STATEMENT REGARDING CREDIT BALANCES AND AUTHORIZATION TO APPLY FUNDS

I authorize Hope International University to apply all Title IV financial aid toward my tuition for the classes scheduled during my enrollment. I recognize I am responsible for incurred expenses not covered by my financial aid for each term.

I am aware that if my payment and/or total financial aid amount exceeds my current tuition, fees and other allowable charges have been paid, my account will have a credit balance. I am requesting that the balance be handled in the following manner:

- Yes No 1. The school should retain any existing credit balance on my account to be applied to future charges or to be disbursed to me at my request.
- Yes No 2. In the event I do not request the funds prior to leaving school, or at the end of the academic year, the school should return the credit balance to the Department of Education as payment on my student loan.

I understand that if I do not authorize the above that 1) the University will still retain federal funds to pay for current outstanding institutional charges, to include tuition charges, technology fee charges and administrative fees; and 2) subsequent to the University disbursing aid, I will need to pay for future courses before beginning class. By signing this form I verify that all the information reported on this form is true and correct.

Note: This authorization is valid for the entire period of enrollment at Hope International University. However, excess funds will be distributed at the end of each loan period, as required under Title IV regulations. I understand that I may withdraw my approval for any one or all of these authorizations at any time. This may be accomplished by contacting my accounting department in writing. I also understand that a cancellation or modification of this Authorization will be effective for disbursements processed after the date Hope International University received the change, and will not affect funds already retained.

By filling out my name and submitting this application, I agree to the above statements.

Student Enrollment Status. Online undergraduate programs operate on a semester system; fall and spring. Full time enrollment is classified as 12 units per semester and half time enrollment is classified as 6 units per semester.

Satisfactory Progress for Financial Aid. To maintain eligibility for financial aid, students must remain in good academic standing and make satisfactory academic progress in their degree programs. "Satisfactory progress" includes:

1. Quality of Progress (*Good Academic Standing*):

- Financial aid recipients must maintain a minimum cumulative and semester grade point average (*GPA*) of 2.0 in an undergraduate program.
- GPAs are reviewed at the end of each semester.
- Students who fail to maintain the minimum GPA will be placed on financial aid "warning"/probation and given one term to raise their GPA to the required minimum. If minimum GPA is not met at end of the warning term, financial aid will be suspended.
- Students entering the program with an academic probation status will be placed on *financial aid probation*. Further aid renewal depends on the student's academic achievement during the first term.

2. Quantity of Progress (*Unit Completion Requirement*):

- Students must complete all courses for which they receive financial aid.
- The following grades demonstrate satisfactory course completion: A, B, C, D, or CR. Grades that do not demonstrate course completion are F, NC, Incomplete, or W.
- As explained above, students will not receive unearned financial aid for courses from which they withdraw. Such courses are not counted for purposes of determining the number of units students must complete per academic year.
- Students are eligible to receive financial aid for up to 9 units of repeat courses for which a failing grade was given.

Students are eligible to receive financial aid once for repeat of a previously passed course

- Remedial or prerequisite coursework may qualify for financial aid if the student's academic advisor specifically approves it.

Students who fail to complete at least two-thirds of all units in which they originally enroll, or withdraw from 2 courses during one term, are subject to a financial aid warning. Financial aid suspension will occur if failure to complete at least two-thirds of units enrolled, or 2 withdrawals occur again after warning is implemented.

Students have one opportunity to appeal a financial aid suspension during their enrollment. Approval of appeal is not guaranteed.

Financial Aid may be reinstated to a suspended student when they achieve completion of deficient units and/or raise their GPA to the required minimum.

3. Quantity of Progress (*Maximum Time Frame*):

Associate of Arts	60 units	(90 units attempted)
B.S. in Christian Ministry	48 units	(72 units attempted)*
B.S. in Human Development	46 units	(69 units attempted)*
B.S. in Intercultural Studies	48 units	(72 units attempted)*
B.S. in Business Administration	45 units	(67 units attempted)*
Multiple Subject Credential	30 units	(45 units attempted)
Single Subject Credential	30 units	(45 units attempted)

**Excluding General Education requirements*

Appeal Process. At the time of financial aid suspension notice, students are informed how to download a "Financial Aid Appeal Form" via the HIU website.

