Founded in 1928, Hope International University is celebrating its 111<sup>th</sup> Commencement today. The May 2021 graduates come from a global student body of nearly 4,000 students drawn from 42 states and 16 countries.

Our graduates embody the University’s mission of preparing servant leaders who want to make a positive difference in the world. These individuals join more than 13,000 Alumni who carry Hope International University’s legacy of service and ministry to the Church and society. Their achievement has been facilitated by a faculty qualified by both academic credentials and Christian service.

This commencement celebrates Hope International University’s forty-seventh academic year in Fullerton. Here, as earlier in Long Beach and Los Angeles, the University has maintained a diligent commitment to advance the mission of Christ.

We all join in congratulating today’s graduates on this day of significant achievement and the commencement of a lifetime of service.

## *Academic Regalia*

The wearing of academic regalia, gowns and hoods, is a custom that dates back to the Middle Ages when gowns and hoods were necessary to keep scholars warm in unheated school buildings. Gowns worn by students of the universities also served to set the students apart from the other people in town. As late as the turn of the 20<sup>th</sup> century, students at many American colleges were required to wear caps and gowns daily while in residence. This custom persists at some European institutions.

Academic dress is now reserved for special occasions, like this graduation ceremony, and is a reminder of our educational heritage and tradition. The gown represents the level of the degree held by the wearer. The Bachelor's gown, with its long pointed sleeves, is centuries old in design. The Master's gown is distinguished by its long sleeves, extending almost to knee height, with openings at the wrist for the hands. The Doctor's gown is easily recognized by its deeply pleated construction, the rich velvet panel down the front, and the velvet chevrons on the sleeves.

The hoods add meaningful color to the graduation ceremony. Their satin lining color represents the institution granting the degree; Hope International University's is royal blue and silver. The color of the velvet border represents the field of study. The color of the tassels worn by Bachelor's and Associate's graduates represent their field of study, the tassels worn by Master's graduates are black. Hope International University's field of study color designations are as follows:

Business Management . . . . . *Drab*  
Education . . . . . *Light Blue*  
Marriage & Family Therapy . . . . . *White*  
Ministry . . . . . *Red*  
Music . . . . . *Pink*

## *Presidential Medallion of Office*

The medallion of office is worn by the President over his official regalia at ceremonial occasions. The medallion depicts the university seal in full. The banner within the seal depicts a tam, a globe and a sash reading “Preparing Servant Leaders” which embodies the University’s mission statement: *Hope International University’s mission is to empower students through Christian higher education to serve the Church and impact the world for Christ.*

Hope International University presents, when applicable, a medallion to individuals in recognition of service to the University. This award is named the James G. Hurst Founder’s Award in honor of Hope International University’s first President.

## *University Mace*

The mace of Hope International University is a ceremonial scepter symbolizing the authority of the Office of the President. The mace is used twice a year for leading the procession of University administrators and faculty at Commencement.

Historical maces date back to the 13<sup>th</sup> century when they were first carried as ceremonial symbols of the royal authority at events attended by English kings.

The Hope International University mace is fashioned of wood. A wooden cross, representative of the cross borne by Christ, sets on the head of the mace. The university seal is presented in the middle of the cross.

The mace is permanently displayed in the Office of the President.

## *Commencement Etiquette*

In keeping with the dignity of this event, members of the audience are encouraged to stand during the processional and recessional. In addition, electronic devices should be turned off during the ceremony. We appreciate your cooperation in making today’s graduation a dignified and respectful celebration.

## *Hope International University*
