STUDENT INVOLVEMENT & COMMUNITY OUTREACH

Mr. Stephen Kopp, Director of Student Involvement

Lawson-Fulton Student Center, Lower Level, ext. 2581, Email: skopp@hiu.edu

Student Government Association

The purpose of the Student Government Association (SGA) is to function as a service to HIU's traditional undergraduate program, to improve the overall college experience, and to work with the administration, faculty, and staff to represent student perspectives and concerns regarding institutional affairs. The SGA structure is comprised of two entities: The Executive Board and the Senate.

The Executive Board consists of the SGA President and Vice President who are elected by the Student Body each spring semester to serve for one academic year. The purpose of the Executive Board is to implement the policies and programs adopted by the Senate and to provide leadership and support for the Senate and other committees.

2025-2026 Executive Board:

President – Jorge Perez

Vice President – Ariyana Alcantar

The Senate consists of the Event Coordinator, Marketing Coordinator, Multicultural Needs Senator, Communication Needs Senator, Wellness Senator, and Community Involvement Senator. These representatives of the Student Body are chosen by an application/interview process with the Executive Board and the SGA Advisor to serve for one academic year. The Senate is recognized as the official voice and representation of the Student Body as a whole.

HIU strives to serve God by serving others. We are committed to being a positive member of the community and a caring neighbor. Over the years, HIU has created great relationships with schools and organizations in the Fullerton area.

Regularly, students visit schools, organizations, and parks to serve. If you are interested in finding a team of students to serve at a local organization, contact the Director of Student Involvement & Community Outreach

CAMPUS MINISTRIES

Daunte Ferguson, Campus Pastor

Lawson-Fulton Student Center, Lower Level, ext. 1294, Email: campusministries@hiu.edu

The Office of Campus Ministries' purpose is to provide programming and opportunities that allow for students to be increasingly conformed to the wholeness and integration of the image of Christ, for the benefit of God, others, and themselves.

Christian Service

Campus Ministries provides numerous opportunities and resources to serve others through outreach events, community-based ministries, and local churches. Many opportunities exist for a wide range of ministry experience and interests. In addition, Campus Ministries leads trips to Mexico throughout the year and there are multiple service opportunities throughout the year as well.

First Year Groups

During Welcome Week, students are assigned to a First Year (FY) Campus Lifegroup consisting of approximately 10-20 new students and a First Year Leader. FY leaders help integrate, encourage, and support new students during Welcome Week and throughout the academic year. FY groups meet every Tuesday from 9:30-10:20 a.m. in various locations throughout the campus. Each student is allowed to miss up to 4 FY group meetings per semester.

Campus Life Groups

Spiritual formation is Trinitarian – God, others, and self, – and therefore requires us to be in community. Returning students meet in Campus Lifegroups every Tuesday from 9:30-10:20 a.m. in various locations throughout the campus. Campus life groups will utilize various formats and biblically based curriculum to help students continue to develop healthy formation rhythms and practices. Campus Lifegroups are a requirement of the university. Each student is allowed to miss up to 4 life group meetings per semester.

Chapel

Chapel exists to encourage our HIU community in praise, worship, and the Word of God. Chapel programs build community and challenge students in their Christian faith. Our chapel program also displays the relevance of the Gospel and its diversity, through worship and creativity. Chapel is unique in style of music and speakers represented each week. Chapel is the “largest class” on campus and is considered an integral component of our educational mission. Chapel meets Thursdays, from 9:30 am - 10:20 am in the Pacific Auditorium.

Chapel Etiquette

In support of the mission and purpose of Chapel and the University, students are expected to arrive on time and remain throughout the duration of chapel. Like any other classroom setting, the use of personal electronic devices (*cell phones, laptops, etc.*) for purposes other than note-taking, unnecessary talking, sleeping, doing homework or outside reading, inappropriate displays of affection, and putting feet on the back of chairs is not permitted and will result in an unexcused absence.

Chapel/Small Group Attendance

Chapel and Campus Lifegroups are an essential part of the University experience and attendance is required for all full-time undergraduate students (*12 units or more*). A maximum of 4 chapel and 4 Lifegroup absences are allowed per semester. Any absence should be used for emergencies and personal appointments.

Excessive Absences

A student may miss up to 4 FY/Campus Lifegroup sessions and 4 Chapel Services. 5 or more absences in either will result in chapel failure for the semester. The following steps are taken when a student fails to meet chapel requirements in a given semester:

1st Time — Warning letter for the semester. After failing one semester of chapel, you will receive a warning letter. This letter is intended to remind you of the requirement so that you can make whatever adjustments may be necessary the following semester.

2nd Time — Notifying your coach and/or supervisor. Your coach or work supervisor will be notified if you fail chapel for a second semester (*2nd strike*). This is intended to widen your circle of care and provide sufficient accountability and support to meet the attendance requirement. Your coach or supervisor will regularly review your attendance to help ensure you meet the required number of Chapels/Lifegroups every semester.

3rd Time — Ineligible to officially represent the University (*play/work/etc.*). Unfortunately, when you have failed 3 semesters of Chapel and Lifegroups, you will no longer be able to represent the University in an official capacity — including participation in athletics, student leadership, or campus employment. We hope that no student gets to this point. We do not want to limit anyone in their work or sport, but we do seek to be intentional with how we are preparing you to engage in community and fulfill our responsibilities, both during and after college. More than a passing grade, we desire you to be transformed and find community during your time at HIU.

Students may appeal a third time sanction by submitting a letter outlining their reason(s) for appeal and subsequent plan to meet all requirements to the Vice President for Student Affairs at jarnold@hiu.edu no later than the first day of classes next semester. The appellate process is intended to correct factual errors if an excused absence was not documented or for extraordinary circumstances. You may continue to remain in good standing until your appeal request is processed and a decision is made to either overturn, modify, or uphold the sanction.

Chapel Exemptions

Exemptions from participation are approved on a limited, case-by-case basis. Students who wish to be considered for exemption should contact the Vice President for Student Affairs at jarnold@hiu.edu before the end of the first week of classes to submit an exemption request.

CAREER DEVELOPMENT

Job Portal

Current job postings (*on and off campus*) are available through Handshake online at <https://joinhandshake.com>. Students can also upload resume and cover letter documents, create a Search Agent that will notify them of jobs that meet criteria they have specified, create an Employment Profile that employers may search through as they look for job candidates, and students may apply directly to employers who have created Employer Accounts.

Nutwood East Wing, Suite 100, ext. 2202, Email: financialaid@hiu.edu*

Education is an investment. Hope International University does everything it can to keep the cost of education within the reach of students and their families. Hope International University participates in and offers many excellent programs of financial aid to help students from Federal, State, and Institutional sources. For descriptions and eligibility criteria for any of the available scholarships, grants, or discounts, contact the Financial Aid Office or visit our web site at www.HIU.edu.

Payments and payment plans are established utilizing the student portal. Students are expected to maintain financial responsibility within the University and community. Failure to meet payments due to the University by credit enrollment end date will result in being removed from class, dormitory, and cafeteria privileges.

Students will not be allowed to register for subsequent terms until all fines and balances due are paid. Graduating seniors must have their bill paid in full or have financial arrangements in place prior to May 1st of their graduating year to receive their diploma. Food Service

Provider Contract Food Service (“*Provider*”), a local homegrown company with global appeal, is proud to provide the Hope International University (“*HIU*”) campus community with quality dining options. Provider manages the on-campus food service program and campus catering services. Together with HIU’s Executive staff, we create dining options that meet the needs of the HIU community.

Meal Plan Service

The Commons Dining Hall

The Commons Dining Hall (“*The Commons*”) is the main dining facility on campus and provides a variety of cuisines in an “all-you-care-to-enjoy” dine-in format. Our culinary-focused team artfully prepares “made-from-scratch”, handcrafted authentic foods available at multiple stations. Our chefs are proud to offer a wide range of cuisine from comfort favorites to global flavors.

Daily offerings always include gourmet soups, fresh fruits, crisp salads, make-your-own waffles, delicious homemade baked goods, and desserts, plus an assortment of beverages.

Special Theme events and Chef Spotlights are featured throughout the academic year.

The Commons is open to serve meals seven (7) days a week, weekdays for breakfast, lunch and dinner, and weekends for brunch and dinner. All food and beverage must either be consumed in The Commons or taken to-go with the proper containers provided by Provider.

No one will be admitted into The Commons without a Meal Card, Flex Dollars or paying for a meal. Non-students, visitors, and guests may purchase a meal at the door price.

The Commons Hours are available on the HIU Dining Web Page.

The Royal Hub Retail Café

The Royal Hub Retail Café (“*The Hub*”) offers the campus community an opportunity to grab a quick bite to eat and study, or to just share a snack with friends. The Hub offers specialty coffee drinks, smoothies, gourmet salads and sandwiches, fresh pastries, and snacks for purchase. You can use your Meal Plan Swipe (*during specified hours*) or Flex Dollars, cash, or debit/credit cards.

Hours of Hub Operations are:	<i>Hours subject to change pending approval</i>
Monday thru Friday:	07:30 AM to 7:30 PM
Meal Plan Swipe available:	10:00 AM to 07:30 PM

Meal Plan Swipe Guidelines

All HIU students living in the residence halls are required to be on a meal plan. Exceptions are considered on a case-by-case basis by the Vice President for Student Affairs.

Meal Plans consist of two (2) parts: Meal Swipes and Flex Dollars. Meal Swipes may be used to enter The Commons for a full meal or for the Grab-n-Go option at The Hub during designated periods. A Meal Plan Swipe in The Hub consists of: 1 Entrée (*salad, sandwich, or wrap*) + 1 side dish + 1 beverage = 1 swipe.

Flex Dollars may be used to obtain a full meal or individual menu items.

Prior to obtaining food items, Meal Plan participants must designate the form of payment (*Meal Plan Swipe or Flex Dollars*) to be used.

Meal Cards

To obtain a meal, Meal Plan participants must present a valid HIU ID Card. The person whose name and photo appear on the card must be present for the card to be used. A Meal Plan Swipe is intended for the cardholder only and cannot be used to obtain swipes for others. Members of the campus community may not loan and/or borrow HIU ID Cards. Failure to present a valid HIU ID Card may result in denial of service.

Missing ID Card (*Meal Pass*)

If a student loses or misplaces her/his ID Card, he/she must return to the Student Affairs Office on the 1st Floor of the Student Center to obtain a replacement card. During after-hours and on weekends, students must email housing@hiu.edu to notify our Student Life office.

There is a limit of three (3) Missing ID Card Meal Passes per student. Students who have lost their ID Card, must go to the Student Life Office to obtain a replacement ID Card. (*NOTE: The old ID Card will be deactivated at that time.*)

Meal Plan Participants may swipe once per meal period, up to five (5) swipes a day, not to exceed the total swipes allowed on their purchased Meal Plan. Meals begin on Sunday at Brunch, and end on Saturday at dinner. The number of meals available are determined based on participation level, and do not accrue when unused.

Meal Periods are defined as:

Period 1	07:15 AM	11:29 AM
Period 2	11:30 AM	01:30 PM
Period 3	01:31 PM	04:59 PM
Period 4	05:00 PM	06:29 PM
Period 5	06:30 PM	07:30 PM

****Meal Periods subject to change pending approval.***

General Dining Information

The entrance to The Commons is from the main hall in the Lawson-Fulton Student Center. The patio doors are for emergency exiting only.

Meals served at campus dining facilities are intended for the individual redeeming the meal only. Meal swipes cannot be shared.

Meals may be obtained at all campus dining locations using cash, Flex Dollars, personal checks, American Express, Visa, MasterCard, Discover Card, and bank debit cards.

Flex dollars can be used at both The Commons and at The Hub.

Students are encouraged to be good stewards of Gods' provisions by not overloading trays with more food than can reasonably be eaten at one meal. We encourage returning to stations multiple times during a meal period to avoid waste.

Our "All-You-Can-Eat" experience is available for students who choose to dine in The Commons. Students who dine-in may visit as many stations as they choose. Students who wish to take their meal "to-go" will be offered one disposable container and may visit one station. No other items may be taken to-go from The Commons. Additional "to-go" options are available at The Hub. Removal of service items (*trays, plates, cups, bowls, silverware, etc.*) from The Commons is not permitted.

Students are expected to take all their dishes to the dish tray return and wipe up all spills at their tables.

Health Department regulations prohibit bare feet and shirtless patrons from entering The Commons, The Hub, and any catered/dining event.

Students are expected to self-monitor noise. Students are expected to conduct themselves in an appropriate manner while dining and comply with requests made by food service staff.

Meal Plan Swipes do not roll over from semester to semester.

Meal Plan participants may obtain meals when classes offered to Traditional Students are in session. Meal service is closed (*or has reduced hours*) during vacation periods.

Specific dates of food service availability are determined by HIU (*check HIU Website for meal days and times*).

Meals may be obtained at all campus dining locations using cash, Flex Dollars, American Express, Visa, MasterCard, and bank debit cards. Flex dollars can be used at both The Commons or at The

Hub. Meal Swipes are accepted in The Commons during meal periods and in The Hub during designated hours Monday–Friday (10:00 AM to 7:30 PM).

Flex Dollars

Flex Dollars are a convenient system that works on the similar principle as an ATM or debit card. Flex Dollars allows Meal Plan participants to use a valid HIU ID Card to purchase food and beverage items at campus dining locations.

In order to use Flex Dollars, a valid HIU ID Card must be presented and the person whose name and photo appear on the HIU ID Card must be present.

Flex Dollar balances do not roll over from semester to semester.

Flex Dollars are not transferable.

Cash withdrawals from Flex Dollar accounts is not permitted.

Flex Dollars may be used to purchase food and beverage items for the cardholder and guests.

Special Dietary Requests

The Provider Culinary Team is committed to offering nutritious, safe dining options as an integral part of daily menus. Most special dietary needs and food intolerances can be met upon request in our campus eateries. Nutritional and ingredient information for items served is available upon request.

Students with food allergies or special dietary requirements should contact Student Affairs to request a Meal Plan review and, if necessary, a modification or exemption. HIU will contact Dining Services to review the information submitted and, if necessary, schedule a special diet consult and/or meet with the student.

Provider makes every attempt to identify the eight (8) most common allergens in food served in on-campus dining locations. While every effort is made to safely prepare and serve foods, there is always a risk of cross contamination of allergens or gluten since foods are prepared in large production kitchens at campus dining locations.

The Culinary Team welcomes questions regarding any aspect of food preparation and/or use of dining facilities. Please contact the Manager or Chef on duty to assist you with any questions you have.

Meal Plan Accommodations

Hope International University is committed to building a sense of community around great food and fellowship, in a comfortable and welcoming environment. We offer students a variety of choices in two locations and provide high quality cuisine that is both authentic and healthy. All students living on campus are required to have a meal plan. However, if students have dietary restrictions that may affect what types of foods they can eat, students may choose to fill out the Meal Plan Accommodation Form to discuss accommodations. Meal plan requirements are generally not waived; rather, we work with students and their health care professionals to provide access to foods that are safe and support their unique dietary requirements. Meal Plan Accommodation Forms can be requested from the Student Affairs Office.