When filing an appeal, it is essential that a full explanation is provided along with any documentation (if necessary), verifying the circumstances that led to the inability to meet the minimum requirements.

A definite plan towards graduation must be established and outlined with the student's academic advisor. Failure to follow this academic plan may be used as a basis for future denial of financial aid. A signature from the academic advisor is required before consideration will be made.

If the appeal is denied, the financial aid office will provide information regarding alternatives available. These options may include:

1. Payment plan established by Student Accounts Department
2. Private Loans

Fullerton, CA 92831
(714) 879-3901 x2202
FAX (714) 681-7421

1. Am I eligible for tuition reimbursement where I work?

Please see your employer for details regarding your organization's benefits.

2. My company will pay for my tuition. Will HIU bill my company directly?

See details for this option under "Third Party Plan" on the "Student Accounts Department Financial Options" form.

3. Will I be able to use my Military Tuition Assistance benefits at Hope International University?

Yes, you may use your Military Tuition Assistance benefits at Hope International University.

4. How will I be notified of my outstanding balance?

Your account information is available on your student portal and can be accessed anytime.

5. How does the financial aid process work?

Students must complete the appropriate financial aid paperwork.

See details for this option under "Financial Aid Plan" on the "Student Accounts Department Financial Options" form.

Once the paperwork has been processed, the Financial Aid Office will send the student an Award Letter outlining which aid programs the student is eligible for. Financial Aid applications cannot be processed until a student has been accepted to the Online or Graduate Program. Financial Aid awards are automatically posted to the student's account after the financial aid department has certified enrollment and confirmed eligibility. **Financial aid is not guaranteed to cover all charges.**

6. How will my aid eligibility be determined?

Financial aid eligibility is determined by a federally standardized methodology which takes into account many things, including your income from the previous year, the number of dependents you have, and how many of your dependents will be attending college in the same year you are. Your "financial need" will be calculated in the same way no matter which school you attend.

7. What aid will I be considered for?

By filling out the FAFSA, available online at www.fafsa.ed.gov we will be able to determine your eligibility for all of the Federal grant and loan programs. The Cal Grant requires an additional application, which must be filed by March 2nd of the year you plan to enter school. Contact the Financial Aid office for details. Grants are for undergraduate students and fifth year credential students only. Graduate Students are not eligible for grants.

8. If I am interested in applying for a loan, what should I do?

Hope International University participates in the Federal Direct Loan Program. Students must apply for Federal Financial Aid by completing the FAFSA, a Master Promissory Note (MPN), and Entrance Interview. (The maximum loan amount the student is eligible for under Direct Loan guidelines is determined in the awarding process.) **See details for this option under "Financial Aid Plan" on the "Student Accounts Department Financial Options" form.**

Federal Student Loans

Repayment begins 6 months after you graduate or drop below ½ time. Minimum monthly payment is \$50.
Unsubsidized Federal Direct Loan	Department of Education	Limits for unsubsidized loans are: <input type="checkbox"/> \$6,000 – Freshman & Sophomores <input type="checkbox"/> \$7,000 – Juniors & Seniors <input type="checkbox"/> \$7,000 – 5 th year Students <input type="checkbox"/> \$20,500 – Graduates		Repayment begins 6 months after you graduate or drop below ½ time. Minimum monthly payment is \$50.

9. How long does it take to process a Student Loan?

If all documents are received and processed to complete your financial aid file, your loan funds will be disbursed approximately 8 weeks after the start of your term. The delay in your disbursement will not prohibit you from beginning your classes or requesting a book loan if you are eligible for this advance.

Please note that the date of disbursement is not the date the actual funds are available to the student. If you are anticipating a refund, it will take 7 to 10 business days after these funds are applied to your account before they will become available to you. Disbursement dates are indicated on your award and are set dates and cannot be changed (advanced). Your disbursement date could be delayed if there has been a change to your enrollment or delay in receiving necessary documents to complete and process your financial aid. Active participation in coursework will be verified prior to disbursement.

10. Are there other scholarships or grants available?

There are many private grants and scholarships available to qualified students. You should check these web sites for more information.

How Your Financial Aid is Determined

The information that you submitted on the Free Application for Federal Student Aid (FAFSA) (and/or additional documents) is used to determine your “financial need.” Listed below is the calculation used to determine your financial need – subtracting the Expected Family Contribution (EFC) from the estimated Cost of Attendance.

