## Financial Options Guide

## Overview of Financial Aid Process and Philosophy

We are pleased you have chosen to complete your education at Hope International University (HIU).

Investing in a high quality education for the future may be one of the most important decisions and investments an individual can make. Cost should not be the final determining factor in selecting the right university; nevertheless, applicants should have a clear understanding of expenses in mind when making a final choice.

Students enrolled at HIU may be eligible to receive federal and/or state funding if they meet certain criteria. This Financial Options Guide will assist you in understanding how your financial aid eligibility is determined, the types of funding programs available, how aid is disbursed, and how you can maintain eligibility.

We would like to take this opportunity to provide you with information concerning your various payment options. Please take a moment to read through the information provided.

The Student Financial Services Department is available to assist you from 8:00 am to 5:00 pm Monday through Friday.

### STATEMENT REGARDING CREDIT BALANCES AND AUTHORIZATION TO APPLY FUNDS

I authorize Hope International University to apply all Title IV financial aid toward my tuition for the classes scheduled during my enrollment.

I recognize I am responsible for incurred expenses not covered by my financial aid for each term.

I am aware that if my payment and/or total financial aid amount exceeds my current tuition, fees and other allowable charges have been paid, my account will have a credit balance. I am requesting that the balance be handled in the following manner:

- Yes  No 1. The school should retain any existing credit balance on my account to be applied to future charges or to be disbursed to me at my request.
- Yes  No 2. In the event I do not request the funds prior to leaving school, or at the end of the academic year, the school should return the credit balance to the Department of Education as payment on my student loan.

I understand that if I do not authorize the above that 1) the University will still retain federal funds to pay for current outstanding institutional charges, to include tuition charges, technology fee charges and administrative fees; and 2) subsequent to the University disbursing aid, I will need to pay for future courses before beginning class. By signing this form I verify that all the information reported on this form is true and correct.

**Note: This authorization is valid for the entire period of enrollment at Hope International University. However, excess funds will be distributed at the end of each loan period, as required under Title IV regulations. I understand that I may withdraw my approval for any one or all of these authorizations at any time. This may be accomplished by contacting my accounting department in writing. I also understand that a cancellation or modification of this Authorization will be effective for disbursements processed after the date Hope International University received the change, and will not affect funds already retained.**

By filling out my name and submitting this application, I agree to the above statements.

## 1. Am I eligible for tuition reimbursement where I work?

Please see your employer for details regarding your organization's benefits.

## 2. My company will pay for my tuition. Will HIU bill my company directly?

See details for this option under "Third Party Plan" on the "Student Accounts Department Financial Options" form.

## 3. Will I be able to use my Military Tuition Assistance benefits at Hope International University?

Yes, you may use your Military Tuition Assistance benefits at Hope International University.

## 4. How will I be notified of my outstanding balance?

Your account information is available on your student portal and can be accessed anytime.

## 5. How does the financial aid process work?

Students must complete the appropriate financial aid paperwork.

**See details for this option under "Financial Aid Plan" on the "Student Accounts Department Financial Options" form.**

Once the paperwork has been processed, the Financial Aid Office will send the student an Award Letter outlining which aid programs the student is eligible for. Financial Aid applications cannot be processed until a student has been accepted to the Online or Graduate Program. Financial Aid awards are automatically posted to the student's account after the financial aid department has certified enrollment and confirmed eligibility. **Financial aid is not guaranteed to cover all charges.**

## 6. How will my aid eligibility be determined?

Financial aid eligibility is determined by a federally standardized methodology which takes into account many things, including your income from the previous year, the number of dependents you have, and how many of your dependents will be attending college in the same year you are. Your "financial need" will be calculated in the same way no matter which school you attend.

## 7. What aid will I be considered for?

By filling out the FAFSA, available online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) we will be able to determine your eligibility for all of the Federal grant and loan programs. Graduate Students are not eligible for federal grants.

## 8. If I am interested in applying for a loan, what should I do?

Hope International University participates in the Federal Direct Loan Program. Students must apply for Federal Financial Aid by completing the FAFSA, a Master Promissory Note (MPN), and Entrance Interview. (The maximum loan amount the student is eligible for under Direct Loan guidelines is determined in the awarding process.) **See details for this option under "Financial Aid Plan" on the "Student Accounts Department Financial Options" form.**

Minimum monthly payment is \$50.

