. The program aims to help students establish a solid foundation for ministry in the local church or parachurch ministries as well as preparation for graduate studies in a variety of theological and ministry related fields.

Students in the Youth and Family major are required to complete a minimum of 300 field practicum hours (*connected to the Pastoral Ministry Class*) in a Youth or Family ministry setting. These are wonderful opportunities to work with and network with a variety of professionals in the field of youth and family ministry in local church settings. Students are encouraged to be involved in ministry settings during their degree program to help make real life application.

Bachelor of Music Degree

Worship Arts Major

The Bachelor of Music (*B.Mus.*) degree is a 122 unit program of study focused on training and equipping worship leaders, musicians, vocalists, arrangers, producers, and music pastors to serve the Church worldwide. Graduates of the program will be well prepared to take key leadership roles, using the gift of music to enhance and invigorate church services and to lead people to God through worship.

The Bachelor of Music curriculum is designed to prepare students for careers in music ministry and performance. Students can choose between a traditional or contemporary music emphasis. Graduates who successfully complete this degree will be prepared to enter graduate school or a wide variety of ministry and music industry careers.

In preparation for this program, the high school student should participate in as many of these activities as possible: bands, orchestras, choirs, theory classes, piano lessons, dramas, musicals, and other live performance ministry opportunities.

Major Strategies:

To give students the essential knowledge, practical skills, and spiritual foundation needed for effective service as a worship leader or music pastor in a local congregation.

1. The student will demonstrate the broad spectrum of musical skills needed to be a highly effective worship leader/arranger/producer.
2. The student will demonstrate the biblical knowledge, pastoral, and relational skills needed to be a music pastor in a local congregation.
3. The student will demonstrate the personal character and spiritual maturity needed to be an impactful leader in the church and the music industry at large.

Program Requirements:

1. Admissions requirement: All students desiring to major in Worship Arts must complete the Entrance Interview, which includes an in-person audition in the area of major emphasis, such as voice, guitar, piano, etc. Students should prepare two pieces in contrasting mood so that they may demonstrate their skills as a potential music major.
2. Applied Music requirement: All Worship Arts majors are to specialize in either vocal performance, instrumental solo performance, or keyboard performance. A Junior Recital (30 minutes) will be required of all Worship Arts majors who are approved for this course of study.

A full recital (60 minutes) will be required of all Senior Worship Arts majors as directed by the Music Faculty. Contact the Department of Music for the requirements for all recitals. Those approved may choose a Senior Project in place of the Senior Recital. Projects will be chosen from the following: a Conducting Project, a Production Project, or a Sacred Concert Project. Contact the Department of Music for the requirements for all projects.

- Satisfactory participation in a performing ensemble is required of all full-time Worship Arts majors in at least 7 semesters of study.

Policy for Extra Unit and Private Lesson Charges for Music Majors

Because the Music/Worship Arts degree program requires substantially more units for completion than other degree programs, Music Majors will be given an exception in regard to the current policy which states that students registered for more than 17 units will be charged an extra tuition fee for units 18 and above.

Music Majors will be allowed to take an 18th unit of study each semester without being charged the extra tuition fee.

If the 18 units include Private Lesson registration, the student is still exempt from any extra tuition charges for the 18th unit, but is required to pay the Private Lesson Fee for every unit of Private Lessons.

Private Instruction Ensemble Discount

Students enrolled in the following ensembles are to receive a 10% discount per ensemble for their private lessons. They may receive up to a total of 30% in discounts.

Ensembles:

HIU Praise Team - MUS1360	Percussion Ensemble - MUS1801
HIU Praise Choir - MUS1350	Vocal Ensemble - MUS3100
Spring Musical – MUS1120	Jazz Ensemble – MUS1325

- Students enrolled in any ONE of the above ensembles receive 10% off their private instruction fees
- Students enrolled in any TWO of the above ensembles receive 20% off their private instruction fees
- Students enrolled in any THREE of the above ensembles receive 30% off their private instruction fees

Online Undergraduate Bachelor of Science Degree

Christian Ministry Major

Christian Ministry Program Overview The College of Ministry and Biblical Studies offers its Christian Ministry Major completely online. This program helps men and women increase their understanding of Scripture, develop practical skills for various church leadership roles, prepare for professional Christian ministry, and/or pursue graduate studies in the field. Typically, about three-quarters of ministry students are already involved in volunteer or vocational ministry. They come to Hope International University to deepen their theological roots, strengthen their relationship with the Lord, and develop their ministry gifts.

The Christian Ministry Major is firmly grounded in God's ongoing effort to draw all nations to Himself. This divine mission gives purpose and guidance to every ministry we perform. Since 21st century ministry settings are more multicultural than ever before, the program incorporates contemporary approaches for engaging diverse groups in creative and culturally relevant ways. The Christian Ministry Major equips students to think and act "globally"—that is, to plan and carry out their local ministries in the context of God's global purpose.

For the Apostolic School of Theology (AST) version of the Christian Ministry program, see the Institutes section of this catalog (below).

ABHE and WSCUC Accreditation In February 2006, the University secured programmatic accreditation of its Christian Ministry Major from the Association for Biblical Higher Education (ABHE). This additional professional accreditation supplements HIU's regional accreditation by the WASC Senior College and University Commission (WSCUC).

Dual Credit and Transition to a Master's Degree Hope International University occasionally allows senior undergraduate students to enroll in master's courses. HIU allows a maximum of 15 graduate units to apply to a bachelor's degree. The University allows a maximum of 9 graduate units to apply to both a master's degree and a bachelor's degree. Accordingly, HIU strongly encourages juniors and seniors to complete graduate courses and apply them to their undergraduate degree. In this way, students may complete their bachelor's degree while getting a "head start" on a master's program. To explore the possibility of participating in such "transition courses," speak with your Department Chair or academic advisor. Students enrolled in a HIU bachelor's program may complete such "transition courses" at the undergraduate tuition rate. Dual credit students must have a 3.0 minimum GPA, be a junior or senior (or have Dean's approval), and meet instructor's approval. A maximum of four students may be dual enrolled per GRAD course. Students may transfer up to 9 units into the Graduate Program. There are two ways to receive dual credit.

1. Take the GRAD class. For OUG or TUG students, they can enroll and participate in the online GRAD course. This GRAD course would serve for dual credit (this functions like other partner schools).

2. Take the TUG class. For TUG students, they can enroll in the GRAD course code, but attend their usual TUG class. The instructor will assign additional work for students to receive dual credit (this requires a 16 week course listed in Campus Vue).

The following charts show where these courses specifically apply to both the undergraduate programs and the Graduate Ministry Programs.

Requirements for Graduate Credit for OUG Classes

OUG (*Online Undergraduate*) students must enroll in the GRAD class listed below in order to receive dual credit.

The instructor will provide a 1 page addition to the syllabus which outlines the additional work required for graduate credit. The student understands they must complete all the work and cannot revert to the TUG course after the add/drop deadline.

Graduate Programs in Ministry

History and College Mission

The Graduate Ministry Program commenced in 1974 and serves the church by preparing men and women for the work of ministry. The mission of Pacific Christian College of Ministry and Biblical Studies is to empower students through Christian higher education to serve the Church and impact the world for Christ.

Graduate Ministry Program Objectives

The mission of Pacific Christian College of Ministry and Biblical Studies is to empower students through Christian higher education to serve the Church and impact the world for Christ. In light of this, the goal of the Graduate Ministry Program is to give biblical context for ministry while keeping students in the context of ministry. This goal helps students to avoid making an artificial distinction between theory and practice. We believe that deepening the knowledge and skills base of students is most effective when students are able to immediately apply their learning to their ministry contexts.

Master of Arts Program Learning Objectives By the end of the Masters of Arts program, students will master the following objectives:

1. **SCRIPTURE AND THEOLOGICAL DEVELOPMENT** - Students will demonstrate accurate knowledge, strong exegesis, and appropriate praxis of Scripture and a sound biblical theology.
2. **SERVICE IN CONTEXT** - Students will demonstrate servant leadership and the capacity to contextually serve the mission of Christ in the church and world.
3. **SPIRITUAL AND PERSONAL FORMATION** - Students will demonstrate both spiritual and personal maturity through an increasing awareness of the presence of Christ and conformity to the character of Christ with a perspective of the priesthood of all believers.
4. **SKILLS FOR MINISTRY** - Students will demonstrate effective and practical ministry skills in their concentration.

Master of Divinity Program Learning Objectives By the end of the Master of Divinity program, students will master the following objectives:

1. **SCRIPTURE AND THEOLOGICAL DEVELOPMENT** – Students will demonstrate accurate knowledge of the Bible in light of its historical context, a clear understanding of Christian beliefs, strong hermeneutics and exegesis in light of original languages, and application in light of the current cultural context.
2. **SERVICE IN CONTEXT** – Students contextualize servant leadership as they serve the mission of Christ in the church and the world.
3. **SPIRITUAL AND PERSONAL FORMATION** – Students integrate spiritual and personal maturity through conformity to the character of Christ with a perspective of the priesthood of all believers.
4. **SKILLS FOR MINISTRY** – Students are equipped with the essential skills of ministry including conducting church ordinances and worship as well as organizational and spiritual leadership.

Graduate Ministry Degrees

Graduate Ministry Programs In addition to the undergraduate B.A. and B.S. in Christian Ministry and Biblical Studies Certificate (*undergraduate*), the College currently offers the following online degree program:

- Master of Arts in Ministry Single Concentration (36 units)
- Master of Arts in Ministry Dual Concentration (42 units)
- Master of Divinity (72 units)
- Dual Degree: Master of Arts in Ministry and Master of Business Administration (54 units)

In addition, the College offers the following on-ground degree:

- Master of Church Music: Korean Track (37 units)

For each of the online degrees, a student may specialize in one of the following concentrations:

- **Biblical Studies** (*M.A. only*) This concentration focuses on biblical language acquisition for those who would like to interpret the Bible using the original languages of Greek and Hebrew.
- **Children, Youth, and Family Ministry** This concentration is for those who see themselves engaging in ministry that shapes the family of God anywhere from birth to young adults.
- **Christian Administration** (*Dual M.A./M.B.A. only*) This concentration is for those who see themselves as an Executive Pastor, Administrator, or non-profit business roles.
- **Christian Ministry and Leadership** This concentration is our broadest concentration and is for those who see themselves in general leadership roles within the church and the world.
- **Church Planting** This concentration is for those who see themselves actively involved in church planting endeavors.
- **Intercultural Studies** This concentration is for those who see themselves in cross-cultural ministry.
- **Pastoral Care** This concentration is for those who see themselves actively involved in pastoral ministry.
- **Spiritual Formation** This concentration is for those who see themselves developing spiritual formation ministry.
- **Worship Ministry** This concentration is for those who see themselves leading in worship ministry within the church.

Socratic Teaching Philosophy Online courses are student-centered seminars, meaning students must take the initiative and responsibility to regularly participate in the course. Based on Socratic teaching methods, students equip themselves for learning by “gathering” information on

their own using assigned reading and video lectures while instructors act as “midwives” of education, guiding student learning. The heart of the Socratic teaching experience is the threaded discussion where instructors actively direct informed discussion by asking probing questions rather than “telling the ‘right’ answer” through lectures. These discussions prepare students to crystallize their thinking through papers/projects and instill the skills necessary for being servant-leaders and life-long learners.

Customized Flexible Learning The Graduate Ministry Program is uniquely flexible. Our commitment to you is flexibility, centered on personalized learning choices. The standard “production-line” or “assembly-line” style of education is replaced by this much more customized approach to learning. Academic coaches work closely with students to assess their past experiences, present ministries, and future needs. We offer students a variety of learning experiences in which to earn credit toward their graduate ministry degree such as the following:

- Campus based courses (*Master of Church Music only*)
- Online Courses (*typically 8 weeks in length, some summer courses may be 5 weeks*)
- On-site Intensives (*conducted each January with online follow-up*)
- Internships (*we have several church partnerships that involve year-long residential internships*)
- Directed Independent Studies (*1-6 units*)
- Directed Field Practicums (*1-6 units*)
- Conferences (*1-3 units*)
- Block courses (*3-7 units each*)

Student Handbook See the Student Handbook for details regarding departmental practices and policies. Course schedules are available through the administrative office or university website.

ABHE and WSCUC Accreditation The M.A. in Ministry degree has been accredited by WASC Senior College and University Commission (*WSCUC*) in 1974 and 2007, as well as the Association for Biblical Higher Education (*ABHE*) in 2006). The M.Div. degree has been accredited by WSCUC in 2015 and ABHE in 2015.

Special Student Status Special Student Status is a category of admission into the Graduate Ministry program for students who lack an accredited undergraduate degree. The Ministry Department can admit up to 10% of its active students into this category. Prospective students with unaccredited undergraduate degrees should first check with admissions personnel to see whether their unaccredited institution might be approved by HIU, in which case this category is not necessary.

Applicants for Special Student Status must have a minimum 7 years of verifiable, full-time ministry experience on staff in a local church or parachurch organization. Since this category of admission is highly competitive, applicants should also provide an essay expressing why they have applied and how they hope to benefit from the master's program.

Successful applicants:

- Will be placed on probationary status for the first 9 units of the degree program, during which they must maintain a 3.0 GPA ("*B*" average) to continue in the program;
- Must take at least 3 units in the Spring term, and 6 units in the Fall term to continue in the program.

If someone on Special Student Status fails to take the required units per semester, they may 1) appeal to the Department Chair for an exemption based on extraordinary circumstances, 2) conclude their degree studies and apply their credits toward a 12-unit Graduate Ministry Certificate, or 3) re-apply for admission into the Graduate Ministry program.

Unsuccessful applicants:

- May be put on a waiting list on an inactive basis; or
- May be invited to participate in the 12-unit Graduate Ministry Certificate program. These units are applicable towards the M.A. or M.Div. degree if and when the application is successful.

Transition Courses. Transition to a Master's Degree Hope International University occasionally allows junior or senior undergraduate students to enroll in master's courses. HIU allows a maximum of 15 graduate units to apply to a bachelor's degree. The University allows a maximum of 9 graduate units to apply to both a master's degree and a bachelor's degree. Accordingly, Pacific Christian College of Ministry and Biblical Studies strongly encourages juniors and seniors to complete graduate courses and apply them to their undergraduate degree. In this way, students may complete their bachelor's degree while getting a "head start" on a master's program. To explore the possibility of participating in such "transition courses," speak with the Graduate Ministry Chair. Students enrolled in a HIU bachelor's program may complete such "transition courses" at the undergraduate tuition rate.

Master of Arts in Ministry

M.A. Program Overview The Master of Arts in Ministry degree prepares students for effective ministry of servant-leadership, with a missional heart, springing from the bases of Scripture, spiritual formation, service in context, and professional skills. This degree is designed for adult learners who are currently in professional ministry and seek to bolster ministry skills with further specialized education. The degree may be

customized by students to incorporate selected coursework which is especially relevant to their ministry setting.

The core, single concentration degree is 36 units which includes selecting a single skills concentration (*9 units minimum per concentration*). Students may decide to take an additional concentration (*9 units minimum per concentration*) for a dual concentration degree (*42 units minimum*). For students without prior biblical or theological training, an additional 6 units of Bible courses are required as prerequisites for most Bible and Theology courses.

Students may complete the single concentration degree in as little as one year (*by attending a full load of classes during summer, fall, and winter sessions, along with the winter residency*). Students taking a dual concentration will take more than one year. Students must not take more than seven years to complete their degree.

Transfer Credit For students who have prior theological training, upon approval from the chair of the graduate ministry program, students may substitute an elective for a required course if they have previously taken the course in another program. All but a maximum of 9 units for a master's degree or credential must be completed at HIU.

MASTER OF ARTS REQUIREMENTS: SINGLE CONCENTRATION

The following are the requirements for the Master of Arts Degree (*single concentration*) designed to develop well-rounded servant leaders. Students will find a complete list of Graduate Ministry Courses following these requirements. The single-concentration degree consists of **36 units of study**, which includes a minimum of 9 units of Skills courses within one concentration.

Master of Divinity

M.Div. Program Overview. The Master of Divinity degree is designed for students preparing for professional ministry who need a graduate education which includes more classical theological training. The M.Div. offers an even greater depth and breadth of courses than the M.A.

The core degree is 72 units which includes selecting a single skills concentration (12 units minimum per concentration). The M.Div. includes 21 units of specified requirements including courses in Greek and Hebrew, Church History, Theology, Ministry Skills, and a Ministry Practicum. For students without prior biblical or theological training, an additional 6 units of Bible courses are required as prerequisites for most Bible and Theology courses.

Students may complete the program through a combination of online courses and short, on-ground residencies with online follow-up. This is a three-year degree for full-time students. Students must not take more than seven years to complete their degree.

Relationship to M.A. in Ministry Degree. Students who have completed their M.A. in Ministry Degree from HIU may use up to 36 units of their degree.

Transfer Credit Students who have previously earned a M.A. in Ministry degree at HIU may pursue the M.Div. degree and may receive up to 36 units toward completion of the M.Div. degree. Students must have achieved a minimum grade point average of "B" in all M.A. coursework that qualifies for use in the M.Div. program, and only courses which fulfill the current M.Div. degree requirements will be applied toward the degree. Students may not earn the M.Div. degree first and then apply for admission to the M.A. in Ministry program. However, students who have first earned the M.A. could then also earn the M.Div. degree.

For students who have prior theological training, upon approval from the chair of the graduate ministry program, students may substitute an elective for a required course if they have previously taken the course in another program. All but a maximum of 24-35 units for a master's degree or credential must be completed at HIU.

**Dual Degree: Master of Arts in Ministry &
Master of Business Administration**

Dual Degree Program Overview. The Dual Master of Arts in Ministry with a concentration in Christian Administration along with the Master of Business Administration is designed for bridging the gap between ministry and business. It combines the strengths of the two degrees by providing expertise for church and parachurch ministry as well as

business and non-profits. Each degree is normally a 36 unit degree. Taken separately, this would amount to 72 units. However, students who enrolled in the dual-degree program have the opportunity to reduce their coursework by 25% and will complete their combined degrees in 54 units. M.A. in Ministry students can only enroll in the Christian Administration degree, but M.B.A. students may select from a variety of concentrations (*listed below*).