Example:

Cost of Attendance	\$30,000
- Minus Student and/or Parent Contribution (EFC)	\$ 2,000
= Financial Need	\$28,000

Cost of Attendance (COA)

In most cases, the annual cost of attendance is based on a nine-month budget. Components include: tuition, fees, books and supplies, housing (on-campus, off-campus, or living with parent), personal expenses, and transportation costs. All of these figures are standardized as established by Hope International University and the California Student Aid Commission. Your institutional “direct costs” for tuition, fees, and housing, are listed on your Award Letter.

Expected Family Contribution (EFC)

Your Expected Family Contribution is the amount determined by the federal government that you and/or your parents can contribute toward your educational costs. The amount(s) listed for student and/or parent contributions reflect an estimated figure. This figure was computed utilizing income and asset information submitted on the FAFSA. The contribution is adjusted for the number of family members (excluding parents) attending college at least half-time and working toward a degree or certificate.

Other Resources

The following are considered resources other than income available to help meet your educational costs: veteran’s benefits, vocational rehabilitation benefits, scholarships (from a church or an outside agency), child support, AmeriCorp benefits and other forms of financial assistance.

Financial Aid Programs

The types of Financial Aid Awards listed on your Award Letter are based on full-time (12 units or more per semester) enrollment. Based on the availability of funds, you may be offered one or more of the following types of assistance:

Grants - Federal and State

Federal Pell Grant

The Federal Pell Grant Program provides grants (funds that do not have to be repaid) to eligible undergraduates and teaching credential students who demonstrate need. Full-time awards range from \$400–\$5,730 per academic year.

Cal Grant A

Cal Grant A is awarded to California residents by the California Student Aid Commission (CSAC). These awards are based on a student’s grade point average and financial need to pay for registration fees only. The estimated award amount for tuition for private colleges and universities for 2014-2015 \$9,084.

Cal Grant B

Cal Grant B is also a state grant awarded to California residents to pay for living expenses (and sometimes university fees). The stipend for living expenses for 2014-2015 is \$1,473. Freshman awards are limited to the non-fee college costs such as living expenses, books and supplies, transportation, etc. When renewed for sophomores, juniors and seniors, a Cal Grant B may also cover all or part of the tuition fees. All Cal Grant B recipients must complete, sign and return a **Cal B Subsistence** form to the Financial Aid Office before any funds can be credited to their student account.

To be eligible for consideration of a Cal Grant A or B, students must complete their FAFSA application and Cal Grant GPA Verification form by March 2nd. Students who are awarded or are current recipients of a Cal Grant for 2013-2014 need not re-complete a GPA Verification Form for the following year. However, to be considered for renewal, students should complete a FAFSA application anytime after January 1st, each year. Visit www.csac.ca.gov for additional information. Renewal awards are subject to household size, income and assets.

HIU offers a number of benefits to help you achieve your professional, personal, and academic goals in a supportive environment including:

- Active Duty Tuition Discount
- Post 9/11 and Montgomery GI Bills

Student Employment

Federal Work-Study Program

The Federal Work Study Program (FWS) provides funds to employ students (on-campus or off-campus in selected opportunities) who qualify for financial aid. Students must be enrolled at least half-time and demonstrate financial need (through the need-analysis process). FWS awards typically range up to \$2,000; however, requests for increases may be directed to the Financial Aid Office. Hourly wages are paid in compliance with minimum wage laws; students may work from 5 to 20 hours per week, depending upon the supervisor's need and the student's work-study award. Also, you may reduce your student loan eligibility to be eligible for FWS. The amount a student can earn is limited to the amount he/she is awarded. During the semester breaks, up to 40 hours per week can be worked. Students are responsible for monitoring their earnings so that they do not earn more than their award.

Semi-monthly paychecks will be based on your hourly wage and number of hours worked. Paychecks are normally available on the 5th and 20th of each month.

Required forms:

- Free Application for Federal Student Aid (FAFSA) for the current academic year (www.fafsa.ed.gov)
- *Hope* Financial Aid Questionnaire:
www.hiu.edu/undergrad/finaid/fa_onlineforms.asp
- *Hope* FWS Job Application www.hiu.edu/about/jobs.asp

Federal Work study employment is coordinated through the office of Human Resources and students must fill out a FWS Job Application via the ***Hope* FWS Job Application** link listed above. The Financial Aid Office will award the FWS funds upon receipt of notification that the FWS Job Application has been submitted to Human Resources.