### 9. How long does it take to process a Student Loan?

Disbursements are initially scheduled at the beginning of each term or at the time it is determined the student has maintained enrollment and has been assessed charges for at least 6 units for undergraduate students and 4 units for graduate students. The delay in your disbursement will not prohibit you from beginning classes or requesting a book loan if you are eligible for this advance.

Please note that the date of disbursement is not the date the actual funds are available to the student. If you are anticipating a refund, it will take 7 to 10 business days after these funds are applied to your account before they will become available to you. Disbursement dates are indicated on your award and are set dates and cannot be changed (advanced). Your disbursement date could be delayed if there has been a change to your enrollment or delay in receiving necessary documents to complete and process your financial aid. Active participation in coursework will be verified prior to disbursement.

### 10. Are there other scholarships or grants available?

There are many private grants and scholarships available to qualified students. You should check these web sites for more information.

As an **alternative** to borrowing loans, the following options are also available:

Direct cash payments may be submitted to the Student Accounts Department.

Additional information on the tuition payment plan may be obtained from a Student Accounts Representative.

You may contact the Student Accounts Department at (714) 879-3901, extension 2202 to receive additional information on their required forms and/or the direct cash and tuition payment plans.

## How Your Financial Aid is Determined

The information that you submitted on the Free Application for Federal Student Aid (FAFSA) (and/or additional documents) is used to determine your "financial need." Listed below is the calculation used to determine your financial need – subtracting the Expected Family Contribution (EFC) from the estimated Cost of Attendance.

*Example:*

Cost of Attendance	\$30,000
- Minus Student and/or Parent Contribution (EFC)	\$ 2,000
= Financial Need	\$28,000

## Cost of Attendance (COA)

In most cases, the annual cost of attendance is based on a nine-month budget. Components include: tuition, fees, books and supplies, housing (on-campus, off-campus, or living with parent), personal expenses, and transportation costs. All of these figures are standardized as established by Hope International University and the California Student Aid Commission. Your institutional "direct costs" for tuition, fees, and housing, are listed on your Award Letter.

## Expected Family Contribution (EFC)

Your Expected Family Contribution is the amount determined by the federal government that you and/or your parents can contribute toward your educational costs. The amount(s) listed for student and/or parent contributions reflect an estimated figure. This figure was computed utilizing income and asset information submitted on the FAFSA. The contribution is adjusted for the number of family members (excluding parents) attending college at least half-time and working toward a degree or certificate.

## Other Resources

The following are considered resources other than income available to help meet your educational costs: veteran's benefits, vocational rehabilitation benefits, scholarships (from a church or an outside agency), child support, AmeriCorp benefits and other forms of financial assistance.

## Financial Aid Programs

The types of Financial Aid Awards listed on your Award Letter are based on full-time (12 units for undergraduate and 8 units for graduate students or more per semester) enrollment. Based on the availability of funds, you may be offered one or more of the following types of assistance:

### Grants - Federal and State

#### Federal Pell Grant

The Federal Pell Grant Program provides grants (funds that do not have to be repaid) to eligible undergraduates students who demonstrate need.

#### Cal Grant A

Cal Grant A is awarded to California residents by the California Student Aid Commission (CSAC). These awards are based on a student's grade point average and financial need to pay for registration fees only. The estimated award amount for tuition for private colleges and universities is \$9,084.

#### Cal Grant B

Cal Grant B is also a state grant awarded to California residents to pay for living expenses (and sometimes university fees). The estimated stipend for living expenses is \$1,670. Freshman awards are limited to the non-fee college costs such as living expenses, books and supplies, transportation, etc. When renewed for sophomores, juniors and seniors, a Cal Grant B may also cover all or part of the tuition fees. All Cal Grant B recipients must complete, sign and return a **Cal B Subsistence** form to the Financial Aid Office before any funds can be credited to their student account.

To be eligible for consideration of a Cal Grant A or B, students must complete their FAFSA application and Cal Grant GPA Verification form by March 2<sup>nd</sup>. Students who are awarded or are current recipients of a Cal Grant need not re-complete a GPA Verification Form for the following year. ### **Student Employment**

#### **Federal Work-Study Program**

The Federal Work Study Program (FWS) provides funds to employ students (on-campus or off-campus in selected opportunities) who qualify for financial aid. Students must be enrolled at least half-time and demonstrate financial need (through the need-analysis process ). FWS awards typically range up to \$2,000; however, requests for increases may be directed to the Financial Aid Office. Hourly wages are paid in compliance with minimum wage laws; students may work from 5 to 20 hours per week, depending upon the supervisor's need and the student's work-study award. Also, you may reduce your student loan eligibility to be eligible for FWS. The amount a student can earn is limited to the amount he/she is awarded. During the semester breaks, up to 40 hours per week can be worked. Students are responsible for monitoring their earnings so that they do not earn more than their award.