Please note: Meal Plan Accommodations will not be accepted after the Good Standing Withdrawal Period Ends date. This date changes each semester and can be found in the Student Handbook or Academic Calendar (<https://www.hiu.edu/undergraduate-on-campus/academics/academic-calendar.php>).

Housing grants are available on a need basis to help defray the cost of living on-campus. Eligibility is determined by the Office of Financial Aid. Students who receive a housing grant must maintain the minimum required meal plan for their classification (*1st/2nd year students must maintain at least the Weekday Commons All Access and 3rd/4th must maintain at least the Block 160 meal plan*). Online undergraduate students who opt to live on campus are subject to the same meal plan requirements as traditional undergraduate students. Graduate resident students must maintain at least a Block 80 plan. Housing grants may be prorated if a student does not satisfy the minimum requirement meal plan requirement.

Meal Replacements

Boxed Meals may be requested by a department for special University-sponsored events (*i.e., athletic team travel, class field trips, etc.*). Meal Replacement Procedure and Boxed Meal Request are located on the HIU website Dining Services page. To-Go (*Boxed*) Meal Request forms and Student Meal Rosters must be submitted for approval a minimum of five (5) business days prior to the date the meals are needed. Student Meal Rosters must be submitted electronically in Microsoft Excel. Both forms should be emailed to Kevin Murray at kmurray@hiu.edu.

Special Requests

To prevent the spread of illness, students who experience enteric symptoms (*vomiting, diarrhea, fever, nausea, etc.*) or flu-like symptoms (*coughing, sneezing, runny nose*) should not visit any campus dining location.

In the event a Meal Plan participant experiences an illness, they should report it to their RA or RD. Sick trays are available to students who are too ill to come to eat. An RA or RD will need to fill out a request and the person picking up the meal must have the student's ID number.

Times and Dates

The Commons and The Hub are open throughout the Fall and Spring semesters. Specific opening and closing dates are posted in advance on the web and in each location.

The Commons and The Hub are closed during university breaks including Thanksgiving, Winter, Spring, Easter, and Summer.

The Commons and The Hub may be open for extended hours due to special events. Also, food service may be relocated to another location on campus. Students will be informed in advance of these changes should they occur. Meal Plans will apply.

Please see information posted outside The Commons for the most up-to-date hours and dates of operation.

Personal to-go beverage containers are to be used for water only.

**The content of this Handbook is subject to change when deemed necessary by the University to meet the evolving needs of Students, the community, and the institution. Menus in The Commons change daily, so please see the HIU website for menu updates and postings as you enter the dining area.*

CAMPUS SAFETY

*Mr. Justin Tune, Campus Safety Director & Watch Commander
Campus Safety Command Post, Email: jtune@hiu.edu*

The safety and well-being of all members of our community and their guests is our top priority. Keeping our campus safe and secure is the responsibility of everyone. Please do your part in keeping our environment safe by practicing common sense safety techniques and contacting Campus Safety if you encounter anything dangerous or suspicious.

Students, faculty, and staff are required to have a university ID card in their possession on campus. You must present your HIU ID card upon request from a Campus Safety officer.

Campus Safety Officers

Campus Safety patrols the Fullerton campus 24 hours a day. They are responsible for checking and securing facilities, confronting, and reporting violations of HIU's rules, policies, guidelines, as well as employing all resources available to uphold local laws and ordinances.

Contact

Campus Safety is available at any time. They are available at 714-519-9127 or ext. 2522 from any campus landline.

A courtesy phone is mounted on the outside of the Campus Safety command post at the end of Titan Drive. Simply open the gray box, lift the receiver, and the phone will automatically connect you with the Campus Safety officer on patrol.

Emergency Call Post

Two blue-light emergency phones are on the northeast corner of the Commonwealth parking lot next to the Lawson-Fulton Student Center and northwest corner next to the batting cage. In case of an emergency, press the button on the post and you will be connected to the Campus Safety officer on patrol. Additionally, a blue flashing light will engage, alerting an emergency.

Virtual Blue light

Students may download the HIU mobile app from all app stores (*IOS & Android*) by searching "Hope International University." A tile labeled "Blue light" on the home page will provide one-touch access to call Campus Safety or a Residence Life on-call staff member.

Parking

A 2025-2026 HIU parking static cling is required to be displayed on every vehicle that parks in university lots. An annual permit may be purchased at the Business Office. The current fee is \$400.00 (\$200.00 per semester, \$200.00 for Spring Semester only students). If a replacement must be issued, the previous permit number will be nullified. Permits are non-transferable. Students, Faculty, or Staff who possess a decal not issued to them will be subject to disciplinary action, including but not limited to loss of parking privileges and towing.

Student parking is available in the Commonwealth, Titan, and Omega lots. Student vehicles without authorization or parked in violation of policies will be ticketed or booted (*1st violation is \$25.00, 2nd violation is \$50.00, 3rd violation is \$100.00 and a meeting with the Vice President of Student Affairs*). Non-student vehicles parked without authorization will be towed. Visitor vehicles may be parked in the visitor spaces provided in the Titan lot by obtaining a Visitor Parking permit from Campus Safety.

No Student, Staff, or Faculty parking is permitted in designated University Vehicle spaces, visitor spaces, or reserved staff and faculty spaces in Omega lot, Titan lot, President's lot, Business lot, and Omega lot, except to individuals who have been assigned to those spaces. All other California vehicle codes and posted notices are applicable. Violation of university parking policies may result in disciplinary action, revocation of parking permit, or towing at the owner's expense.

Bear in mind that the City of Fullerton enforces and tickets our accessibility/disabled-persons spaces and public streets adjacent to the university. It is your responsibility to know the relevant parking ordinances on surrounding streets and at places of business before you park.

Our campus lots often fill during peak times. No vehicle should be parked out of zone, unless with the prior approval of Campus Safety. Unauthorized vehicles parked out of zone risk booting/towing. No vehicles may be parked in red zones, even when parking lots are full. The purchase of a parking permit does not guarantee the availability of a parking space.

Safety Escorts

If for any reason you do not feel safe walking across campus, contact Campus Safety and they will escort through campus to your destination.

In order to monitor the campus, Campus Safety cannot leave the campus. They will proceed to the edge of campus and monitor/address any suspicious behaviors. Blue lights are available in the Alight parking structure to report suspicious behavior. If you believe you are in danger, please call 911 first.

Partnerships

Campus Safety has a strong working relationship with the Fullerton Police Department and University Police at California State University, Fullerton. In case of emergencies in the surrounding neighborhoods and community, our officers will be contacted, and they will react appropriately to secure the HIU campus.

Misuse

Obstructing the work of a Campus Safety officer is against university policy and will result in disciplinary action. Obstructing a Campus Safety officer includes but is not limited to: making a false claim, distracting an officer, impeding an officer's movement, tampering with an officer's work.

Off-Campus Locations

Hope International University does not currently recognize any off-campus locations of student organizations, including off-campus housing facilities.

Campus Security and Access

Hope International University's main campus is located at 2500 Nutwood Ave., Fullerton, California. The University has three points of entry. The main entrance to the University is the location of the Campus Safety Office. The student parking lot entrance is controlled by a gate. Access to the parking lot through the gate is by student identification cards (*proximity card*). Visitors are required to check in at the Campus Safety Office to receive permission to enter. Dated visitor parking passes are issued to each visitor vehicle entering the campus.

Hope International University facilities include buildings and parking lots that are restricted to students, faculty staff and approved guests. All external groups must have the approval of the Director of Conferences Services to use HIU's facilities. Portions of the University may be made available to the general public during designated times for special events.

Campus Safety Officers lock and check exterior doors to each building every evening. When buildings are closed to general use Campus Safety Officers are allowed to grant access to authorized personnel only.

Access to campus residential halls is restricted to resident students, their guests and to university personnel. If a student loses his or her ID card, Campus Safety Officers will escort the student to the resident hall apartment of the Resident Life Coordinator for verification of the student and access to the resident hall.

Campus Safety Officers patrol the exterior of the residence halls on a regular basis and work with the Residence Life Coordinator and Resident Assistants to enforce security measures.

Hope International University also provides enhanced services to assist in crime prevention. Some of these services include:

- Emergency telephones at various campus locations
- Safety escort services for students, faculty, and staff
- Lighting surveys for building, area, and parking lots
- 9-1-1 capability from all University phones and personal cell phones

Security Maintenance

HIU facilities and landscaping are maintained in a manner that minimizes hazardous conditions. Campus Safety Officers regularly patrol the campus and report malfunctioning lights and other unsafe conditions to University Operation Services for repair.

INDIVIDUAL SAFETY AND RESPONSE

Timely Warning Policy

The Vice President for Student Affairs or designee will issue a campus-wide “timely warning” in the occurrence of a crime that is serious in nature or poses a continuing threat to the campus community. The university email system will be the primary mode of communication for timely warnings. The Student Affairs Department may also use its social networking websites, text messaging and/or fliers to further disseminate information depending upon the circumstances. Anyone with information warranting a timely warning should report the circumstances to Campus Safety at 714-519-9127, Student Affairs at 714-879-3901 ext. 2311, or in person at the Campus Safety or Student Affairs offices.

Information for Alerts/Timely Warnings may also come from other law enforcement agencies or other officers. Alerts/Timely Warnings will be issued to the campus community as soon as pertinent information about the crime is available.

Information included in Campus Crime Alerts/Warnings will include, at minimum:

- A succinct description of the incident and type of crime, including location, date, and time of occurrence
- A physical description of the suspect, including gender and race
- Composite drawing of the suspect, if available

- Race of the victim, but only if there was an apparent bias motive
- Sex of the victim, if relevant

The Americans with Disabilities Act of 1990 (*Public Law 101-336*), the purpose of which is to afford the disabled equal opportunity and full participation in life activities and to prohibit discrimination based on disability in employment, public service, public accommodations, telecommunications, and transportation.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f) ("*Clery Act*") which required colleges and universities to disclose information about crime on and around their campuses. This includes recent amendments to the Clery Act under the Campus SAVE Act and Violence Against Women Act, which deals with incidents of sexual assault, domestic and dating violence, and stalking.

As an educational institution that serves a religious organization, Hope International University is entitled to a statutory exemption to the extent the application of Title IX is not consistent with the institution's religious tenets. This is especially relevant to the University's standards regarding gender and sexuality in its housing, programs, and student codes of conduct.

Crime Report

This report is part of an on-going effort to promote safety and security at Hope International University and to comply with the Jeanne Clery Disclosure of Campus Security Policy, Fire Safety Report and Campus Crime Statistics Act, also known as The Clery Act (<https://www.clerycenter.org/the-clery-act>). Under this Act, all colleges and Universities across the country are required to publish this report by October 1 of each year. These reports must contain applicable policies and procedures regarding security and fire safety and the statistical data from the previous calendar year and the 2 preceding calendar years.

The information below provides context for the crime statistics reported in compliance with the Clery Act.

The statistics in this report are published in accordance with the standards and guidelines used by The Handbook for Campus Crime Reporting issued by the U.S. Department of Education Office of Secondary Education. The Vice President for Student Affairs submits the annual crime statistics published in the report to the Department of Education (*ED*). The statistical information gathered by the Department of Education is available to the public through the ED website. The University's daily crime log is available in the Office of Campus Safety. The annual disclosure of crime statistics includes reporting statistics to the University community obtained from the following sources: Campus Safety, the Fullerton Police Department, and the Dean of Students of HIU. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

Designated campus security authority includes but is not limited to the University administrators, deans, directors, resident life staff, and academic counselors. These designated campus security authorities report crime or discipline issues to the Department of Student Affairs when issues arise. The incidents that rise to the level of reporting in the Clery Act report are included in the annual report.

The Clery Act requires all colleges and universities to:

1. Compile and submit crime statistics to the United States Department of Education. Each year, the University submits crime statistics for Clery Act crimes by type, location, and year to the U.S. Department of Education.
2. Maintain a daily crime log of alleged criminal incidents that is open to public inspection.
3. Issue campus alerts. HIU issues a timely warning to the University community when there is information that a Clery crime has occurred that represents a serious or ongoing threat to campus safety.
4. Issue emergency notifications. HIU issues an emergency notification upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The University tests the emergency notification procedure at least twice annually.
5. Publish and maintain an Annual Security Report containing safety and security-related policy statements and statistics of Clery Act crimes occurring on the University property, adjacent property, and non-university property owned or controlled by the University.
6. Maintain and enforce a missing student policy and notification procedure.
7. Compile and submit fire statistics to the United States Department of Education. Each year, the University submits fire statistics by type, location, and year to the U.S. Department of Education. The University's Annual Fire Safety Report of Student Housing, including fire safety policy statements and statistics, is included in this report.

Non-Retaliation Policy

Federal civil rights laws make it unlawful to retaliate against an individual for the purpose of interfering with any right or privilege secured by these laws. It is unlawful for the University to retaliate against an individual for bringing a concern about a possible civil rights problem to the University's attention. It is also unlawful to retaliate against an individual because he or she made a complaint, testified, or participated in any manner in an Office of Civil Rights investigation or proceeding. Thus, once a student, parent, teacher, coach, or other individual complains formally or informally to the University about a potential civil rights violation or participates in an Office of Civil Rights investigation or proceeding, the recipient is prohibited from retaliation (*including intimidating, threatening, coercing, or in any way discriminating against the individual*) because of the individual's complaint or participation.

Prohibited unlawful discrimination or harassment includes, but is not limited to, the following behavior:

- Treating a person differently, on any of the basis listed in the paragraph above, with respect to using, accessing, or benefiting from the University's educational program. Example: the University may not subject students or employees to different standards of conduct in connection with a disciplinary matter on any of the basis listed above;
- Verbal conduct such as epithets, derogatory jokes or comments, slurs on any of the bases listed above, unwanted sexual advances, graphic verbal commentaries about an individual's body, sexually or otherwise degrading words used to describe an individual on any of the bases listed above, suggestive or obscene letters, notes, invitations or comments;
- Visual displays such as derogatory posters, photography, cartoons, drawings or gestures on any of the bases listed above;

- In the case of sexual harassment claims, physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of gender, race or any other protected basis;
- In the case of sexual harassment claims, threats and demands to submit to sexual requests as a condition of appointment, admission, academic evaluation, or administrative consideration in return for sexual favors; submission to or rejection of such conduct is used as a basis for a personnel decision, an academic evaluation, or an administrative consideration affecting an individual, and retaliation for reporting or threatening to report harassment.

Title IX

This is a summary of HIU's Title IX information, for the complete policy go to: https://www.hiu.edu/pdf/title_ix_compliance.pdf.

The purpose of Hope International University's anti-harassment policy is to comply with all applicable legal requirements prohibiting harassment against any member of the HIU community. Moreover, as a Christian community, HIU has committed itself, unequivocally, to ensuring a working and learning environment in which the dignity of every individual is respected. University policies define community expectations designed to maintain a work, academic, and campus environment free of unlawful harassment, including sexual assault, violence, or misconduct.