Application for Dual-Degrees. Students who wish to earn a dual-degree must apply for the dual-degree during their initial admission's process in order to ensure that the students fulfill the proper prerequisites and take the proper courses.

Process. The student will be enrolled in one degree at a time and will take the degrees sequentially, not in parallel. Students are responsible for the prerequisites for whichever degree they are currently enrolled. Students can only take the specifically listed dual-degree classes and cannot take additional classes beyond the three overlap classes from the other college. The student will pay the tuition rate for the degree program that they are currently enrolled. The student must complete the first degree before being enroll in their second degree. Once they have completed their first degree, 18 units will be transferred into the second degree, and they will complete the last 18 units to obtain their second degree.

Transfer Credit. For students who have prior theological or business training, upon approval from the chair or dean of the respective programs, students may substitute an elective for a required course if they have previously taken the course in another program. All but a maximum of 9 units for a master's degree or credential must be completed at HIU. Students may not transfer 9 units for each program, but they may distribute their transfer units between the two degrees. Fulfilling the prerequisites for each program does not count toward the 9 units.

DUAL MASTER OF ARTS IN MINISTRY REQUIREMENTS

The Dual Master of Arts in Ministry has a concentration of Christian Administration Concentration which prepares students for effective ministry of servant-leadership, with a missional heart, springing from the bases of Scripture, spiritual formation, service in context, and professional skills. This degree is designed for adult learners who are currently in professional ministry and seek to bolster ministry skills with further specialized education. The degree may be customized by students to incorporate selected coursework which is especially relevant to their ministry setting. The following are the requirements for the Master of Arts Degree with a concentration in Christian Administration. The single-concentration degree consists of 36 units of study, which includes a minimum of 9 units of Skills courses within one concentration.

DUAL MASTER OF BUSINESS ADMINISTRATION REQUIREMENTS

The Dual Master of Business Administration program equips students with knowledge, capabilities, and entrepreneurial skills necessary for operating their own business, gaining promotion to upper and top management in corporate and public settings, and entering doctoral-

level studies. The coursework also promotes personal and spiritual growth by emphasizing Christian values, ethical principles, and effective interpersonal communications in diverse settings. M.B.A. students may choose one of four concentrations:

- General Management
- Marketing Management
- Non-Profit Management
- Business as Mission/Social Entrepreneurship

(A student will be exempted from one or both of these prerequisites if they hold a bachelor's degree in one of the business related areas or if they have significant, identifiable, practical business experience in the prerequisite subject areas—namely, macro- and micro-economics, accounting, and finance.)

Master of Church Music (37 units)

Master of Church Music Korean Track (M.C.M.)

The M.C.M. degree is a 37 unit campus-based degree. These courses are distinct from the online graduate ministry courses. This is a specialized program taught with Korean translation, equipping men and women for church music ministry. Students are equipped with a high degree of professional music skill for ministry within the life of the Church. Additionally, students develop proficiency in technical and musical skills for churches of all sizes.

The M.C.M. degree provides a uniquely well-rounded curriculum by requiring a core set of courses in ministry, in academic/theoretical music, and in practical/applied music. At the completion of their degree, graduates will be able to plan and lead a worship service, supervise a church ministry effectively, articulate a strong biblical and historical foundation for worship and service in the church, explain and model core biblical values for Christian leadership. Also, graduates will be able to show a high level of performance skill including conducting, demonstrate familiarity with modern musical technologies, strategize effectively to use music in evangelism, and identify at least three significant areas of personal spiritual growth resulting from the program.

In addition to the admissions requirements described for all Graduate School of Pacific Christian College students, admission to the M.C.M. program requires an undergraduate degree in Music (*B.A., B.M., B.M.E., B.C.M., etc.*) from an accredited university, or career experience deemed equivalent.

Graduate Ministry Program Course Categories

The following is a list of the course categories for the Graduate Ministry Program (*Certificates, M.A., Dual M.A./M.B.A., and M.Div.*). This list does not apply to the M.C.M. This list includes which courses fulfill each learning objective as well as which courses fulfill each concentration. Some courses may be applied toward either a learning objective or a concentration, but not both. For the M.A., students need to pick at least three concentration courses (*or the equivalent to 9 units*). For the M.Div., students need to pick at least four concentration courses (*or the equivalent to 12 units*).

CPC Mission Statement

The mission of the College of Psychology and Counseling exists to provide innovative and relevant programs and scholarship which integrate Christian faith and promote professional development and servant leadership in the area of psychology, counseling and human development.

Purpose: The College of Psychology and Counseling provides education and training to undergraduate and graduate students for highly effective and rewarding careers as professional educator, counselors and professionals working with individuals, families and groups, in educational, organizational and community settings.

Goals

The College of Psychology and Counseling goals are embedded into all coursework and field training activities in our bachelor's, master's, and certificate-level graduate programs.

1. Prepare students with theoretical and practical knowledge and cultivate critical thinking skills related to human development, psychology, counseling, and Christian principles. (*Innovation*)
2. Develop high standards of professionalism and commitment to ethical and professional behavior consistent with the standards of counseling and psychology. (*Professional Development*)
3. Prepare effective and committed servant leaders with professional skills essential in providing human services with individuals, families, community and church. (*Servant Leadership*)
4. Encourage research skills that enable students to conduct and critically evaluate psychological and counseling research. (*Scholarship*)
5. Prepare students with essential skills that integrate Christian faith and professional practice. (*Faith and Learning*)

Objectives

1. Students will articulate knowledge related to psychology, human development, and Christian principles.
2. Students will demonstrate high levels of professionalism in their chosen field related to psychology, counseling and human development.
3. Students will demonstrate and apply professional skills and knowledge to the unique needs of individuals within the community and Church.
4. Students will demonstrate the ability to apply and critically evaluate research in psychology, counseling and human development.

Academic Programs

The College of Psychology and Counseling provides a unique blending of theoretical and practical aspects of behavioral science. The curriculum seeks to integrate academic excellence with Christian commitment, providing academic and practical training for careers in psychology, counseling, education, and ministry. The goal is to promote healthy relationships through the use of quality professional training and experiential learning integrated with Christian principles.

Degree programs are offered at both the undergraduate and graduate level, with students engaging in producing scientific knowledge through research in collaboration with their faculty mentors. Field placements, practicum placements, and internships at all levels of training provide our students with opportunities to practice in school, community agency, clinical, and research settings under the supervision of faculty, agency personnel, and collaborating scholars.

Undergraduate Bachelor of Arts Degree

Psychology

Mission: *The Psychology Program equips students with knowledge and application of psychological perspectives, research methodologies, and clinical skills for graduate study and professional careers, while facilitating exploration of the bridges and tensions between the Christian faith and psychology.*

Purpose: The Bachelor of Arts in Psychology Major is designed to provide those desiring careers in professional psychology as a psychologist or counselor with the preparation needed to enter graduate study in psychology. The undergraduate curriculum has been designed to reflect the breadth of psychology, as well as provide learning experiences which provide a foundation for developing critical thinking skills, participation in the application of theory insight into the human condition, and exploration of bridges and tensions between faith and psychology. The curriculum also provides a strong liberal arts education for careers for which training in psychology can be essential, such as church ministry, social work, probation/corrections, business, teaching, and a variety of other employment opportunities.

The Bachelor of Arts Psychology degree requires a minimum of 120 units of designated coursework, which can typically be completed in four years of successful full time enrollment. The Psychology degree program consists of three main parts: 1) the Leadership and Ethics Core of 59 units; 2) Psychology Major requirements, typically a 45-51 unit requirement, and 3) 12-18 units of free electives.

Program Objectives:

Upon completion of the BA in Psychology degree, students will be able to:

1. Articulate both the history of psychology as well as current systems of psychology, human development theories, and research perspectives. (*Knowledge*)
2. Demonstrate knowledge of psychological and counseling theories and then use those theories to both conceptualize cases and develop counseling strategies (*Clinical*).
3. Demonstrate an ability to engage in and critically evaluate psychological scholarship (*Research*).
4. Explain bridges and tensions between biblical truth and psychological theories and express those relationships in both written and oral presentations. Demonstrate understanding of integrative principles by meeting the needs of others in a servant-leader capacity. (*Integration*).

***Psychology or Social Science Major with
Child and Adolescent Development Concentration***

Students who wish to focus on child and adolescent studies in preparation for careers in related fields, may pursue a Concentration in Child Adolescent Development, with either a Psychology or Social Science Major.

The Social Science Major prepares students for graduate study and for various careers that build from the foundation of interdisciplinary study of human behavior grounded in the scientific method. The social science disciplines that are featured in the major are anthropology, economics, history, political science, psychology, and sociology. Career pathways leading from the Social Science major include teaching, government service, law, and the helping professions. Social science learning is also an effective tool that can be useful for helping achieve the mission of the Church.

Online Undergraduate Bachelor of Sciences Degree

Human Development

Mission: *The Human Development program exists to develop personal and professional understanding of the human lifespan from a Christian perspective.*

Purpose: The Bachelor of Sciences in Human Development is an innovative, accelerated degree program designed to help to provide those desiring careers in psychology, counseling, education, and the human service fields with the preparation needed to enter into entry level positions or graduate studies in marriage, family, and child counseling, social work, teaching, public administration, psychology, business or law. This program is offered completely online and designed to meet the unique needs of adult learners.

Community Mental Health and Counseling Concentration:

The Human Development degree with the Community Mental Health and Counseling Concentration prepares students for professions in community mental health centers, mental health institutions, health maintenance organizations, forensic settings, employee assistance programs, community-based counseling settings, policy settings, research; and also prepares students for graduate studies in counseling or social work.

Family Studies Concentration:

The Human Development degree with the Family Studies concentration focuses on curriculum designed to provide a foundation in family education which includes: the support and maintenance of healthy families, child growth and development, parenting, family communication, family systems; and individual/family risk and resiliency factors.

Program Goals:

1. Equip students with knowledge, concepts, and skills to critically analyze and solve problems in psychology, counseling, education, and social service fields.
2. Equip students to apply Christian values and Christ-like servant leadership in human service fields.
3. Equip students' careers in the area of counseling, education and human services.

Program Objectives:

Upon completion of this program, students shall be able to:

1. Demonstrate an understanding of the complexity of individual and family development across the life span in diverse contexts and changing environments. (Knowledge)
2. Be able to analyze processes, policies, professional, ethical, and culturally sensitive factors that impact the delivery of human services to individuals and families. (Application)
3. Demonstrate the ability to evaluate and apply interdisciplinary research to practice and policy. (Research Skills)
4. Conceptualize and synthesize the personal and professional relevance of a commitment to Christ in human development and spiritual growth. (Integration)

Within the **46-unit Major**, students elect either a Community Mental Health and Counseling Concentration or Family Studies Concentration.

Graduate Programs

Master of Arts Degree

Marriage and Family Therapy

Mission: *The Marriage and Family Therapy Program (MFT) develops highly trained counselors, grounded in Christian principles, who help families to restore broken relationships, resolve life challenges, and develop adequate and satisfying relationships.*

Purpose: The Master of Arts in Marriage and Family Therapy (MFT) program provides academic and clinical training for a career as a professional marriage and family therapist. Students are trained to treat relational mental health issues with individuals, couples, and families from a family systems perspective.

Program Description: The 60-unit program is designed to integrate both theory and practice, grounded in Christian principles. Sound research skills, theoretical teaching, practical application, and clinical training are central to the curriculum. The faculty guides students through academic studies, clinical courses, self-assessment measures, and professional development, all of which provide a rich educational experience.

In addition to academic course requirements, students are placed in community based clinical training sites where they undergo real-world training experiences with diverse clientele. Supervisors who have had specific training in supervision and meet rigorous supervision standards supervise students. The MFT program at Hope International University accepts students from around the world and is dedicated to training students to work with diverse populations.

Program Objectives

Upon completion of this program, students will be able to:

Knowledge Demonstrate knowledge related to 1) clinical case conceptualization, diagnosis, intervention, and the use of community mental health resources, 2) knowledge of the principles of marriage and family therapy, and 3) to write and articulate their personal theoretical model for therapy.

Professionalism Demonstrate skills that reflect high standards of professionalism and commitment to ethical and professional behavior consistent with the standards of counseling and psychology and Christian principles.

Clinical Demonstrate clinical skills and the ability to apply innovative therapeutic techniques to meet the diverse needs of individuals and families.

Research Be able to critically evaluate and conduct clinical research related to all aspects of therapy ensuring the highest quality of therapeutic skill.

BBS HIU's M.A. in Marriage and Family Therapy meets the educational requirements set by the Board of Behavioral Sciences (BBS), including the requirements of the Business and Professions Code, Sections 4980.37, .38, 40, and 41. Through the M.A. program, students fulfill the academic requirements set by the California Board of Behavioral Sciences (BBS) for those seeking to become Licensed Marriage and Family Therapists. Graduates may for apply to take their licensing examinations upon completion of the required 3,000 supervised clinical hours.

COAMFTE Accreditation The program is also accredited by the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE), the national accrediting body for MFT programs.

IACSTE Accreditation Hope International University is an accredited training program approved by the International Accreditation Commission for Systemic Therapy Education.

Students from the State of Washington should check with the Washington Department of Health, Health Profession Quality Assurance Division, to determine if their program will prepare them for licensure in Washington State.

These professional accreditations supplement HIU's regional accreditation by the WASC Senior College and University Commission (WSCUC).

**Nebraska Christian College of
Hope International University**

Message from the Dean

This fall semester 2016 marks the 72nd year for Nebraska Christian College. Birthed at the end of World War II by a small group of church leaders, NC has operated on three campuses in two different Nebraska cities. Served by dozens of faithful and dedicated professors over these 70 years, NC has seen thousands of students pass through its classrooms. This is a strong heritage, something to be proud of and to build on for the future.

Now, Nebraska Christian College has joined with Hope International University to continue this mission. HIU is a school with a similar, dynamic heritage and is equally dedicated to serving the church by preparing servant leaders for the next generation. This may be the most exciting year in NC's history, as resources, expertise, and energy come to the Nebraska campus from our partners in California. We will be seeing new programs, experiencing new personnel, and welcoming new students to Papillion. NC becomes the sixth college in the University, a full-service branch campus.

Hope International University cares deeply about the church and its future. This year, as two schools become one, there will be no relaxing of the imperative to Create Church Leaders that drives both locations. May God continue to bless the campus and students of Nebraska Christian College of Hope International University.

Mark S. Krause, Ph.D.
Dean, Nebraska Christian College of Hope International University

Programs of Study

Nebraska Christian College of Hope International University primarily focuses on offering college-level programs of study that are oriented for those interested in being church leaders. NC's vision is to provide each student with exceptional education and training.

Bachelor's degree programs are designed for the person who desires intensive training in the Bible and an area of specialization. The Associate's degree program (*two-year*) is designed for those who desire an understanding of biblical truths and ministry, but plan to continue with a program of study unavailable at NC.

Leadership and Ethics Core

Both Associate's and Bachelor's degrees in the campus-based NC/HIU programs employ a block of courses referred to as the Leadership and Ethics Core (*LEC*). This LEC is designed to fulfill the University's institutional educational objectives and to meet requirements for accrediting bodies such as WASC and ABHE. There are three versions of the LEC in this catalog:

- Associate of Arts: 50 hours
- Bachelor of Arts: 80 hours
- Bachelor of Worship Arts: 79 hours

Each LEC version includes both General Education courses and Bible and Theology courses. Ministry courses, vocationally specific courses, and electives are included in the 40-42 hour major for each Bachelor's degree.

Associate's Degree

The Associate of Arts degree is not designed to serve as an abridged substitute for the Bachelor's degree. The A.A. degree is substantially the first two years of the B.A. programs, so students who earn an A.A. degree and desire to continue with a B.A. degree will experience a minimum of unnecessary hours or make-up courses. A student completing the A.A. degree will often be able to complete a B.A. or a B.W.A. degree in two additional years.

Christian Ministry

Associate of Arts

Purpose

The A.A. degree in Christian Ministry is designed to prepare students to serve effectively within the local church at the non-professional level. The degree consists of components in Biblical and Theological Studies, General Education Studies, and Ministry Studies. This degree provides students with a foundation for Christian life and service.

Objectives

Upon completion of this degree, the student will

1. Have gained personal enrichment with particular emphasis on Biblical and Theological Studies that demonstrate the relevance of the Scriptures to daily life.
2. Have increased leadership capability, at the non-professional level, within the local church.
3. Have greater confidence and competence as a Christian witness in the home, on the job, and in the community.

Bachelor's Degrees

Bachelor's Degrees Characteristics

All Bachelor's degrees consist of three components of study: Biblical and Theological Studies, General Education Studies, and Ministry Studies.

Each Bachelor's degree consists of coursework in the Leadership Ethics Core, including courses in General Education and in Biblical and Theological Studies. Each degree also has a major course of study defined by the student's vocational objectives. The majors include a residency requirement where the student will be embedded in a church or other appropriate study during the junior and senior years.

Bachelor's Degrees Design

At NC/HIU, Bachelor of Arts and Bachelor of Worship Arts programs of study are designed so that graduates are prepared to enter their chosen field of vocational ministry. In this regard, NC/HIU programs are terminal in nature. Many graduates, however, desire to further their education with graduate-level study. The B.A. and B.W.A. degrees are designed so that the NC/HIU graduate will be prepared for the entrance requirements of such programs. In this sense, NCHIU programs are also preparatory in nature.

Biblical and Theological Studies

Upon completion of the Biblical and Theological Studies curriculum, the student will:

1. Have a general knowledge of the content and nature of the whole Bible and a detailed understanding of key books;
2. Demonstrate conviction that the Bible is God-breathed;
3. Put biblical history in a proper chronological framework;
4. Use accurate exegetical skills in personal Bible study, sermon preparation, and the preparation of Bible lessons;
5. Have an awareness of the major areas examined in systematic theology;
6. Undertake a continuing self-directed study of the Bible using a variety of methods and tools.

General Education Studies

Upon completion of the General Studies curriculum, the student will:

1. Display a broad base of general knowledge as a foundation for cultural proficiency and a variety of career paths.
2. Develop a balanced view of the world by considering insights from multiple disciplines, cultures, and points of view.