Federal Work Study awards will continue to be offered to students as long as funds and job opportunities are available.

Loans

Federal Perkins Loan

The Federal Perkins Loan Program provides a long term, low interest student loan. These funds must be **REPAID**. Award amounts are based on financial need and the maximum award amount is \$3,000 per academic year. **Repayment** begins **nine months** after you graduate or cease to be enrolled at least half-time at an eligible institution. The minimum repayment is \$420 a year for new borrowers. The maximum repayment period is 10 years, but the actual amount of your payments and the length of the repayment period is dependent upon the size of your debt. No interest is charged until the repayment period begins. The interest is 5% on the unpaid balance.

Perkins Loan recipients should be sure to complete a Perkins Loan Promissory Note and Entrance Interview with the Business Office. Contact the Student Financial Services Department at (714) 879-3901, extension 2202 to schedule an appointment.

Direct Loan Program – Subsidized and Unsubsidized Student Loans

The Direct Loan Program provides low-interest, long-term loans through the federal government. These funds must be REPAID.

Loans can be **subsidized or unsubsidized**. To be eligible to borrow a Direct Loan, students must be enrolled at least half-time (6 units undergraduate and credential). If you drop below half-time during a semester, the remainder of your loan may be canceled. If you decide to borrow a Direct Loan, you will be required to complete a Master Promissory Note. Visit the following web site, www.dlenote.ed.gov to complete the promissory note online. *Special Note: First-time borrowers at HIU are required to complete an Entrance Loan Counseling session.* Students may satisfy this requirement by completing an on-line session via the following web site www.dlenote.ed.gov or students can attend an in-person session by calling our office at (714) 879-3901, extension 2202 to schedule an appointment.

Repayment normally begins **six months** following graduation or when you cease to be enrolled at least halftime. Payments and length of repayment period depends on the size of your debt but must be a minimum of \$600 per year. Under special circumstances, repayment of a Direct Loan that is not in default may be deferred or canceled. Repayment, deferment and cancellation are handled by your lender or loan servicing center. If you are eligible for a Direct Loan, we have included one (either subsidized or unsubsidized or a combination of both) as part of your financial aid award. Please refer to the following paragraphs to learn the differences between the **subsidized** and **unsubsidized** Direct Loans.

Subsidized Loan

The amount of a subsidized Federal Direct Loan you can borrow is the difference between the cost of education and your resources (family contribution, financial aid, and any other assistance you receive from the school and outside sources). However, you cannot borrow more than the federal maximum. If you are eligible for a subsidized loan, the federal government pays the interest for you while enrolled at least ½-time each semester. Interest rate is fixed at 3.86% for loans disbursed on or after July 1, 2013.

Unsubsidized Loan

The unsubsidized Federal Direct Loan is awarded to students who do not qualify for the maximum subsidized loan eligibility. The unsubsidized loan can replace all or part of the family contribution. However, the amount of the loan cannot be more than the difference between the cost of education and any financial assistance you will receive from the school and any outside source (including the subsidized Federal Direct Loan). Interest rate is fixed at 3.86%. If you are a dependent student, your total Federal Direct Loan (subsidized, unsubsidized, or a combination of both) cannot exceed the annual and/or aggregate federal maximums for these loans. Interest will be charged beginning the day the loan is disbursed to you until the day the loan is repaid in full.

Federal Parent Loans to Assist Students (PLUS)

PLUS loans are intended to provide a source of financial assistance to parents of dependent students. Parents (with satisfactory credit histories) may borrow up to the estimated cost of attendance each year, minus any financial aid awarded to the student. Interest begins to accrue immediately after the first disbursement. Repayment begins immediately after the final disbursement of the loan occurs, with the first payment due within 60 days. The fixed interest rate is 6.41%. If you are a dependent student and your parent does not qualify for a Federal PLUS loan, you may be eligible to borrow an additional unsubsidized Loan. PLUS loan applications Direct are available in the Financial Aid Office or parents may choose to apply online by visiting www.dlenote.ed.gov.