"No person in the United States, shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance..." Title IX of the Education Amendments of 1972, and its implementing regulation at 34 C.F.R. Part 106 (*Title IX*)

Title IX of the Education Amendments of 1972 (*Title IX*) prohibits discrimination based on gender in educational programs that receive federal financial assistance. Programs and activities that may be included are admissions, recruitment, financial aid, academic programs, athletics, housing, and employment. Title IX also protects men and women students from unlawful sexual harassment in school programs and activities. Under Title IX, discrimination based on sex can include sexual harassment; unwelcomed sexual advances; or sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion.

All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. HIU has a zero-tolerance policy for sexual misconduct. When an allegation of misconduct is brought to an appropriate administration's attention, and a respondent is found to have violated this policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. Policies have been developed to reaffirm these principles, to provide a means of determining when violations have occurred, and to provide recourse for those individuals whose rights have been violated.

As an educational institution that serves a religious organization, Hope International University is entitled to a statutory exemption to the extent the application of Title IX is not consistent with the institution's religious tenets. This is especially relevant to the University's standards regarding gender and sexuality in its housing, programs, and student codes of conduct.

- Ensuring that the University responds effectively to each complaint.

Title IX Definitions

Sexual Misconduct Offenses Include, But Are Not Limited to:

1. Sexual Harassment:

- Unwelcome, verbal or physical conduct that is, sufficiently severe, persistent or pervasive that it, unreasonably interferes with, denies or limits someone's ability to participate in or benefit from the University's educational program and/or activities, and is based on power differentials (*quid pro quo*), the creation of a hostile environment, or retaliation.

Examples include: an attempt to coerce an unwilling person into a sexual relationship; to repeatedly subject a person to egregious, unwelcome sexual attention; to punish a refusal to comply with a sexual based request; to condition a benefit on submitting to sexual advances; sexual violence; intimate partner violence, stalking; bullying.

2. Non-Consensual Sexual Contact:

- Any intentional sexual touching, however slight, with any object, by a man or a woman upon a man or a woman, that is without consent and/or by force.

Sexual Contact includes: Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

3. Non-Consensual Sexual Intercourse:

- Any sexual intercourse, however slight, with any object, by a man or woman upon a man or a woman, that is without consent and/or by force.

Intercourse includes vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (*mouth to genital contact or genital to mouth contact*), no matter how slight the penetration or contact.

4. Sexual Exploitation:

- When a student takes non-consensual or abusive sexual advantage of another for her/his own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses.

Exploitation includes: Invasion of sexual privacy, prostituting another student, non-consensual video or audio-taping of sexual activity, going beyond the boundaries of consent (*such as letting your friends hide in the closet to watch you having consensual sex*), non-consensual sharing of explicit pictures of a former girl/boyfriend, engaging in voyeurism, knowingly transmitting a STI or HIV to another student, exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals, sexually-based stalking and/or bullying.

Additional Applicable Definitions:

- **Gender-based violence:** Gender-based violence is violence that is directed against a person based on gender. It constitutes a breach of the fundamental right to life, liberty, security, dignity, and equality between women and men.

- **Consent:** Consent is clear, knowing, and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, if those words or actions create mutually understandable clear permission regarding willingness to engage in (*and the conditions of*) sexual activity.
 - Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.
 - Previous relationships or prior consent cannot imply consent to future sexual acts.
- **Force:** Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (*implied threats*) and coercion that overcome resistance or produce consent. (*"Have sex with me or I'll hit you. Okay, don't hit me; I'll do what you want."*)
- Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.
- NOTE: There is no requirement that a party resist the sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force is not demonstrated by the absence of resistance. Sexual activity that is forced is non-consensual, but non-consensual sexual activity is not by definition force.
- To give effective consent, one must be of legal age.
- Sexual activity with someone who one should know to be — or based on the circumstances should reasonably have known to be — mentally or physically incapacitated (*by alcohol or other drug use, unconsciousness, or blackout*), constitutes a violation of this policy.
 - Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (*e.g., to understand the "who, what, when, where, why, or how" of their sexual interaction*).
 - This policy also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of rape drugs. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student is a violation of this policy.
- Use of alcohol or other drugs will never function as a defense to a violation of this policy.

Hostile Environment

When such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from an educational program or activity.

HIU considers a variety of related factors to determine if a hostile environment has been created; and also considers the conduct in question from both a subjective and an objective perspective. Specifically, Office of Civil Rights standards require that the conduct be evaluated from the perspective of a reasonable person in the alleged victim's position, considering all the circumstances. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the conduct is physical. Indeed, a single or isolated incident of sexual violence may create a hostile environment.

Sanction Statement

At the convulsion of the investigation, the University will inform the complaint of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is. The accused will also receive a verbal and written report of the investigation.

Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Contact (*where no intercourse has occurred*) will likely receive a sanction ranging from suspension to expulsion, depending on the severity of the incident, and considering any previous campus conduct code violations.

Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Intercourse will likely face a recommended sanction of expulsion.

Any student found responsible for violating the policy on Sexual Exploitation or Sexual Harassment will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and considering any previous campus conduct code violations.

Other Misconduct Offenses

1. Threatening or causing physical harm, extreme verbal abuse, or other conduct which threatens or endangers the health or safety of any person;
2. Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of gender;
3. Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another;
4. Hazing, defined as acts likely to cause physical or psychological harm or social ostracism to any person within the University community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity (*as defined further in the HIU Hazing Policy*);
5. Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control, or diminish another person, physically or mentally (*that is not speech or conduct otherwise protected by the 1st Amendment*).
6. Violence between those in an intimate relationship to each other;
7. Stalking, defined as repetitive and/or menacing pursuit, following, harassment and/or interference with the peace and/or safety of a member of the community; or the safety of any of the immediate family of members of the community, this includes cyber stalking.

Prevention and Education Programs

Hope International University offers prevention and education programs in an effort to prevent sex offenses including sexual assault, domestic violence, dating violence and stalking within the University community. Programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- Provides an overview of the Annual Security report in compliance with the Clery Act.
- Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.
- Provide safe and positive options for bystanders' intervention.
- Defines what behavior and action constitutes domestic violence, dating violence, sexual assault, and stalking.
- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct.

Educational programs include:

- Student Training- All student leaders are required to attend a two-day student leadership training time entitled “Synergy”. Students are provided with practical information to help them aid fellow students in reducing the risk of sexual assault and violence in a social setting.
- Student Orientation - During fall and spring orientation, Student Affairs personnel address the issues of sexual assault and violence. A brochure is available that outlines definitions and procedures for reporting. Additionally, all students complete an online training course during their first semester that teaches how to identify sexual violence, recognize warning signs of abuse, and provides them with safe and effective options for intervening or reporting suspected violations. In the Spring semester, all students are also given the opportunity to complete a campus climate survey to provide administrators with valuable feedback.
- Faculty Training – Before fall and spring semester the faculty are reminded about their Title IX responsibilities. All employees also complete mandatory sexual harassment online training. Faculty and staff may also complete the campus climate survey.

Risk reduction tips can often take a victim-blaming tone, even unintentionally. With no intention to blame victims, and with recognition that only those who commit sexual violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act. Below, suggestions to avoid committing a non-consensual sexual act are also offered:

- If you have limits, make them known as early as possible.
- Tell a sexual aggressor “NO” clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.

Be an Active Bystander:

If you think someone is at risk for sexual assault, consider it an emergency and get involved. Don't wait for someone else to act. Tips for Intervening:

- Approach everyone as a friend.
- Be honest and direct.
- Don't be aggressive or use violence.
- Keep yourself safe.
- Get help from other bystanders, if necessary.
- Call the police if a situation becomes too serious.

Confidential Reporting

To Report Confidentially:

You can seek advice from certain resources who are not required to tell anyone else your private, personally identifiable information unless there is cause for fear for your safety, or the safety of others. These are individuals who the University has not specifically designated for purposes of putting the institution on notice and for whom mandatory reporting is required, other than in the stated limited circumstances. If you are unsure of someone's duties and ability to maintain your privacy, ask them before you talk to them. They will be able to tell you and help you make decisions

about who can help you best. If personally identifiable information is shared, it will only be used as necessary with as few people as possible, and all efforts will be made to protect individual privacy.

If one desires that details of the incident be kept confidential, he or she may speak with on-campus counselors. Campus counselors are available to help free of charge and may be seen on an emergency basis. In addition, you may speak on and off-campus with members of the clergy and chaplains, who will also keep reports made to them confidential.

Assistance for Victims

Rights and Options

Regardless of whether a victim elects to pursue a criminal complaint, the University will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights. In California, a victim of domestic violence, dating violence, sexual assault or stalking has additional rights. The rights are found in a variety of California Codes and the California Constitution. For complete and up-to-date information please refer to the State of California Department of Justice Office of the Attorney General Website at <https://oag.ca.gov/>. HIU complies with California law in recognizing protection orders by contacting local law enforcement authorities in the event of a protection order violation. Any person who obtains a protection order should provide a copy to the Title IX Coordinator and the Campus Safety Office. A complainant may then meet with the Title IX Coordinator and Campus Safety to develop a Safety Action Plan, which is a plan to reduce risk of harm while on campus or coming and going from campus.

This plan may include escorts, special parking arrangements, changing classroom location or allowing a student to complete assignment from home, etc. If necessary, a complainant may be offered changes to academic schedules, living, or working situations in addition to counseling, health services and assistance in notifying appropriate local law enforcement. Personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who is investigating/adjudication the complaint or delivering resources or support services to the complainant.

All employees receiving reports of a potential violation of university policy are expected to promptly contact one of the above individuals within 24 hours of becoming aware of a report of incident. The initial contacts will be treated with the maximum possible privacy. Specific information on any complaints received is subject to the University's obligation to redress violations; every effort will be made to maintain the privacy of those initiating the report of a complaint.

In all cases Hope International University will consider the complainant with respect to how the complaint is pursued but reserves the right to investigate and pursue a resolution when an alleged victim chooses not to initiate or participate in a formal complaint.

Non-Retaliation Policy

Living in a Christian community requires that members provide both support and accountability to each other. Initiating accountability is often uncomfortable and risks interpersonal conflict between the respective parties. The University will not tolerate retaliation against parties who exercise their obligation to see that accountability is brought to bear when warranted. Retaliation may be exerted in many ways, including but not limited to: physical assault, verbal abuse, social ostracizing and other forms of offense and humiliation. The University will not retaliate against you for filing a complaint and will not tolerate or permit retaliation by employees or students. The University prohibits any form of retaliation, intimidation or harassment against any individual who filed or otherwise participated in the filing or investigation of a complaint of discrimination. Any individual who believes that he/she has been subjected to retaliation may file a separate complaint under this procedure.

Sex Offender Registry

The Federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information is provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers services or is a student.

In California, registered sex offenders are required to register with the state. Information about registered sex offenders may be found at <https://www.meganslaw.ca.gov/Disclaimer>.

Missing Persons

HIU takes student safety very seriously. To this end, the following policy and procedure is to assist in locating HIU student(s) living in campus residence halls, who, based on the facts and circumstances known to the University, are determined to be missing.

This policy complies with Section 488 of the Higher Education Act of 2008. (*For students reported missing who live off campus, see Item 6 below.*)

Most missing person reports in the university environment result from students changing their routines without informing their roommates and/or friends of the change. Anyone who believes a student to be missing should report his or her concern to Campus Safety, the Residence Life staff or the Student Affairs staff.

An immediate investigation will follow every report made to the University once a student has been missing. Parents of a missing student under the age of 18 or not emancipated will be notified. If parental notification is necessary, the Vice President for Student Affairs or designee will place the call.

At the beginning of each academic semester, residential students will be required to complete/update the "Emergency Contact" portion of our student portal. The information provided will be used in the event that a student is reported missing while enrolled and living on campus at Hope International University. Hard copies of this emergency information will be in each Residence Life Coordinators' Office and in the Office of the Vice President for Student Affairs. The University will initiate the "Emergency Contact" procedure in accordance with the student's designation if the student has been missing for 24 hours and has not returned to campus.

General Procedure

1. The HIU official receiving the report will collect and document the following information at the time of the report:
 - a. The name and relationship of the person making the report.
 - b. The date, time, and location the missing student was last seen.
 - c. The general routine or habits of the suspected missing student (*e.g., visiting friends who live off-campus, working a job away from campus*) including any recent changes in behavior or demeanor.
 - d. The missing student's cell phone number (*if known by the reporter*).
2. The Hope International University official receiving the report will contact the Residence Life Coordinator (*for a resident student*) and Campus Safety. Campus Safety with the assistance of Residence Life (*if a resident student*) will launch an investigation into finding the missing student.
3. Upon notification from any entity that a student may be missing, the Resident Life Coordinator or their designee may use any or all of the following resources to assist in locating the student:
 - a. Go to the student's residence hall room,
 - b. Talk to the student's RA, roommate, and floor mates to see if anyone can confirm the missing student's whereabouts and/or confirm the date, time, and location the student was last seen.
 - c. Secure a current student photo ID or other photo of the student from a friend.
 - d. Call and text the student's cell phone and call any other numbers on record.
 - e. Send the student an email.
 - f. Check all possible locations mentioned by the parties above including, but not limited to: Library, Residence Hall lounges, Student commons, Fitness center, Lambda Lounge and Nu Lounge, etc.
 - g. Contact the student's current faculty.
 - h. Contact or call any other on-campus or off-campus family, friends or contacts that are made known within 24 hours. This could include checking a student's social networking sites such as Facebook, Twitter, and Instagram.
 - i. Ascertain the student's car make, model and license plate number. A member of Campus Safety will also check all university parking lots for the presence of the student's vehicle.
4. Hope International University Informational Technology Services may be asked to obtain email logs in order to determine the last log in and/or access of the university computer network.
5. Once all information is collected and documented and the Chief of Campus Safety (*or his designee*) is consulted, University Administration or Campus Safety may contact the local Orange County Law Enforcement agencies to disseminate the information no later than 24 hours of the missing student report. (*Note: If in the course of gathering information as described above foul play is evident or strongly indicated, the off campus legal jurisdiction should be contacted immediately.*) If it is necessary to contact the local or state authorities, police procedure and protocol will be followed by the university.
6. If the missing student resides off campus and the matter is first reported to the University, Campus Safety will assist in contacting the local jurisdiction legally responsible for investigating the report. Campus Safety will also assist the local jurisdiction with the investigation upon request by providing pertinent information on the student and by using any of the procedures and the resources listed above to assist in the investigation that are legally permissible.

EMERGENCY EVACUATION PROCEDURES AND POLICIES

Hope International University's Crisis Management Plan addresses the University's response to emergencies. Members of the University Faculty and Staff community are trained on the information in this plan. The plan has provisions for division of responsibility for administrators, staff, and faculty to perform during a crisis on campus. Bi-annual drills are conducted with a review of each building evacuation and shelter in place procedure and location. California State University police officers are invited to observe HIU's shelter in place drills and evaluate their effectiveness. Feedback from the CSUPD is used to enhance safety effectiveness.

Emergency Notification System

Hope International University will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus.