3. Apply research strategies and critical thinking skills to acquire and interpret information.
4. Demonstrate effective oral, written, and multimedia communication skills.
5. Articulate and demonstrate integration of Christian faith with multidisciplinary learning.

Ministry Studies (Majors)

Upon completion of the Ministry Studies curriculum, the student will:

1. Demonstrate a stronger loyalty to Jesus Christ, a fuller compassion for the lost, and a deeper commitment to evangelize the world;
2. Be able to communicate the gospel according to the student's own gifts and training;
3. Understand the dynamics of effective servant leadership;
4. Exhibit leadership skills in various ministries of the church; and
6. Be able to motivate other Christians for various functions in the life of the Church.

In addition to these objectives, Ministry majors have stated objectives in the "Programs of Study" section of this Catalog.

Family Life and Counseling: Bachelor of Arts**Purpose**

The purpose of the Family Life and Counseling Bachelor of Arts is to equip students to effectively organize and administrate a children's, family, or care ministry in a local church. In this program, students learn sound Biblical principles of ministry organization and leadership—along with basic Christian counseling skills—in an effort to train up a generation of workers prepared to effectively minister to today's ever-changing family.

To allow for the vocational objectives of students, this major offers three areas of specialization:

- Children's Ministry Track
- Counseling Track
- Family Ministry Track

Objectives

Upon completion of the Family Life & Counseling Major, the student will:

1. Be able to express a commitment to the biblical plan for marriage and the family.
2. Have knowledge of factors that enable families to be functional.

3. Understand principles for effective parenting.
4. Demonstrate the ability to respond biblically to current social, religious, and political ideologies and their impact on marriage and the family.
5. Demonstrate the ability to organize and supervise a family life ministry in a local church.
6. Be able to provide Christian care ministry for families experiencing maladjustment.

Intercultural Ministry: Bachelor of Arts

Purpose

The purpose of the Intercultural Ministry major is to prepare students with the skills and attitudes to minister in a wide variety of cross-cultural contexts in the United States or abroad. Through academic training and internship experiences, students will learn healthy ministry models,

emphasizing contextualization, sustainability, and empowerment of local church leadership.

To allow for the vocational objectives of students, this major offers three areas of specialization:

- Deaf Ministry Track
- Global Ministry Track
- Urban Ministry Track

Objectives

Upon completion of the Intercultural Ministry major, the student should be able to:

1. Tell the story of God's mission and His people's role in it from creation to the present.
2. Demonstrate attitudes and skills that will enable the student to thrive and build effective relationships in intercultural environments.
3. Reflect upon service and internship experiences to discover where their unique gifts and passions can best serve the body of Christ.
4. Devise sustainable ministry strategies that equip local Christians to build biblically faithful and culturally relevant churches.
5. Exhibit the ability to raise and maintain a healthy support network in the home culture through the use of appropriate communication and organizational skills.

Worship Arts: Bachelor of Worship Arts

The Worship Arts major is contained in a program leading to a Bachelor of Worship Arts degree rather than a Bachelor of Arts. The B.W.A. degree shares many characteristics with the B.A. degree, but has slightly different requirements in Biblical and Theological Studies and in General Education Studies.

The student who graduates from this program will have both a Bible major and a Worship Arts major. To allow for the vocational objectives of students, this major offers two areas of specialization:

- Worship Leader Track
- Media Tech Track

These two tracks may be combined for a Worship Leader + Media Tech dual track program, a total of 129 hours.

Purpose and Objectives

Upon successful completion of the Bachelor of Worship Arts degree, the student will:

1. Be able to demonstrate that ministry is best when it flows out of an ongoing, authentic walk with Christ.

2. Be able to communicate an understanding that music is not an end to itself, but a means to guiding people into a prayerful, biblically rooted, transformative encounter with the living God.
3. Identify a variety of art forms (*painting, music, photography, dance, Scripture readings and ancient creeds, etc.*) to help facilitate a personal, active, and participatory relationship with a creative God.
4. Exercise excellence in his or her musical craft, push beyond his or her comfort zone, and engage in new musical disciplines all in an effort to shine a light on God.
5. Demonstrate servant leadership through biblical study, mentoring relationships, and leadership training and be ready to offer his or her life in full obedience to God's good, pleasing, and perfect will.
6. Exhibit competence as a well-rounded minister (*musically, technologically, and artistically*) that is prepared to minister to the church of today while being in touch with the cultural shifts that influence the body of Christ.

Additional Information

- Worship Arts students will need to have a personal laptop computer for the BGN101 & 102 courses. It is recommended that this be an Apple Mac computer.
- Worship Arts students should possess a person set of in-ears monitors.
- Worship Arts students must audition to be admitted into the degree program.
- Worship Arts students have additional expectations outlined in the program manual.

Institutes

Institute for Church Leadership

Vision

The Institute for Church Leadership is on the campus of Nebraska Christian College of Hope International University. To be an Institute Leader students must be enrolled in the honors program centered on leadership and service.

Institute Benefits

Institute Leaders have the following sorts of benefits:

- Private coaching session by Institute speakers
- Potential of graduating with "Honors"
- Participation in off-campus conferences
- Eligibility for generous "Institute Scholarship"
- Premium job placement services

Institute Requirements

Students must apply to become Institute Leaders. Once accepted in the program, Institute Leaders must:

- Attend all Institute events (Monday events and other events as assigned)
- Work 20 hours a month on campus with a designated team as assigned by the Institute Director
- Maintain a 3.0 CPA, with a one semester probation period if below this standard
- Have no disciplinary infractions of any kind

Failure in any of these areas may result in loss of status as an Institute Leader.

Institute Events

The Institute hosts periodic and small gatherings with national ministry practitioners. These are usually on Mondays. The events are held for three reasons:

1. Provide a place for alumni, local, and regional church leaders to continue to grow through small gatherings of like-minded church leaders.
2. Give students face-time with the best people out in the field doing ministry.
3. Help students build a network of current regional and national church leaders so that upon graduation the school can partner with them in their ministry.

Contact the Institute through its web page for more information: <http://nechristian.ed/#/the-institute>.

Apostolic School of Theology (AST)

Vision

Since 1984 the *Apostolic School of Theology (AST)* has worked to enable students to fulfill their God-given potential and purpose in the church and in the world. AST has a special concern for bringing the benefits of Christian higher education to apostolic Pentecostals.

The Apostolic School of Theology and Hope International University share a common commitment to the Lordship of Christ, the authority of Scripture, biblical Christianity, and equipping believers for Christ's service. Accordingly, in March 2009 the trustees for both institutions voted unanimously to make AST a part of Hope International University. This partnership makes accredited degree options and other valuable services available to AST constituents.

AST/HIU now serves as the official institution providing ministry training and higher education opportunities for the Worldwide Pentecostal Fellowship (*WPF*, www.worldwidepf.com) and other Pentecostal groups.

AST Information

For more information, please see the AST website (www.goAST.org).

AST Courses, Certificates, and Degree Programs

The Apostolic School of Theology operates year-round. *All AST courses and programs are available online*, which enables Christian leaders to pursue their education from anywhere in the world.

AST operates within the same basic framework and policies as the rest of the online undergraduate and graduate programs (*described above in the Academic Policies and Regulations section of this catalog*). The only difference is that the Board of Stewards has approved AST versions of certain HIU degree programs. These programs include coursework designed by apostolic professors to meet the distinct needs of apostolic students. In this catalog, those courses are marked "(AST)" to show that they were developed from an apostolic perspective and are taught by apostolic instructors.

AST students are welcome to enroll in other HIU courses as well. However, for those who complete a program that includes coursework recommended by the Board of Stewards, the name "Apostolic School of Theology" will appear on their diplomas alongside that of Hope International University.

The faculty and staff anticipate that AST students will probably include some non-AST courses in their academic programs. However, for those who plan their schedules carefully, it is possible to earn a "fully apostolic" certificate or degree taught entirely by apostolic instructors.

Hope International University currently offers the following programs through the Apostolic School of Theology:

Bible/Ministry Certificate The 24-unit undergraduate level AST Bible/Ministry Certificate includes the following courses:

Graduate Program in Ministry

Requirements for the AST Graduate Programs in Ministry are identical to HIU's regular graduate program; however, for certain courses, AST students have the opportunity to take courses from AST faculty. The Master of Arts also includes several unique courses that are required by AST.

Graduate Ministry Certificate Students may earn a graduate level Graduate Ministry Certificate in partnership with AST by completing

twelve (12) units of graduate electives within the Ministry Department. Students may select one of two areas:

- Christian Leadership
- Ministerial Support

Please note that the Graduate Ministry Certificate:

- Requires that you complete the 12 units with a B-average.
- May be taken in any combination of online and/or residency coursework.
- May not include transfer credits, conference credits, or directed independent studies.
- Does not require the ratio of courses between Scripture, Service in context, Spiritual formation, and skills objectives mandated by the Graduate Ministry program.
- May be applied toward a Master of Arts degree if students qualify.

Hope International University will issue the Graduate Ministry Certificate in conjunction with the Apostolic School of Theology.

School of Advanced Leadership Training (SALT)

Vision

The School of Advanced Leadership Training (SALT) partners with churches to develop effective servant leaders within the local congregation. Hope International University offers SALT online courses to strengthen the biblical foundation, ministry skills, and the emotional and spiritual health of church leaders. Alongside the online component, a church leader serves as an on-site mentor to guide students in making practical applications in their local context.

Each SALT course typically consists of audio/video lectures with PowerPoint, online discussions, readings, assignments and other resources, each based out of our online classroom format. HIU also provides the local church leaders/mentors with activities and additional materials to use within their local church group to enhance the learning experience of the class.

Applying SALT Courses to Degree Programs

Students may audit SALT courses for personal enrichment, or they may complete those courses for bachelor's or master's credit.

Any *SALT* course completed for undergraduate credit may be applied toward any online Bachelor of Science (*B.S.*) degree offered by the University as well as our Bachelors in Ministry in our undergraduate program - see the chart below for equivalency. Students may apply a maximum of 12 *SALT* units to a bachelor's degree. Up to 12 units of *SALT* courses may be completed for graduate credit and may be applied toward the Master of Arts degree offered by the Pacific Christian College of Ministry and Biblical Studies. The BAM/SE courses can be applied to the Ministry or Business graduate degrees. Students may apply a maximum of 12 *SALT* units to a master's degree.

SALT Information

For more information, please consult the SALT website (<http://www.hiu.edu/salt>).

Crossmont Institute

The Crossmont Institute focuses on church leadership and church planting. All classes are taught in Spanish. Upon completion of 20 courses, the student receives a certificate of Pastoral Ministry. Classes are held at HIU and various church locations in Southern California

Reasons Institute (RI)

Reasons to Believe (RTB) and the Reasons Institute (RI)

Reasons to Believe (RTB) is an international, interdenominational ministry dedicated to demonstrating that science and faith are, and always will be, allies rather than enemies. The Reasons Institute (RI) is an innovative distance-learning program from RTB that provides Christians with practical, biblically-based coursework primarily in the area of science and apologetics.

Reasons Institute Credit through Hope International University

Hope International University has entered into a partnership with RTB that allows students taking coursework through the Reasons Institute to receive academic credit for those courses from Hope International University. This arrangement creates additional elective options for HIU students while also providing credit options for Reasons Institute students.

Reasons Institute Courses

Hope International University has approved the following Reasons Institute courses. The University has assigned them dual course numbers because students may enroll in them for either undergraduate or graduate credit, completing different assignments for each level.

COURSES	UNITS
THE3603/5600 RI: Creation vs. Evolution	3
THE3613/5610 RI: Creation and the Bible	3
THE3623/5620 RI: Critical Thinking Skills	3
THE3633/5630 RI: World Religions and Science.....	3
THE3653/5653 RI: Astronomy and Design.....	3

Applying Reasons Institute Courses to Degree Programs

Any Reasons Institute course completed for undergraduate credit may be applied toward any online Bachelor of Science (B.S.) degree offered by the University—always as a General Elective, and sometimes as part of the General Education Core or the Major. Students may apply a maximum of 12 units of Reasons Institute courses to a bachelor's degree.

Any Reasons Institute course completed for graduate credit may be applied toward the Master of Arts in Ministry degree, in which two courses may apply toward the Scripture requirement; one as a Contextual Service requirement, and one course toward the Skills requirement. A few of these courses also fulfill requirements for other master's programs. Students may apply a maximum of 12 units Reasons Institute courses to a master's degree.

Admission and Enrollment Requirements

Students who enroll in these approved courses must apply for admission to HIU as either degree or non-degree students, completing the relevant application process.

Tuition

Students taking approved Reasons Institute courses for HIU credit will be charged the Graduate Ministry tuition rate.

Reasons Institute Information

For additional information, including course schedules, contact your academic advisor or Reasons to Believe (www.reasons.org).

Church Partnerships

Christ Church of the Valley, Peoria. HIU and CCV have partnered together to provide the academic elements necessary to offer a total of thirty-six (36) graduate units towards a Master of Arts in Ministry degree. Students must also meet the 6 units of prerequisites (*BIB5003 and BIB5013*). Coursework includes thirty (30) units apprenticeship and block coursework at CCV that takes place from around August 1 to around May 1 of a calendar year. For the CCV Residency, CCV adjunct faculty members will be responsible for the following eCollege Grades: Grading journals; regular supervision and mentoring students with progress report; selecting 4000 pages of reading (*divided among the six courses*) and grading reading logs; and grading six Capstone Papers (*1 per course*). In addition, Six (6) graduate units are earned by taking coursework offered directly by HIU. Students will also complete a transition interview and capstone project prior to graduation. Students may either take the HIU classes at the same time as their CCV residency program or may finish those units within five years of admission into CCV's residency program. The current schedule of courses is as follows:

- Fall (*15 units Block Courses*)
 - CHM5800 Skills for Ministry Block I (*6 units*)
 - BIB5800 Scripture/Theology Block I (*6 units*)
 - SPT5800 Spiritual Formation Block I (*3 units*)

 - BIB6800 Scripture/Theology Block II (*3 units*)
 - LDR5800 Servant Leadership Block I (*6 units*)

Eastside Institute. HIU and Eastside Christian Church have also partnered together to provide 12 units of practical instruction. Courses are taught by a mixture of HIU faculty and Eastside staff. The following are examples of courses offered:

- Understanding the God of the Bible
- Encountering God through a Covenant Relationship
- Jesus and the Kingdom
- The DNA of the Church
- Worshipping the God of the Bible

Purpose Church IMPACT Institute. The IMPACT Institute trains leaders for the local church while also allowing students to earn a Masters of Arts in Ministry degree. Students will grow through practical Bible teaching and leadership training as well as real ministry experience at Purpose Church. In this 9-12 month residency, students will receive valuable experiential training combined with the academic excellence of online M.A. courses from Hope International University. The program requires 36 units. Half of the course work (*18 units*) is completed through the Purpose Church IMPACT internship program. This is broken down into two 16-week semester blocks. The other half (*18 units*) is completed online through HIU graduate ministry classes. These courses can be completed in any order and may be done in one year or spread out over time. The current schedule of courses is as follows:

- Semester 1 (*15 units Block Courses*)
 - CHM5800 Skills for Ministry Block I (*6 units*)
 - LDR5800 Servant Leadership Block I (*3 units*)
 - BIB5115 Bible Study Methods & Tools (*3 units*)

Dual Credit Partnerships

Upper-class students from schools who have created a partnership with HIU may take up to 9 units of HIU graduate courses at HIU for both Graduate credit at HIU and Undergraduate credit at their school. Students must apply to HIU and meet the admission requirements of HIU. Upon their undergraduate graduation, they may apply these units toward a MA in Ministry Degree at HIU. The following is a sample of dual-credit courses:

BIB5303	Matthew
THE5103	Christian Beliefs and Practices
CHM5203	Dynamics of Servant Leadership
CHM5213	Leadership Styles and Principles
EVG5103	Personal Evangelism
EVG5113	Developing a Culture of Evangelism
SPT5103	Developing the Spiritual Disciplines
SPT5203	Balancing Ministry and Personal Life

Students may also request a specific course that is approved by the Dean or Department Chair.

Course Level The four digits in the course number represent the course level, which relates to the degree of difficulty and/or level of specialization found in that course. Thus, courses numbered 1000-1999 are typically freshman-level courses. Those numbered 2000-2999, 3000-3999, and 4000-4999 are, respectively, sophomore, junior, and senior-level undergraduate courses. Those numbered 5000-5999 and 6000-6999 are graduate level master's courses. Students should typically not enroll in a course more than one level above their academic classification (*e.g. freshmen should generally take 1000- or 2000-level courses, rather than 3000- or 4000-level courses*).

Units Each course description includes in parentheses the number of credit units earned by satisfactorily completing that course.

Prerequisites At the end of the course description, readers will find any prerequisites that may apply. To illustrate: Students must successfully complete BIB3115 Literary Exegesis and Analysis before enrolling in any

other 3000- or 4000-level Biblical Studies courses. Prerequisites are for the student's benefit to ensure that students are well equipped to be successful in the coursework they undertake. Prerequisites also benefit faculty in that instructors may assume adequate preparation from students enrolled in an advanced class and effectively assist students in achieving the learning goals and objectives for that course.

ART1200 Beginning Drawing (3)

A course to enhance creativity and artistic confidence. A series of drawing exercises will be utilized to develop a new way of seeing, and consequently, a new way of drawing.

ART2100 Art Appreciation (3)

The ideas, forms and styles of the visual arts in various cultures from prehistoric times to the present.

ART3100 Italian Renaissance Art and Architecture (2-3)

This course explores great art and architecture of Renaissance Italy from art appreciation, historical, and faith perspectives. The course is taken in conjunction with study/travel in Rome and Florence. Enrollment by permission of instructor.

