ACTION

SANCTION

“DISCIPLINARY ACTION: The etymology of the word “disciple” is from the Latin word *discere* -“to learn”- and is the same root from which the English word *disciple* is derived. Because the goal of this university is to teach, or disciple its students with both classroom curricula as well as practical life skills, we have an obligation to disciple our students in the expected lifestyle as disseminated in scripture. Each incident is reviewed on a case by case basis, with consideration to 1) the severity of the violation, 2) the context of the incident, 3) a history of prior misconduct, 4) the responsiveness of the student to confrontation, and 5) the degree to which the individual displays genuine repentance,” *2010-11 Student Handbook, page 37.*

“COMMUNITY STANDARDS AND CODES OF CONDUCT are in place for the expressed purpose of moving students towards Christian maturity and service and creating an environment that is conducive to academic learning and personal growth and development,” *2010-11 Student Handbook, page 25.*

“Students, by their voluntary membership in this Christian community, assume responsibility to abide by all the regulations of the University, as well as to use personal discretion involving any activities which may be morally or spiritually destructive or reflect poorly on the campus community,” page 24.

Please familiarize yourself with the **“GUIDELINES/CONSEQUENCES FOR BREACHES OF CONDUCT CODES”** on page 34 & 35 of the *2010-11 Student Handbook*. Consequences for conduct violations are cumulative, and carry increased severity with each step.