The University contracts with an outside agency for an emergency notification system (*ENS*). This is a web-based system that can be activated either from a computer or a smart phone. It has the capability of accessing select groups or the entire community of faculty, staff, and students. The ENS is used in situations where immediate notification is required due to a threat to the health and safety of the campus community, or any other emergency in which information needs to be disseminated quickly.

If the Hope International University Crisis Management Coordinator confirms (*with the assistance of key campus administrators, local first responders or the National Weather Service*) that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Hope International University community, the Crisis Management Coordinator or designee will determine the content of the initial message. The Crisis Management Coordinator and key administrators on the Crisis Management Team can send messages using some or all the systems described below to communicate the threat to the Hope International University community, or to the appropriate segment of the population.

Hope International University will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Emergency messages will be distributed using the mobile text messaging service, Rave Alert.

Messages with generally have this format:

"HIU Alert: (*SITUATION*) at/in (*LOCATION*). BRIEF INSTRUCTIONS.

The Emergency Notification System is tested at least twice each year.

Other forms of emergency notification include the Hope International University home web page, and social media outlets.

Emergency Response Procedures

a. Campus Drills and Exercises

The Hope International University Crisis Management Plan includes information regarding shelter-in-place and evacuation guidelines and procedures. At least two campus-wide evacuations take place annually. Testing of the Emergency Notification System is conducted at least twice each year.

These tests and exercises are designed to assess and evaluate the emergency response plans and capabilities of the institution. These tests may be announced or unannounced. General information about the emergency response and evacuation procedures is publicized each year as part of the University's Clery Act compliance efforts.

b. Evacuation Procedures

1. All faculty, staff and students should note the following at the beginning of each semester.
 - a) Look at the evacuation diagrams for the building and rooms you will be in.
 - b) Know the location of at least TWO exits,
 - c) At the sound of an alarm...
 - 1) Stop whatever you are doing.
 - 2) Turn off, or close the container of anything potentially hazardous, if you can.

 - 5) DO NOT WAIT! Walk to the nearest exit.
 - 6) If your nearest exit is blocked, move immediately to another exit.
 - 7) If you need assistance, notify the faculty member or building coordinator so they can summon an appropriate response for you.
2. Special Note to Faculty
 - a) Students will look to you for guidance in emergency situations and practice drills, so make sure you know all of the emergency exits in every building you teach or have an office.
 - b) Before an Evacuation

 - 2) In the event of a command to evacuate:
 - Instruct student to gather personal belongings.
 - Do not allow anyone, including yourself, to remain in the room, or building.
 - Offer assistance if someone needs it.
 - Proceed with class to the established gathering point.

 - Wait with class at the gathering point until given further instructions by the appropriate emergency personnel.
 - FOR EVENING OR WEEKEND CLASSES, Building Coordinators may not be available, so be ready to take the lead and guide your students out of the building to a safe location.

Crisis Management Plan

The Hope International University Crisis Management Plan is designed to provide a resource for university personnel, administrators, students and to include crisis coordinators in assisting with information and guidelines in planning and responding in a crisis. While the Plan does not cover every conceivable contingency situation, it does supply the basic administrative guidelines necessary to cope with most campus emergencies.

This Crisis Management Plan describes and directs the University's response to emergency situations and disasters. It becomes effective for Hope International University when a hazardous condition reaches or has the potential of reaching proportions beyond the capacity of normal campus operations to handle.

The purpose of this multi-hazard emergency operations plan is to provide the framework for coordination and full mobilization of university and external resources. It establishes an emergency management system for the main campus in Fullerton and all campus off-site centers. Additionally, it clarifies strategies to 1) prepare for, 2) respond to, and 3) recover from an emergency or disaster incident that could impact the campus or region.

The goal of the plan is to provide a system to manage personnel and resources to respond effectively to critical situations. The following objectives support this goal: Establish and staff an effective emergency response and communications system;

1. Request and coordinate mutual aid according to established procedures;
2. Identify potential hazards that could affect the campus;
3. Manage the movement, reception, and care of the campus community during an emergency or catastrophic event;
4. Assemble a team of trained personnel to operate the Emergency Operations Center in times of crisis;
5. Restore essential services.

Consistently integrated into every facet of this system is the response priority to preserve life, provide stability to the situation and to protect the environment, in that order. All campus administrators, especially those whose responsibilities and authority include the operational areas specified in the Crisis Management Plan, must adhere to these guidelines. Only those University administrators responsible for directing and/or coordinating emergency operations may approve exception(s) to these crisis management procedures as required to fulfill the emergency response.

Annual Fire Safety Report

Hope International University publishes this fire and safety report as part of its annual Clery Act Compliance. This report contains a description of the fire safety practices and standards for HIU, including statistics concerning the number of fires, the cause of each fire, the number of injuries and deaths related to a fire and the value of the property damage caused by the fire. This report is available for review 24 hours a day on our HIU website. A physical copy may be obtained by making a request to the Department of Student Affairs at 714-879-3901 ext. 2311.

Fire Safety

A daily fire log is available for review by visiting the Department of Student Affairs Offices located in the Lawson/Fullerton Student Center, Lower Level. The fire log includes information about fires that occur in the residential facilities, including the nature, date, time, and general location. If a fire occurs in a HIU building, community members should immediately notify Campus Safety and or dial 9-1-1. When calling, provide as much information as possible about the location and cause of the fire.

The University takes fire safety seriously and has established fire safety programs for the students living in on-campus residence halls. Fire evacuation plans are posted in each resident's room. Drills for evacuation and shelter in place are practiced each year.

Means for Reporting a Fire

Pull the nearest fire alarm pull station if available. Pull stations are usually located near building exits. Contact 9-1-1 and call Campus Safety at 714-519-9127.

Evacuation Procedures

- Call 9-1-1. Make sure you have the correct address available (*651 Titan Dr., Fullerton, CA 92831*).
- Check your door with the back of your hand before opening it to make sure it is not hot, and the fire is not on the other side.
- Sound the alarm. Your building is equipped with a fire alarm pull station. To activate the alarm, pull the handle in the fire alarm box closest to the location of the fire. Alert others in your living space by shouting "FIRE."
- Immediately evacuate, get out and stay out. DO NOT FIGHT THE FIRE. Contact Campus Safety: 714-519-9127.
- If you encounter smoke when leaving the building stay low to the floor as possible.
- If you become trapped in your building or room, hang something outside the window such as a sheet or curtain to warn firefighters that you are still in the building. Place wet towels around the top, sides, and bottom of the door to your room. Close any remaining doors to reduce the fire's spread.
- Your building hallway is equipped with fire separation doors; make sure they are never blocked to ensure their closure.
- Remain outside of the building and at a safe distance away from the building. Have a central meeting place so everyone in your group can be accounted for. DO NOT RE-ENTER THE BUILDING. Immediately notify fire fighter personnel on scene that everyone in your group is safely out of the building.

CHRIST-CENTERED COMMUNITY

The Student Life Staff is committed to fulfilling the mission of HIU by creating a Christ-centered community that promotes faith, encourages service, and deepens learning. Our philosophy of co-curricular higher education is founded on two basic principles:

Biblical Perspective: Our goal is to understand, interpret and respond to every aspect of the Hope community from a Biblical point of view.

Responsible Freedom: HIU recognizes that while the Scriptures do not provide specific teaching regarding all social and moral practices, they do advocate self-restraint in situations that may be harmful or offensive to others. HIU is committed to upholding standards that will support this philosophy and help our students learn to live by its guidance.

Student status at HIU carries with it a distinct set of privileges and responsibilities. HIU students live in a community with their peers and are entrusted with the responsibility to care for one another in a Biblically cooperative and communicative fashion. This environment provides students with enriching experiences which may be an impetus for healthy interpersonal relationships, diversity of thought and culture, and stimulating academic growth. Student Life strives to address the needs of the HIU community through activities and programs that meet the spiritual, social, emotional, and physical needs of all our students. The staff of Student Life is responsible for coordinating and implementing activities that encourage students to: define their values and beliefs, explore their interests, express their gifts and personal leadership abilities, formulate questions, and pursue answers, and learn to fellowship with others within a Christian community.

Human Sexuality

HIU believes sexuality and gender are gifts from God and are basic to human identity as well as a matter of behavioral expression. The appropriate expression of sexuality takes place within the context of a marriage covenant between a man and a woman, and those individuals remain celibate outside of the bond of marriage. Therefore, HIU seeks to cultivate a community in which sexuality is embraced as God-given and good and where biblical standards of sexual behavior are upheld.

Sexual relations of any kind outside the confines of marriage between one man and one woman are inconsistent with the teaching of Scripture, as understood by Christian churches throughout history. As such, the HIU community expects all students to respect these values regarding issues of human sexuality and gender.

Student Affairs Staff

HIU is committed to providing an environment that will help students grow intellectually, socially, and spiritually while at Hope International University.

Director of Student Involvement & Community Outreach

Oversees the Student Government Association and Community Outreach programs which includes service in community wide projects of labor, biblically based spiritual worship, leading worship (*song*), assisting in assemblies, assisting local schools and business in focused projects.

Men's Resident Director (*Alpha RD*)

A live-in administrator that oversees the Residence Life program and Resident Assistants (*RAs*) in the Alpha Hall. This individual collaborates with the RA team in supervision of the residence's weekly bible study gatherings and personal student counseling along with supporting and maintaining common and biblically based community standards. *1 Thessalonians 2:8 - We love you so much that we were delighted to share with you not only the gospel of God but our lives as well, because you have become so near to us.*

Women's Resident Director (*Omega RD*)

A live-in administrator that oversees the Residence Life program and Resident Assistants (RAs) in the Omega Hall. This individual collaborates with the RA team in supervision of the residence's weekly bible study gatherings and personal student counseling along with supporting and maintaining common and biblically based community standards. *1 Thessalonians 2:8 - We love you so much that we were delighted to share with you not only the gospel of God but our lives as well, because you have become so near to us.*

Residence Life

HIU is committed to providing a residential experience that complements and supports the Mission of the HIU and the Department of Student Affairs through creating a living-learning environment for the lives of all residents. In this endeavor we provide a professional and trained staff to meet your needs and help you foster a dynamic and healthy education.

Living-learning Environment: Our desire for creating a fruitful living-learning environment stems from a commitment to show Christ's love to all students. This love not only means understanding and supporting one another, but also requires a willingness to confront others whose behavior is harmful to themselves and to the community. Love, in both regards, provides the environment of positive influence conducive to learning and to the energizing presence of the Spirit of the Lord.

While HIU reaches out with love and understanding, it would not be faithful to its responsibility to the student, other members of the community, nor to those who support it and look to it for graduates, if it did not appropriately respond to those whose behavior is unacceptable. HIU believes that redemptive discipline should be:

- A meaningful learning experience that encourages responsible behavior
- Based on the Scriptural concepts of love and justice.
- Consistent with the best interests of both the individual and the University community.

Residency Requirement

Living within the campus community is an important aspect of a student's personal development and education. Research continues to demonstrate that students who live on campus benefit in a number of ways. In fact, students who live on campus beyond their freshman year:

- Are more likely to persist and graduate
- Gain more interpersonal contacts with faculty and peers
- Experience greater personal growth and development
- Have higher academic engagement and grade point average
- Have higher social-interpersonal engagement
- Participate more in out-of-class activities
- Have more positive and inclusive attitudes and openness to diversity
- Find more satisfaction with their undergraduate experience

(Source: How College Affects Students: A Third Decade of Research by Ernest Pascarella and Patrick Terenzini. San Francisco: Jossey-Bass Publishers, 2005)

For these reasons, all full-time students (12 units)* 22 years of age or younger are required to live on campus.

Students must reach the age of 22 prior to the beginning of the semester to reside off campus.

All HIU Students living in the Residence Halls are required to be on a meal plan. Please refer to the Housing Contracts available in the Student Life office for more information regarding the housing and meal plan information. Exceptions to being on a meal plan are considered on a case-by-case basis and need to meet the criteria of extraneous circumstances, which will be verified by the Vice President for Student Affairs. *Refer to Meal Plan Accommodation section located on page 28.*

Living Off-Campus

All students desiring to live off-campus must fill out a Housing Exemption form. To live off-campus, students must meet one of the following criteria:

- Student will be living with their parents or guardian.
- Student will be at least 22 years of age prior to the start of the academic year.
- Student is married.
- Student is the parent/legal guardian caring for a dependent child.

Violations of these standards are serious breaches of integrity and will result in loss of scholarship and/or other corrective actions.

For other circumstances that do not meet the previous criteria (*i.e. medical reasons, military service*), students must fill out a Housing Exemption form and schedule a meeting with the VP for Student Affairs to discuss the circumstances.

Meal Plan

HIU desires to provide residents with an environment that promotes physical wellness and healthy eating habits. Therefore, we do require all of our residents to have a meal plan. Meal plans are not required but are available to commuter students for purchase. A resident may petition to reduce his or her meal plan for special circumstances (*i.e. medical condition*). Residents must attach a written explanation and other appropriate Information to their Housing Contract.

Note: Completing a Housing Exemption form or requesting a meal plan reduction does not guarantee any exemptions or reductions.

The VP for Student Affairs may need to schedule a meeting with the resident for more information. A doctor's note is not required for an accommodation; however, it can provide helpful context and information necessary to determine the best plan of action. A recommendation from a medical professional does not guarantee that the requested accommodation will be approved as recommended. The university must determine what constitutes reasonable accommodation or exemption from its own policies in consultation with the student and their health care provider.

COMMUNITY STANDARDS & POLICIES

Higher Standards of Student Conduct

HIU has chosen to set itself apart for the purpose of training and equipping Christian servant leaders. It is crucial therefore, that student attitudes and behaviors always reflect the character of Jesus Christ. Students, by their voluntary membership in this Christian community, assume responsibility to abide by all the regulations of the University, as well as to use personal discretion involving any activities which may be morally or spiritually destructive or reflect poorly on the campus community. HIU expects students to refrain from being under the influence of intoxicants, using or possessing illegal drugs, and inappropriate sexual behavior, including any conduct of sexual harassment. All students represent Christ and HIU wherever they are and are expected to exhibit a distinctive Christian lifestyle in all their activities, both on and off campus.

Community standards and codes of conduct are in place for the express purpose of moving students toward Christian maturity and service and creating an environment that is conducive to academic learning, personal growth and development.

Human Sexuality

HIU is an educational community that regards the Bible as the authoritative Word of God and embraces its teachings as our rule of faith and practice. The Christian Church's historical understanding of Scripture considers sexuality and gender as gifts from God that is basic to human identity and a matter of behavioral expression within the context of a lifelong marriage covenant between one man and one woman. Therefore, all members of the campus community including trustees, administrators, faculty, staff, and students are expected to uphold this biblical standard. Any other expression of sexual behavior is considered unacceptable and contrary to biblical teaching.

Sexual misconduct, as are all disciplinary matters, will be handled in a manner consistent with university guidelines designed to be redemptive and developmental with accountability for one's actions.