ASL1013 American Sign Language 1 (3)

In this course students begin to learn the basics of ASL as a second language. It is designed for students with little or no knowledge of ASL and Deaf Culture and provides them with the skills needed to communicate comfortably in a wide variety of situations in the Deaf community at a novice level of fluency. Cultural information taught throughout class allows students to interact with the Deaf community in a way that is respectful and aware. *(Nebraska)*

ASL1023 American Sign Language 2 (3)

Students continue their basic ASL acquisition, taking them to a survival level of fluency. The course provides students with the skills to communicate in a wider array of situations, to further develop their language fluency and to advance their level of comprehension of ASL in culturally appropriate ways. ASL-English translation skills are introduced. *(Prerequisite: ASL1013) (Nebraska)*

ASL2013 American Sign Language 3 (3)

This intermediate course in ASL encourages students to converse about people in a more abstract way and to discuss the environment outside of the classroom, i.e., at home or other parts of the country. Students also learn to narrate events that occurred in the past, as opposed to telling what is happening currently. ASL-English consecutive interpreting skills are introduced. *(Prerequisites: ASL1013, ASL1023) (Nebraska)*

ASL2023 American Sign Language (3)

This advanced course focuses building ASL narrative skills, moving from an informal to a more formal presentation; developing conversational skills used in everyday discussion; and advancing the language skills needed to explain ideas, or concepts, or to illustrate how things work and why things are the way they are. Simultaneous interpreting skills are introduced. *(Prerequisites: ASL1013, ASL1023, ASL2013) (Nebraska)*

ASL3013 ASL Interpreting: Theory and Ethics (2)

Intended for the ASL student with technical competency in signing, this course deals with theories underlying ASL-English interpreting and with ethical decisions that interpreters must make, giving a Christian basis for such decisions. *(Prerequisites: ASL1013, ASL1023, ASL2013, ASL2023) (Nebraska)*

ASL3023 ASL Interpreting: Skill Building (2)

The student applies the interpreting process to rehearsed texts, gradually moving to less familiar texts. Practice interpreting in various settings and applying ethical principles to scenarios is also a key component of the course. *(Prerequisites: ASL1013, ASL1023, ASL2013, ASL2023) (Nebraska)*

BGN1013 Bible Tools and Interpretation 1 (2)

A required course for all NC students, training them to use the Logos™ Software system for studying the Bible, preparing sermons, and preparing teaching lessons. This will be done while teaching basic principles of biblical interpretation. Each student will receive a personal copy of the Logos™ system, and must have a computer capable of running it. This course will serve as a basis for future NC courses in Biblical and Theological Studies. *(fee course) (Nebraska)*

BGN1023 Bible Tools and Interpretation 2 (2)

Continuation of BGN1013. *(fee course) (Prerequisite: BGN1013) (Nebraska)*

BGN4013 Capstone: Advance Biblical Exegesis (2)

A course taken in the first semester of the graduating year as a culmination of previous study in Biblical and Theological Studies. This course will require the research and writing of a major exegetical paper. *(Prerequisites: BGN1013, BGN1023, BIB1225, BIB1325), senior standing or permission from the Academic Dean. (Nebraska)*

BIB1105 Vida de Cristo (Life of Christ) (3)

Un estudio armonioso de la literatura de los evangelios, examinando la vida, la muerte, y la resurrección de Jesús con un énfasis en su naturaleza, las enseñanzas, estilo de vida y ministerio con un aplicación para los tiempos modernos. *(Instrucción en Español, en la internet)*

A harmonious study of the gospels' literature tracing the life, death, and resurrection of Jesus with an emphasis upon his nature, teachings, life-

style, and cross-cultural ministry with applicable reference for modern times. (*Instruction in Spanish*) (*Online*)

BIB1106 Jesus in the Gospels (3)

This course is an introduction to the life of Jesus as seen primarily through the eyes of our earliest Gospel—the Gospel of Mark. Read on its own terms but also with an eye on how Matthew and Luke read Mark, the Gospel of Mark paints a picture of Jesus that is at times confirming, at other times challenging, and at all times riveting. The course will offer a verse-by-verse analysis of the text of Mark, uncovering important truths about Jesus and unlocking the mystery of the “Messianic Secret.” (*SALT*)

BIB1107 Jesus in the Gospels

A study of the person, work and purpose of Jesus of Nazareth as presented in the four gospels in the New Testament, with emphasis on one of the four (*Matthew, Mark, Luke or John*) each semester.

BIB1204 Teología de Ministerio (*Theology of Ministry*) (3)

Una introducción a la alianza entre Dios y la humanidad, en particular los privilegios y efectos que lo acompañan. Se presta atención a los principios y métodos diseñados para ayudar a los estudiantes a comprender y aplicar los dos conceptos de alianza a la interpretación bíblica, la evangelización y de servicio cristiano. (*Instrucción en Español, en la internet*)

An introduction to covenant and its relationship to God’s privileges and purposes concerning humanity. Attention is given to principles and methods designed to help students both understand and apply covenant concepts to Biblical interpretation, evangelism, and Christian Service. (*Instruction in Spanish*) (*Online*)

BIB1205 Biblical Foundations for Ministry (3)

An exegetical study of II Corinthians with its linkage to I Corinthians and an emphasis on the nature, theology, and methodology for a ministry of reconciliation in a fragmented church and culture. (*Prerequisite: BIB3111*)

BIB3450 Prison Epistles (3)

An exegetical study of each prison epistle (*Philippians, Ephesians, Colossians, Philemon*) with particular attention to historical circumstances of the church, churches, or persons to which it was written. Class presentation and discussion will emphasize contemporary application of the study. (*Prerequisite: BIB3111*).

BIB3460 Ephesians in the Context of Pauline Theology (3)

In his remarkable missionary endeavors, Paul demonstrated how to present the gospel as a “word on target” for diverse audiences. This course uses his Epistle to the Ephesians as the starting point for integrating theological insights of Christ’s Apostle to the Gentiles. Students will apply the principles, tools, and methods learned in Interpreting Scripture. (*Prerequisite: BIB3116*) (*Online*)

BIB3600 Holy Spirit (3)

This course analyzes biblical teaching on the Holy Spirit in both the Old and New Testaments. It explores His person and ministry, giving special attention to the fruit of the Spirit, the gifts of the Spirit, and the leading of the Spirit. Students also consider some of the Church’s historical teachings concerning the Spirit. (*Online*)

BIB3701 Theology of Spiritual Formation (3)

This course explores the spiritual dynamics involved in the transformation of humanity. This includes the biblical understanding of the original nature of humanity’s creation, the subsequent change, the transformational ministry of Christ and the Holy Spirit, God’s goal for all humans, and selected disciplines for the spiritual formation of individuals and communities into the way of Jesus Christ, *Imitatio Christi* and thus God, *Imago Dei*. (*Prerequisite: BIB3111*)

BIB3707 Spiritual Formation (3)

This course provides students with tools and practical approaches to strengthening their spiritual formation—defined as being with Christ, becoming like Christ, and living for Christ. It includes an examination of spiritual disciplines and their role in spiritual formation. (*Online*)

BIB3708 Spiritual Formation of the Intercultural Minister (3)

This course provides students with tools and practical approaches to strengthening their spiritual formation—defined as being with Christ, becoming like Christ, and living for Christ. It includes an examination of spiritual disciplines and the significance of the family for spiritual formation in a foreign context.

BIB3750 Systematic Theology (3)

This course includes continuing exploration of the five primary theological categories (*Theology, Christology, Pneumatology, Soteriology, and Ecclesiology*). It exposes students to an expanded, penetrating look at the content, as well as the implications of theology. The desired outcome is that students understand both and are enabled to utilize this knowledge to provide more effective, enduring ministry.

BIB3801 Scripture and Theology Block I (3)

This course is designed to teach fundamental scripture and theology subjects by integrating concepts and practices into real life ministry. The course will teach accurate knowledge of Scripture, along with strong exegetical skills, and a competence in appropriate application.

BIB3810 Biblical Themes in Business (3)

This course provides a framework and a basic ethical foundation. Students explore biblical themes relevant to business such as Kingdom, integrity, stewardship, justice, and ethics. This course assists students with faith integration so that they may exercise their profession as servants of Christ.

BIB3830 Biblical Themes in Education (3)

This course examines the practical application of core biblical themes of scripture to the field of education. The course also includes an historical overview of the relationship between the church and state, and its influence on education in the U.S.

BIB3900 Violence in the Old Testament and Today (3)

This course will explore issues of violence in the Old Testament, including acts of God, war, Israel's law and society, as well as violence from a literary perspective. The course will also explore contemporary responses to violence in the Old Testament and the problems, difficulties, and limitations that come with examining violence in sacred texts. Students will develop their ability to critically interrogate the biblical text and apply this process to current debates in religion and violence. (*Prerequisite: BIB1325*)

BIB4200 Biblical Theology (3)

A summary of the biblical doctrines of faith, revelation, theology, anthropology, soteriology, eschatology, and ecclesiology with strong emphasis throughout on God's redemptive purpose and the Christian's role in fulfilling that purpose. (*Prerequisite: BIB3111*)

BIB4202 Biblical Theology (3)

A summary of the biblical doctrines of faith, revelation, theology, anthropology, soteriology, eschatology, and ecclesiology with strong emphasis throughout on God's redemptive purpose and the Christian's role in fulfilling that purpose. (*Prerequisite: BIB3116*) (*Online*)

BIB4310 Hebrew Poetry (3)

A study of the poetic literature of the Old Testament, especially Psalms, Job, and Ecclesiastes. Consideration will be given to the use of these texts in the New Testament and to their value for preaching and teaching in contemporary society. (*Prerequisite: BIB3111*)

BIB4522 Baptism & the Lord's Supper (3)

This course is a study of the biblical, theological and historical foundations for the Lord's Supper and Baptism. This is an upper division biblical survey/exegetical course. This course will require extensive research and application. (Prerequisite: BIB3111)

BIB4810 Bible Teaching Assistant (1-3)

Student will assist with tasks and projects assigned by the instructor of record for each course. (Prerequisite: junior/senior standing with instructor's approval)

BIB4940 Seminar in New Testament (3)

Selected topics as agreed upon by instructor and senior students. (Prerequisite: BIB3111)

BIB4950 Kierkegaard, Bonhoeffer, and the Good Life (3)

This course invites students to consider the theological and moral visions of Soren Kierkegaard and Dietrich Bonhoeffer. More specifically, it surveys how each thinker's life and work offer original and significant

contributions to the field of kenotic Christology. Like many theologians, both Kierkegaard and Bonhoeffer affirm the theological doctrine that Christ undergoes a limitation on becoming a human being. Where they depart from their contemporaries is in 1) their emphasis on the radical nature of this limitation and 2) their insistence that kenotic Christology should not be understood doctrinally but existentially. Students will explore how each thinker's existential understanding of the 'good life' reflects and imitates this kenosis. To fulfill the New Testament exegetical requirement, students are required to examine Kierkegaard and Bonhoeffer's kenotic Christology in light of Paul's exhortation in Philippians 2:1-11. (*Satisfies New Testament Exegetical Requirement*) (Prerequisite: BIB3111)

BIB4990 Ethics of War and Peace (1)

This class reviews various philosophical and theological frameworks for the understanding of war and peace. Students will be introduced to the major theoretical approaches to ethical questions in international relations (*i.e. realism, pacifism, just war theory and cosmopolitanism*) and will be expected to evaluate their main strengths and weaknesses as well as to apply their logic to specific cases and situations. Questions that will be explored include: Is there really such a thing as a just war? Can the use of force be justified on ethical grounds? How are Christians to reconcile war with the ideals of 'turn the other cheek' and 'love your enemy'? Is humanitarian intervention an ethical practice or should the principles of sovereignty and non-intervention be upheld? Additionally, this course examines the fundamentals involved in peacekeeping, peacemaking, and peace building.

BIB4991 Ethics of Love (1)

This course will explore several philosophical problems arising from reflection on love. Issues addressed include: the nature of love, the relationship between value and desire, the rationality of emotion, the authenticity of desire, and the justification of love. Throughout the course we will consider possible contributions these approaches can make to Christian social ethics, as well as contributions Christian ethical thought can make to the current philosophical debates.

BIB4992 Religion and the Ethics of Citizenship (1)

This course explores how theology fashions Christian practices and understanding regarding the ordering of society, and the place of the church in the post-Reformation modern era. This course is intended to acquaint the student with the modern tradition of Western Christian political thought, with an emphasis on the theological underpinnings of political theory. A significant focus will revolve around the ethics of citizenship. As a result, students will explore the moral questions raised by the interaction between theology and political philosophy.

BIB4993 Biomedical Ethics (1)

This course examines ethical dilemmas of medical practice in light of Christian theological and ethical thought. Among the topics to be considered are concepts of the person, the question of the meaning of suffering, abortion, healthcare resource challenges, new reproductive technologies, the new genetics and the ethics of enhancement, questions of cooperation, and various end of life issues.

BIB5003 History and Literature of the Early Christians (3)

A study of the background, history and emphases of New Testament documents as they relate to the development and theology of the early church recorded in Acts. (SALT)

BIB5010 Principles in Theology and Hermeneutics (3)

The theology component of this course will involve an introduction to covenant as a biblical paradigm, and its expression in a life of servant leadership. The hermeneutical component will study the critical place of presuppositions in determining interpretation of a biblical text, special problems in interpreting the text, problems in contextualization and re-contextualization. Taken in preparation for degree applicable coursework.

EDU5610 Contemporary Issues in Education (3)

In this course, students examine a range of contemporary topics affecting education. Examples of topics include issues involving strategic educational management; societal factors affecting education; school board-employee relationships; federal and state laws, programs and regulations; budgetary and fiscal concerns; and other topics of local or professional interest.

EDU5625 Technology for Teachers (3)

Students in this course gain a fundamental understanding of personal computers and their use by teachers in a school setting, explore issues of infusing technology into K-12 curriculum, and increase the range and depth of computer applications and peripherals. Throughout the course students present and discuss their vision of quality technology integration and monitoring the use of technology in the classroom. Special Consideration: (*Prerequisite for SB2042 Preliminary Multiple Subject Teaching Credential and SB2042 Preliminary Single Subject Teaching Credential.*)

EDU5640 Issues in Education during Middle Childhood through Adolescent Development (3)

This course addresses mid-childhood and adolescent development as it applies to and impacts educational and classroom needs. Developmental disabilities, learning disabilities, overview of the Individual Education Plan (IEP) process, behavior management strategies, and other topics are addressed as they pertain to K-8 classrooms and other educational settings. In addition, developmental theories are reviewed and applied to specific topics and needs that children, adolescents, and educators face. A minimum of ten (10) hours of instructional observation in a special education and inclusive classroom(s) with students from cultural, linguistic, ethnic, or socioeconomic backgrounds different from that of the teacher credential candidate are required. Special consideration: (*Prerequisite for SB 2042 Preliminary Multiple subject Teaching Credential.*)

EDU5700 Mind, Brain, and Education Science (3)

This course provides an introduction to the emerging, interdisciplinary field of mind, brain, and education (MBE). Interest in the brain is a hot topic in educational circles and future teachers should be aware of the neuromyths and actual science. Topics include a conceptual introduction to the brain, including a study of neurons, how the brain learns, memory, brain plasticity, and how to teach students about the brain. Theories of intelligence and mindset will also be reviewed.

EDU5810 Student Teaching (5)

Student Teaching and Advanced Student Teaching are designed to allow the candidate to experience the daily responsibilities of running a culturally and linguistically diverse classroom(s). The candidate practices under the expert monitoring of a Master Teacher with mentoring from a University Supervisor. Special Consideration: Must be taken concurrently with EDU5910.

EDU5820 Introductory Practicum for Elementary Teachers (3)

This course provides students an introduction to public elementary school (K-8) teaching, with an emphasis on the impact of a changing society on the urban classroom experience. It also focuses on classroom management, requirements outlined in the California Standards for the Teaching Profession, Teacher Performance Expectations (TPEs), and the four Teacher Performance Assessment (TPA) tasks. A minimum of five (5) hours of core subjects observation in a classroom(s) with students from cultural, linguistic, ethnic, or socioeconomic backgrounds different from that of the teacher credential candidate are required. Special Consideration: *(Prerequisite for SB2042 Preliminary Multiple Subject Teaching Credential.)*

EDU5821 Introductory Practicum for Secondary Teachers (3)

This course provides students an introduction to public secondary school (7-12) teaching, with an emphasis on the impact of a changing society on the urban classroom experience. It also focuses on classroom management, requirements outlined in the California Standards for the Teaching Profession, Teacher Performance Expectations (TPEs), and the four Teacher Performance Assessment (TPA) tasks. A minimum of five (5) hours of core subjects observation in a classroom(s) with students from cultural, linguistic, ethnic, or socioeconomic backgrounds different from that of the teacher credential candidate are required. Special Consideration: *(Prerequisite for SB2042 Preliminary Single Subject Teaching Credential.)*

EDU5850 Education Research for Effective Teaching and Learning (3)

In this course, the students are introduced to the history and new directions of education research. Students will be introduced to the importance of being scholar-practitioners and how to determine the level of credibility of information found in education to discern myth from evidence and scientifically-based research. Major findings and recent education research will be reviewed and students will be provided models for interpreting new data and implementing strategies for effective teaching and learning. Proper usage of APA style will also be presented. Students will write a synthesis of literature.

EDU5890 Advanced Student Teaching (5)

Student Teaching and Advanced Student Teaching are designed to allow the candidate to experience the daily responsibilities of running a culturally and linguistically diverse classroom. Candidates practice under

the expert monitoring of a Master Teacher with mentoring from a University Supervisor. Special Consideration: Must be taken concurrently with EDU5911.

EDU5910 Student Teaching Seminar (1)

Students reflect on their weekly teaching experiences in a seminar format. Discussion topics include classroom management, legal and ethical issues, available resources, and interview preparation. Special Consideration: Must be taken concurrently with EDU5810 Student Teaching.

EDU5911 Advanced Student Teaching Seminar (1)

Students reflect on their weekly teaching experiences in a seminar format. Discussion topics include classroom management, legal and ethical issues, available resources, and interview preparation. Special Consideration: Must be taken concurrently with EDU5890 Advanced Student Teaching.

EDU5920 Special Topics in Education (1-6)

This course focuses on selected rotating topics dealing with various aspects of school administration and leadership. It is designed to make use of visiting scholars, adjunct, and resident faculty whose special expertise enriches other aspects of the curriculum. The course may be taken for a maximum of six (6) units.

