Note: This guide does not represent a formal articulation agreement between Hope International University and Santiago Canyon. Information presented here displays how courses will transfer into general education requirements for undergraduate degrees.

The classes listed below represent preferences for transfer. Honors courses offered for the same class are also acceptable. Additional courses within the transferrable range may be accepted for transfer upon approval as assessed on a case by case basis.

| <i>Unique to the undergraduate curriculum are 28 required units of General Education that include upper and lower division courses in Bible, Communication, and Leadership. Sometimes these courses can be satisfied through coursework at other institutions, however, usually these are courses which will need to be taken at HIU. In addition, each on-campus student who completes these courses will graduate with a minor in Bible regardless of what degree they select as a major: <b>*Required Bible units will vary for some transfer students and the total requirement is less for students in our online undergraduate programs.</b> Please consult the catalog or a Transfer Advisor for further details.</i> |                                                                                                                                                                                                                                                                                                                                                        |