Integrity and Accountability

Students are expected to maintain lives of integrity regarding Biblical principles and standards of conduct adopted by the campus community. HIU firmly believes that true discipleship requires that maturing Christians submit themselves to accountability within the Body of Christ, and that they take personal responsibility for their actions.

If the Mission of HIU is to be realized, both the institution and its members have an obligation to confront known sin and breaches of integrity in the ranks of its membership. It is expected that confrontation of this nature be expressed in Christian love, with the purpose of redeeming and restoring the individual. The formal judicial process always attempts to confront misconduct in an educative posture that the student might learn from the experience, respond to the correction, and be reconciled to the community whenever possible.

Affirmations of Cultural Diversity

HIU recognizes the influence that culture and ethnicity have in shaping the unique contributions of community members. HIU is committed to affirming these contributions and creating opportunities for synergistic reasoning and insights. This commitment is based on a belief that community members should be able to maintain their unique cultural distinctiveness, while sharing mutual respect for the cultural experiences of others.

Sanctity of Life Statement

HIU embraces a Biblical position which honors the sanctity of human life. Consequently, HIU cannot support actions which encourage or result in the termination of human life through suicide, euthanasia, or abortion-on-demand.

HIU's belief in the sanctity of life influences its response to those students who are involved in a crisis pregnancy. The campus community is prepared to stand with both the father and mother of the unborn child as they consider the results of their actions and experience the forgiveness that comes from hearts of repentance. Abortion is not advised or entertained as an alternative solution. HIU is committed to assisting both the father and mother with other alternatives.

Continuity of on-campus residency and/or enrollment as a student at the University will be considered in the light of what is best for all those involved. As always, students in such a crisis will find HIU supportive and redemptive during this crucial period.

Academic Freedom Statement

The university recognizes that academic freedom has historically been defined both by broadly accepted academic standards, and by the mission and character of the institution in which it is practiced, and thus it is a principle that protects and benefits both the University and the individual professors.

Hope International University affirms that all truth is God's truth, and that God has made it possible for humankind to access, discover, and understand truth. We also affirm that the knowledge of truth will always be incomplete and that people, including those with educational credentials, are fallible and may interpret data and ideas imperfectly. Academic freedom, therefore, from a Christ-centered perspective, must be carried out with civility, mature judgment, and humility in the awareness of different conclusions from necessarily incomplete information about important questions among faculty and others, even within the Christian faith commitments affirmed by the university. Accordingly, Hope International University affirms its commitment to freedom of inquiry and expression in academic endeavors and discourse.

Hope International University is a teaching-learning community of faculty, staff, and students in which the pursuit of knowledge and truth through academic inquiry is a shared endeavor in an open marketplace of ideas. All members of this academic community are entitled to participate, consistent with their respective roles on campus, in respectful conversation, exchange of ideas, and assertive argumentation in which various points of view are heard and evaluated. The university is committed to facilitating the free and orderly functioning of this academic community.

Faculty members are citizens, practitioners of a learned profession, and educators in an institution of Christian higher education. When faculty speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the HIU community imposes commensurate obligations. They should remember that as faculty members and educational representatives of the university, the public may judge HIU by their statements or actions. They should always strive for evidence-based accuracy, should exercise appropriate humility and restraint, should show respect for others offering different opinions, and should be ever mindful of their role as educators in a Christian university. Faculty should also make every effort to make clear when, in exercising their voices as individual citizens, they are not speaking for Hope International University.

Actions by faculty, staff, students, or visitors which unnecessarily obstruct or interfere with teaching or learning functions or other normal and necessary activities of the college, or which create an imminent threat or danger to persons or property may constitute grounds for discipline, suspension, dismissal, termination or permanent exclusion from the campus. Academic Freedom does not exempt members of the community from consequences of communication and behavior that violate university standards of conduct and belief (*as articulated in student, faculty, or employee handbooks*) or speech or conduct which may be subject to civil or criminal legal action.

Civility Statement

Hope International University is committed to cultivating and preserving a campus culture of civility and respect, full belonging, equitable opportunities, dignity and fairness. Our individual differences, life experiences, cultural heritage, knowledge, inventiveness, innovation, self-expression, and unique capabilities and talents which university faculty and staff invest in their work, and which students invest in their learning experience, enrich our university culture, as well as contribute to HIU's reputation and achievements as an institution of higher education.

The university embraces faculty, staff, and student differences in ethnicity, gender, age, disability, national origin, political affiliation, socio-economic status, and other characteristics that make our faculty and staff, as well as our student body, unique.

Hope International University is committed to create a work and learning environment built on Christian values that encourages and insists on mutual regard, respectful communication and interaction, and cooperation among all faculty, staff, and students.

Faculty, staff, and students of Hope International University have a responsibility to treat others with dignity and respect at all times. All faculty and staff are expected to exhibit conduct that reflects inclusion in the workplace during work hours, at work functions on or off the work site, and at all other university participative events. Students are likewise expected to treat others with kindness and grace in learning environments on and off campus and at other university functions and events in which they take part.

Any faculty or staff member, or any student found to have exhibited any inappropriate conduct or behavior directed at others will be subject to disciplinary action.

Faculty, staff members or students who believe they have been subjected to any kind of unlawful or prohibited discrimination that conflicts with the university's equity and inclusion policies should seek assistance from a supervisor, university administrator, or the Director of Human Resources. (See also "Grievance Procedure" in the HIU Catalog in the University Academic Information section)

Residence Life Responsibilities

Contract

All HIU residents are responsible for reading and understanding the HIU Housing Guide and Housing Contract. The terms for the housing contract are for the entire academic school year or the remaining portion.

Move In and Move Out Dates

The check in dates and move out dates are listed on the academic calendar (*page 5*). Students may not move in earlier or stay later without permission from the Student Life Office.

Residents not continuing in the spring must move out by the end of the fall semester. Residents are not required to vacate their room during winter break if they are continuing housing in the spring semester.

Summer Housing

Summer housing is available on a limited basis. A new contract will need to be filled out prior to the start of the summer session. Summer residents may be assigned a room different from their fall or spring rooms. All policies are the same during the summer session. Violations of university policies during summer may result in immediate loss of housing privileges.

Cancellation

The housing contract, when signed, is binding and in effect for the entire indicated academic year, unless terminated or canceled under the terms of the housing contract. To request a release from the contract, the resident must completely fill out the "Housing Exemption" form and turn in any additionally requested documents to the HIU Housing Office. Completion of the "Housing Exemption" form does not constitute approval.

Upon approval of the "Housing Exemption" form, the resident's financial account shall be credited in accordance with the refund schedule listed.

- 100% petitions for cancellation submitted before the beginning of the semester
- 90% petitions for cancellation submitted during week 1 of the semester

- 60% petitions for cancellation submitted during week 2 or 3 of the semester
- 30% petitions for cancellation submitted during week 4 or 5 of the semester

If a resident moves out of the residence hall without properly canceling her/his housing contract, s/he is still obligated to the contract, in that HIU does not terminate the resident's right to a room.

Check out

Before the mandatory move out date assigned for the semester, you will need to have all belongings out of your room and your key placed in the proper check-out envelope and dropped into the key lockbox located behind each RA desk in both dorm lobbies. Upon your check out of the room, our housing team will check for damage and cleanliness and note any items. Failure to move out properly by the mandatory date/time given for the semester, room damages, rooms left messy, and failure to turn in keys will result in fines and other charges.

Housing Deposits

All residents are required to pay a one-time \$300 housing deposit fee upon moving in. This is held in case of any damage or fines. Residents may request a refund of their housing deposit upon the end of the contract minus any damages or fines.

Fees and Fines

Residents are responsible for the required fees listed in the Housing Guide and any possible fines.

Liability

The resident agrees to hold HIU harmless from any and all liability arising out of or resulting from use of the facilities, including the resident's use of the pool or parking facilities.

HIU assumes no liability for injury or loss of personal property resulting from theft, loss, or damage due to fire or flood, etc. Residents are strongly encouraged to have personal property insurance through a renter's or homeowner's insurance policy, as HIU does not provide insurance for personal property belonging to the resident.

CODE OF CONDUCT

VIOLATIONS

The Vice President for Student Affairs (VPSA) serves as the Chief Student Conduct Officer at HIU and may appoint a designee in Student Affairs to assist in the enforcement and resolution of violations to the Codes of Conduct.

Each incident is reviewed on a case-by-case basis, with consideration to

1. the severity of the violation,
2. the context of the incident,
3. a history of prior misconduct,
4. the responsiveness of the accused to confrontation, and
5. the degree to which the individual displays genuine repentance.

Procedure

To be very clear in what a student may expect when/if he/she has violated the Student Conduct Code or HIU policy, we have outlined the normal procedures for the investigation:

1. The violation(s) occur(s).
2. Information is reported to a university official which is passed to the Student Affairs designee.
3. The information is assessed to make sure a certain threshold of evidence (*credibility of the information*) deems an investigation.
4. All students believed to be directly or indirectly involved in the violation may be called in by the designee to give any information regarding the incident.
5. Any information given to the designee during this process is used to bring more clarity to the events surrounding the violation(s).
6. Once the designee believes it has the best possible picture of the events of the violation(s), the designee will determine the best course of action for the benefit of the student(s) involved and possible sanctions.
7. Sanctions, if any, determined by the designee will be communicated to the applicable students. Student sanctions are not announced to other students or outside entities, unless the situation deems it necessary, at which the sanctioned student will be informed.
8. A student may choose to appeal the original decision. Please see section entitled "Right of Appeal" for appeals process.

Our goal is to follow procedures defined by federal, state, and local laws and policies. When laws and policies change during the school year, we are obligated to adjust our procedure.

Please note that these procedures listed are for violations for policies outlined in the HIU Student Handbook. Violations of academic policies may be included in these procedures. However, a separate interview and disciplinary process may be conducted by Vice President of Academic Affairs or her/his designee.

Disciplinary Action

HIU aims to teach students both inside and outside the classroom. We have an obligation to discipline our students so they may become good citizens in society, great neighbors in their community, and servants of Christ.

Our goal is to create a community at HIU where students can develop intellectually, socially, and spiritually. The policies we have put into place create a useful framework to build on. The enforcement of our policies ensures the development of our community.

The following is a list of possible sanctions and definitions. When a student is assigned a sanction, the designee will provide more details. Students receiving a sanction do not have the right to choose their sanction, however they may choose to appeal.

Level 1: For minor issues, students will be put on **Student Life Warning** for a specific amount of time. A warning is simply a warning and a chance for the student/resident to reconcile with the community immediately. Additional sanctions or community service requirements may be included. - “Visitation Hours” violation
- Minor property damage
- Smoking or tobacco use
- Burning objects
- Failure to comply with university officials

Level 2: For serious issues or persistent issues, students will be put on **Student Life Probation** for a specific time. Probation typically requires extra responsibilities, restrictions, and/or limited suspension which will be listed clearly to the student (*this can include up to 10hrs of community service*). One does not have to be put on warning before being issued probation. Violations include, but are not limited to, the following examples:

One does not have to be put on warning or probation before being issued suspension/expulsion. Violations include, but are not limited to, the following examples:

- Selling or distributing any controlled substance or illegal drug
- Possession or use of a controlled substance or illegal drug

Students with Level 3 violations can expect to be suspended for a specific time and have her/his parents (*if financially dependent*) to be notified.

Please refer to “Readmission of Dismissed Students” for information about returning to HIU after a suspension.

Substance Abuse

Hope International University seeks to provide an educational environment free from the use of alcohol and illegal drugs. Since 1990, the federal government has mandated that colleges and universities that receive federal funds, including federal financial aid, must have policies and procedures to maintain a drug-free campus environment. Moreover, as a decidedly Christ-centered university, we aim to offer a markedly different experience than what is commonly found at many colleges and universities across the nation, especially regarding the use of alcohol. We believe that HIU is one of the safest places for students to live and learn, and that vigorously enforced substance abuse policies help ensure this remains the case.

Drug Testing Policy

As part of a commitment to maintaining a drug-free living and learning environment, most colleges and universities across the nation have incorporated random drug testing protocols in their athletic programs. For the past several years, HIU has partnered with Drug Free Sport to conduct drug testing of student-athletes when there is reasonable suspicion of illegal or prohibited drug use but had not yet adopted a comprehensive random drug testing program. HIU conducts random-selection drug testing for all athletic teams.

How is this random drug testing program implemented?

Students will be selected at random throughout the semester from each athletic team to be tested. Individual teams may be selected for testing more than once, and because of the random selection process, individual students may be selected for testing more than once in a given semester. The collection of a urine specimen will be conducted by our Athletic Training staff and sent to a certified laboratory for analysis. Students who are selected for testing will be escorted directly to the Collection Facility immediately upon notification. Results will be shared with students and Athletic Trainers generally within 2 class days.

What happens if I fail a drug test?

If a student fails a drug test, the Head Coach of their athletic team and the Office of Student Affairs will be notified. The following guidelines describe typical sanctions a student may be assessed. A head coach may apply additional team-related sanctions (such as travel or game suspensions) based on her/his professional judgment. Students who are placed on probation may not participate in any team-related activity.

1st alcohol or drug violation

- Coach and Student Life notification
- Student life warning
- Alcohol or drug abuse awareness course and reflective essay to be completed within two weeks (*warning will become probation after two weeks if sanctions not yet complete*)
- Mandatory drug testing schedule for illegal drug violations

2nd alcohol or drug violation

- Coach and/or supervisor notification
- 10 hours community service
- Student life probation – committee meeting to determine length of probation.
- Increased drug testing requirements for illegal drug violations

3rd alcohol or drug violation

- University suspension for no less than one complete TUG academic semester.
- Committee meeting upon application to reapply.

How can I dispute the results of a positive drug test?

Students may appeal the findings of a negative drug test if they believe that they received a false positive. In such instances, the student will remain on student life probation while the laboratory retests the original sample. A student may also be asked to provide additional forms of verification, such as a hair sample for analysis. An ad hoc committee of athletic and student affairs personnel will review the original and new findings of the laboratory, along with any additional supporting information, and determine if the sanctions should stand or be overturned.

What if I refuse to take a drug test?

Refusal to submit to a required drug test will be considered an automatic failed drug test, even if they later choose to complete a drug test or submit the results of a drug test that was not collected immediately upon notification by our Athletic Training staff. The Head Coach may determine if separation from the team is necessary. Students who are involuntarily separated from a team will be repackaged with academic-only aid on a prorated basis. Students who participated in 20 percent or more of regular season matches will be charged a season of eligibility in accordance with NAIA guidelines.

What is considered a drug violation?

While not an exhaustive list, our drug testing protocol generally aims to detect the presence of performance-enhancing drugs, such as anabolic agents, diuretics, hormone and metabolic modulators, and stimulants; illegal drugs, such as cannabinoids, depressants, hallucinogens, narcotics, and other forms of illegal drugs; and certain prescription drugs for which the student does not have a valid prescription. Any substance that is chemically/pharmacologically related to one of the above drug classes, even if it is not listed as an example above, would also constitute a violation, even if legally purchased (*such as synthetic forms of drugs*).