EDU6200 Developing Personalized Learning Programs for Students (3)

Students in this course learn about the philosophy and importance of personalizing learning to improve student outcomes. Students will learn about the role of the teacher in the personalized learning model and how to provide a blended, flexible learning delivery while providing students with more voice and choice in the learning process through student-driven learning paths. Strategies for increasing engagement, project-based and authentic learning experiences, and helping students take responsibility for their learning will be covered.

EDU6205 Managing a Personalized Learning Classroom (3)

This course introduces students to the personalized learning classroom and provides tools for providing more meaningful one-on-one teacher and student interactions, structuring the classroom, providing more varied learning environments, managing small groups and learning centers, and the effective use of technology.

EDU6210 The Role of Assessment in the Personalized Learning Model (3)

Assessment strategies as part of the teaching and learning cycle will be reviewed along with the role of assessment in personalizing learning and developing mastery/competency-based progression and pacing. Using data to drive instruction and the importance of supporting each learner's

needs and providing effective feedback and promoting a growth mindset will also be addressed.

EDU6320 Curriculum Development and Instructional Design (3)

Students learn to build curriculum and offer instruction that induces powerful learning. The course provides a framework for critically analyzing educational belief systems and decision-making processes, practices found in traditional educational settings and modern learning organizations, and creation of a curricular benchmark. A focus of the course is the sequential development of an interdisciplinary, cross-curricular, long-term lesson plan.

EDU6321 Curriculum Development and Instructional Design for Secondary School Teachers (3)

Students learn to build curriculum and instruction that induces powerful learning to occur based on California Frameworks and Curricular Standards for grades 7-12. The course provides a framework to critically analyze educational belief systems and decision-making processes, practices found in traditional educational settings and modern learning organizations, and creation of a curricular benchmark for secondary school educators. Special Consideration: Candidates must complete EDU6512 Disciplinary/Interdisciplinary Methods of Teaching in Secondary Schools, prior to enrolling in this course.

EDU6490 School and Community Relations in a Diverse Society (3)

This course provides students with an in-depth analysis of the various social and political forces that impact internal and external school-community relations. There is an emphasis on meeting the needs of diverse communities and the effects of cultural pluralism on school-community dynamics, particularly effects stemming from changing demographics. They learn how to implement educational change by mobilizing community support in the context of special interest groups, language issues, and through fostering interagency and inter-disciplinary cooperation.

EDU6509 The Adolescent Learner (3)

This course addresses the adolescent and young adult development as it applies to, and impacts educational and classroom needs. Developmental disabilities, learning disabilities, overview of the Individual Education Plan (*IEP*) process, behavior management strategies, and other topics are addressed as they pertain to secondary classrooms and other educational settings. In addition, identity, relational, and psychological theories are reviewed and applied to specific topics and needs that adolescents and educators face. A minimum of ten (10) hours of instructional observation in a special education and inclusive classroom(s) with students from cultural, linguistic, ethnic, or socioeconomic backgrounds different from that of the teacher credential candidate are required. Special Consideration: (*Prerequisite for SB2042 Preliminary Single Subject Teaching Credential.*)

EDU6511 Language and Literacy Education in Secondary Schools (3)

Students explore the components of balanced comprehensive literacy instruction at the secondary level. Students examine the research basis for providing effective literacy instruction and learning. They will also learn instructional procedures designed to provide access to the curriculum for all students, regardless of cultural and linguistic backgrounds. A minimum of six (6) hours of language and literacy instruction observation in a classroom with students from cultural, linguistic, ethnic, or socio-economic backgrounds different from that of the teacher credential candidate is required.

EDU6512 Disciplinary/Interdisciplinary Methods of Teaching in Secondary Schools (3)

Students examine research, theory, methods, and materials for teaching subject-specific classes in grades 7-12. Topics include diagnosis/prescription and the use of varied methodologies/materials for providing successful learning experiences for students. Emphasis is placed on the use of state frameworks and curricular standards, as well as national standards where appropriate, in short- term and long-range planning. A minimum of ten (10) hours of subject-specific instruction observation in a classroom with students from cultural, linguistic, ethnic, or socioeconomic backgrounds different from that of the teacher credential candidate are required. Special Consideration: Candidates must pass all appropriate CSET examinations prior to enrolling in the course; prerequisite for EDU6321 Curriculum Development and Instructional Design for Secondary School Teachers.

EDU6610 Financial Aspects of Education (3)

Students in this course are introduced to revenue and expenses commonly used in the operation of California public schools. School district and site budget development and monitoring are discussed. The fiscal impact of collective bargaining and scenarios likely to be faced by school administrators are explored.

EDU6620 Legal Aspects of Education (3)

Students in this course review and analyze legal issues, cases, and executive orders related to students, staff, school boards and governance, and federal and state programs. Students discuss laws related to contracts, tort, privacy, employment/dismissal, collective bargaining agreements, and other topical issues.

EDU6630 Education Policy and Governance (3)

Students in this course examine the governance structure of schools, specific educational code requirements, their many implications for school leadership, and the local, state, and federal agencies that govern educational decision-making. The course also examines the demands, constraints, and choices of the school site administrator as reflected in board policies and administrative regulations.

EDU6710 Introduction to Gifted and Talented Education (3)

Students in this course examine the nature of giftedness and talent, theory-based definitions of giftedness, from both historical and present day perspectives and the identification of students for Gifted and talented programs. Students develop an understanding of the identification process and instruments used, along with the cognitive, social and emotional needs of those identified as gifted.

EDU6711 Differentiated Instruction for the Gifted and Talented Student (3)

Students in this course explore the impact and need for differentiated instruction in the Gifted and Talented (*GATE*) classroom. The course will examine a variety of tools, methods, and instructional strategies that educators can integrate when developing powerful curriculum for advanced learners.

EDU6712 Developing Curriculum for the Gifted and Talented Student (3)

This course includes methods for providing differentiated instruction and developing curriculum through the use of curriculum compacting and the Icons of Depth and Complexity, Novelty, Frames, Content Imperatives, and Universal Themes. Students learn to develop curriculum, units, and lessons that target the needs of gifted students.

EDU6720 Music for Educators: World Music and Instruments (3)

This course will introduce students to music and unique instruments, along with historical and philosophical aspects of cultures, in various regions around the world. Topics focus on traditional music and musical instruments from a variety of countries and their representative music and musical genres. The course is accompanied with audio and visual presentations.

EDU6721 Music for Educators: Western Classical Music (3)

This course is designed to provide knowledge about Western European and classical music to enrich students understanding of music and Western culture. Topics will cover historical and philosophical aspects of music, including representative musicians and musical genres from each period of Western European history. The course is accompanied with audio and visual presentations.

EDU6722 Music for Educators: History of American Music (3)

This course is designed to provide students knowledge about American music to enhance their appreciation of music developed in the United States. Through learning about the historical and philosophical aspects of American music, students are challenged to transfer this knowledge to their classrooms. The course is accompanied with audio and visual presentations.

EDU6801, 6811, 6821 Directed Administrative Field Experience A, B, C (1 unit each course)

This series of three courses is designed to allow candidates to experience the daily responsibilities of leading a culturally and linguistically diverse school. Seminars will provide an opportunity for candidates to matriculate through the field experience by examining and discussing topics in a mentoring and collaborative environment.

EDU6830 Directed Personalized Learning Field Experience A (1)

This series of three courses is designed to provide students with an opportunity to apply skills learned for personalizing learning through the field experience in a mentoring and collaborative environment.

EDU6840 Directed Personalized Learning Field Experience B (1)

This series of three courses is designed to provide students with an opportunity to apply skills learned for personalizing learning through the field experience in a mentoring and collaborative environment.

EDU6850 Directed Personalized Learning Field Experience C (1)

This series of three courses is designed to provide students with an opportunity to apply skills learned for personalizing learning through the field experience in a mentoring and collaborative environment.

EDU6910 Introduction to Research and Evaluation (3)

This course introduces students to research and evaluation techniques primarily used in educational settings. Students specifically learn how to diagnose problems, construct samples, control variables, and collect and analyze data using statistical and other methodologies. At the end of the course the student is required to submit a project design proposal for EDU 6990 Thesis. (*Special Consideration: Prerequisite for EDU5200 Data Analysis.*)

EDU6920 Action Research A: Understanding Inquiry and Data (2)

This seminar course is a prerequisite to EDU 6930 Action Research B: Understanding Program Design and Evaluation, and is the first of a sequence of three courses leading to a capstone project. In this course, students learn about the action research design cycle and its benefits, based on methods for using data to inform program development and practice. Students learn to identify appropriate types of action research topics and questions, and examine the continuum of roles of the researcher in doing action research, in this course, students will develop a research question, locate, read and synthesize peer-reviewed journal articles and write a Review of the Literature, decide on data collection methods and prepare a research schedule. Students will also learn how to interpret the results of standardized tests that are used in California schools. (*Special Consideration: Prerequisite for EDU6930 Action Research B: Understanding Program Design and Evaluation.*)

EDU6930 Action Research B: Understanding Program Design and Evaluation (2)

This course must be taken as a prerequisite to EDU 6940 Action Research C: Master's Project, and is the second of a sequence of three courses leading to a capstone project. In this course students will be observing, reflecting, and taking action, while gathering the data needed to answer their research question(s). Students will learn about ethical considerations in doing action research and working with research participants. Students will also learn how to communicate their results and ways in which to present the data. *Special Consideration: Candidates must complete EDU6920 Action Research A*

EDU6940 Action Research C: Master's Project (2)

This course is the capstone of the work done in the Master of Arts in Educational Administration program. The student will complete the Action Research Project by analyzing the data, drawing conclusions, and presenting the findings, and will include material completed in EDU 6920 Action Research: Understanding Inquiry and Data and EDU 6930 Action Research: Understanding Program Design and Evaluation. Students will develop appropriate recommendations and questions for further study and learn to apply the findings of the Action Research Project to their school/educational setting. *Special Consideration: Candidates must complete EDU6930 Action Research B: Understanding Program Design and Evaluation prior to enrolling.*

EDU6990 Thesis (3)

This capstone course serves as the culmination of the work done in the Master of Education program. Theses vary in style, content, presentation, media, and format. The expectation is that the thesis will be an example of powerful learning for each person completing the degree program. The research will complete each of the major components of the thesis as described in the Research Proposal completed in EDU6910 Introduction to Research. (*Prerequisite: EDU5200 and EDU6910*)

ENG0130 Writing Skills Tutorial (1)

This tutorial, taken alongside ENG1100 English Composition according to placement test results upon entry to Hope International University, focuses on skills development in the areas of grammar and composition, vocabulary development, reading speed and comprehension, test-taking, note-taking, and college organization.

ENG1100 English Composition (3)

This course combines instruction and practice in specific methods of expository writing (*descriptive, narrative, and cause/effect*) with prescriptive instruction in the fundamentals of English grammar, sentence structure, mechanics, and style. Students will be introduced to the foundational skills of "Information Literacy" and be given an opportunity to use those skills as they learn to communicate clearly and

effectively in the preparation of formal essays. The skills taught in this course are essential for completing college-level coursework and meeting communication objectives in professional settings.

ENG1110 Written Communication (3)

This course combines instruction and practice in specific methods of expository writing (*descriptive, narrative, and cause/effect*) with prescriptive instruction in the fundamentals of English grammar, sentence structure, mechanics, and style. Students will be introduced to the foundational skills of “Information Literacy” and be given an opportunity to use those skills as they learn to communicate clearly and effectively in the preparation of formal essays. The skills taught in this course are essential for completing college-level coursework and meeting communication objectives in professional settings. (*Online*)

ENG1115 English Reading and Composition (3)

This course involves reading and interpreting a variety of narrative and expository texts including essays, fiction, and one longer, significant text. Students compose a sequence of expository essays and a research paper. Instruction emphasizes reading and writing as discourse with a focus on purpose/setting/thesis formation, sentence and paragraph structure, and essay development. (*AST*)

ENG2015 Introduction to Literature (3)

Students engage in a variety of expository writing exercises, including literary analysis, through the critical study of various literary genre, including poetry, short fiction, drama, and the novel. (*AST*)

ENG2100 Introduction to Literature (3)

This course introduces students to both the elements of literary analysis and the foundational characteristics of four literary genres: short story, poetry, drama, and the novel. It combines instruction in the skills of critical thinking, literary analysis, and advanced writing skills. Students will apply skills of “Information Literacy” as they prepare the formal term paper, which employs the skills of compare/contrast and argument/persuasion writing as well as comprehensive literary analysis.

ENG2210 Composition and Literature (3)

This course introduces students to both the elements of literary analysis and the foundational characteristics of four literary genres: short story, poetry, drama, and the novel. It combines instruction in the skills of critical thinking, literary analysis, and advanced writing skills. Students will apply skills of “Information Literacy” as they prepare the formal term paper, which employs the skills of compare/contrast and argument/persuasion writing as well as comprehensive literary analysis. (*Online*)

ENG2300 Introduction to Drama (3)

This course traces the role of drama as an art form used to communicate values and ideas, beginning with the analysis of Greek drama, and then

tracing the development of drama through the medieval theater, and finally the birth of modern theater (*including an analysis of comedy and tragedy as distinct dramatic art forms.*) The principles of oral interpretation, reader's theater, pantomime, and choral reading are practiced as students combine these art forms in creative presentations.

ENG2603 Film Studies (3)

This course surveys film studies through methodologies, genres, and histories. By examining cinematic forms, styles, and genres, roughly following a historical chronology, the course will teach the critical skills crucial to the discourse of Film Studies. This course will survey the world's classic cinema. (*Prerequisite: ENG1100*) (*Nebraska*)

ENG3000 Analysis of Literary Forms (3)

In this course, students will read and discuss some of the most influential texts and concepts of literary theory. Ultimately, the course prepares students to write a scholarly essay of literary analysis through the process of interpreting a primary text with the aid of secondary source criticism. Students will engage in advanced critical analysis of literary forms, including poetry, prose, short fiction, the novel, drama, and film. This course is required for all English Literature majors preparing to enter a teacher credential program; however, it presents a broad overview of literary analysis and may be used as a Humanities elective in the Leadership and Ethics Core.

ENG3001 Analysis of Literary Forms (3)

ENG3220 Myth, Fantasy, and Imagination in Literature (3)

This class explores universal myth-making as it is manifested across the world's major civilizations and people groups—all of which universally seek to answer the three great questions of a soul's journey through life: Where did I come from? (*Explored in creation myths*); Who am I? (*Explored in the universal re-telling of "The Hero's Journey"*); Where am I going? (*Explored in afterlife myths*). The role of fantasy and imagination in shaping the "grand landscape" of literature is interpreted as "foreshadows" of God's own hero-story; whereas, modern myths are examined as "flashbacks" to the adventures of deity incarnate. As believers, we are commissioned to embark on our own "Hero's Journey" when we join with God in "The Ministry of Reconciliation," thus championing His ultimate quest: The salvation of humanity. This course is integral in equipping students to relate the Gospel to people from other ideologies and traditions by helping students recognize the common themes that bind the stories told among the family of man. (*Prerequisites: ENG1100 & ENG2100*)

ENG3221 Myth, Fantasy, and Imagination in Literature (3)

ENG3225 C.S. Lewis and Literature of Faith (3)

This course introduces both the expository and the imaginative works of C.S. Lewis, the greatest “literary apologist” of the 20th century. Emphasis is on his use of “allegory” and “metaphoric” imagery, which enables readers to connect with Lewis’ complex theological and philosophical arguments. The literary motifs of “myth and faerie tale” through the lens of “The Hero’s Quest,” are analyzed in such timeless classics as *The Lion, The Witch and The Wardrobe*, and *Out of the Silent Planet*. Lewis’ journey from atheist to Christian is examined through *Mere Christianity*, as well as his insightful exhortations toward Christian maturity and discernment in *The Great Divorce*, *The Screwtape Letters*, and in Lewis’ seminal work: *The Weight of Glory*. Students, who enroll in this course (*ENG5225*) for graduate credit, will complete an additional syntopical analysis of Lewis’ works based on the themes most integral to their ministry emphasis. (*Prerequisites: ENG1100 or ENG1110 & ENG2100 or ENG2210*) (*Online*)

ENG3230 American Literature I Puritans to Whitman (3)

This course offers an introduction to American literature beginning with the letters of early explorers and ending with the poetry of Walt Whitman. The required reading assignments encompass an overview of many of the major writers, genres, and movements that contribute to the development of a body of literature we often identify as associated with American identity, nationhood, and culture. In particular, the students in this course will discuss the influence of Renato Rosaldo’s concept of Imperialist Nostalgia in the assigned reading selections.

ENG3231 American Literature I Puritans to Whitman (3)

anger, guilt, and annihilation that scholars believe mark the literary periods of the post-WWII era. Students will read several influential novels and watch the corresponding film adaptations prior to each class session. In class, we will focus our attention on the similarities and differences between reading a novel and reading a film, and we will discuss the challenges and advantages of adapting a novel into a film. (*Prerequisites: ENG1100 & ENG2100*)

ENG4500 Literature in the British Setting (3)

(*Study/Travel Course*) For many admirers of fiction, the function of setting - the time, place, or context of the story - is as essential as plot and character. Often, an author's ability to transport the reader into a different geographical or physical environment through descriptive detail is an indication of great skill. In this course, students will read selected works of British Literature in which the setting of England or Scotland plays a prominent role. In addition, this course provides students with the unique opportunity to examine and discuss these works while traveling throughout England and Scotland, visiting the sites and locales that inspired and influenced these writers' works and lives. Students will also engage in the practice of travel writing, as the final project for the course will be the submission of a travel journal - a written documentation of their experiences abroad.