Semi-monthly paychecks will be based on your hourly wage and number of hours worked. Paychecks are normally available on the 5th and 20th of each month.

#### **Required forms:**

- Free Application for Federal Student Aid (FAFSA) for the current academic year ([www.fafsa.ed.gov](http://www.fafsa.ed.gov))
- *Hope* FWS Job Application [www.hiu.edu/about/jobs.asp](http://www.hiu.edu/about/jobs.asp)

Federal Work study employment is coordinated through the office of Human Resources and students must fill out a FWS Job Application via the ***Hope* FWS Job Application** link listed above. The Financial Aid Office will award the FWS funds upon receipt of notification that the FWS Job Application has been submitted to Human Resources.

Federal Work Study awards will continue to be offered to students as long as funds and job opportunities are available.

### **Loans**

#### **Direct Loan Program – Subsidized and Unsubsidized Student Loans**

The Direct Loan Program provides low-interest, long-term loans through the federal government. These funds must be REPAID.

Loans can be **subsidized or unsubsidized**. To be eligible to borrow a Direct Loan, students must be enrolled at least half-time (6 units undergraduate and 4 units for graduate students). If you drop below half-time during a semester, the remainder of your loan may be canceled. If you decide to borrow a Direct Loan, you will be required to complete a Master Promissory Note. Visit the following web site, <https://studentaid.gov> to complete the promissory note online. *Special Note: First-time borrowers at HIU are required to complete an Entrance Loan Counseling session.* Students may satisfy this requirement by completing an on-line session via the following web site <https://studentaid.gov> or students can attend an in-person session by calling our office at (714) 879-3901, extension 2202 to schedule an appointment.

**Repayment** normally begins **six months** following graduation or when you cease to be enrolled at least halftime. Payments and length of repayment period depends on the size of your debt but must be a minimum of \$600 per year. Under special circumstances, repayment of a Direct Loan that is not in default may be deferred or canceled. Repayment, deferment and cancellation are handled by your lender or loan servicing center. If you are eligible for a Direct Loan, we have included one (either subsidized or unsubsidized or a combination of both) as part of your financial aid award. Please refer to the following paragraphs to learn the differences between the **subsidized** and **unsubsidized** Direct Loans.

#### **Subsidized Loan**

The amount of a subsidized Federal Direct Loan you can borrow is the difference between the cost of education and your resources (family contribution, financial aid, and any other assistance you receive from the school and outside sources). However, you cannot borrow more than the federal maximum. If you are eligible for a subsidized loan, the federal government pays the interest for you while enrolled at least ½-time each semester.

## Unsubsidized Loan

The unsubsidized Federal Direct Loan is awarded to students who do not qualify for the maximum subsidized loan eligibility. The unsubsidized loan can replace all or part of the family contribution. However, the amount of the loan cannot be more than the difference between the cost of education and any financial assistance you will receive from the school and any outside source (including the subsidized Federal Direct Loan). If you are a dependent student, your total Federal Direct Loan (subsidized, unsubsidized, or a combination of both) cannot exceed the annual and/or aggregate federal maximums for these loans. Interest will be charged beginning the day the loan is disbursed to you until the day the loan is repaid in full.

## Federal Parent Loans to Assist Students (PLUS)

PLUS loans are intended to provide a source of financial assistance to parents of dependent students. Parents (with satisfactory credit histories) may borrow up to the estimated cost of attendance each year, minus any financial aid awarded to the student. Interest begins to accrue immediately after the first disbursement. Repayment begins immediately after the final disbursement of the loan occurs, with the first payment due within 60 days. If you are a dependent student and your parent does not qualify for a Federal PLUS loan, you may be eligible to borrow an additional unsubsidized Loan. PLUS loan applications Direct are available in the Financial Aid Office or parents may choose to apply online by visiting <https://studentaid.gov>.

Interest rates on Direct Loans change annually, every July 1<sup>st</sup>. Please refer to <https://studentaid.gov> for more details.