Why is marijuana (*cannabinoids*) considered an illegal drug if it can be legally purchased and used in California?

There is no such thing as “legal” marijuana. States can choose to decriminalize certain drugs, meaning they will not use state resources to prosecute violations related to its possession or use,

but state law cannot override or invalidate federal law. The United States Drug Enforcement Administration recently reviewed marijuana as a schedule 1 controlled substance and chose not to delist it, meaning possession or use of it remains illegal in all fifty states. Furthermore, the NCAA continues to list cannabinoids (*including both CBD and THC products*) as a banned substance, and HIU does play NCAA peers in non-conference matches. Streamlining our policies is an important step in ensuring fair play. Additionally, as a private university, HIU reserves the right to prohibit conduct that may not be unlawful in the State of California, but we believe exposes our campus and students to a heightened risk of harm.

What if I used these substances while I was off-campus or during an official school break?

Students are expected to uphold our policies at all times, whether on or off campus, during or outside of the normal academic semester, from acceptance to graduation, for as long as they remain continuously enrolled.

What should I do if I have been using illegal or prohibited drug?

You should disclose this to your head coach or head athletic trainer immediately. Students who proactively report prior use, in good faith, will still be subject to accountability measures but may continue participating in team activities (*provided the student has been medically cleared by the head athletic trainer and is safe to participate*). Once a student has been selected for testing, or if an incident is otherwise reported to Athletics, Campus Safety officials, or Residence Life personnel, the student will be subject to all sanctions outlined in this document if found responsible for a drug violation.

Sanctioning Guidelines

All colleges and universities have some form of standards intended to guide behavior. Eventually, someone will act in a way that is contrary to these standards. Campuses need to have people, policies, and systems in place to deal with misconduct. At times, consequences have not always been consistent or clear. In an effort to be as fair and transparent as possible, the following protocols help guide how substance abuse violations will be addressed:

1st alcohol or drug violation

- Coach and/or supervisor notification
- Student life warning
- Alcohol or drug abuse awareness course and reflective essay to be completed within two weeks (*warning will become probation after two weeks if sanctions not yet complete*)
- Mandatory drug testing schedule for illegal drug violations

2nd alcohol or drug violation

- Coach and/or supervisor notification
- 10 hours community service
- Student life probation – committee meeting to determine length of probation.
- Increased drug testing requirements for illegal drug violations

3rd alcohol or drug violation

- University suspension for no less than one complete TUG academic semester.
- Committee meeting upon application to reapply.

What is considered a substance abuse violation?

Possession or use of alcohol on campus or at official university events, regardless of age; underage use of alcohol or distribution of alcohol to underage students (*on or off-campus*); possession or use of illegal or prohibited drugs, on or off-campus, including breaks, while a student is continuously enrolled; or knowingly being in the presence of illegal or prohibited alcohol or drug use. In addition to illegal drugs, prohibited drugs include marijuana and THC products, performance-enhancing drugs; synthetic forms of illegal drugs, and prescription drugs for which the student does not have a valid prescription, even if legally purchased.

What is student life probation?

Students on probation may not represent HIU in an official capacity, including participation in athletics, campus employment, student leadership, etc. An ad hoc committee will be convened to meet with the student, review the available information, and determine the length of the probationary period.

How long does probation last?

Probation periods may range from a few days to the duration of an academic semester, at the discretion of the committee. At minimum, students will remain on probation while community service hours are completed.

How are violation occurrences determined?

After a first violation, any subsequent violation that occurs over the course of a student's enrollment at HIU will be considered a second violation, and so on.

If I am suspended, when may I return to the university?

After one complete TUG academic semester, a student may petition for readmission. Students who are suspended will be required to meet with an ad hoc committee to determine if readmission to the university can be granted. Any recommendations from the sanctioning officer or body who issued the suspension must be completed before a student may be eligible for readmission.

How do I complete my community service hours?

Students are responsible to identify a venue to complete community service hours. The venue must be with a non-profit organization that can supervise the work completed. Students must have their site approved through the Office of Student Affairs prior to completing any hours. A form will be completed by the site supervisor documenting hours completed.

How do I complete drug testing requirements?

All drug testing must be conducted by HIU Athletic Trainers unless another site has been approved by the Head Athletic Trainer.

Why have I received additional sanctions not outlined in this document?

These are the minimum sanctions outlined for substance abuse violations. They are intended to be general guidelines for how we issue sanctions. Coaches and work supervisors have the freedom and discretion to assess additional sanctions as they deem necessary for participants in their programs, including program separation.

What happens to my athletic scholarship if I am separated from the team?

A student-athlete must meet all requirements of their Royal scholarship, including adherence to all conduct standards. Royal aid will be voided for students who are separated from their team as a result of misconduct. The student will be repackaged with academic aid and will be responsible for any remaining balance due if repackaged with less student aid.

Definitions

Campus Suspension

Students suspended from HIU may also be suspended from all or one of HIU's campuses. Student will be informed of campus visit limitations upon suspension. Violation of suspension may result in contacting the local police department.

University Dismissal

Students dismissed from HIU are removed indefinitely from all HIU campuses and events. Violations of this dismissal may result in contacting local police department.

Residence Hall Suspension

In some cases, student may be allowed to stay at HIU but he/she will not be allowed in or near the residence halls.

Fines

Monetary fines may be assessed as an additional sanction in certain circumstances. The amount of the fine will be listed clearly to the student. The student will have to contact the Student Accounts office to pay the fine.

Restoration

HIU is a unique place because of its amazing community. We always strive to be an inclusive community where all feel welcome and we desire a plan of reconciliation to the community for anyone who has violated a HIU policy. For restoration to be effective, the student/resident must be willing to change and be active in restoring themselves.

Restoration plans are formulated differently for each individual in each individual case. There are some cases that a student/resident will be removed temporarily or permanently for the health of the community.

Community Service

In some cases, students will be assigned community service as a sanction. The student will work with the designee to set up the service project. To qualify as a service project, the student cannot be compensated for their service or receive any academic credit.

Rights and Responsibilities in the Interview and Disciplinary Process

1. Students are expected to comply with staff requests during disciplinary process, including requests to meet, requests for confidentiality and requests to provide information pertinent to the process.
2. Students are expected to be honest and forthcoming, and to not withhold any information regarding their behavior or the behavior of another student.
3. Students are expected to refrain from influencing the testimony of another or impede the process in any way.
4. Students and staff are expected to address one another respectfully during the process.
5. Students may request the presence of another person during an interview. This person may be there for support, but will be requested to refrain from speaking during the meeting. This person will also be expected to maintain confidentiality regarding the meeting(s) they attend.
6. Parents may be contacted in the course of the process in accordance with the Family Educational Rights and Privacy Act of 1974. Prior notice will be given to students when parents are to be contacted.

Right of Appeal

The student has the right to appeal any disciplinary action based on the following:

1. There is evidence that the disciplinary procedures were not followed.
2. New evidence has been discovered.
3. There is substantial evidence that a member or members of the interview and disciplinary process were biased against the student.

A decision made by the designee may be appealed to the VPSA within 2 working days from the original decision. The appeal must be made in writing and consist of a statement detailing the reasons for an appeal. The VPSA may request a meeting with the student, the designee, or any individual involved in the interview and disciplinary process.

Upon receiving an appeal, the VPSA may:

1. Deny the appeal
2. Accept the appeal, but uphold the disciplinary decisions
3. Accept the appeal, and send back suggestions to the designee for changes

The appeal process is not to rehear the case and render a second judgment, but to determine if the interview and disciplinary process has been fair and reasonable, the evidence supports the findings, and the consequences are justified by the outcome.

Re-Admission of a Dismissed Student

A student who was dismissed from HIU and desires to return to HIU after a determined period of absence must file a completed Petition for Re-Admission with the department that issued the dismissal.

- Student Life Dismissal: Submit petition to the Vice President for Student Affairs.
- Academic Dismissal: Submit petition to the Dean of the academic college in which you are enrolled.

The department that receives the petition will make a ruling on the petitioned request to re-enroll. If approved, the student will be expected to go through the full enrollment process as a Returning Student through the Admissions Department.

Special Administrative Evaluation

HIU reserves the right to deny continued enrollment or re-admittance to any student whose personal history indicates that his or her presence at the University would endanger the health, safety or welfare of themselves or members of the HIU community. A student may be subject to special requirements or sanctions, including suspension or dismissal for actions not otherwise covered in the “Community Standards and Policies” if it is determined from the student’s behavior that he or she:

- Lacks the capacity to understand the nature of the charges against him/her or to respond and participate in the disciplinary process;
- Poses a danger to self or others;
- Refuses to receive evaluative testing or counseling when asked to do so;
- Lacks the ability to care for him/herself;
- Through their behavior has become a disruption to the orderly function of the University community.

In such instances the case will be referred to the Vice President for Student Affairs or the President, who will schedule an evaluation of the student by appropriate medical or mental health professionals on or off campus. All costs associated with any evaluation will be the responsibility of the student.

ADDITIONAL POLICIES

Withdrawal Process

For students who will no longer be attending HIU, an Exit Interview must be completed with the Student Life Office. The Exit Interview provides important feedback to the University and helps the Student Life Office identify the student's unique and specific needs as they are considering withdrawal. During the Exit Interview the student is also introduced to the Withdrawal Checklist which provides step-by-step support and explanation of the withdrawal process.

Please be aware that withdrawing from classes should be a last resort; speak to, and work with, our offices in order that we may serve you in the best way we can. We do not wish to lose you as a student, and we may be able to help. Please also understand that withdrawing from school once classes have begun will have financial implications.

Learning Accommodations

For academic accommodations students must register (*verify and document*) their disability with the university's Student Success Coordinator. It is the student's responsibility to request services in a timely manner.

The goal of accommodations is to give students with a disability equal access to the learning environment. Individualized accommodations are not designed to give the student an advantage over other students, to alter a fundamental aspect of course or academic program requirements, nor to weaken academic rigor, but rather to remove barriers so that they are able to participate fully in both academic and co-curricular college activities.

Disabilities are often unique to the individual and can be manifested in a variety of ways. Therefore, accommodations for a specific student are tailored to the individual. When in doubt about how to assist a student, contact the office of the Vice President for Student Affairs or the Student Success Coordinator who provide support services for students with disabilities.

Registering Accommodations

In order to register accommodations, students must complete the Disability Verification Form and submit it to the Vice President for Student Affairs or to the Student Success Coordinator via email, fax, postal mail, or in-person delivery.

Students will be asked to submit documentation from a qualified professional to support a request for accommodations. Further, submitted documentation must meet Hope International University disability documentation guidelines.

Notification of Instructors

The Student Success Coordinator will notify faculty of academic accommodations for each semester. Students with accommodations are also encouraged to advocate for themselves and share their letter of accommodation when appropriate to access services.

Examples of Accommodations

Classroom and Assignment Accommodations

- provide effective peer note-takers from the class.
- allow the student to tape record lectures.
- allow the student additional time to complete in-class assignments, particularly writing assignments.

- allow for course modification such as extended length of time to complete a program.
- provide feedback and assist the student in planning the workflow of assignments. This is especially important with large writing assignments.
- assist with proofreading written work.
- allow for course substitution with dean approval.

Examination Accommodations

- extended exam time, typically time and one half to double time.
- to take exams in a room with reduced distractions.
- the assistance of a reader, scribe, or word processor for exams.
- the option of an oral exam.
- to use spelling and grammar assistive devices for essay exams.
- to use calculator for exams.
- to use scratch paper during exams.

Students should discuss any concerns or problems related to the provision of reasonable accommodations with their Academic Advisor. If a student disagrees with the accommodations or has a complaint related to services provided by the Academic Advisor, he or she may utilize the appeals process by contacting the Vice President for Student Affairs.

Family Educational Rights and Privacy Act (*FERPA*)

HIU permits enrolled students' visual access to previous educational records such as high school transcripts, college transcripts (*if a transfer student*), SAT score reports, and transcripts of work completed at HIU. This policy complies with the Family Educational Rights and Privacy Act of 1974 (*FERPA*). To obtain transcript copies of work completed at HIU, all financial obligations to HIU must be paid in full.

**To accommodate you, an appointment with Registrar's Office staff may be required.*

HIU considers the following to be "Directory Information" and may disclose such information to third parties without consent of the student unless the student has directed the University (*in writing*) not to release such information about him/herself: name, telephone number, address, date and place of birth, dates of enrollment, classification, degree program(s), major(s), honors and awards.

No other information contained in the student's permanent educational record is released to others, including parents or spouse, without the written consent of the student, unless the student is claimed as a dependent. The only exceptions are staff members, administrative officers, and faculty members who have a legitimate professional right to the information.

HIU reserves the right to contact a student's parent(s) or guardian(s) when a situation, (*i.e., discipline, health, etc.*) is deemed extreme, endangering the student or the HIU community.

A student's academic record and placement file will be kept confidential by responsible campus personnel.

Exceptions:

1. In cases authorized by the student.
2. In cases of legal compulsion.
3. In a situation where the safety of a person or property is involved.

Academic Integrity

Because Hope International University seeks to develop mature Christian leaders and scholars, the University is committed to the principle of academic integrity. Consequently, all forms of dishonesty, including plagiarism or cheating in any form, are wrong, undermine learning, and are contrary to the University's educational objectives and the student's best interests. The primary rule of academic integrity is that each member of the university community will do one's own work, executed to the best of one's own ability, exclusively for the assignment for which it is presented or submitted.

Plagiarism is "stealing" the unique ideas or the wording of another (*whether from classmates, publications, or information retrieved from the Internet*) and then presenting those products as one's own. Examples of plagiarism include cheating on examinations; copying others' work; cutting and pasting from internet sources; using the words or ideas or sequences of argumentation presented or published by others without proper attribution ; and purchasing, renting, borrowing, or otherwise appropriating the research, projects, or assignments of others, and presenting them as one's own work. Without permission from the instructor for which coursework is prepared, "self-plagiarism" is also a violation of academic integrity because a student has in such cases submitted previous work done for another class and assignment and represented it as original work prepared exclusively for an assignment in the class for which it is submitted.

It is also an egregious violation of academic integrity for students to offer for sale (*or without cost*) directly to other students, or through a "middleman," papers, examinations, quizzes, or other academic products for submission by the recipient. Such violations are grounds for academic dismissal.

Breaches of academic integrity result in the following penalties:

1. Zero (0) credit for the violated assignment. This is the standard penalty for a first violation.
2. Zero (0) credit ("F") for the course involved. This is the standard penalty for a second violation, whether committed in the same course as the first violation or in a different, concurrent course, or in a subsequent course.
3. Academic dismissal from the University. This is the standard penalty for a third violation.

Academic Dismissal Policy

A student may be academically dismissed from Hope International University for violation of academic integrity (*as defined in this Handbook's section on Academic Integrity*), or by failing to meet conditions of academic probation (*as defined in the Catalog's section on Academic Probation*), by demonstrated disengagement from the learning process so that academic progress toward a degree is unlikely, or for behavior that disrupts the learning process in the classroom environment, on campus or online (*at the discretion of the College Dean*). When academic dismissal occurs, a student must wait at least twelve months from the date of dismissal before they are eligible to petition to re-enter the University. There is no guarantee that such petitions will be approved.