MIN4013 Capstone: Christian Ministry (3)

Taken the first semester of a student's graduating year, this is a cumulative course for several majors and deals with current issues involved in various types of pastoral ministry within a local church. The course will require a major project in the student's area of vocational interest. This course serves for both NextGen majors and Pastoral majors. *(Prerequisite: Senior standing.) (Nebraska)*

MIN4803 Directed Study in Pastoral Ministry (1-3)

An independent study format designed to guide students as they pursue topics pertinent to career goals, needs, or interests. Proposal approved by the Academic Dean. *(Nebraska)*

MIN5733 Current Issues in Pentecostal Ministry (3)

This course provides a "public square" in which students discuss current and ongoing issues of relevance to Pentecostal ministry. Utilizing a

variety of instructional and communicative aids, the course exposes students to current issues facing the church, provides a challenging place for the student to develop his/her understanding of these issues, and enables students to articulate their conclusions. *(AST only)*

MIN5780 Challenges to Nurturing Growth (3)

This course is designed to explore current and ever-changing challenges to the growth and progress of individuals, the local church, and the broader faith communities, and provide substantive answers to these challenges. *(Residency course; AST only)*

MIN5783 Challenges in Contemporary Apostolic Ministry (3)

This course addresses the challenges that are pertinent to apostolic ministry and to the apostolic movement. The content will vary with the contemporary challenges that are of importance to the church and will address subjects of survival, direction, and progress. *(Residency course; AST only)*

MIN5990 The Art of Worship

This course provides a biblical and practical approach to Pentecostal worship. Students explore biblical principles of worship and analyze the dynamics of creating a strong corporate worship experience in the local church. Students learn how worship and mission function collaboratively and how to apply these insights effectively. The course emphasizes the importance of the worship life of the worship leader and the church, and it highlights distinctions between talent and anointing. *(Residency course; AST only)*

MTH0100 Mathematics Review (3)

A beginning algebra and algebra review required of all students diagnosed as insufficiently prepared for placement in MTH1100 College Algebra or MTH1150 Liberal Arts Math 1. *(Placement by Math placement test. Credit/No Credit. Not transferable)*

MTH0105 Mathematics Review (3)

A beginning algebra and algebra review strongly recommended for online students prior to taking a College level mathematics course. Self-paced study with a proctored final exam. Students may take this course in one online module or in two consecutive online modules. Successful completion of MTH0105 suffices for the required Math Review class (*MTH0100*) for TUG students. *(Credit/No Credit. Not transferable) (Online)*

MTH1100 College Algebra (3)

This course meets the Leadership and Ethic Core mathematics requirement for Bachelor's degree students. College Algebra may be used as preparation to take Calculus. College Algebra is designed to provide the student with a greater understanding of algebraic and transcendental functions and demonstrate how they are used to

understand, interpret, and solve quantitative reasoning problems. Several of the major topics covered in this course are the following: solving equations, exponents, complex numbers, inequalities, graphs, functions, polynomials and their roots (*Fundamental Theorem of Algebra*), inverse functions, exponential functions, logarithms, trigonometric functions (*right triangle approach*) solving systems of equations, and matrices. The course will strongly focus on functions and their properties and uses. (*Placement by SAT Math Score or by Math placement test or by successful completion of MTH0100*)

MTH1110 Pre-Calculus

This course meets the Leadership and Ethics Core requirement for Bachelor's degree students. Topics include trigonometric functions, inverse trigonometric functions, sinusoidal curve fitting, law of sines, law of cosines, trigonometric identities, polar coordinates, vectors, and the dot product. Recommended for students majoring in fields which require algebra based physics. (*Prerequisite: Successful completion of MTH1100 (C or better) or placement by SAT math score*)

MTH1400 Applied Calculus (3)

This course meets the Leadership and Ethics Core requirement for Bachelor's degree students. Applied Calculus is a survey of differential and Integral calculus with a variety of applications. Topics include limits, techniques of differentiation, exponential functions and the derivation of compound interest formulas, optimization of functions, the Fundamental Theorem of Calculus, and integration techniques, with applications for each of these topics. (*Prerequisite: Successful completion of MTH1100 or MTH1110 (C or better) or placement by SAT math score*)

MTH1150 Liberal Arts Math I (3)

This course meets the Leadership and Ethics Core mathematics requirement for Bachelor's degree students. Liberal Arts Math I is primarily designed for Liberal Studies and Ministry majors and is the first of two courses to be taken sequentially by students seeking a Multiple Subject Credential. Topics include: problem solving sets, logic, percentages, finance, counting techniques, probability, and statistics. (*Placement by SAT Math Score or by Math placement test or by successful completion of MTH0100*)

MTH1160 Liberal Arts Math II (3)

This course is primarily designed for Liberal Studies majors seeking a Multiple Subject Credential and is the second of two courses to be taken sequentially. Topics include: numeration systems, the real number system, exponential and linear modeling, functions, graphs, and geometry, with an emphasis on problem solving. This course helps prepare students for the mathematical portions of CBEST, CSET, and/or GRE. (*Prerequisite: Satisfactory completion of MTH1150*)

MTH1175 Liberal Arts Mathematics I (3)

This course meets the mathematics requirement for Bachelor's degree students. Topics include: problem solving, sets, logic, percentages, finance, counting techniques, probability, and statistics. (*Placement by SAT Math Score or by Math placement test or by successful completion of a suitable pre-college skills development course*) (Online)

MTH1185 Liberal Arts Mathematics II (3)

This course is primarily designed for Liberal Studies majors and is the second of two courses to be taken sequentially. Topics include: numeration systems, the real number system, exponential and linear modeling, functions, graphs, and geometry, with an emphasis on problem solving. This course helps prepare students for the mathematical portions of CBEST, CSET, and/or GRE. (*Prerequisite: Satisfactory completion of MTH1175*) (Online)

MTH1200 Business Math/Calculus (3)

This course meets the Leadership and Ethics Core requirement for Bachelor's degree students. Business Calculus is a survey of differential and integral calculus with an emphasis on applications to business and economics. Topics include limits, techniques of differentiation, exponential functions and the derivation of compound interest formulas, maximization and minimization of functions, the Fundamental Theorem of Calculus, and integration techniques, with applications for each of these topics. Taught concurrently with MTH1400. (*Prerequisite: Successful completion of MTH1100 (C or better), or placement by SAT Math Score, or instructor approval.*)

MTH1400 Applied Calculus (3)

This course meets the Leadership and Ethics Core requirement for Bachelor's degree students. Applied Calculus is a survey of differential and Integral calculus with a variety of applications. Topics include limits, techniques of differentiation, exponential functions and the derivation of compound interest formulas, optimization of functions, the Fundamental Theorem of Calculus, and integration techniques, with applications for each of these topics. Taught concurrently with MTH1200. (*Prerequisite: Successful completion of MTH1100 or MTH1110 (C or better) or placement by SAT math score, or instructor approval.*)

MTH3100 Problem Solving Seminar (1-3)

Designed for Education majors who would like to teach math at a foundational level. Students solve problems on their own and meet weekly to present their solutions to selected problems.

MTH3900 Seminar in Mathematics (1-3)

This course features rotating special topics, independent study and/or group studies in algebra, number theory, geometry, probability and statistics, and problem solving. This course is the first in a two course

sequence for students preparing for a foundational math credential, focusing on topics in Math CSET, Domain I. (*Prerequisite: junior/senior standing with instructor's approval*).

MTH4810 Math Teaching Assistant (1-3)

The student will assist with tasks and projects assigned by the instructor of record for each course. (*Prerequisite: junior/senior standing with instructor's approval*)

MTH4900 Seminar in Mathematics (1-3)

This course features rotating special topics, independent study and/or group studies in algebra, number theory, geometry, probability and statistics, and problem solving. This course is the second in a two course sequence for students preparing for a foundational math credential, focusing on topics in Math CSET, Domain II. (*Prerequisite: junior/senior standing with instructor's approval*).

MUS0100 Music Performance Workshop (0)

Performance requirement for music majors.

MUS1013 Music Theory for Worship Leaders 1 (3)

This course is the study of basic music theory including notation, rhythm, meter, keys, scales, intervals, key signatures, and harmony. (*Prerequisite: Music Theory exam or Basic Music Theory Class.*) (*Nebraska*)

MUS1023 Music Theory for Worship Leaders 2 (3)

Study will include extended harmony, chord progressions, cadences and melodic content. (*Prerequisite: MUS1013*) (*Nebraska*)

MUS1103 Voice Class (.5)

Group instruction for the beginning voice student. This class is designed for non-Worship Arts Concentration students. Any non-Worship Arts student desiring private instruction in voice must first take this course. Course will cover how to create a sound, vocal health issues, posture, breath support, and phrasing. (*Nebraska*)

MUS1107 Musicianship: Reading, Writing, and Ear Training I (2)

Musicianship encompasses all the basic skills that every musician needs – the ability to read and write music, using both traditional staff notation and modern chord charts; ear training so students can easily identify melodies, bass lines, and chord progressions, and sight singing so students can instantly reproduce music from staff notation. The Nashville Number System and traditional Solfege are also covered. The first semester starts at a basic level, covering Solfege in C major, intervals, and step dictation.

MUS1108 Musicianship: Reading, Writing, and Ear Training II (2)

Musicianship encompasses all the basic skills that every musician needs – the ability to read and write music, using both traditional staff notation

and modern chord charts; ear training so students can easily identify melodies, bass lines, and chord progressions, and sight singing so students can instantly reproduce music from staff notation. The Nashville Number System and traditional Solfege are also covered. The second semester starts at a basic level of Solfege in D, F and G major, intervals and intermediate step dictation.

MUS1109 A Passion for Music (2)

This course creates well-rounded, mature musicians by exploring music from every imaginable genre and period of history. Building on their knowledge of music from the Classical, Baroque, Romantic, Renaissance, and Impressionist periods, students will study musical characteristics of jazz, blues, Latin, contemporary Christian, pop, rock, folk, EDM, Broadway, film scores, plus African, Indian, and Brazilian influences. Graduates of this course will know the composers, artists, leaders, and creators of music in each genre and movement as well as the major masterpieces and epic songs that have risen to historic prominence. They will be fluent in the diverse multi-cultural language that is global music today.

MUS1113 Guitar Class (.5)

Class guitar instruction on the basic techniques of the instrument. This course will prepare students for private lessons in guitar instruction. *(Nebraska)*

MUS1120 Spring Musical (1)

This course consists of weekly rehearsals in which students learn vocal parts, staging, and choreography for a full-scale stage production. The production is presented in 5-7 performances for the campus community and the wider community. *(Credit/No Credit Grading)*

MUS1211 Private Instruction in Voice A (Traditional/Classical) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. *(Prerequisite: Instructor's approval)*

MUS1212 Private Instruction in Voice B (Contemporary/Commercial) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. *(Prerequisite: Instructor's approval)*

MUS1221 Private Instruction in Piano A (Traditional/Classical) (1-2)

Piano technique, repertoire and service playing. Provides the foundation for MUS3299/4298, which culminates in preparation for Junior and Senior Recitals. *(Prerequisite: Instructor's approval)*

MUS1222 Private Instruction in Piano B (Contemporary/Commercial) (1-2)

Piano technique, repertoire and service playing. Provides the foundation for MUS3299/4298, which culminates in preparation for Junior and Senior Recitals. *(Prerequisite: Instructor's approval)*

MUS1241 Private Instruction in Instrumental Performance A (Traditional/Classical) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS1242 Private Instruction in Instrumental Performance B (Contemporary/Commercial) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS1251 Private Instruction in Composition A (Traditional/Classical) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS1252 Private Instruction in Composition B (Contemporary/Commercial) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS1301 Introduction to Vocal Training (2)

Effective use of the voice in a variety of situations. This leads to more skill in song leading, ensemble singing, and solo performance.

MUS1302 Vocal Technique for Worship (2)

Continuation of MUS1301. *(Prerequisite: MUS1301 or instructor's approval)*

MUS1325 Jazz Ensemble (1)

Small vocal and instrumental ensembles performing contemporary sacred literature. Course may be repeated for credit. *(Prerequisite: Auditions)*

MUS1350 Hope International University Praise Choir (1)

Open to all qualified singers with choral experience, both music majors and non-music majors. Performs the major Classical chorale literature and contemporary gospel literature. Course may be repeated for credit.

MUS1360 Hope International University Praise Team (1)

The HIU Praise Teams are 'audition-only' worship band ensembles that lead worship in Campus Chapel and minister throughout Southern California, representing HIU at churches, conferences, and public events. To setup an audition, contact the Music Department at cmwa@hiu.edu.

MUS1403 Applied Music: Keyboard (.5)

Teaching the beginning student piano technique and music theory, including reading notated music and chord charts. Bachelor Worship Arts degree students must pass a keyboard proficiency test. *(Nebraska)*

MUS1413 Applied Music: Guitar (.5)

Each participant, from beginner through advanced, will be trained individually in basic guitar techniques and theory. Students will learn fingerpicking, flat-picking, strumming styles and be able to read notated music and chord charts. Bachelor of Worship Arts degree students must pass a guitar proficiency test. *(Nebraska)*

MUS1423 Applied Music: Voice (.5)

Each participant, both beginner and advanced, will be trained individually in vocal techniques and vocal performance as it pertains to leading worship and vocal health. All first semester students will spend the first eight weeks in a vocal master class. Each student will participate in general worship services, and open microphone nights upon request by the Worship Arts faculty. *(Nebraska)*

MUS1433 Applied Music: Bass Guitar (.5)

Each participant, from beginner through advanced, will be trained individually in basic bass guitar techniques and theory. *(Nebraska)*

MUS1443 Applied Music: Drums (.5)

Each participant, from beginner through advanced, will be trained individually in basic drums techniques and theory. *(Nebraska)*

MUS1504 The Language of Music I (2)

The introductory course covers all the basic building blocks of music: notes, pitch, rhythm, intervals, scales, keys, time signatures, chord structure, inversions, common practice and pop music harmony, and much more, in a modern commercial music setting. Students learn how to read and write music notation, construct scales, intervals, and chords, and identify basic chord progressions using the primary Diatonic Triads.

MUS1505 The Language of Music II (2)

Continuing to build up on the foundational concepts from Language of Music 1, this course explores the fundamentals of rhythm and harmony, more complex chord construction, and common harmonic progressions used in modern Praise and Worship music. Suspensions, added tones, seventh chords, slash notation, and voicing are all covered. Students will learn about chord function and cadences, rhythmic syncopation and anticipation, how to identify familiar progressions, how to harmonize a melody, and the Circle of Fifths.

MUS1600 Introduction to Worship and Ministry (2)

This course gives an overview of the administration aspect of developing and managing a worship arts program in the church. Topics will include:

budget, music library, church leadership styles, scheduling, and the day to day business of a worship arts program. This class will include church visits and interviews with church leaders.

MUS1801 Percussion Ensemble (1)

An introduction to hand percussion, steel drums and ensemble playing. An in depth study of African and South American percussion.

MUS2107 Musicianship: Reading, Writing, and Ear Training III (2)

Musicianship encompasses all the basic skills that every musician needs – the ability to read and write music, using both traditional staff notation and modern chord charts; ear training so students can easily identify melodies, bass lines, and chord progressions, and sight singing so students can instantly reproduce music from staff notation. The Nashville Number System and traditional Solfege are also covered. The first semester starts at a basic fundamental level and progresses gradually through six semesters; each increasing in complexity, developing the student's skills, fluency, and depth of understanding.

MUS2108 Musicianship: Reading, Writing, and Ear Training IV (2)

Musicianship encompasses all the basic skills that every musician needs – the ability to read and write music, using both traditional staff notation and modern chord charts; ear training so students can easily identify melodies, bass lines, and chord progressions, and sight singing so students can instantly reproduce music from staff notation. The Nashville Number System and traditional Solfege are also covered. MUS2211 Private Instruction in Voice A (Traditional/Classical) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. (*Prerequisite: Instructor's approval*)

MUS2212 Private Instruction in Voice B (Contemporary/Commercial) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. (*Prerequisite: Instructor's approval*)

MUS2221 Private Instruction in Piano A (Traditional/Classical) (1-2)

Piano technique, repertoire and service playing. Provides the foundation for MUS3299/4298, which culminates in preparation for Junior and Senior Recitals. (*Prerequisite: Instructor's approval*)

MUS2222 Private Instruction in Piano B (Contemporary/Commercial) (1-2)

Piano technique, repertoire and service playing. Provides the foundation for MUS3299/4298, which culminates in preparation for Junior and Senior Recitals. (*Prerequisite: Instructor's approval*)

MUS2241 Private Instruction in Instrumental Performance A (Traditional/Classical) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS2242 Private Instruction in Instrumental Performance B (Contemporary/Commercial) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS2251 Private Instruction in Composition A (Traditional/Classical) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS2252 Private Instruction in Composition B (Contemporary/Commercial) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS2260 Beginning Guitar (1)

Various guitar playing methods, such as strumming, picking, and chord progression will be studied and practiced.

MUS2261 Intermediate Guitar (1)

Continued and advanced techniques beyond MUS2260 are studied and practiced. Some ensemble playing is also included. This course may be repeated for credit.

MUS2262 Guitar Ensemble (1)

Group performance of jazz, classical, and sacred music for the guitar.

MUS2450 Arranging for Praise Band (2)

This introductory course teaches the fundamental skills of arranging for a typical church rhythm section featuring keyboards, guitars, bass, drums, and vocal team. Students will learn how to prepare master charts of their arrangements that effectively communicate their creative ideas. Graduates of this course will be well equipped to serve as Music Directors and Arrangers in contemporary church positions.

MUS2503 The Language of Music III (2)

Developing a complete understanding of modern harmony is the focus of this course. While reinforcing fundamental theory skills, students will dive deeper into extended chords, altered and borrowed chords, and other upper structure harmonic devices used in gospel, pop, and jazz.

Students will use their new knowledge to re-harmonize traditional hymns and write chord charts for contemporary Praise Band.

MUS2504 The Language of Music IV (2)

In this advanced course students will explore harmonic colors and flavors from cultures around the world, as well as rhythmic, textural, and timbre impact. Modal influences, jazz and blues, Latin and Brazilian music, pop, rock, and EDM are all presented within the framework of enhancing modern Praise & Worship.

