Number of students in supervised clinical experience during this academic year	29

Please provide any additional information about or descriptions of the supervised clinical experiences:

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year. **(§205(a)(1)(C)(ii))**

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2023-24.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. **(§205(b)(1)(H))**

What are CIP Codes?

☐ **No teachers prepared in academic year 2023-24**

If your program has no teachers prepared, check the box above and leave the table below blank (or **clear responses already entered**).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2023-24. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

- ○ Yes
- ● No

☐ **No teachers prepared in academic year 2023-24**

Program Assurances

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. **(§205(a)(1)(A)(iii); §206(b))**

Program Assurances

Note: This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- ● Yes
- ○ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- ● Yes
- ○ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- ○ Yes
- ○ No
- ● **Program does not prepare special education teachers**

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- ● Yes
- ○ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- ● Yes
- ○ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- ● Yes
- ○ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- ● Yes
- ○ No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

To ensure that the HIU Teacher Preparation Program responds to the identified needs of the local educational agencies where the HIU program completers are likely to teach, the HIU educational team continually evaluates content as it relates to the Teacher Performance Expectations provided by the State of California. Appropriate modifications are made to the curriculum, in order to make certain all instructional materials is current and meets the needs of our local districts. In addition, the Dean of the College of Education frequently meets with educational leaders throughout the Southern California area. He also attends both local and state superintendent meetings in order to stay current on the demands of the teaching profession. This year, the College of Education met with a College of Education Advisory Committee with the goal of soliciting input from local school leaders including teachers, principals, and district personnel. Training to address instruction of our diverse P-12 student population is embedded in each credential

program. All California Standards for the Teaching Profession (as approved by the California Commission on Teacher Credentials) are addressed throughout the program in specific sources or embedded in methods courses. Candidates have an opportunity to "master" instructing diverse students during 16 weeks of student teaching. Most courses require observation hours in local schools to introduce students to our county's diverse student population.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. **(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))**

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. **(§205(a)(1)(B))**

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. **(§205(a)(1)(B))**

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.