Access to Records

All requests for access to records shall be presented in writing to the manager of the office which maintains the records. That office shall specify the time and manner in which records may be inspected. The administrator shall provide any necessary explanation or interpretation of the records. Copies of any records, except academic records and test scores, may be obtained at the current copying rate. The release of academic records will require a written/signed request in advance and will be subject to copying fees. As a matter of professional courtesy and standard operational procedure, it is the University's policy not to release copies of academic records from other institutions, either to the student or to a third party. The student has the right to challenge records that he/she thinks are inaccurate or misleading. Such appeal must be submitted in writing to the appropriate Academic Dean.

Student records are kept in the following locations:

Type	Location	Person Responsible
Academic	Registrar's Office	Ron Archer
Financial	Student Accounts	Business Office
Health	Student Affairs	Dr. Joshua Arnold
Housing	Student Affairs	Dr. Joshua Arnold
Student Conduct	Student Affairs	Dr. Joshua Arnold
F-1 Visa	Student Affairs	Joann Anderson

Complaint Notices

HIU takes complaints and concerns regarding the institution very seriously.

If you have a complaint, or if you have questions regarding the proper process for addressing your complaint, you may contact:

- Department of Student Affairs at 714-879-3901 ext. 2311 or
- Department of Academic Affairs at 714-879-3901 ext. 1241

These contacts will provide guidance on the campus process for addressing your particular issue.

If you believe your complaint warrants further attention after you have exhausted all the steps and appeals, you may present your complaint to the WASC Senior College and University Commission (WSCUC) at www.wscuc.org/resources/comments/ or (510) 748-9001 ext. 300 if your complaint is associated with the institution's compliance with academic program quality and accrediting standards. WSCUC is the agency that accredits Hope International University's academic programs.

If you believe that your complaint continues to warrant further consideration after exhausting the review of either WSCUC or administrators at Hope International University, you may submit a complaint form with the Public Inquiry Unit of the California State Department of Justice:

Public Inquiry Unit

Voice: 916-322-3360, or (*toll free in California*) 800-952-5225

FAX: 916-323-5341

Online forms: <https://oag.ca.gov/contact/general-contact-form>

The Attorney General's Office will review the process through which the campus attempted to resolve your complaint. If the process complies with the written outline, the Attorney General's Office will, for the purposes of state oversight, consider the matter closed. If the Attorney General determines that the process through which the campus attempted to resolve your complaint did not comply with its published process, the Attorney General may request reconsideration by Hope International University. The Attorney General's Office also has oversight of Hope International University as authorized through the "Supervision of Trustees and Fundraisers for Charitable Purposes Act" [Cal. Gov't Code §12598], which provides public means to submit complaints regarding non-profit colleges and universities that abuse their status under the Internal Revenue Code of 1986 (23 U.S.C. §501(c)(3)). The California Attorney General is given broad powers to undertake law enforcement investigations and legal actions to protect the public interest under Cal. Gov't Code §12598.

Most complaints made to media outlets or public figures, including members of the California legislature, Congress, the Governor, or individual Regents of Hope International University are referred to the University President's Office.

Nothing in this disclosure should be construed to limit any right that you may have to take civil or criminal legal action to resolve your complaints. Hope International University has provided this disclosure in compliance with the requirements of the Higher Education Act of 1965, as amended, as regulated CFR 34, sections 600.9 (b) (3) and 668.43(b). If anything in this disclosure is out of date, please notify the Office of Student Affairs at Hope International University, 2500 E. Nutwood Ave., Fullerton, CA 92831.

On October 29, 2010 the United State Department of Education issued a Final Regulations on Program Integrity Issues [75 FR 66831] that includes regulations at 34 CFR §600.9 requiring that educational institutions not created by the state be “established by name as an educational institution by a State through a charter, statute, constitutional provision or other action...” and be “authorized to operate educational programs beyond secondary level, including programs leading to a degree or certificate.” California’s independent, non-profit, WSCUC accredited colleges and universities are authorized within the meaning of 34 CFS §600.9 et seq for the following reason:

1. The California Master Plan for Higher Education specifically recognizes that California’s independent institutions of higher education “share goals designed to provide education opportunity and success to the broadest possible range of [California’s] citizens” with the state’s public segments (*California Education Code §66010.2*).
2. The Legislature “recognizes the role of independent, regionally accredited postsecondary education in California postsecondary education,” and that “statewide planning, policy coordination, and review of postsecondary education shall include attention to the contributions of the independent institutions in meeting the state’s goals of access, quality, educational equity, economic development, and student aid” (*California Education Code §66014.5(a)*).
3. The Legislature in adopting the Private Postsecondary Education Act chose to exempt institutions that are “accredited by the Accrediting Commission for Senior Colleges and Universities, Western Association of Schools and Colleges, or the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges” from the Act (*California Education Code, Title 3, Division 10, Part 59, Chapter 8*).
4. All the institutions covered by the WSCUC exemption to the California Private Postsecondary Education Act of 2009 have had to meet strict standards regarding classroom instruction quality, adequate facilities, and financial stability. These institutions are eligible to participate in California’s student aid program known as the Cal Grant Program, and subject to audit by the California Student Aid Commission.
5. California’s longstanding “Supervision of Trustees and Fundraisers for Charitable Purposes Act” [Cal. Gov’t Code §12598] provides public means to submit complaints regarding non-profit colleges and universities that abuse their status under the Internal Revenue Code of 1986 (23 U.S.C. §501(c)(3), and grants to the California Attorney General broad powers to undertake law enforcement investigations and legal actions to protect the public interest.

Under existing law, the Attorney General maintains oversight of nonprofit colleges and universities to assure compliance with their stated public purpose. Accordingly, final authority rests with the Attorney General, who can review any complaint to assure that a student’s complaint was subjected to a fair process consistent with procedures established by the nonprofit college or university.

Section 504 of the Rehabilitation Act and Title II of the Americans with Disabilities Act of 1990

In accordance with the requirements of Section 504 of the Rehabilitation Act of 1973 (*Section 504*) and Title II of the Americans with Disabilities Act of 1990, as amended (*ADA*), Hope International University does not discriminate based on disability in admission to, participation in, or receipt of services and benefits under any HIU program or activity. HIU does not retaliate or discriminate against, or coerce, intimidate, or threaten any individual who (1) opposes any act or practice made unlawful by Section 504 or the ADA; or (2) files a grievance and/or complaint, testifies, assists, or participates in any investigation, proceeding, or hearing under Section 504 or the ADA.

Hope International University has adopted an internal grievance procedure providing for the prompt and equitable resolution of grievances alleging any action prohibited by Section 504, the ADA, or the Federal regulations implementing these laws. Please refer to the Grievance Procedure under the Non-Discrimination and Harassment Policy. The applicable Federal laws and regulations may be examined by contacting the following individual who is HIU’s ADA/Section 504 Coordinator and who has been designated to coordinate the efforts of HIU to comply with Section 504 and the ADA:

Dr. Joshua Arnold, Vice President for Student Affairs 714-879-3901 ext. 1211

Any person who believes she or he has been subjected to discrimination on the basis of disability or who believes she or he has been subjected to retaliation under Section 504 or the ADA may file a grievance under this procedure. It is against the law for HIU to retaliate against anyone who files a grievance or cooperates in the investigation of a grievance.

Filing a grievance with HIU's ADA/Section 504 Coordinator (*or her/his designee*) does not prevent the person filing the grievance from filing a complaint with the:

Student E-mail System Terms of Use

Introduction: The following terms and conditions govern your use of the student e-mail system (*the "Service"*). You must read and agree to these terms and conditions before accessing your account. Note that these policies are subject to change.

Our Commitment to You: We know all too well the frustration of being inundated with unwanted and unsolicited e-mail. Our desire as a university is to avoid adding to the problem. Therefore, we have adopted a policy that the University will not disseminate information or material to you via e-mail that is not related to your interests or the interests of the HIU community. To regulate the quantity and content of e-mails that are distributed masseuse, we limit who can send e-mail to mass distribution lists, and work to consolidate various announcements into regularly scheduled newsletter-type e-mails.

We also provide a commercial SPAM filter on your account. While no SPAM filter is 100% effective — and you should follow best practices to avoid ending up on SPAM lists — the filter will help reduce the amount of SPAM you receive from the Internet. Please see your account documentation for a complete description of the SPAM filter.

Official Use: Your HIU e-mail account is considered an official means of communication between the University and you, and you are required to use this account for all e-mail communications between yourself and the University.

Personal Use: Your HIU e-mail account is provided for your private, personal use only. You agree to be responsible for maintaining the confidentiality of your login credentials. You agree not allow anyone else to access your account as you are responsible for all activity that occurs under your login credentials. You must immediately notify Hope International University's Information Technology Department if you suspect any breach of your login credentials.

Proper Use: You agree that you are responsible for your own communications. You also acknowledge that, because you are using HIU's e-mail system and Internet domain name (*HIU.EDU*) to send e-mail, the University has an interest in how communications sent through our systems reflect upon our institution and our values.

Prohibited Actions: You may not use your Hope International University e-mail account for any of the following purposes:

- Use your HIU e-mail account in conjunction with any commercial enterprise.
- Generate or facilitate bulk unsolicited e-mail ("*spam*"). Such activity includes, but is not limited to:
- Sending unsolicited e-mails to significant numbers of e-mail addresses belonging to individuals and/or entities with which you have no preexisting relationship
- Sending e-mails to users who have requested to be removed from your mailing list(s)

- Send, upload, distribute, disseminate, or offer to do the same with respect to any unlawful, defamatory, harassing, abusive, fraudulent, infringing, obscene, or otherwise objectionable content
- Intentionally distribute viruses, worms, defects, Trojan horses, corrupted files, hoaxes, or any other items of a destructive or deceptive nature
- Impersonate another person (*via the use of an e-mail address or otherwise*) or otherwise misrepresent yourself or the source of any e-mail
- Illegally transmit another's intellectual property or other proprietary information without such owner's or licensor's permission
- Sell, trade, or otherwise transfer your HIU e-mail account
- Use your HIU e-mail account in connection with illegal peer-to-peer file sharing
- Abuse system resources or interfere with another user's access to or enjoyment of the e-mail system or other HIU technological resources.

Violations may result in account termination, restriction, and/or disciplinary actions in accordance with university policy and governing law.

Privacy: The University respects your privacy. Under normal circumstances, no person will monitor or read the contents of your e-mail except as required for troubleshooting and other technical operations. You do, however, agree that the University may monitor, edit, or disclose your personal information, including the content of your e-mails, if required to do so in order to comply with any valid legal process or governmental request (*such as a search warrant, subpoena, statute, or court order*).

Service Availability; Reliability: The University provides this free, lifetime e-mail service on an AS IS and AS AVAILABLE basis. While we strive to provide a robust, highly available service, we make no guarantees as to the availability of the system and the storage of your data. Specifically, Hope International University disclaims all responsibility and liability for the availability, timeliness, security, or reliability of the e-mail service. The University also reserves the right to modify, suspend or discontinue the service with or without notice at any time and without any liability to you.

Data Storage, Backup, and Recovery: It is your responsibility to delete old messages and file attachments to keep your email from being cluttered.

The University maintains backups of the e-mail system for the purposes of recovering from system failures only. While we make our best efforts to safeguard your data, the University does not guarantee the recovery of your e-mail in the event of a system failure. The University does not provide individual mailbox or e-mail restoration services in the event that you or someone using your credentials deletes data from your mailbox. You are responsible for archiving all important data in your mailbox to an external storage system or printing out hard copies to store in your personal files.

Cancellation; Termination: The University is pleased to offer continued use of the account to students who graduate or otherwise leave the University under favorable conditions, and we encourage you to continue using your account for years to come. At any time, an alumnus may request the closure of his or her account. Also, the University may close or restrict any account which is determined to be inactive or abandoned. As described above, violations of these Terms of Service may result in the termination of your HIU e-mail account.

Residence Halls Network Acceptable Use Policy: HIU provides a computer network connection in every dorm room. This network connection allows you to connect your computer to our network and communicate with other students in the dorms as well as access the Internet. Please read the following carefully.

1. As a student of HIU, your use of the network and Internet should reflect the values of the University. As in any other area of your relationship with Hope International University, your use of the network and Internet access provided by HIU is subject to university policy.
2. We respect your privacy. Except for cases of clear violation of the University Policy, we do not specifically monitor what you are doing on the network.

Be aware that we do maintain logs of all Internet usage and we may analyze actual network activity to maintain accountability for how our resources are being used, to troubleshoot and improve network performance, and to assist in resolving clear violations of university policy. Violations will be reported to Student Affairs.

3. **File Sharing:** Many people are unaware of the risk they take by engaging in file sharing. The fact is, most commercial music, movies, and software are copyrighted, meaning that they may not be copied without the express permission of the owner of the copyright.

Be aware that unauthorized transfer, including downloading, of copyrighted material is illegal. Copyright holders ARE ACTIVELY TARGETING AND SUING COLLEGE STUDENTS engaged in illegal file-sharing. Also, law enforcement is actively prosecuting people engaged in any illegal activity on the Internet. Be aware that you are NOT ANONYMOUS on the Internet and these agencies can trace your activities back to you.

HIU has a zero-tolerance policy on illegal file sharing and all other illegal activities. If you engage in any illegal activity online, including sharing or downloading copyrighted material without the consent of the copyright holder, your access to the Internet will be terminated immediately and you will be accountable for any and all violations of applicable student conduct codes as per University Policy as well as potential civil and criminal liability resulting from your actions.

If your Internet service is terminated, approval from the Vice President for Student Affairs will be required to reinstate your service. If you ever have any questions about the legality of something on the Internet, please inquire through the office of Student Affairs. Also, please contact Student Affairs if you have any questions regarding student conduct codes.

4. Use of loopholes in computer security systems or knowledge of a special password to damage computer systems, obtain extra network or computing resources, take resources from another user, gain access to systems or use systems for which proper authorization has not been given constitutes a violation of University policy and is expressly prohibited.

INTERNATIONAL STUDENT NEEDS

International Student Programs (ISP) staff strive to help new international students adjust to HIU and the United States through personal and social interactions, enhance international students' satisfaction with their university experience through practical help and advice about living and learning in the United States, and increase appreciation and awareness toward diversity among domestic students, staff, and faculty.

These goals are met through a variety of social events and programs such as American Home Visits, cultural events, and diversity training in addition to advising on matters such as F-1 visa regulations and campus employment. ISP also helps international students make the most of their time in southern California by planning a variety of trips and events to local tourist destinations. For more information about any of these programs and a calendar of events, please contact the ISP Office, ext. 1698.

Maintaining F-1 Status

F-1 students are non-immigrants pursuing a full course of study towards specific educational or professional objectives at academic institutions in the U.S. An F-1 student is admitted to the U.S. for a period known as "duration of status" (D/S). Upon entry to the U.S. as an F-1 student, the individual accepts responsibility to abide by the conditions of the non-immigrant status. It is the F-1 students' responsibility to maintain their visa status. Students should visit Study in the States (*studyinthestates.dhs.gov*), a U.S. Department of Homeland Security website for F-1 visa guidance for keeping legal F-1 student status throughout one's stay in the U.S.