MUS2700 The Art and Craft of Songwriting (2)

This course is designed to give students the essential skills and the inspiration they need to become successful songwriters. Students will learn how to create the perfect marriage of melody and lyric while developing a command of song structure, underlying harmony, and rhythmic sequence. The course is taught by a team of well-respected Christian songwriters who will share, from their knowledge and experience, how to conceive melodic ideas, create hooks, and master the use of rhyme scheme and other literary devices. Students will also learn the basics of how to copyright their songs, issue mechanical licenses, present their songs to publishers, paths to placement in films and television, and other ways to create income from their songs. Throughout the course, students will develop a portfolio of their songs and the best original compositions from the class will be considered for recording and distribution as part of the CMWA annual album.

MUS3100 Vocal Ensemble (1)

A small, vocal ensemble that will rehearse and perform a variety of advanced repertoire. This course will mainly be reserved for music majors or students who have shown a high level of commitment to the Music Department. (*Prerequisite: MUS1350*)

MUS3107 Musicianship: Reading, Writing, and Ear Training V (2)

Musicianship encompasses all the basic skills that every musician needs—the ability to read and write music, using both traditional staff notation and modern chord charts. Ear training so students can easily identify melodies, bass lines, and chord progressions. Sight singing so students can easily instantly reproduce music from staff notation. The Nashville Number System and traditional Solfege are also covered. The first semester starts at a basic fundamental level and progresses gradually through six semesters; each increasing in complexity, developing the student's skills, fluency, and depth of understanding.

MUS3108 Musicianship: Reading, Writing, and Ear Training VI (2)

MUS3211 Private Instruction in Voice A (Traditional/Classical) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. *(Prerequisite: Instructor's approval)*

MUS3212 Private Instruction in Voice B (Contemporary/Commercial) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. *(Prerequisite: Instructor's approval)*

MUS3221 Private Instruction in Piano A (Traditional/Classical) (2)

Piano technique, repertoire and service playing. Provides the foundation for MUS3299/4298, which culminates in preparation for Junior and Senior Recitals. *(Prerequisite: Instructor's approval)*

MUS3222 Private Instruction in Piano B (Contemporary/Commercial) (2)

Piano technique, repertoire and service playing. Provides the foundation for MUS3299/4298, which culminates in preparation for Junior and Senior Recitals. *(Prerequisite: Instructor's approval)*

MUS3241 Private Instruction in Instrumental Performance A (Traditional/Classical) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS3242 Private Instruction in Instrumental Performance B (Contemporary/Commercial) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS3251 Private Instruction in Composition A (Traditional/Classical) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS3252 Private Instruction in Composition B (Contemporary/Commercial) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS3299 Junior Recital (1)

This 30 minute recital is required of all junior music majors.

MUS3336 Advanced Arranging and Orchestration (2)

In this advanced course students will continue to develop their arranging skills while also learning how to write for string orchestra, brass section, woodwinds, percussion, and more. All genres from traditional symphonic scores to modern film music, stage, television, commercial, and gaming soundtracks will be explored. Throughout the semester students will also develop a portfolio of their arrangements and orchestrations in order to present their skills for future career opportunities.

MUS3430 Technology 1: The Art & Science of Recording (3)

This course covers the foundational principles of audio recording in a professional studio environment through class demonstrations, lectures, hands-on training, as well as guided and individual studio projects. Students learn about the principles of sound, signal flow, microphones, mic placement techniques, mic preamps, EQ, compression, large format consoles, mixing, mastering, and the entire recording process. Utilizing the latest Pro Tools software, students will learn about session and system configurations, track and file management, session navigation, and editing of dialog, music, and sound effects. Students will work with real-time and offline plug-in processing, mixing options and workflows, auxiliary sends and returns, session I/O management, and automation. Students will also have the opportunity to work on projects with international Christian Artists.

MUS3431 Technology 2: Audio Production in the Studio (3)

Students taking this course will learn how to create, arrange, and produce music using MIDI, sampling and digital audio workstation technologies. Topics such as virtual and hardware synthesizers, orchestral sample libraries, drum and percussion loops, and sound design will all be explored. Mastery of these techniques will be demonstrated through the completion of recording and production projects of professional quality. Class sessions will emphasize artistic and professional excellence and will expose students to a variety of commercially successful arrangers, producers, and industry professionals. Students will develop their own artistic and creative vision, while learning to define quality using both musical and technical criteria. They will work effectively with others in the wide range of circumstances typically found in the recording and production professions through participation as engineer, arranger, and producer on various projects, and by interacting effectively with musicians on these projects.

MUS3432 Technology 3: Digital Music Notation Technology (3)

Students will learn to write music and create professional-standard charts and scores using Finale and Sibelius notation software. This course teaches how to transcribe arrangements and compositions, from basic

notes and rhythms to more advanced orchestral scores. Through hands-on lessons and workshops, students will learn the subtleties of notation, as well as explore the specifics of master rhythm section charts, lead sheets, vocal/choral notation, drum/guitar notation, fingerings, roadmaps, and lyrics. Students will develop additional techniques and shortcuts designed to speed up the notation process dramatically, to produce clear, professional-quality music. After successfully completing the course, graduates will have mastered the skills used by the industry's leading arrangers, Music Directors, engravers, and publishers.

MUS3433 Technology 4: Live Audio/Stage Production (3)

This course covers all aspects of audio engineering in the live stage environment. Students will learn how to mix Front-of-House audio and monitors for rhythm section/rock band/praise team/choir/orchestra and more. The focus will be on how to build the perfect live mix and will feature topics such as EQ, compression, gating, etc. Emphasis will be placed on successful stage setup, signal flow, microphone placement, as well as venue design and acoustics. Students will also learn the dynamics of working together with musicians, singers, Music Directors, pastors, clients, and other audio personnel.

MUS3512 Music History and Literature I (2)

Provides an in-depth survey of western music and musical thought from antiquity through the Baroque period. Emphasis is given to the continuing influences that musical art, performance practice, and the church have upon one another.

MUS3700 The Music Director/Producer I (2)

This course gives students the practical skills they need to become inspiring successful music directors in the emerging church. Topics include effective communication with the Praise Band, planning and directing successful rehearsals, producing and conducting various ensembles such as rhythm section, choir, vocal team, orchestra, etc., and how to be an inspirational leader. Training is hands on in class and with HIU Ensemble groups as well. Graduates will be well equipped to take on ministry careers and job opportunities as music Director in a broad spectrum of church environment.

MUS3701 The Music Director/Producer II (2)

This course gives students the practical skills they need to become inspiring successful music directors in the emerging church. Topics include effective communication with the Praise Band, planning and directing successful rehearsals, producing and conducting various ensembles such as rhythm section, choir, vocal team, orchestra, etc., and how to be an inspirational leader. Training is hands on in class and with HIU Ensemble groups as well. Graduates will be well equipped to take on ministry careers and job opportunities as music Director in a broad spectrum of church environment.

MUS3820 Worship Arts Internship I (0)

This requirement of Music, Worship Arts majors is a field context experience under the supervision of an approved mentor. This experience integrates the practice and theory of worship arts in a ministry setting. Students will focus on practical ministry, including service planning, worship leading, and audio-visual skills. This internship experience should be completed in the junior year. *(Credit/No Credit; supervision fee charged)*

MUS4211 Private Instruction in Voice A (Traditional/Classical) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. *(Prerequisite: Instructor's approval)*

MUS4212 Private Instruction in Voice B (Contemporary/Commercial) (1-2)

The technique of singing. Literature based on ministry will be used as well as introduction to art song. *(Prerequisite: Instructor's approval)*

MUS4221 Private Instruction in Piano A (Traditional/Classical) (1-2)

Piano technique, repertoire and service playing. Provides the foundation for MUS4298, which culminates in preparation for the Senior Recital. *(Prerequisite: Instructor's approval)*

MUS4222 Private Instruction in Piano B (Contemporary/Commercial) (1-2)

Piano technique, repertoire and service playing. Provides the foundation for MUS4298, which culminates in preparation for the Senior Recital. *(Prerequisite: Instructor's approval)*

MUS4241 Private Instruction in Instrumental Performance A (Traditional/Classical) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS4242 Private Instruction in Instrumental Performance B (Contemporary/Commercial) (1-2)

Basic technique in solo playing. Professional instruction in most band and orchestral instruments will be available upon request. Subsequent instruction in MUS4298 includes preparation for Senior Recital of Music Department. *(Prerequisite: Approval of Chairperson)*

MUS4251 Private Instruction in Composition A (Traditional/Classical) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS4252 Private Instruction in Composition B (Contemporary/Commercial) (1-2)

Explanation of traditional and current trends in techniques of composition, including writing for instruments and voices.

MUS4298 Senior Recital (1)

A 60 minute full recital is required of all senior music majors. (*Prerequisite: Satisfactory completion of piano proficiency exam and MUS3299 Junior Recital*)

MUS4300 Senior Project: Sacred Concert (1)

A 60 minute project with accompanying papers.

MUS4400 Philosophy and Theology of Worship Arts (3)

This course is an in-depth exploration of the theology and philosophy of worship and serves as a practicum-format seminar providing hands-on experience in the planning and execution of worship services. Various approaches to worship planning and leadership are examined and thoroughly discussed. In addition to developing a personal philosophy of worship, each student will understand the different styles and structures of worship. Each student will employ those styles and structures in personally developed worship plans.

MUS4512 Music History and Literature II (2)

This course provides an in-depth survey of Western music and musical thought from approximately 1750 to the present. Emphasis is given to the continuing influences that musical art, performance practice, and the church have upon one another.

MUS4811 Worship Arts Internship II (1)

This internship, required of Music, Worship Arts majors, is a field context experience under the supervision of an approved mentor. It integrates the practice and theory of worship arts in a ministry setting. Students will focus on the pastoral and administrative aspects of ministry, including relational communication, congregational life, budget, personnel management, and team leadership. This internship should be completed during the senior year.

MUS4831 Worship Arts Practicum (3)

The student is involved in practical, hands-on experiences in a church setting. Completed during the student's senior year. (*Prerequisite: MUS3831; Credit/No Credit*)

MUS5103 Theology of Worship (3)

This course lays a systematic biblical foundation for understanding worship. It examines the biblical teachings on worship in the context of understanding the fallenness of man, the redemptive plan of God through Christ, the institution of the Church, and the empowering of the Holy Spirit.

MUS5110 Graduate Conducting I (Choral conducting) (3)

A study of the methodologies of conducting, particularly as related to music ministry in the local church: choral and orchestral conducting, rehearsal technique, vocal production, diction, and score study.

MUS5113 History of Worship (3)

This course analyzes the history of worship as a means to better understand contemporary trends. It explores the development of corporate worship throughout church history (both eastern and western church) to enlarge students' vision for what might be meaningful today.

MUS5120 Graduate Conducting II (Instrumental Conducting) (3)

A continuation of the principles and techniques begun in Graduate Conducting I. Emphasis will be given to additional score-preparation and assimilation. Excerpts of three major choral/orchestral works of contrasting style periods will be prepared for in-class presentation.

MUS5220 Music Education in the Church (3)

The course deals with the methodologies of music education employed in the various areas of the church's music ministry; graded choirs, instrumental programs and the music literacy programs.

POL3100 Model United Nations (3)

Each year the University fields one delegation, representing one country, to either the Harvard National Model United Nations conference in Boston, Massachusetts or the Yale Security Council Simulation in New

Haven, Connecticut. These conferences simulate the activities of the UN General Assembly, Security Council or other bodies of the UN. This class prepares students to participate in these conferences. In regular meetings students study pertinent world issues and the functioning of the United Nations, conduct research, and prepare written position papers and other materials necessary for the conference. (*Enrollment by instructor approval only*).

POL4200 Human Rights & International Politics (3)

An introduction to International human rights and the dilemmas that result when states, NGOs, International institutions, and citizens attempt to use human rights to guide policy and action. Readings range from case-specific studies to historical and political theory. Emphasis is placed on human rights as an ethical framework for public policy, rather than as a system of international law. (*Prerequisites POL2200 or instructor's approval*)

POL4210 Democratic Political Theory (3)

This course supplies an informed and accessible overview of the major ideologies that shaped the political and social landscape of the 20th century. Students will explore how these ideologies originated and how they have changed over time. In examining the major modern political ideologies (*e.g. liberalism, conservatism, socialism, and fascism*), the course provides students with a sense of the histories, structures, and internal complexities of these and other emerging ideologies. Throughout the course, students will analyze how each ideology interprets “democracy” and “freedom” in its own way. In other words, democracy is not one ideology among others. It is an ideal that different ideologies interpret in different ways. (*Online*)

POL4300 Justice (3)

This course presents a critical analysis of selected classical and contemporary theories of justice, including a discussion of present-day applications. The course examines debates about justice prominent in moral and political philosophy, and invites students to subject their own views on these controversies to critical examination. Throughout the course, possible contributions these approaches can make to Christian social ethics, as well as contributions Christian ethical thought can make to the current philosophical and political theory debates will be considered and evaluated. (*Prerequisites POL2200*)

POL4400 Constitutional Law and Interpretation (3)

The class explores the ways in which constitutional interpretation and judicial decision-making shape and constrain political behavior, political thought, and the development of political institutions in the United States – and how those in turn influence judicial choices. Throughout, the course examines how landmark constitutional cases reflect and shape various approaches and theories of constitutional interpretation, as well as “hot button” issues of contemporary American society. (*Prerequisites POL2200*)

POL4410 Civil Rights and Civil Liberties (3)

This course integrates the major cases and issues of constitutional law with the deep political and moral questions that citizens care about: freedom of speech, freedom of religion, privacy rights, substantive due process, and racial and gender equality. Throughout the course, students are asked to examine seminal United States Supreme Court cases and commentary by political theorists, moral philosophers, and historians writing on these issues. In the process, students explore the various philosophical and constitutional tensions underlying each civil right and liberty. *(Online)*

POL4500 The American Presidency (3)

This course explores special areas of interest within the field of American Presidential studies, such as presidential communication, leadership strategies, and the policy-making process - including the vital relationship with Congress. The course examines presidential politics from both normative and empirical perspectives, focusing on the sources of presidential power, the constraints on its use, and the implications for the American political system. *(Prerequisites POL2200)*

POL4600 Congress: The Legislative Process (3)

This seminar explores special areas of interest within the field of the United States Congress, such as the lawmaking process, leadership strategies, and how Congress relates to the executive branch and the courts. The seminar will examine Congressional politics from both a normative and empirical perspective, focusing on the complexity of representation, problems of individual and collective responsibility, and its role as the government's chief deliberative body. *(Prerequisites POL2200)*

POL4800 Political Science Internship

Supervised internship experience in a government agency, non-profit organization, advocacy group, or other appropriate public service setting. The internship requires a minimum of 40 hours per unit of credit. Interns complete structured self-evaluation and are evaluated by site supervisors and by university faculty.

PSY6900 Seminar in Advance Topics in MFT (1-3)

Students explore special areas of interest in the field of marriage and family therapy, such as advanced assessment methods, pre-marital issues, reconstituted families, divorce, family violence, faith and psychology, and evidence based practices.

PSY6920 Comprehensive Case Presentation (1)

Students must have a cumulative GPA of 3.0 to meet the minimum eligibility requirements to enroll in this project course

PSY6930 Special Research Topic (1-3)

Advanced supervised individual study or research on a special problem or in a selected area.

PSY6990 EMDR Therapy [Eye Movement Desensitization and Reprocessing] Training Seminar (3)

This course provide theory and training in a technique of therapy involving rapid eye movement research is defined, examines and practiced. (*Prerequisite: Enrolled in PSY6800 Supervised Practicum students only.*)

PSY6995 Professional Development II (1)

Development and practical application of basic clinical interviewing skills are discussed, examined and demonstrated. Emphasis is on the continued development of the therapist and the structure of the therapeutic process. Successful completion of this course will determine trainee status.

PSY6999 Advanced Professional Development (1)

Synthesis of knowledge gained over the span of the graduate program including ethical and legal issues, psychopathology, counseling modality, clinical skills and professional development. Examines intern status, licensing law, and licensing requirements.

SCI1100 Physical Science (3)

This course will investigate selected topics in physics, chemistry and astronomy. Several major topics include: the scientific method, atomic structure of matter, Newton's laws of motion and falling bodies, mixtures and compounds, chemical bonding, radioactive decay and dating, temperatures and changes of state, stars and the universe, and the solar system.

SCI1105 Physical Science Lab (1)

Laboratory experiments demonstrating principles presented in SCI1100.

SCI1200 Biological Science (3)

This course is designed to develop a working knowledge of biology for the non-science major. Fundamental concepts of plant and animal life are discussed at the cellular, organismic, and biome level. Other topics include an introduction to the scientific method; cellular structure and reproduction; Mendelian genetics; perspectives on evolution and origins; ecology; taxonomy, biodiversity and environmental science, with an emphasis on ecosystems and creation care.

SCI1205 Biological Science Lab (1)

For non-science majors. Laboratory experiments demonstrating principles presented in SCI1200.

SCI1208 Biological Science (3)

This course is designed to develop a working knowledge of biology for the non-science major. Fundamental concepts of plant and animal life are discussed at the cellular, organismic, and biome level. Other topics include an introduction to the scientific method; cellular structure and reproduction; Mendelian genetics; perspectives on evolution and origins; ecology; taxonomy, biodiversity and environmental science, with an emphasis on ecosystems and creation care. (*AST Online*)

SCI1209 Biological Science Lab (1)

For non-science majors. Laboratory experiments demonstrating principles presented in SCI1208. (*AST Online*)

SCI1210 Biological Science (3)

This course is designed to develop a working knowledge of biology for the non-science major. Fundamental concepts of plant and animal life are discussed at the cellular, organismic, and biome level. Other topics include an introduction to the scientific method; cellular structure and reproduction; Mendelian genetics; perspectives on evolution and origins; ecology; taxonomy, biodiversity and environmental science, with an emphasis on ecosystems and creation care. *(Online)*

SCI1215 Biological Science Lab (1)

Laboratory experiments demonstrating principles presented in SCI1210. *(Online)*

SCI1350 Earth Science (3)

This is an overview for non-science majors that covers selected topics course that covers selected topics in earth science, including: the earth's structure, plate tectonics, earthquakes, rock and mineral types and their development, earth stratifications, geologic time, running water and groundwater, the global ocean, atmospheric phenomena such as air pressure, winds, precipitation and weather patterns; world climates, and climate change.