1. Full-Time Enrollment

- Enroll full-time each term.
 - Undergraduate full-time = minimum 12 credit hours per term
 - Graduate full-time = minimum 8 or 9 credit hours per term depending on the program
 - English Language Studies full-time = minimum 18 clock hours per week
- Exceptions to full-time enrollment (*Reduced Course Load*) must be approved by the Director of ISP prior to the student dropping below full-time enrollment. A student may be approved for RCL for one of the following specified reasons:
 - Initial difficulty with the English language (*first semester only*)
 - Initial difficulty with reading requirements (*first semester only*)
 - Unfamiliarity with U.S. teaching methods (*first semester only*)
 - Improper course level placement (*first semester only*)
 - To complete course of study in current term (last semester of study)
 - Illness or medical condition (*with documentation from a medical doctor*)
 - Official university breaks (*no approval needed*)
 - Concurrent enrollment, approved in advance

2. Making Satisfactory Academic Progress

- Stay in good academic standing and make normal progress each term.
- Apply for program extension with valid reason for extension at least 30 days prior to the Program End Date on the SEVIS Form I-20.

3. Valid I-20

- Your F-1 status is dependent on the duration of your program of study.
- Ensure that the Program End Date found on your Form I-20 reflects your last semester end date.
 - Report to the ISP Director any changes to the original academic program, including major, education level, program completion date, etc.
 - Report to the ISP Director a change of address within 10 days of moving.

4. Employment

- On-campus employment only for F-1 students
 - Limited to 20 hours per week during the semester
 - Full-time ONLY during official university breaks
- Off-campus employment: No employment without authorization
 - Optional Practical Training (OPT): Requires prior authorization by USCIS
 - Curricular Practical Training (CPT): Requires prior authorization by Academic adviser and ISP Director
 - Severe unforeseen economic hardship: Prior authorization by USCIS

5. Travel

For re-entry into the U.S., students will need the following:

- Valid passport (*valid at least 6 months into the future*)
- Valid F-1 visa
- I-20 signed for travel by ISP Director (*travel signature is valid for one year*)

6. Valid Passport

- Must maintain a valid passport for student and student's dependents. Passport extensions and renewals may be arranged with the home country embassy or consulates in the U.S.

7. Dependents (F-2): Spouse and Dependents

- Maintain separate I-20; status is dependent on the "primary" F-1 visa holder
- May travel abroad and re-enter without the "primary"; must obtain travel signature by the ISP Director
- F-2 children may study full-time at the K-12 level.
- Adult F-2 dependents may enroll in part-time courses at the postsecondary level.
- Adult F-2 dependents may not enroll in a full course of study.
- Study that is avocational or recreational in nature is allowed up to a full course of study.
- May NOT accept work.

8. Grace Periods

- 60-day grace period after program completion. During the 60-day grace period, the individual may:
 - Remain in the U.S. to prepare for departure
 - Transfer to another school or degree program
 - Apply for a change of status
 - Caution: no travel abroad and U.S. re-entry on the same I-20
 - Caution: no employment is permitted during the 60-day grace period

- 15-day grace period after withdrawals authorized and approved by the ISP Director
 - Remain in the U.S. to prepare for departure
 - No employment is permitted during the 15-day grace period
- Unapproved withdrawals or terminations:
 - No grace period if failed to maintain status, withdrew from school, or otherwise interrupted studies

9. Transfer

- “Transfer” is defined by the USCIS to describe the process by which an international student leaves one U.S. institution (*before or after completion of studies*) and begins attendance at another U.S. institution. School transfer, in this situation, does not refer to the transfer of academic credits or records between institutions.
- Contact the ISP Director to request a transfer of your SEVIS record to your new school. Your records will be transferred only with proof of acceptance.
- You must attend classes at HIU until you transfer to your new school. Your start date at your new school must begin within *five* months of your last date of attendance at HIU.

10. Reinstatement

- A student who has failed to maintain status may apply to be reinstated to lawful F-1 status at the discretion of USCIS. Students must consult the ISP Director if reinstatement is needed.

Obtaining Employment

There are four types of employment available for F-1 students who are maintaining their status:

- On-campus employment
- Employment authorized due to severe economic hardship
- Curricular Practical Training (CPT)
- Optional Practical Training (OPT)

1. On-Campus Employment

F-1 students are authorized to work no more than 20 hours per week while classes are in session. Students may work full-time (*40 hours per week*) during summer and other vacations if they are eligible and intend to register for the subsequent academic term. Students may not engage in on-campus employment during the 60-day grace period after their program completion date unless on Optional Practical Training or changing their program levels at HIU.

2. Employment Authorized Due to Severe Economic Hardship

Students may be authorized to work off-campus in case of severe unforeseen economic necessity. This type of employment must first be recommended in SEVIS by the Designated School Official (DSO) and then be adjudicated and approved by U.S. Citizenship and Immigration Services (USCIS), which issues an Employment Authorization Document (EAD). To qualify, a student must have been in F-1 status for at least one full academic year. The student must also provide documentation to prove to USCIS that employment is necessary due to severe economic hardship caused by circumstances beyond his or her control.

3. Practical Training

F-1 students enrolled in a degree-seeking program (*i.e., Bachelor's, Master's, etc.*) can seek authorization for practical training to gain practical work experience directly related to their field of study. Practical training is not available for students in English language training programs. There are two types of practical training:

- Curricular Practical Training

- Optional Practical Training

Curricular Practical Training (CPT)

CPT is employment which is an integral part of an established curriculum or any other type of required internship or practicum which is offered by sponsoring employers through cooperative agreements with the school. In practical terms, 'integral part of an established curriculum' means employment must be required by the student's academic program or, if not required, the student must receive academic credit for the training. CPT is available only prior to the completion of the degree program, and the student must have a job offer at the time of application. F-1 students who engage in an aggregate of 12 months or more of full-time Curricular Practical Training become ineligible for Optional Practical Training (OPT). Students must be approved for CPT prior to engaging in training.

Optional Practical Training (OPT)

OPT is employment granted by the USCIS upon application from the student and recommendation from the DSO. OPT is an opportunity for a degree-seeking student to work part-time or full-time in the U.S. for 12 months in an area directly related to their field of study. The student may engage in pre-completion or post-completion OPT. If doing pre-completion OPT, the student must maintain a full course of study during the period of employment (*unless done during school breaks*).

**For more information about employment, contact the ISP Director at isp@hiu.edu.*

Obtaining a Social Security Card

In order to work in the United States, every eligible F-1 student needs to have a Social Security number (SSN). If you do not know if you are eligible to work, contact your Designated School Official (DSO) at isp@hiu.edu.

Steps for Obtaining a Social Security Number:

1. Contact your DSO at isp@hiu.edu for important information regarding the regulations and requirements for F-1 students working in the U.S.
2. Your SEVIS record must be in Active status for at least two days before applying for a SSN. If you have a record in any other status, you will not be eligible to apply for a SSN.
3. Wait 10 days after arriving in the United States before applying for a SSN to allow time for your arrival information to update in all government systems.
4. Prepare the following documents:
 - Completed Form SS-5, Application for a Social Security Card;
 - Your passport;
 - Your U.S. visa;
 - Your Form I-94;
 - Your Form I-20; and
 - Documentation of F-1 employment authorization (*see below*).

Documentation for F-1 Employment Authorization

Social Security Administration (SSA) will issue an SSN only to F-1 students who are authorized to be employed in the United States. The nature of the documentation of F-1 employment submitted to SSA depends on the type of employment the F-1 student is seeking.

- For on-campus employment: 1) a letter from the DSO and 2) documentation from the on-campus employer (*i.e., a recent pay stub or an official letter from the employer*)
- For employment due to severe economic hardship: EAD card
- For Curricular Practical Training: Form I-20 endorsed by the DSO

- For Optional Practical Training: EAD card

Employment Start Date

SSA will not process an SS-5 application for an F-1 student if the start date of on-campus work authorization or CPT is more than 30 days in the future. For EAD-based SSN applications, SSA will not process the application if the EAD “valid from” date is any time in the future (*i.e., the EAD start date must have arrived already*).

Income Tax Obligations

Anyone in F-1 visa status is required to file Form 8843 with the IRS whether or not they had income from a U.S. source. The purpose of Form 8843 is to demonstrate to the U.S. government that you are eligible for nonresident alien status for tax purposes and therefore exempt from being taxed on income you may have from outside the U.S. If you have dependent family members in F-2 status, a Form 8843 must be completed for each person, even minor children.

If you worked or had taxable income from scholarships or other sources, you are responsible for filing two income tax forms: (1) Federal Income Tax Form, and (2) State Income Tax Form. A W-2 form is necessary in order to file the tax forms. If a student does not receive a W-2 form from their employer by the end of January following the tax year, they should notify their employer. Contact the ISP office for assistance with tax filing.

Travel Information

Outside the United States

Before traveling outside the United States, it is crucial to investigate the requirements of the country one wishes to visit by contacting their Consulate in the U.S. Plan ahead and early in order to avoid complications. Requirements may change periodically, so it is important that an individual not rely on outdated information. Be sure to get your travel signature on your Form I-20 before you depart the U.S. Keep in mind that a travel signature is valid six months to one year depending on your status.

The most frequently visited countries while in the U.S. are Mexico and Canada. In general, both Mexico and Canada require that traveling students enter with a valid passport and visa, an I-94, and their I-20 identification. If traveling into Mexico by automobile, the driver should obtain the appropriate car insurance before crossing the border.

If a student's own government does not have diplomatic relations with the country they wish to visit, they can anticipate long delays in obtaining a visa. They may even be denied the opportunity of entering the country altogether.

Obtaining a Driver's License

You may decide to own and drive your own car in California. Keep in mind that owning a car can be very expensive. You will have to pay for insurance and registration fees, and there are costs for keeping your car in good condition. International students must obtain a California driver's license if they plan to drive in the United States. A California driver's license is required when purchasing a car and obtaining car insurance.

International Driving Permit

The State of California **does not** recognize an International Driving Permit (IDP) as a valid license. The IDP is also referred to as an International Driver's License or International License.

Overview

The California Department of Motor Vehicles (DMV) website outlines the process of obtaining a California driver's license. The application process includes a written test and driving skills test administered by the DMV. The California Driver's Handbook is an indispensable resource when preparing for these tests. Samples of written tests are also available online for reference.

Application Process

1. New students must wait **10 business days** after their entry into the U.S. before applying so that border information can be uploaded to the DMV.
2. The DMV requires that you present the **ORIGINALS** of all immigration documents: passport, I-94 and I-20. Your passport or I-20 **CANNOT** expire less than 60 days from the date of application. If these documents expire in less than 60 days, you cannot apply. Also, take your home country license to present to the officer as it may exempt you from the driving test.
3. There is a fee for application for the driver's license or California state ID. You also need to fill out an application form at the DMV.
4. If you do not have a Social Security Number (SSN) and are not in the process of applying for one, mark on the DMV application that you are **not** eligible for a SSN. You are only eligible for a SSN if you have a job offer for authorized paid on-campus or off-campus employment.
5. After applying, you must wait at least 30 days before calling the DMV office to inquire about your application. However, most cards are issued within two weeks if there are no issues with your application. They cannot assist you before the 30-day window ends.

For those who do not desire to obtain a driver's license but want to have a California picture ID card that can be useful as an identification card, they may do so at the DMV as well. Visit www.dmv.ca.gov for more information.

City Buses

The city bus service is called OCTA, which stands for Orange County Transit Authority. There are bus stops located near campus. Local bus fare is usually \$2.00, and exact change is required. Monthly passes are also available. You can find maps, schedules, and bus pass information online at www.octa.net.

Airport Service

The nearest international airport to Fullerton is Los Angeles International Airport (LAX). Commercial shuttle services are available to and from the airport. The ISP office provides limited airport shuttle service for new international students when requested in advance. Please contact the ISP office (isp@hiu.edu) for more information.

Medical Insurance & Immunizations

International Student Medical Insurance

All international students **are required to provide proof of health insurance in order to attend class and/or live in the residence halls.**

All International students that are attending HIU must have health insurance that will cover them during their time at HIU. This insurance should be purchased in the United States and meet the coverage requirements prescribed by law. There are a number of companies that can help. Below are some of the many options:

www.isoa.org	ISO Insurance
www.studenthealthusa.com	Compass Student Insurance
www.internationalstudentinsurance.com	International Student Insurance
www.psiservice.com	PSI Health Insurance

Regardless of potential changes to the ACA, Hope International University will continue to require that all dorm residents provide proof of health insurance in the fall of each academic year (*or upon enrollment*) and maintain that insurance throughout their time at HIU.

To assist you with meeting this requirement, guidelines are available on the HIU website at <http://www.hiu.edu/current-students/student-life/health-and-wellness/>.

In addition to the above information, STUDENT MUST turn in the following forms:

- Student Health Information Form
- Copy of the front/back of Health Insurance Card

Please send all documentation to *health@hiu.edu*.

If you are not in compliance with the Health Insurance requirements, Hope International University has the right to put a hold on your student account.

HIU does not provide a student health insurance option. Every student must provide proof of health insurance that meets the requirements of the ACA (*Affordable Healthcare Act*) and any other Federal or California state law currently in force.

Immunizations

All university international students **are required to provide proof of current immunizations in order to attend class and/or live in the residence halls.**

The following immunizations must be current: 1) Measles, Mumps, and Rubella (*MMR*), 2) Varicella (*Chickenpox*), 3) Tetanus, Diphtheria, and Pertussis (*Tdap*), 4) Meningococcal conjugate (*Serogroups A, C, Y, & W-135*), 5) Hepatitis B (*Hep B*), and 6) Screening/Risk Assessment: Tuberculosis (*TB*).

ALL STUDENTS MUST turn in the following form:

- Student Health History Form with authorized current Immunizations records from the student's medical provider

Please send all documentation to *health@hiu.edu*

If you are not in compliance with the immunization requirements, Hope International University has the right to put a hold on your student account.

Please direct any questions regarding health insurance and immunization to the Student Affairs Office Manager. Phone: 714-879-3901 ext. 2311, email: *health@hiu.edu*.

Banking

It is a good idea for students to maintain a checking account in the United States. A debit card, which is connected to a checking account, can be used conveniently to make daily purchases and carry out other financial transactions. To open any type of account, visit a banking institution in person. Bring with you your passport and Form I-20 as forms of identification.

To receive international wire transfers to your account in the United States, the sender will need your account information. When you open an account, make sure to keep all the documents that contain your account information in a safe place. Contact your bank for additional information required for receiving wire transfers and for any fees involved.

Automated Teller Machines (*ATMs*) can be found at various locations in the surrounding areas as well as on campus. Keep in mind that you will be charged a fee if you use an ATM that is not owned by your bank. Avoid making ATM withdrawals when you are alone at night or in an unfamiliar location.