SCI1355 Earth Science Lab (1)

Laboratory experiments demonstrating principles presented in SCI 1350.

SCI1360 Earth Science (3)

This is an overview course covering the major topics in earth science, including: the earth's structure, plate tectonics, earthquakes, rock and mineral types and their development, earth stratifications, geologic time, running water and groundwater, the global ocean, atmospheric phenomena such as air pressure, winds, precipitation and weather patterns; world climates, and climate change. *(Online)*

SCI1365 Earth Science Lab (1)

Laboratory experiments demonstrating principles presented in SCI1360. *(Online)*

SCI1400 Environmental Science (3)

This course provides an overview of the basic principles of ecology and explores the relationship of humans to the planet's many natural resources. Topics include atmospheric, water and terrestrial resources, human population issues, energy, and biodiversity. Discussion of the Christian's responsibility for care of God's creation is integrated throughout the course, as is a Christian perspective on making personal and organizational contributions to toward a sustainable future. *(Online)*

SCI1405 Environmental Science Lab (1)

Field and home activities for online students that demonstrate principles presented in SCI1400 *(Online)*

SCI2300 Tropical Ecosystems (3)

This course examines the ecological diversity of the unique systems of natural resources and protected areas in the Central American/Caribbean nation of Belize. It offers an introduction to relationships between organisms within the lowland rainforest and within the coral reef ecosystems. Human interactions with and impacts on local ecosystems are also explored. Must be taken concurrently with Tropical Ecosystems lab, which requires travel to Belize during or immediately following the semester.

SCI2305 Tropical Ecosystems Lab (1)

Exploration of terrestrial and marine ecosystems of Belize, including projects and experiments.

SCI2800 Anatomy and Physiology I (3)

This course is designed as the first course in a two-course sequence to provide an integrated introduction to human anatomy and physiology for the allied health disciplines and Liberal Arts Majors with a contract program in Pre-Physical Therapy. Topics include body organization, homeostasis, cytology, histology, as well as the structure and function of the integumentary, skeletal, muscular, and nervous systems. The course includes periodic discussions of some of the common medical conditions involving humans.

SCI2805 Anatomy and Physiology I Lab (1)

This laboratory course is designed to accompany SCI2800 (*Anatomy and Physiology I*). Laboratory activities include microscopic study of cells and tissues, examination of the macroanatomy of the skeletal, muscular and nervous systems, physiologic experiments, and the use of an interactive computer model of a dissected cadaver.

SCI3100 Anatomy and Physiology II (3)

This course is designed as the second course in a two-course sequence to provide an integrated introduction to human anatomy and physiology for the allied health disciplines and Liberal Arts Majors with a contract program in Pre-Physical Therapy. Topics include the structure and function of the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems, as well as metabolism, nutrition, and fluid/electrolyte balance. The course includes periodic discussions of some of the common medical conditions involving humans. (*Prerequisite: Human Anatomy and Physiology I*)

SCI3105 Anatomy and Physiology II Lab (1)

This laboratory course is designed to accompany SCI3100 (*Human Anatomy and Physiology II*). Laboratory activities include microscopic study of cells and tissues, examination of the anatomy of the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems, physiologic experiments, the use of an interactive computer model of a dissected cadaver, and the dissection of a cat.

SCI4810 Science Teaching Assistant (1-3)

The student will assist with tasks and projects assigned by the instructor of record for each course. (*Prerequisite: Junior/Senior standing with instructor's approval*)

SCI 4900 Topics in Science (1-3)

Seminars, independent study or travel courses in selected science topics.

SCI 4905 Topics in Science Lab (1)

Lab or field activities supporting SCI 4900.

SPT2103 Developing the Spiritual Disciplines (3)

This course introduces the spiritual disciplines of Scripture, prayer, fasting, silence, and solitude. It examines historical and biblical teachings on these disciplines, and explores their function and purpose for believers today. It also guides students into practical experiences of the disciplines, building a foundation for ongoing spiritual formation. (*SALT*)

SPT6403 Handling Personal Temptations (3)

This course helps students identify specific areas of vulnerability that could surface while involved in ministry. Students develop an understanding of how vulnerability develops, and what mechanisms have helped and hurt them in coping with those vulnerabilities. Students then form strategies for more effective protection and coping.

SPT6503 Leading Communal Spiritual Practices (3)

This course provides skills and theological background for leading small and large groups into spiritual practices (*also called spiritual disciplines*) with an emphasis upon specific practices such as contemplative prayer,

contemplative approaches to the Bible, hospitality, thankfulness, and simplicity. The benefits of engaging communally in spiritual practices will be covered, as well as ways to ground them in grace.

SPT6800 Spiritual and Personal Formation Block II (3 or 6)

This course is designed to teach advanced spiritual and personal formation by integrating concepts and practices into real life ministry. This course will teach practices that increase the awareness of the presence of Christ and increasing conformity to the character of Christ as well as develop habits of personal formation that promote longevity in ministry.

SSC2100 Introduction to Urban Studies (3)

Designed to introduce the student to the problems and prospects of urban culture. Special emphasis will be given to developing a specific Christian response to persons, society and culture in the urban context.

SSC2300 Introduction to Sociology (3)

Introduction to Sociology introduces students to the basic concepts, theories and ideologies of sociology. This course will teach students about the history of sociology (*including its first "sociologists," the birth of the field*) as well as its current applications. It will show students how to conceptualize people and their problems, traditions, cultures, etc. through the three major sociological perspectives. It will introduce students to research methods and begin to challenge students to consider their own interests for possible areas of research. Sociological topics given special attention in this course include differing cultures and norms, socialization, gender, prejudice, capitalism, collective behavior (*e.g. group mentality*), social deviance and social change and the environment. This course will integrate Christian faith and principles and challenge students to investigate the impact of their faith and religion on their sociological perspective. (*Online*)

SSC2310 Child, Family and Community (3)

Students will examine the process of socialization, or the process by which a child develops the character traits, knowledge, and skills, that will enable him to become an effective member of society. This development as it occurs within the family, school, and community as well as the effects of childcare, and mass media are discussed. Class work and discussion will focus on how this information can be used by someone who will work with children as well as a Christian member of the community.

SSC2500 World Geography (3)

This course is an introduction to the diverse geographical regions of the world. The course engages an intercultural study of the spatial interaction of human beings with each other and their physical environment.

SSC2501 World Geography (3)

This course is an introduction to the diverse geographical regions of the world. The course engages an intercultural study of the spatial interaction of human beings with each other and their physical environment. *(Online)*

SSC2600 Social Problems (3)

This course is a survey of social problems. The causes, effects, and potential resolutions of a variety of social problems will be examined.

SSC2900 Seminar in Social Science (3)

Selected special topics in the Social Sciences.

SSC3100 Social Science Theories (3)

This upper division course features an interdisciplinary focus on human behavior emphasizing explanation as the core of Social Science thinking. A case study concluded by a major research paper serves as the vehicle for interdisciplinary inquiry and explanation.

SSC3101 Social Science Theories (3)

This upper division course features an interdisciplinary focus on human behavior emphasizing explanation as the core of Social Science thinking. A case study featuring an annotated bibliography and literature review serves as the vehicle for interdisciplinary inquiry and explanation. *(Online)*

SSC3110 Marriage and Family (3)

The institutions of marriage and the family are explored from the sociological perspective which emphasizes the influence of societal norms on human behavior and social structures.

SSC3130 Social Science Methods (3)

Instructs the student in the conduct of research utilizing the research design, methods, experimental procedures and data analysis appropriate for psychological and social science investigations. *(Prerequisites: PSY1100 & SSC2120)*

SSC3300 Sociology of Families (3)

Students examine the family as a social institution. The course includes historical and cross-cultural perspectives, a discussion of social changes affecting marriage and the family, an analysis of American courtship and marriage patterns, and the psycho-dynamics of family life. *(Online)*

SSC3405 Community in the Urban Context (3)

Using the city of Anaheim as a lab, students will work with partner human service agencies to gain an understanding of the urban complex both in theory and praxis. Students will interact with leaders from various layers of urban agencies, including governmental, non-profit,

and faith-based organizations. Students will learn about the human challenges, needs, and assets in the urban context and the importance of organizational collaboration. This course requires participation in the HIU City Semester program and should be taken in parallel with 3-6 units of practicum or internship, contingent on the student's particular degree program requirements.

SSC4110 Social Stratification (3)

Study of class relationships and how societies rank their members on selected criteria and how divisions and inequalities in American society developed historically and persist in contemporary American life.

SSC4200 Social Policy (3)

Starting with the historical development of social policy, this course engages in an analysis and evaluation of how social welfare services are currently provided in the United States. The effect of social policy on people and the effect of social policy on social work practice are also evaluated.

SSC4300 Special Topics in Sociology (1-3)

Individualized studies contracted with the instructor.

SSC4600 Violent Encounters in the Family (3)

In what ways has the Church changed and developed over the centuries? And what are the implications for 21st century Christian communities? Participants gain insights from a rich variety of biblical, historical, and contemporary perspectives.

THE5300 Theology of Worship (3)

An exploration into the diverse concepts of worship in the old and new testaments with primary emphasis on the new understanding and practice of the early church.

THE5303 The Holy Spirit (3)

This course analyzes biblical teaching on the Holy Spirit in both the Old and New Testaments. It explores His person and ministry, giving special attention to the fruit of the Spirit, the gifts of the Spirit, and the leading of the Spirit. Students also consider some of the Church's historical teachings concerning the Spirit.

THE5600 Reasons Institute: Creation v. Evolution (3)

This course covers the following major areas of study: 1) scientific and biblical data about the origin of the universe, 2) astronomical discoveries that the earth was designed for human life, 3) scientific and biblical data about the origin of life, 4) biochemical design as a fingerprint for supernatural creation, 5) scientific and biblical data about the origin of humanity, and 6) scientific weaknesses of naturalistic evolution.

THE5610 Reasons Institute: Creation and the Bible (3)

This course covers the following major areas of study: 1) biblical material related to creation, 2) relationship between general and special revelation, 3) overview of Reasons to Believe's testable creation model, 4) examination of the scientific and biblical data [general and special revelation] on the age of the earth, 5) animal death before Adam, 6) reliability of radiometric dating techniques, 7) comparison and contrast between the global and universal flood theories, and 8) how to bring this information to others in one's personal sphere of influence.

THE5620 Reasons Institute: Critical Thinking Skills (3)

This course covers the following major areas of study: 1) survey of key biblical passages related to developing critical thinking skills; 2) arguments skeptics present against Christianity; 3) introduction to various aspects of deductive, inductive, and abductive reasoning; 4) survey of ways to test arguments; 5) application of the principles of logic

to evaluate truth claims; 6) survey of major informal fallacies; and 7) strategies for dialoguing with non-Christians about moral and philosophical ideas.

THE5630 Reasons Institute: World Religions and Science (3)

This course covers the following major areas of study: 1) comparative survey of the core beliefs of Christianity and other world religions, 2) exploration of the ways other religions use modern science to justify their worldviews, 3) investigation of the philosophical implications of religious pluralism; 4) survey of ways of testing religious worldviews, and 5) strategies for dialoguing with non-Christians about religious ideas.

THE5653 Reasons Institute: Astronomy and Design (3)

Students explore and form an integrated, coherent interpretation of the biblical and scientific data about the origin and design of the universe. Topics for discussion include big bang cosmology, multiverse theory, and the anthropic principle.

THE5655 Reasons Institute: Advanced Seminar on the Design of the Universe (3)

Students will explore biblical and scientific data for more advanced topics related to arguments for the design of the universe and multiverse theory.

THE6313 Christian Ethics and Justice (3)

This course explores moral decision making by looking at ethical models and the particular contribution and calling of Christian ethics in light of promoting right relationships with others and with God that leads to acts of justice in the world.

THE6999 Thesis/Project (1-4 units)

This course provides opportunity for students to research and write at greater depth on a particular topic with biblical or theological focus.

TSL3100 Introduction to TESOL (3)

This course introduces students to the profession of Teaching English to Speakers of Other Languages (*TESOL*) and offers students a base of knowledge and skills in the English language, language instruction, assessment, culture, and professionalism. Students will gain foundational competence in teaching productive and receptive language skills as well as integrating cultural intelligence and values in their teaching context. This course leads to an HIU departmental certificate that may be recognized by institutions abroad and at home and may be useful for securing entry-level teaching positions. However, this course does not meet any of the requirements for a 12-unit graduate TESOL Certificate.

WOR1013 Introduction to Worship (2)

This class will enable students to gain and articulate a biblical understanding and basic theology of worship. Delving deeply into the

vital issues related to contemporary worship, students will learn that worship encompasses all of life, but that it is also a vital spiritual discipline to be practiced privately as well as corporately. *(Nebraska)*

WOR1303 Worship Choir (.5)

Participants will gain practical experience in singing with a large ensemble. Performances will include seasonal productions, chapel services, and weekend ministry opportunities. Bachelor of Worship Arts degree students are required to be a part of this ensemble for at least two semesters. Tech Arts students may be assigned support roles in choir productions to meet this requirement. This course is only held in Fall Semester. *(Fee course) (Nebraska)*

WOR1313 Applied Tech Skills for Chapel and Choir (.5)

Working with the choir and chapel programs, tech students received hands on training and supervision in running the sound, lighting, and video aspects of worship productions. Fall Semester only. *(Fee course) (Nebraska)*

WOR1403 Chapel Worship Bands (.5)

Mentored and supervised formation and practice of worship bands from the Worship Arts majors. These bands will be used for chapel in Spring Semester. *(Nebraska)*

WOR2103 Spiritual Formation of an Artist (3)

This course introduced spiritual formation as the process by which we are being conformed to the image of Christ for the sake of others and explores the various spiritual disciplines that foster formation. Students will analyze the character issues facing church artists, examine their own character, and be challenged to take the next steps in their own spiritual growth. *(Nebraska)*

WOR2223 Video and Lighting Production (3)

This course includes shooting and editing techniques. Students practice field lighting and audio production, budgeting and planning, script writing, and storyboarding. Student production teams will create professional-quality video productions. Students will practice all crew positions, including director, camera operator, lighting technician, audio technician, technical director, and actor. This course is designed for the Bachelor of Worship Arts degree students with first priority being given to these students. *(Nebraska)*

WOR2253 Audio Technology (3)

This course will give an introduction to sound production, including the acoustical and electronic production and reproduction of sound. Topics will examine the basic components of a sound reinforcement system and the various ways they may be implemented. *(Nebraska)*

WOR2603 Leading a Worship Band (2)

Students will be given hands on experience in working with a live band. Students will learn the role of each instrument and how each instrument contributes to the overall sound of a band. *(Prerequisites: MUS1103, MUS1113) (Nebraska)*

WOR3013 Worship Design and Production (2)

The course examines the advantages, problems and practices for designing scenery and lighting elements. The course is designed to help the student understand the different types of stage design elements and lighting equipment, and how they apply to stage composition, color and other aspects related to a specific final design. The student will practice various stagecraft and lighting techniques to help them achieve an overall design. Significant time outside of class will be required. *(Nebraska)*

WOR3103 Advanced Audio Production (3)

More advanced training in audio technology including mixing recordings for various needs in ministry. *(Prerequisite: WOR2253) (Nebraska)*

WOR3203 Advanced Video Production (3)

Builds upon the course in video production to enable the student to make high quality products useful in church worship services, web sites, and other ministry venues. *(Prerequisite: WOR2223) (Nebraska)*

WOR3213 Graphic Design and Social Media (3)

The use of imaging, typography, logo creation and other aspects of graphic design for the church setting. Effective strategies for using social media for church purposes will also be addressed. *(Nebraska)*

WOR3403 Songwriting and Arranging (3)

Students will learn how to turn their heart of worship into melody, focusing on the inspirational and instructional process for creating worship songs that bring honor and glory to God. This class is designed to help the student hone practical techniques for putting intimacy with Christ into words, melody and eventually song. A minimum of three new works will be expected over the course of the semester. The student will also gain experience in the art of collaborative songwriting. In an effort to offer exposure to the songwriting industry, additional outside hours and travel component may be required for this class. *(May involve trip to Nashville, fee charged.) (Nebraska)*

WOR3723 Residency: Worship Arts Ministry (2)

Working directly in a church or other approved site for experience in the area of vocational choice. Requires 200 hours of documented service time, submission of journal, and assessment of specified competencies. *(Prerequisites: MIN2703, Junior standing, approval of Residency Director.) (Nebraska)*

WOR3733 Residency: Worship Arts Ministry (3)

This is a 3-credit version of WOR3723 and may be used in combination to meet the 12-hour residency requirement. Requires 300 hours of documented service time. *(Nebraska)*

WOR3743 Residency: Worship Arts Ministry (4)

This is a 4-credit version of WOR3723 and may be used in combination to meet the 12-hour residency requirement. Requires 400 hours of documented service time. *(Nebraska)*

WOR3763 Residency: Worship Arts Ministry (6)

This is a 6-credit version of WOR3723 and may be used in combination to meet the 12-hour residency requirement. Requires 600 hours of documented service time. *(Nebraska)*

WOR4013 Capstone: Senior Worship Project (1)

As a graduation requirement, Bachelor of Worship Arts degree students will be required to develop a Senior Worship Project. Each student will be responsible for creating and completing a one-hour worship experience that is to represent the culmination of their educational experience at NC. Faculty will observe students during every facet of the planning, preparation and completion of this service. Faculty and participants will debrief with each Worship Arts degree student following the completion of the Senior Worship project. This project will be completed during the student's fourth year of study. Prerequisite: Senior standing, permission of Worship Arts department chair. *(Nebraska)*

WOR4803 Directed Study in Worship Arts (1-3)

An independent study format designed to guide students as they pursue topics pertinent to career goals, needs, or interests. *(Nebraska)*

The NC campus is nestled 2 miles south of Highway 370. For years the campus has only been accessible via a gravel road from Highway 370. Over the next few months the road to NC will be paved!

As you plan your route to the school, please allow an extra 10 minutes of travel time. If you're traveling from the east or west on highway 370:

Go south on 96th Street

Drive 2 miles and turn right (*west*) onto Capehart Road

Drive about 1.5 miles and turn right on to 114th Street. The campus will be on your left!
